### M'COLLOCH TALKS TO GRADUATES

YOUNG PEOPLE WHO HAVE COMPLETED HIGH SCHOOL GET DIPLOMAS.

Hamilton, May 15.—(Special)—The class of 1912 of the Hamilton high school, a class numbering 12 and being the twelfth class to finish the local school, received their diplomas last evening at the Lucas opera house. The house was packed to the doors with the parents and friends of those graduating. The interesting program of the evening being listened to with the closest of attention. The stage had been appropriately decorated for the occasion, the numerals "1912" standing out in bold relief at the rear of the stage, while the cardinal and white showed conspicuously on every hand. The class was conveniently made up of six girls and six boys, the girls sitting at the center of a semi-circle with three boys on either side. The girls were all dressed in white, each sweet girl graduate having planned and made her own costume, as an illustration of the work accomplished by the sewing class of the local school. To the rear of the graduates were seated the members of the faculty and the school board, also Judge McCulloch and Rev. O. W. Jones.

Judge McCulloch gave the principal address of the evening. His talk to the graduates was along the lines of the value of an educational training, citing the chances which had been thrown in the way of the members of the class, and urging each graduate to make the most of future opportunities for attendance at some educational institution. His words were listened to attentively by the members of the class, to whom the judge addressed himself directly. The school band added much to the pleasure of the evening with its splendid music. The diplomas were awarded to the members of the class by Attorney J. D. Taylor, a member of the board. One of the features of the evening was the singing of the song "Montana" by the high school octet, a composition written by Draper Bartlett of this city, and sung for the first time last evening.

The class roster: Irma Wilson, Emma Amelia Nicol, Marie Annette Mansfield, Elizabeth Mary Desell, Nadia Chambers, Irene Southwick, George Toole, Lloyd Roberts, Herman Walton, James Higgins, Roy Robinson and Earl Prentiss.

### CARLTON DEFEATED BY FLORENCE

VALLEY SCHOOLBOY TEAMS VIE FOR SUPREMACY ON THE DIAMOND.

Florence, May 15.—(Special)—The Florence school baseball team went to Carlton Friday afternoon to play with the Carlton team. The Florence team had never played a match game and to their astonishment and also that of the spectators, won the game by the score of 27 to 13. However, the Florence boys were not much surprised at their victory, considering that after the first few innings the Carlton team put in little Jake Wagner as catcher and his little brother, Dally, as pitcher. They lost the game for Carlton by their inability to connect with Dwight Carver, the Florence pitcher, and also on account of the hole in little Jake's glove.

Little Jimmie Tyack was umpire and was credited with two errors on decisions, but considering his size and inexperience, he did well as an arbiter.

The Florence pupils wish to thank Dally Wagner for hauling a load of them to the game on a hay wagon; also to thank the Carlton team for their kind treatment towards them, especially considering how the Florence boys walloped them.

### O'NEIL IS EXPECTED IN FEW DAYS

ALLEGED WRECKER OF WALLACE BANK WILL BE BROUGHT BACK THIS WEEK.

Wallace, May 15.—(Special)—B. F. O'Neil, former president of the closed State Bank of Commerce, now in the provincial prison at New Westminster, B. C., awaiting extradition to the United States, will reach this city within the next seven days, barring unforeseen developments, according to Prosecuting Attorney James A. Wayne.

Attorney Wayne made this statement after the receipt of a telegram from Vancouver, B. C., to the effect that the warrant from the Canadian minister of justice at Ottawa had been received there. John W. Snook, warden of the Idaho state penitentiary, who is authorized to bring the prisoner back to this country, left Lewiston, Idaho, for Vancouver Thursday evening. He will receive the warrant on his arrival in British Columbia and expects to return at once.

It was nearly three weeks ago that the application for the release of the prisoner was made out in the office of the local prosecutor. This was in the form of a message to the governor of Idaho. The formal state papers made out in Boise were carried in person to Washington by John W. Snook. He overtook President Taft at Philadelphia and there secured his signature. From Philadelphia the papers went to the United States consular general at Vancouver and by his wire sent to the British authorities in Ottawa. The warrant which he issued in response to the Vancouver request is now in the Pacific coast town.

Mr. O'Neil, if brought back, will come to face 15 indictments, three charging embezzlement, two with making false reports, and 10 with receiving money while he knew the bank to be insolvent.

The trial cannot possibly be undertaken before the September term of court, but will probably be taken up at that time.

## You Want the Best— Not the Cheapest

Don't be alarmed if somebody tells you you can buy an automobile for less money than the \$750 Studebaker-Flanders "20." You can, but you better not. The Flanders "20" corresponds point by point with the best and highest priced cars sold. Cheaper cars at every vital point are built on ideas long ago discarded for good cars. Don't take our word for it. Make comparisons and see.

The Studebaker-Flanders "20" is a marvel—a high grade modern car at a low price. If you pay less you buy much less. And the cheaper car today will cost you far more in the long run. The competing car isn't sold which the Studebaker Corporation, the greatest automobile manufacturers in the world, couldn't reproduce for less money; but we won't build a cheap car, because the name "Studebaker" means the best for your money.

If you are content with a car that runs today and dies tomorrow, don't buy the \$750 Flanders "20." It will wear for years. Remember this—the Studebaker-Flanders "20" will outwear 2 to 1 any other car under \$1100 and give you double satisfaction, confidence and comfort like the bargain.

We can prove it—Send for new catalogue
