

BIG BUGS CATAPULT TO THE EAST

EARLING AND PARTY BURN THE DUST OVER THE DIVISION ON THE WAY HOME.

President Earling, F. Rockefeller and the rest of the officials and stockholders of the Puget Sound blazed through Missoula yesterday without batting an eye.

H. A. Bradt, general agent for the Burlington, arrived in Missoula yesterday and spent the day here on business.

Division Freight and Passenger Agent Merriman of the Northern Pacific was in the city yesterday from Butte.

W. D. McLeish, traveling passenger agent for the Lehigh Valley railroad with headquarters in Denver, visited the Northern Pacific ticket office yesterday.

The Northern Pacific and Milwaukee are in receipt of rates to coast points. These tickets are good to Seattle, Tacoma, Portland and other points on the coast.

EQUAL SUFFRAGE FIGHT IS STARTED IN KANSAS

Wichita, Kas., May 7.—Close to 1,000 women from this and other states are in attendance at the twenty-ninth annual convention of the Kansas Equal Suffrage association.

Miss Jane Addams of Chicago and Rev. Olympia Brown Willis, president of the Wisconsin Equal Suffrage association, who took part with Elizabeth Cady Stanton, Susan B. Anthony and other leaders in the Kansas suffrage campaign of a quarter of a century ago, are guests of honor.

A RULING BY BOURQUIN.

Helena, May 7.—(Special.)—Any person having whiskey in his possession on an Indian reservation is guilty, under the law, of introducing it, held Judge Bourquin today in the federal court in sentencing Pete Matt to serve 60 days in the county jail and to pay a fine of \$100 for introducing liquor on the Flathead reservation.

Mike Pfeiffer pleaded guilty to giving whiskey to Blackfeet Indians at Dupuyer August 18 last. He was given 90 days in jail and fined \$100.

MORE ROOSEVELT MEN.

Newport, Wash., May 7.—Republicans of Pend d'Oreille county held their convention today. The convention adopted resolutions endorsing Colonel Roosevelt and selected five delegates to the state convention instructed for him.

Wash your clothes with GOLD DUST

Good soap washes clothes well—if you use enough elbow grease; but Gold Dust washes them more thoroughly—and with little or no rubbing.

Another great advantage of Gold Dust—use any kind of water you like. Gold Dust softens the hardest water, and makes it soft as rain water.

Gold Dust is just a vegetable-oil soap in powdered form, with other cleansing ingredients added to make it work more thoroughly and quickly than soap ever can.

Just try Gold Dust next wash-day, and see how much time you save.

Do not use borax, soap, naphtha, soda, ammonia, or lye, one with GOLD DUST. GOLD DUST has all the cleaning qualities in a perfectly wholesome and safe form.

"Let the GOLD DUST TWIN do your wash!"

Record of Cuthbert Peat

Men and Women of Missoula:

In closing my short term as commissioner in the first trial of the commission form of government in Montana, I believe it my duty to show you just what has been accomplished by my methods.

Being pioneer work, there was much to do in organization before any changes could be made. Few people know even now what a radical change has been made in the laws and methods governing cities under the commission plan; but you probably know that the responsibility rests on the superintendent of each department for results in that department.

In studying out what was best in my department, I found that in Des Moines when a number of citizens went to the commissioner of public safety and told him that he was responsible for the abominable conditions existing in the redlight district and that he would be held personally accountable for future conditions, the result was that the whole objectionable section was abolished.

This is my idea of the commission form of government. I believed the city paid me to assume the responsibility, as a corporation would pay a manager to manage its affairs. I have acted on the principle that I was expected to serve the people and have no apologies to make.

I advocated the closing of saloons on Sunday because I knew that many a home would be more comfortable, and little ones better fed and clothed during the long winter. Politicians said, "Delay action on this matter until after the next election or you will be defeated." That was politics; but I was in for business. I advocated and insisted on stopping the sale of liquor in the cribs, because I believed it would drive out of business nearly half of the inmates as it did in Butte.

I advocated "The unlawful cohabitation ordinance"; as previous to its passage the always unfortunate woman was punished, but seldom, if ever the more guilty man. We changed that and now the guilty man gets punished; and if I had nothing else to be proud of, I would be proud of that. I knew from the best medical authorities here that venereal diseases were frightfully prevalent amongst young men and even boys of Missoula. I believed one means of checking such a condition was to close up the cribs and close up or clean up the many assignation rooms in this city by enforcing the above named ordinance.

I also advocated and insisted upon improvements in our police force, and ask you to compare the work and appearance of police today with that of 10 months ago. I realize that there is more to be done in improvement; but it was not practicable in a short term of office. But consider that during the past 10 months we had not had a holdup in this city nor a single important crime that has gone unpunished. The record for captures is not excelled by any city of this size and location; and all this has been done at a less cost than before.

I also advocated and insisted upon improvements in our police force, and ask you to compare the work and appearance of police today with that of 10 months ago. I realize that there is more to be done in improvement; but it was not practicable in a short term of office. But consider that during the past 10 months we had not had a holdup in this city nor a single important crime that has gone unpunished.

In March. Are these methods and conditions worth while?

In the fire department, aside from better accommodations for the men and some valuable equipment added and plans made for more necessary changes to considerably lessen the expense, the cash saving in eight months is about \$1,700 owing to better business methods.

The health department is in capable hands under Dr. Baudiquist and the health record is truly remarkable for a city of 18,000 situated as we are on the line of two transcontinental railroads. From September 1, 1911, to May 1, 1912, a period of eight months, only 35 contagious and communicable diseases originated in Missoula; while during the same period in 1910-1911, 104 cases were reported. I believe the close co-operation of the city school authorities has been of material assistance; as a member of a member of the school board and in close touch with the health department I know when and where contagious disease was prevalent. And while the saving in that department has been \$425 in eight months, the great and most important is in the health of our people and the consequent saving of doctor's bills. Are these methods and conditions worth while?

Another improvement is in the method of dog tax collections. In 1911 it cost \$200 to collect \$411. In 1912 \$429 was collected at a cost of less than \$150. City pound business is also on a systematic basis with less expense and larger receipts. Pound fees collected first six months, 1911, \$22.50; pound fees collected last six months 1912, \$215.85; and the expense reduced from nearly \$200 per month to \$100 per month.

While these matters are all in my department, I have also borne some share in the general work and improvements of the city. For instance, noting how the fire department was handicapped by lack of fire hydrants, owing to the high cost of same, I gathered statistics and after my investigation in other Montana cities, on November 21 I recommended that steps be taken to secure a decrease in the cost of rental and installation of fire hydrants in the city, which resulted in a reduction, January, 1912, of \$1 per month on each hydrant and no cost for installation of new ones, whereas it formerly cost the city \$40 for each one. The water company also purchasing all old hydrants and paying nearly \$6,000 for same. In rental of hydrants alone the city saves \$135 every month of the year. This result under the old form of government would have taken nearly six months, if ever, to accomplish.

I have endeavored to retain efficient men and dispense with incompetent ones in the city service. This, as well as the insistence on the enforcement of laws and ordinances, made me many enemies who threatened and abused me in every possible way; malicious stories were circulated to injure my character, all because I backed up the officers in doing their duty, which you men and women have demanded for many years. To avoid criticism: Do nothing; say nothing; be nothing.

While business interests were considered our 4,000 boys and girls who have to contend with temptations that most of us never met until we were adults, I considered as superintendent of public safety and charity, that they were my chief interest, especially as my experience for four years on the school board shows me how sadly we lose sight of the needs of those boys and girls, our homes and firesides, and the good name of our city in the chase for dollars. For we are ever proud of being called the Garden city, an educational center, a city of homes, and it was with that in view that I worked my hardest during my short term of office, and I retire knowing that there has not been a dishonest or unjust act during my term in my department, and I am deeply grateful to the many true men and women who have expressed their confidence and approval in what I have done.

(Signed) CUTHBERT PEAT.

AVIATOR KILLED.

Berlin, May 7.—Aviator Bachmayer was killed today while flying at the Johannisthal aerodrome. Rounding a curve the motor stopped and the monoplane turned on its side and dashed to the ground, a distance of 150 feet.

ARRESTS MADE BY POLICE FOR EIGHT MONTHS.

Table with columns: Cause of Arrest, Sept., Oct., Nov., Dec., Jan., Feb., Mar., Apr., Total. Rows include: Drunk, Vagrancy, Begging, Theft, Grand larceny and burglary, Fighting, Resisting officer, Violation of saloon ordinance, Unlawful cohabitation, Disturbance; offensive language, Held as witnesses, Suspects, No register, No lights on auto, Prostitutes, Peddling, Horse untied, Riding bicycle on sidewalk, Insane, Trespass.

I also advocated the installation of a city jail and contended that it would pay for itself in six months. Was I right?

Cost of jail laid down \$517.00. Board of prisoners, September, October, November and December, 1911 \$78.50. Board of prisoners January, February, March and April, 1912 \$127.50. The jail was installed the latter part of January; consequently it paid for itself in four months and now saves the city every month \$150. And in eight months we have decreased our expenses \$2,000 and increased the receipts over \$1,000 in rough figures, as a detailed statement was published

HOME RULE DEBATE.

London, May 7.—The home rule debate was resumed today in the house of commons by Austen Chamberlain, who taunted the ministers with the lack of conviction that the present bill would settle the Irish question. The financial schemes, he said, would not certainly break down, for England would not long tolerate subsidizing a semi-independent parliament sitting in Dublin. Mr. Chamberlain predicted that if the home rule bill passed and Ulster resisted, public opinion in England would not tolerate any attempt to drag on the north of Ireland.

Young Men, This Is for You

THE men who are always on hand when there's "anything doing" wear good clothes and wear them well. These are worldly wise men--the fellows who succeed--who forge to the front and stick there.

Wherever you are this summer, whether on business or pleasure bent, wear

"R. B. Fashion Clothes"

They are the best in the world for the price. They're right to a hair's breadth. They look wonderfully clever. Made from Worsteds, Flannels, Homespun, Cheviots, in riotous or refined colors. Look at other clothes first. Come and see these last. \$22.50 to \$35.00

CLARENCE RICHESON A MORMON

(Continued from Page One.)

tion, if withheld until after his death, would seem unfair. Mrs. Britain has become known in the last few years to evangelistic workers in and about Boston. In an interview tonight she said that to the best of her belief Richeson was converted to Mormonism while a student at William Jewell college in Liberty, Mo., from which time he was expelled in 1889. At that time Richeson became attached to a young woman who now makes her home in Salt Lake city. To this young woman is due Richeson's trend toward Mormonism, Mrs. Britain believes.

The affidavit, which was given out prior to the interview, described some of the meetings at which she said she had seen Richeson and concluded as follows: "I have always considered Elder Clarence V. T. Richeson a member of the Mormon organization."

"While it is not common it is not unusual to find the more educated of the Mormon elders preaching in the pulpits of evangelical churches which baptize by immersion."

Denied. Salt Lake, May 7.—C. W. Penrose, second counselor to Joseph F. Smith, president of the Mormon church, denied tonight that Clarence V. T. Richeson was a member of the Mormon church or that he was in any way affiliated with the Mormon church.

According to Counsellor Penrose the story given out by Mrs. Louis E. Britain is false in every respect and without foundation.

FARMERS ARE HERE FOR MEET

(Continued from Page One.)

thumb, which makes it impossible for him to hold the shot in his hand. That does not mean, though, that the variety has no chance. The crimples are only part of the team and the rest can be counted upon to put up a hard fight. Owsley is going to make the lanky Mr. Blinn stretch his legs over the scenery to win the sprints; Roman and Vealey are going to put up a hard race for the hurdles; Borland, Kuppel and Maddox are fast enough for any of them in the half; Taylor will show a clean pair of heels in the mile; Armitage is going to dust over the eight-lap circuit and Sheedy will do well in the pole vault.

There need be no fear that Montana will not fight hard and that the meet will not be closely contested. If the right kind of support is given the team, the men will win. It is up to the people of Missoula to turn out this afternoon, Montana is fighting against uneven odds and she needs the help of everyone who can line up in her support.

The entries for the meet today are as follows: Montana—Armitage, Borland, Conner, Dornblaser, Maddox, Hanson, Kelly, Kuppel, Miller, Owsley, Ronan, Sheedy, Taylor and Vealey.

M. A. C.—Akins, Blinn, Bradbrook, Davis, Donaldson, Huegels, Hills, Hodgskiss, Kenek, Morgan, Schlu-macher, Vestal, Webster, Wilcomb. The officials are: Referee and starter, J. H. Teevan; clerk of the course, Ronald Higgins; assistant clerk of the course, D. D. Richards; judges at the finish, C. W. Phillon (chief), E. C. Mulrone, E. S. Kelly and Thomas N. Marlowe; field judges (jumps), W. E. Ryan, E. S. Thomas and Hugh Forbes;

field judges (weights), H. J. Slaughter, Allan Toole and W. L. Kelly; attendants and inspectors, J. B. Taylor (chief), C. Day, R. Johnson, P. McCarthy, H. Sewell, L. Forbes, R. Borland, W. Plummer, P. Thieme and E. Simpkins; scorers and announcers, E. E. Hubert, F. Whisler, Leo Baker and J. C. Haines; marshals, chief of police and officers, timers, J. Montgomery, A. N. Whitlock and Gil Heyfron.

ASK THE LADIES

They One and All Praise Newbro's Herpicide.

If ladies could know and appreciate what a delightful hair dressing Newbro's Herpicide is, they would all have it on their dressing tables. It is the most exquisite toilet article ever used and at the same time one of the most essential.

In order to have beautiful hair every lady should regularly apply Herpicide to her hair and scalp. This destroys the dandruff germ. By it the scalp is kept clear of dandruff and the hair stops falling.

Herpicide is free from grease, does not stain or dye and possesses an exceedingly delicate and pleasing odor. Newbro's Herpicide is just the sort of a preparation that always appeals to a lady of refinement and cultured tastes. There is nothing that can take its place. There is nothing just like it, nearly like it, or "just as good."

All reliable druggists sell and guarantee Herpicide in one dollar size bottles. Send 10c for booklet and sample to The Herpicide company, Dept. R, Detroit, Mich. Applications obtained at good barber shops.—Missoula Drug Co., special agents.

Wade Right In When you come here. Don't hesitate to examine and test anything that strikes your fancy. Our merchandise is not the kind that will not stand close scrutiny. Poultry and meats to be admitted here must prove worthy. Buyers who know this store expect good quality and we don't propose to disappoint them
