Wonderful Opportunities This Week in the Apparel Salons for Women and Misses to Buy Their Tailored Suits at Prices Made Possible by Stock Readjustment

We have inaugurated a greater style, quality and value sale of women's and misses' tailor-made suits than any Missoula has seen this season. A sale not of a few suits, "strickers," culled from the stock, but a sale embracing ALL our new, high-class spring suits, in the season's accepted leading styles--suits that, as every well-posted woman knows, have been without comparison for beauty, excellence of material and tailoring or perfection of fit, at prices as low as we have asked for them regularly.

Our Women's Apparel Salons are Missoula's center of activity throughout the season, so firmly established is the fact that almost invariably our customers get either somewhat better quality or pay a somewhat lower price than elsewhere. Hence when, in a readjustment of stocks, regular prices shrink one-fourth our statements are universally accepted at face value and every woman knows that the values offered are of very exceptional character.

Embraced in this Sale are women's suits in all regular sizes, 34 to 44; misses' suits, sizes 16 and 18; and junior suits, sizes, 13, 15 and 17. Materials include whipcords, French and diagonal serges, Panamas, tweeds and fancy weaves; in such colors as navy and Copenhagen blues, browns, tans, leather shades, greys, blacks and mixtures. Plain tailored and fancy styles.

C. R. PERRY INJURED BY HORSE

ANIMAL FRIGHTENED WHEN STRUCK BY BICYCLE AND KICKS RIDER.

Charles R. Perry of Orchard Homes, who is a clerk in J. H. McGuffey's hardware store, met with an accident yesterday which seemed at first to be serious, but later proved to be a fortunate escape. Mr. Perry was riding his bicycle on South Third street about 10 o'clock in the morning and ran into a horse that was coming out the alley just west of the Penwell hotel. The horse was pulling a milk wagon and as Mr. Perry bumped into his side, the animal kicked and both bicycle and rider crashed to the pavement. The driver and passenger, one of whom was a physician hurried to Mr. Perry's assistance and found him unconscious from the fall. He was taken to St. Patrick's hospital and there talked slowly from the shock. By night, Dr. Silva, the attending physician, was able to announce that there were no broken bones and no internal injuries. He expects Mr. Perry to be able to leave the hospital today and to go about his work, though he will be sore from bruises.

DEMOCRATS MEET IN CONVENTION

PROBABILITIES ARE THAT ALL WILL NOT BE HARMONIOUS AT TODAY'S SESSION.

The democratic county convention is scheduled to open at 10 o'clock this morning at Thibodeau's hall on East Front street. According to the official appointment of delegates there should be 116 in their seats when the meeting is opened. From the talk on the streets yesterday and the dope coming today will be a real warm number. The trouble that exploded during the primaries, especially that in the Sixth precinct, will undoubtedly be carried to the convention floor. At a late hour last night there was no indication of a compromise of either faction, and the fight for the seating of delegates will probably begin with the drop of the hat.

MOREAUX CHARGES DISMISSED

LAND PROMOTER THEN SUES FORMER PARTNER AND ATTORNEY FOR \$100,000.

Missoulian readers will be interested in the story which comes from Kansas City concerning the fortunes of Augustus T. Moreaux, a land promoter, who for a time was interested in the Bitter Root valley property and who, a short time ago, was sued by his former partner in business, Mrs. Rodella C. Dwight, for embezzlement, she asking a large sum as damages, claiming that Moreaux had misrepresented the conditions surrounding certain Bitter Root property to her, she having invested heavily in the land. When the case against Moreaux came to trial in Kansas City a few days ago it was dismissed by the court. Immediately thereafter Moreaux filed a suit against Mrs. Dwight and her attorney for \$100,000 damages. The Kansas City Post says of the case:

"A. T. Moreaux, through his attorney, R. B. Kierwan, filed suit this morning against Mrs. Rodella C. Dwight and William C. Culbertson, her attorney, for false imprisonment and conspiracy, for \$100,000.

"The petition alleges that the defendants caused the arrest of Moreaux on a false charge and that the defendants conspired against Moreaux and caused him much humiliation and anguish of mind. It alleges that Mrs. Dwight was Moreaux's former business partner, that W. C. Culbertson was his former attorney and that they used private information, gained in a confidential manner, to militate against him.

"Moreaux asks \$50,000 upon two separate counts. The first count is based upon his arrest and imprisonment and the second on his prosecution on the embezzlement charge. He asks for \$25,000 actual and \$25,000 punitive damage on each count, making a total of \$100,000.

"The petition was prepared immediately on the dismissal of the embezzlement charge against Moreaux by Justice of the Peace Cassimir Welch yesterday morning.

"Moreaux's attorneys claim that the suit was filed as a precautionary measure, as Mrs. Dwight had declared her intention to leave Kansas City within a short time."

GETTINGER PLEADS GUILTY.

Dr. Joseph Gettinger pleaded guilty yesterday afternoon to violating the speed ordinance and was fined \$1. City Attorney Woody, who was with the doctor at the time of the offense, prosecuted the case.

GOMEZ IS QUIETED BY TAFT

(Continued from Page One)

The chartered steamer Julia also sailed with 400 troops, including several companies of coast artillery and a contingent from the Cuban-led Cross. The naval station at Guantanamo reports that the transport Prairie with 700 marines aboard has not arrived and is not expected till tomorrow. President Gomez in a statement asserted that all traces of the rebellion have been extinguished except in nine townships of Oriente in which the government will have within two or three days a well-armed force of 3,000, including volunteers, many of whom are skilled in guerrilla warfare. He expresses full confidence that government forces soon will prove their ability to scatter the rebels to the woods and mountains without requiring American assistance.

More Marines Sent.

Norfolk, Va., May 27.—The armored cruiser Washington rushed into Hampton roads today, took on 260 additional marines from the Norfolk garrison and sailed under Admiral Osterhaus for Key West. The Washington follows the battleships Georgia, Rhode Island and New Jersey which came in late yesterday under full steam, remained only long enough to take aboard marines and supplies and passed out the Virginia capes shortly before midnight, bound for Key West, where they will wait such further orders as developments in the Cuban trouble may bring forth.

BLAKE TO BE BURIED IN OLD HOME STATE

Miss Kate Blake and Miss Mary Blake of Plains have been in the city for several days on account of the death of their brother, N. J. Blake, last Friday night at St. Patrick's hospital. They have arranged to have the remains shipped next Friday to Plains, where a funeral service will be held Saturday morning. Later in the day the body will be taken east for burial at the old home near St. Louis.

I. W. W. IS BEATEN BY OFFICER

(Continued from Page One)

Captain of Detectives Joseph Meyers and City Prosecutor D. P. Glidden. His purpose in meeting those officials, he said, was to ascertain the ability of the police and to the end that further violations of law, either by residents or non-residents, would be prevented. He also issued a statement on the meeting as follows: "I stated to the officials that past offenses, amounting to felonies, alleged to have been committed by any person whatever with the idea of preventing the commission of misdemeanors by others, or for any other reason, would be attended to in due time and in the proper place. "I submitted to them the fact that the present question was this: 'Could they and would they maintain law and order in this city with respect to all?' I informed them if they did not do so their failure to control these contending elements with the officers of the law alone would be taken as an admission of their inability to do so and that in such case it would become the duty of the state to do what they had failed to do and that the duty of the state would be performed. Both Chief Wilson and Captain Meyer assured me of their ability to handle the situation through the regular authorities and declared their intention to do so. They assured me they would arrest violators of the law irrespective of person or class. "I have also requested the superior court judges to convene the present grand jury, review its final report, discharge it, and impanel a special grand jury to investigate matters which properly fall within their jurisdiction."

Attorneys Fred H. Moore and Marcus W. Robbins, representing some of the I. W. W., said today that they were in receipt of letters from various clients who were free on bail to the effect that they had tried to return here for their trials, but had been forced to go back.

Moore and Robbins declared they believed force would be used against Laura Payne Emerson, one of those arrested on the charge of having conspired to violate the city street-speaking ordinance, who was expected to arrive here tonight by steamer. They told their belief to Attorney General Webb, who notified the chief of police and the sheriff that violence was feared.

It developed later in the evening that Mrs. Emerson had arrived safely in San Diego by train. She and several others alleged to have been active in the "free-speech" campaign here, are expected to appear in court Wednesday to answer charges of conspiracy to violate the street-speaking ordinance.

NEW JERSEY FIGHT WILL COME TODAY

(Continued from Page One)

Washington, May 27.—Representative McKinley of Illinois, director of President Taft's campaign committee, in a statement today asserted that it was Colonel Roosevelt's apparent intention to bolt if he were not nominated at Chicago.

"The republican party has been in the habit in the past of making deliberate choices of its presidential candidates and it is not used to the process of having a gun poked under its nose accompanied by a demand from any one candidate to stand and deliver," said Mr. McKinley. "I am firmly convinced that the republican convention this year will make its choice a deliberate one and that President Taft will be nominated on the first ballot."

Wilson at Princeton.

Princeton, N. J., May 27.—Merely flying his business and deprecating the fact that President Taft, after becoming president, had attempted to thwart the growth of monopolies, they were steadily increasing, Governor Woodrow Wilson addressed an enthusiastic crowd of Princeton university graduates from his residence tonight. The governor declared he did not object to big business because it is big, but because it is in one vast confederation which gives the laborer little choice and is a menace to government. He attacked the Sherman act as of little value, because it had been so changed from the original idea that the monopolies had plenty of loopholes to slip through.

DENTISTS MEET.

Spokane, May 27.—The Washington State Dental society began a three-day session here today. Most of the day was given over to addresses of welcome and responses, followed by clinics. There is a large attendance of members. At the first business session held tonight the main topic of discussion was the Panama-Pacific congress in San Francisco in 1915. Seattle is a candidate for the next meeting of the society.

BEAUFORT IS CALLED BY DEATH

WELL-KNOWN RESIDENT DIES AT FAMILY HOME ON BECKWITH STREET.

Death claimed another well-known resident of Missoula, last evening about 8:20 o'clock, in the person of Mose Beaufort, living at 134 Beckwith street. The deceased is 52 years old and leaves a wife and six children to mourn his loss. He has been a resident of Missoula for the last 12 years and was for 20 years previous to his coming here a resident of Butte. He is a member of the Eagles lodge, the Bricklayers' union, the Woodman of the World, camp 153 of Butte, the Royal Highlanders of this city and the Mystic Circle. A brother and two sisters are living at the old family home in Massachusetts. Interment will be made in Missoula, but arrangements have not yet been completed for the funeral.

WILBUR WRIGHT NEAR DEATH.

Dayton, Ohio, May 27.—Physicians reported late tonight that Wilbur Wright was unconscious and apparently growing weaker and worse. It was stated that his death was expected at any time. His temperature had risen steadily and his condition was one of almost complete collapse. All of the immediate family are at his bedside.

LA POINTE FUNERAL.

The funeral of L. C. La Pointe will be held at the Marsh chapel this afternoon at 2:30 o'clock.

ATTEMPT AT SUICIDE IS A FIZZLE

OVERGROWN YOUTH FRIGHTENS MOTHER BY SHOOTING AND LANDS IN JAIL.

Because he threatened to commit suicide and frightened his aged mother by lying down on a bed, putting the muzzle of a shotgun in his mouth and then shooting the gun into a corner of the room when the mother ran across the street to the sheriff's office for help, a young man who gave his name as Tim Cole, spent the night in the county jail and will probably be required to answer for his escapade in a justice court today.

When the shot was heard from the residence, which is directly across Pine street from the county jail, and the woman came running to summon help, a number of officers responded and upon entering the house found the young man sitting on the edge of the bed with the shotgun across his knees. "I was going to commit suicide," was his reply to questions about the shooting. When told that he was to be taken to jail, the young man changed his plea to: "I was just shooting to scare my mother." Then he insisted that it would take 15 men to arrest him, but two of the officers accomplished the job, after allowing themselves to be considerably scratched and abused as the offender fought desperately. He was considerably under the influence of liquor and this the officers believe to be responsible for his actions.

HAPPY THO' MARRIED?

There are unhappy married lives, but a large percentage of these unhappy homes are due to the illness of the wife, mother or daughter. The feeling of nervousness, the befogged mind, the ill-temper, the pale and wrinkled face, hollow and circled eyes, result most often from those disorders peculiar to women. For the woman to be happy and good-looking she must naturally have good health. Dragging-down feelings, hysteria, hot-flashes or constantly returning pains and aches—are too great a drain upon a woman's vitality and strength. Dr. Pierce's Favorite Prescription restores weak and sick women to sound health by regulating and correcting the local disorders which are generally responsible for the above distressing symptoms.

"I suffered greatly for a number of years and for the past three years was so bad that life was a misery to me," writes Mrs. R. F. Dick, of Utes, Ohio, Route 4. "The doctors told me I would have to go to a hospital before I would ever be better. A year ago this winter and spring I was worse than ever before. At each period I suffered like one in torment. I am the mother of six children. I was so bad for five months that I knew something must be done, so I wrote to Dr. R. V. Pierce, telling him as nearly as I could how I suffered. He outlined a course of treatment which I followed to the letter. I took two bottles of 'Favorite Prescription' and one of 'Golden Medical Discovery' and a fifty-cent bottle of 'Smart-Weed' and have never suffered much since. I wish I could tell every suffering woman the world over what a boon Dr. Pierce's medicines are. There is no use wasting time and money doctoring with anything else or any one else."

The Medical Adviser for R. V. Pierce, M. D., Buffalo, N. Y., answers lists of delicate questions about which every woman, single or married ought to know. Sent free on receipt of 31 stamps to pay for wrapping and mailing only.
