

ATHLETES ANXIOUS TO LEAVE SHIP FOR GOOD

STRICT TRAINING RULES KEEP YANKEES ON BOARD THEIR VESSEL.

RALPH ROSE DOES WELL

Big Californian Puts the Shot Two Inches Beyond the Record in Practice—English Representatives Arrive at Stockholm.

Stockholm, July 1.—Athletes in training are proverbially high strung and the American Olympians are no exception. Glibson hangs over the Finland tonight. The big ship lies in mid-stream, the athletes pacing the deck, looking longingly toward the lights of the interesting city just beyond their reach. Their colleagues of other nationalities, quartered ashore, are permitted to stroll around the town until bedtime, and the Americans are in rebellious temper against their stricter training. They think they should be permitted to stroll with the others.

Many Americans were among those who welcomed the first delegation of the British athletes, who arrived tonight. The Englishmen numbered 29 and included the principal stars. The remainder of the Englishmen and Canadians will reach here tomorrow. Anglo-American relations promise to be better than in the London Olympiad.

The only American player in the tennis competition, Theodore Roosevelt Pell, whose entry through a telegraphic error had led Stockholm to believe the former president's son was coming, lost his final match today, Hayden of Germany winning, 2-6, 7-5, 8-6, 7-5. Pell, without practice after the voyage, was obliged to play on an asphalt court and was unable to do himself justice.

Walter Winan, the American who was counted upon to win the individual competition in the running deer shooting event, withdrew because he was far below his usual form. This competition was at 100 meters. Major Richardson, commander of the British army riflemen, referring to the fact that they were unable to approach the American scores, said the result was further proof of the great inferiority of the British open sights and of the necessity for a new rifle.

Union Association Averages

Now comes that able Scandinavian, our talented staff statistician, with a lot of new and interesting figures on the performances of the home club and the despicable foe in the five games of last week. His figures are authentic and correct and show several interesting things. As has been the invariable rule (we knock on wood) the Highlanders outfit and outplayed Great Falls, the team batting average of the home guard standing at .301 as compared with .262 for the Redbirds, while as fielders the locals outshone the opposition in direct ratio to the figures .814 to .823. Mr. Murphy, it will be observed, that peerless hitter, the pride of the Falls city, got but

four hits out of 22 trips to the plate, his average for the week being .183. His giant teammate, the surly Husky, man, hit with his usual persistence and violence, however, hitting safely eight times out of 17 official times at bat. His average for the series is .471. None of his co-workers even approach this. Missoula's pitchers and Kelley, the catcher, who worked but two games, did most efficient stick work with the Highlanders. Of the regular fielders Bassey clouted most successfully, his average being .357. The figures are well worth looking over, we only wish that we could present them in the patriotic, tinsel-colored splendor of the original. Help yourself:

TWO FAST FIGHTS AT THE FORT TONIGHT

YOUNG ABE ATTELL AND YOUNG JACKSON THE PRINCIPAL NUMBER OF THE BILL.

BOTH SURE OF VICTORY

Boldier Duncan and Kid McClain, a Man of Mystery, Will Fight Ten Rounds as a Preliminary—Both Fit for Battle.

At 9 o'clock this evening Referee Jim McCaffrey will introduce Young Abe Attell of Denver and Young Jackson of Boston to the fight fans of Missoula in the main go to the finest boxing program that the Fort Missoula Athletic club has ever presented. These two fighters, who have been demonstrating their class to the Missoula punch-lovers for the past couple of weeks, will go ten rounds for the featherweight championship of the northwest. Both men are fast, aggressive fighters and the ten rounds will not be lacking in excitement. As a preliminary Soldier Duncan, champion of the United States army and a fighter with a good record, will go after Kid McClain of Great Falls. This fight is also scheduled as a 10-round go and is said to be for the lightweight championship of the northwest. Both men contested them-selves with light workouts yesterday, keeping their powers in reserve for the fight this evening. The interest in the Duncan-McClain go is almost as keen as that which is being shown over the principal bout. Duncan showed a little of his class in his four round contest with Vasser last week and those who watched him carefully and who know his record have no doubts as to his ability. McClain has also shown the fans who have watched his workouts that he has plenty of power and a good punch. McClain is not saying much, but it is rumored about his quarters that he is fighting tonight under an assumed name. There are several things about McClain's actions which seem to bear out the theory that McClain is not his name, that he is a fighter of national reputation. In signing up for the fight McClain was reticent as to his past and seemed fearful lest his young bride should learn that he was going to enter the prize ring again. The mere fact that he was willing to take on a man of Duncan's caliber in a fight where the winner is to take all of the purse, shows that he is confident of his ability to whip the soldier.

Attell and Jackson, whose fight is the feature of tonight's program took light work yesterday, finishing up a strenuous training session. Both are confident as to the outcome of tonight's battle. Says Attell: "I was never more confident of victory in my life than I am tonight. I have trained hard and faithfully. I realize that Jackson is a good man, but I have fought tough ones before, and I feel sure that I will win from the negro."

Young Jackson was no less optimistic: "You can say for me that I am sure of the result of my match with Young Abe Attell tonight. I am in the pink of condition and think I can stop Attell's rushes and put over the winning punch well inside the limit." Referee McCaffrey says: "I have talked with both boys and they understand how I will interpret the Marquis of Queensbury rules. Everything will be run off as it should be and the public is assured of seeing one of the best fights ever held in Montana. Both fighters are in perfect condition. May the best man win."

Special street car service has been arranged for the fight tonight. Beginning at 8:15 cars will run every ten minutes up to 9 o'clock.

Maurice Thompson and Jimmie Cannon, the two lightweights who will furnish the principal attraction at Tom Sontag's boxing carnival tomorrow evening, finished their active training yesterday. Thompson fought three rounds with Kid Freeman and will take a light workout with him today between 2 and 3 o'clock. Cannon boxed three rounds with Wessell yesterday and will top off his training with some easy exercising today.

The interest in the Thompson-Cannon go is unusually keen. Missoula fight fans are well acquainted with Thompson and are confident of his class. Cannon comes with an unusually good reputation. He is a real fighter. Cannon is his real name, but it is said that he won most of his fights under another name and that he has made his mark on the coast. The meeting of two such stellar lightweights as those will be worth going miles to see.

Two preliminaries are on the bill for tomorrow night. Young Freeman colored, of Butte and Kid Lawrence of Missoula will fight six rounds. Freeman has won every fight he has had in Missoula and is a contender of note. Lawrence is a husky soldier who has shown considerable class at some of the fort smokers.

The other number on Promoter Sontag's bill is a battle royal in which five gentlemen of color will participate. The fight will be a general muss, the last man standing to get the pot. Special street car service has been arranged and cars will run every 10 minutes to the fort, where the fight will begin at 9:45.

PRESENTED TO THE KING.

London, July 1.—Major Squire was presented today to King George and took up his appointment as United States military attaché in London to succeed Major Stephen L. H. Stearn.

WOLGAST IS READY AND SO IS RIVERS

Los Angeles, July 1.—With their clash for the lightweight championship of the world due Thursday, both Ad Wolgast and Joe Rivers announced tonight that they would enter the ring in the best condition. Only light work was indulged in today. Each contestant boxed four rounds. It was announced that Wolgast weighed 130 at which he would enter the ring. Rivers' weight was announced as 133, but it was said he would go into the ring at 132. Betting today had swerved somewhat and Rivers money was more in evidence. Many bets have been placed at 2 to 1 on Wolgast, but now 10 to 7 seems to prevail.

FRENCHTOWN WINS.

Frenchtown, July 1.—(Special)—Yesterday's ball game between Frenchtown and Bonita was a most satisfactory one, the local team beating the delegation from Hell Gate canyon, 7 to 3. The game was close, but the finish was slightly interrupted by a heavy rainstorm, which compelled players and spectators to run for shelter.

ENGLISH PUG EASY FOR MIKE GIBBONS

New York, July 1.—Mike Gibbons of St. Paul knocked out Sid Burns, the welter-weight champion of England, in the fifth round of a scheduled 10-round bout tonight at Madison Square garden. The knockout came eight seconds before the bell ended the round, and Burns was unable to face his opponent for the next round.

Gibbons weighed in at 159 1/2 pounds and Burns at 148 1/2. Gibbons made play of his opponent from the start with left jabs and right uppercuts. The constant jabbing brought blood from the Englishman's nose in the first round. Gibbons knocked Burns down for a count of two in the third round with a hook to the jaw and in the next round repeated for a count of nine, and when he arose put in a left hook to the jaw, sending his man down, completely out. At the count of eight the bell rang. Burns' seconds worked over him desperately, but he was unable to recover in the minute's intermission.

"HAT BOX" JONES RETURNS UNHURT

"Hat Box" Jones, who is rapidly winning an enviable reputation as an umpire in the Flathead country, returned yesterday from the reservation covered with glory and mud. He acted as arbiter in two contests in Ronan Sunday. In the first, St. Ignace beat the reclamation service team by a score of 6 to 1. Clark, who tried out with the Highlanders last week, held the ditch-diggers down to a single hit. The second game was played between Polson and Ronan and was called in the third inning on account of rain. The score at the close of the battle was 6 to 6. "It rained cats and dogs up there on the reserve," said Hat Box. "The roads were so muddy that the autos could hardly go over them. Everyone up there is happy over it though, for the whole country has been pretty dry. There were fine crowds at both of the Sunday games."

TUBALKANE EXHORTS FANS TO PULL FOR TEAM

Old Tubalkane was highly elated over the fact that we finished the Great Falls series still in the lead. But his joy was dimming when he thought of the fact that Salt Lake would have a little lunch at Helena, while we are struggling with the hard-hitting Butte team. "Nevertheless," said Tub. "I shall hope and pull and pray. We have a lot of double-headers to play this week and we may be able to stick it out. We're sure being doing a flypaper stunt up to the present time.
