STRIKE TERMINATES IN THE EAST

WALKOUT OF WAREHOUSEMEN ENDS AFTER SIX WEEKS' DURATION.

N. H. Mason, agent for the Northern Pacific in Missoula, yesterday received telegraphic advice from J. B. Baird, general freight agent for the Northern Pacific at St. Paul, that the strike of warehousemen, which has been in effect in eastern cities and transfer points for the past six weeks, has been declared off. This strike never attained very large proportions, and while it has been of little consequence, still it has been the cause of considerable delay in long-distance movements of merchandise in less than carload lots. The news of its termination will be gladly received by all of Missoula's retailers.

Mrs. VanAntwerp, agent on the Puget Sound at Falcon, was in the city yesterday on business.

The popular question which followed Conductor Rodgers all over his beat yesterday was, "How's the graft?" Mr. Rodgers had some skin taken off his arm yesterday and grafted onto his hand. He says that it didn't hurt much.

Superintendent C. H. Marshall of the Puget Sound left yesterday on an inspection trip over the west end of the division.

The Northern Pacific's passenger train, No. 4, passed through Missoula yesterday with three cars of berries for eastern markets.

VINE STREET MATTER GOES OVER

CREATION OF IMPROVEMENT DISTRICT IS PUT OVER UNTIL TODAY'S MEETING.

The council meeting yesterday morning was called primarily for the purpose of considering an improvement district on Vine street. However, the necessary documents which City Attorney Woody is preparing were not completed and the meeting lapsed into a drowsy affair which terminated by the entire audience, composed of two, dozing off to sleep. The Vine street matter will be taken up at this morning's meeting.

J. W. Lister was present and brought up the matter of renumbering the houses in Missoula. He asked if this had been made a matter of record and if not, why not? He was informed that this action was commenced under the former regime and that W. F. Cobban had been instructed to go ahead with the renumbering. Commissioner Price explained the necessity that existed for such action. He said that the numbering in use in Missoula is in very bad shape, that the numbers on the various houses were placed in a hit-or-miss fashion and should be changed. He said that the new system which Mr. Cobban is working on gives a number to every 12 and a half feet and that this had been adopted for the purpose of taking care of the flat buildings. The mayor stated that in his opinion the numbers should have been placed every 39 feet, but that it was all right with him, inasmuch as he had not been instrumental in starting the renumbering. It was then decided that the ordinance already in existence should be amended so as to make the present system or renumbering official. City Attorney Woody said he would attend to this at once.

Postmaster Andrew Logan then came in and, after depositing his picture in the mayor's office, sat down to hear the argument about the numbers. He said that the engineer's office had promised the postoffice a list of the new numbers, but that he had not yet received this. He stated, however, that the mail carriers were getting along all right because they knew the residents fairly well. He stated, however, that the list of new numbers would be very acceptable.

L. N. Simons asked about the improvement district on Vine street, because of a cement walk that he had laid there a short time ago. He was informed that the new improvement district, which only contemplates sidewalks and grading, would not necessitate the tearing up of his walk.

The matter of advertising for bids on the installation of a fire alarm system is being held up for a few days while specifications are being compiled. Nothing definite will be done with these until Bob Mentrum, who has had a large experience with alarm systems, arrives and gives his advice in the matter.

The council then adjourned to meet again at 10 o'clock this morning.

UNCLE SAM DESIRES MALE FOREST CLERKS

The United States civil service commission announces an examination on August 3, 1912, for the position of forest clerk, (male) to secure eligibles to fill vacancies as they may occur at an entrance salary of \$1,100 or \$1,200, in the forest service. Applicants for this examination must have a knowledge of stenography, typewriting, and the elements of book-keeping, and have had at least one year's actual experience in clerical work in a business office. The age limits are 18 to 40 years. Considerable difficulty has been experienced in securing eligibles for these positions and all qualified persons are urged to make applications for and take the coming examination. For application blank and full information apply to the secretary, Eleventh civil service district, 224 Federal building, Seattle, Wash.

BELIEVES THIS WILL "CURE LUNG TROUBLES."

Consumption is a disease which should not be trifled with. If the trouble is present, don't waste time in argument.

If a so-called "cold" has long persisted; if a cough is present that keeps you anxious; or any of the symptoms exist such as fever or night sweats, weakness and loss of appetite, and perhaps, some raising of mucus—do the sensible thing—take Eckman's Alternative—as Mr. Butterworth did. Bowling Green, Ky., R. No. 4. "Gentlemen:—In 1908, I had a severe cough for six months. I tried all the medicine that my friends and doctors recommended to me, but no results came for the better. At last I tried your medicine. In one week's time there was quite an improvement in my condition, and after I had taken several bottles I felt as well as ever in my life. I will gladly write personally to any party wanting information in regard to your wonderful medicine." (Signed affidavit.)

A. C. BETTERS WORTH. Eckman's Alternative is effective in bronchitis, asthma, hay fever, throat and lung troubles and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. For sale by Missoula Drug company, George Frelshelmer and other leading druggists.
