

COURT OF APPEALS IS REJECTED

METHODIST CONFERENCE TURNS DOWN PART OF REPORT OF LAST MEETING.

Minneapolis, May 7.—There will not be a final court of appeals of the Methodist Episcopal church. This was decided today at the business session of the general conference of the church, when, after more than five hours debate, the conference rejected the first paragraph of the report of the committee on judicial procedure appointed at the last session of the conference in Baltimore, four years ago.

What will be done to the rest of the report probably will be decided tomorrow, although the conference is scheduled to consider as a special order of business tomorrow morning, the resolution introduced on Monday by William F. Rice of Chili, which caused a bitter debate, regarding Protestant mission work in Roman Catholic countries.

It was the great power granted to this proposed court of appeals to which objection was made by delegates and church leaders said that the formation of a court of appeals with far less power may result.

The afternoon was given over to the hearing of the report of the work of the Woman's Foreign Missionary society.

NO CASCARET USER EVER HAS HEADACHE.

A 25-Cent Box Will Keep Your Liver Stomach and Bowels Clean, Pure and Fresh for Months.

Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver, delayed fermenting food in the bowels or sour, gassy stomach. Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Salts, cathartic pills, oil and purgative waters force a passageway for a day or two—yes—but they don't take the poisons out and have no effect upon the liver or stomach.

Cascarets immediately cleanse and regulate the stomach, remove the sour, indigested and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the decomposed waste matter and poisons in the intestines and bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 25-cent box from your druggist means inside cleanliness and a clear head for months. Ask any of the millions of Cascaret users if they ever have headache.

PATRIOTIC SWEDES.

Stockholm, May 7.—The sum of \$3,250,000, subscribed by the public for construction of a battleship for the Swedish navy, was brought today to the king by a deputation representing the donor. King Gustave expressed gratitude for the magnificent gift.

REPUBLICANS WIN.

St. Paul, May 7.—The republicans in the city election here today carried their entire ticket. Mayor H. P. Kelly for re-election having a plurality of 284 over Otto Bremer, democrat, with four republican precincts to hear from at midnight.

A REMEDY NO FAMILY SHOULD DO WITHOUT

No matter how healthy a human being may be it is safe to say that not many months are passed without some obstruction of the bowels, in other words, constipation, even if only temporary. The bloating, the dull feeling may start after the evening meal. If a laxative is not taken that night it is certain that sleep will not be sound, and you will awaken unrefreshed.

Hence, it is important for you and for all the members of your family that a good, reliable laxative be always kept in the house for just such emergency. It is sure to be needed, and when needed you want it at hand. No family that is careful of its health can do without such a remedy. But the question of which remedy to have on hand is also of vast importance.

The laxative most highly recommended by the majority of intelligent Americans as being best for babies and

grownups is Dr. Caldwell's Syrup Pepsin. It is a liquid laxative- tonic, mild, and never gripes, is effective on robust people and can be given with safety to an infant. Children like it because of these gentle qualities and because it is pleasant to the taste.

It is the best all-around remedy you can have in the house for any disorder of the stomach, liver and bowels, and many people like Mr. W. J. Wagner, Alma, Colo., and Mrs. Albert E. Guest, Messex, Colo., say they would as soon be without the necessities as without Dr. Caldwell's Syrup Pepsin.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 495 Washington street, Monticello, Ill. Your name and address on a postal card will do.

BOOKS LAID ASIDE IN SPRING TIME

OUT-OF-DOOR ACTIVITIES AND HOUSECLEANING LABORS. CUT LIBRARY WORK.

The charm of April sunshine, the call of athletics and the demands of house cleaning time have slightly reduced the percentages for last month as shown by the monthly report submitted by Miss Stoddard, librarian of the Missoula public library. However, it is a good April compared with others gone before and the figures prove the library to be still one of the most popular institutions in Missoula. Following is the statement.

Table with 2 columns: Item and Amount. Includes Total circulation (3995), Average daily circulation (154), Largest number of books loaned any day (274), Smallest number of books loaned any day (106), Per cent of fiction (82), Number of borrowers registered (34), Average number of readers on Sunday (54), Amount collected in fines (\$28.10), and a section 'By Classes' listing Adult fiction (2544), Juvenile fiction (752), Periodicals (103), Philosophy (20), Religion (22), Sociology (76), Philology (3), Science (43), Useful arts (35), Fine arts (55), Literature (174), History (67), Travel (67), Biography (50).

WAR GAME IN HELENA.

Helena, May 7.—(Special.)—Drills, inspections and lectures consumed the time in the forenoon of the militiamen in the camp of instruction at Fort Harrison today. The afternoon was devoted to a tactical exercise in patrolling, the supposition being that Helena was in the hands of the enemy, strength unknown, that Fort Harrison was destroyed, and a battalion of the army was encamped in the hills south and west of the reservation.

A patrol was sent out to get information as to the enemy's strength and its movements. About three miles of ground was covered in this exercise.

WASHINGTON FOR CLARK.

Walla Walla, May 7.—Although the Washington delegation to the democratic convention selected today was unopposed, the adherents of Champ Clark won every point for which they had contested in the Washington state democratic convention which adjourned tonight. The convention selected 12 delegates from the three congressional districts and 16 delegates at large, each delegate having one-half vote. The delegation was bound by the convention to vote according to the unit rule and Clark has a clear majority in the delegation.

BRYAN MINE TO USE A LARGE FORCE

WORK OUTLINED FOR NEXT MONTH WILL BE OPENING ORE STOPPING CHUTES.

Saltese, May 7.—(Special.)—Charles Burns, manager of the Bryan Mining company, and Thomas McCarty, of Wallace spent last Sunday in Saltese and stated that the Bryan would start work about June 1, with a large force of men. Mr. Burns thinks the mine will soon be worked with electric power, especially if the Thompson Power company gets the power developed that is talked of at present. The Bryan has an ore chute of four feet of shipping gray copper ore in the upper tunnel and the present work will consist of opening up the ore stopping chutes and further development on the lower level.

Dillingham & Condy are entering into arrangements to buy a runabout auto and expect to have a great time running into Missoula during the summer. They are both doing great boosting for the road proposed by the county commissioners which means an automobile road from Missoula to Wallace.

John Baier has been placed in charge of the Saltese electric power plant.

George Brusie, who has been in Missoula for about a month, last past, has returned to Saltese and sent up supplies to the property of the Butte & Coeur d'Alene Mining company and is going to start up work at once with a small force of miners. Mr. Brusie says he is glad to be back in Saltese, as he likes it better than any other town he has lived in.

Ed. Theiss and Irvin Baier are working in the Amazon-Dixie mines at present.

PRINTERS IN CHICAGO WILL REMAIN ALOOF

Chicago, May 7.—Heads of the typographical union have called a meeting for tomorrow to consider the dispute between the web pressmen and the Chicago publishers. There were rumors tonight that the printers might strike in sympathy with the pressmen but President Lynch of the typographical union said that his men would remain at work.

Efforts tonight to induce the mailers to declare a sympathetic strike, failed. The vote was almost unanimous against the proposed strike.

The sale of papers went on almost as usual at nearly all points except that the newsboys were guarded by policemen. Few arrests were made.

MACHINE CONTROLS.

Butte, May 7.—(Special.)—Republican primaries, practically unopposed, were held tonight in various precincts of this county and delegates chosen to the Silver Bow county convention next Thursday. Comparatively little interest was manifested and the proceedings seemed machine-controlled. Several contests are expected. The sentiment of the delegates will not be definitely known until the convention meets. County Chairman John Davis claims all the delegates are for Taft, but this is disputed.

DAHLMAN RE-ELECTED.

Omaha, May 7.—Mayor James C. Dahlman and his six assistants labeled by him the "square seven" were victorious in today's municipal election, the first under the commission form of government.

The seven commissioners elected today will select their own mayor and considerable speculation already is being indulged in as to whether Mayor Dahlman will be able to adjust himself under the commission form or whether he will be given a minor place as department head.

BRYCE'S JOB IS SAFE.

London, May 7.—Sir Edward Grey put a quietus today on the rumors of the retirement of James Bryce as British ambassador to the United States. The foreign secretary stated categorically in the house of commons that the ambassador, who now is on his way to Australia to study the political and sociological conditions, would return to Washington at the beginning of September and resume his duties.
