

CABLES FOR LIGHTS BRANCH LINE IS NOW BEING LAID COMPLETED

MISSOULA WILL BE FIRST CITY IN MONTANA TO INSTALL NEW ILLUMINATION.

The cables carrying the wires for the new Higgins avenue lighting system are now being laid by the Missoula Street Railway company...

Butte Not First.

Sunday the Butte Miner published a story concerning the plans for a new lighting system for the streets there...

When show this story yesterday and asked about its meaning, Manager Sidney Inch of the light company said:

"The system referred to in this article is identical to the same as Missoula is now installing. If Butte adopts it she will have to take second place for Missoula was first to recognize the advantages of the system and order it installed."

Some Advantages.

"I notice that the provisions of the proposed Butte system call for the cost of installing the lights to be borne by the property holders. In Missoula the system is being installed without expense to the property owners."

Late Sunday evening, L. Schwiers and M. Kepler, who have traveled 7,000 miles through the United States, arrived in Missoula. These two men have covered the country about as thoroughly as anyone ever did and they are well acquainted with all of the different features of interest.

POTTS IS STRONG.

Edmonton, Alta., July 8.—(Special.)—Jimmy Potts of Minneapolis, who will meet Kid Sealer of Spokane in a 15-round bout at Diamond park here, next Tuesday evening, has taken possession of his old training quarters and is working out daily with several former sparring partners, including Tom McNaughton.

BRANCH LINE IS NOW COMPLETED

NORTHERN PACIFIC TRAINS NOW OPERATE FROM PEMBINA TO WINNIPEG.

The traffic officials of the Northern Pacific railway announce that the Midland railway, a new Northern Pacific-Great Northern joint line, has been completed, and Northern Pacific freight and passenger trains are now being operated by their own crews from Pembina, N. D., to Winnipeg.

The terminals, train yards, industrial and team tracks, connections with other lines, station and offices, etc., are most conveniently located and in such shape that they are ready to do business direct with Winnipeg patrons.

C. E. Dufco, until recently tram-master on the Northern Pacific, has been appointed general superintendent and general freight and passenger agent for the new line, with offices in the Midland railway freight depot at Winnipeg.

Chief Clerk Byrnes of the Northern Pacific made a run to Paradise Sunday afternoon. He reports that the station, which the Northern Pacific is erecting at Perma, is moving along in fine style. It is nearly half completed and should be finished within a short time.

The washout trouble in the eastern part of the state has been repaired and traffic is now moving past the scene of the trouble with little delay. Trains on the Northern Pacific are nearly on time. The Milwaukee's trains are slightly later than the Northern Pacific's, but it is expected that both roads will have their trains on time within a few days.

The Northern Pacific has an artist of unusual caliber in its employ. His appearance is anything but artistic, but the germ is there, nevertheless. Malcolm Johnson, cashier in the ticket office, is a fine free-hand artist. He says that he has never seen a man who could draw so badly with his hand free. This joke is worse than the pictures which he has drawn on the bulletin board outside the ticket office and which are designed to call the traveling public's attention to the bargain sale on the Northern Pacific.

A. Ottlinger, general agent for the San Francisco & Portland Steamship company, with headquarters in Portland, was in the city Saturday and Sunday on business.

Conductor John Reno of the Northern Pacific lost a very fat wallet between the Lenox hotel and the yard office. He would certainly appreciate it if the finder would kindly return it to him. He will also give a reward.

A special car passed through the city on the Columbian Sunday afternoon. It contained the Brooklyn delegation to the Elks' convention in Portland.

Several arrests have been made in connection with the attempted holdup of the Milwaukee station at Superior Sunday evening. Charges are being preferred against the men arrested and will be vigorously prosecuted.

THE WEATHER

Although threatening, yesterday was a little improvement over some of the days of the last two weeks. It was warmer and no rain fell. Splendid growing weather. The observations follow:

Table with weather data: Maximum 69, Minimum 44, At 6 a. m. 47, Thermometer 26.73, At 10 p. m. 65, Barometer 26.85, Northwest wind.

A NEW TEACHER.

Bozeman, July 8.—(Special.)—At a meeting of the executive board of the Montana state college, R. A. Wells of Wenona, Ill., a graduate of the state university of Illinois, was elected assistant in agronomy in the college here to begin work September 1. Mr. Wells comes recommended by Dr. Cyril G. Hopkins, one of the foremost agronomists of the United States, under whom he has been studying.

for the summer in cottages on the lake shore.

J. P. Cadigan, president, and E. B. Sherwin, appraiser of the New World Insurance company, who have been making a business trip through the Bitter Root valley, said yesterday to a Missoula business man that the Bitter Root valley was in their estimation the best developed valley in the whole northwest.

D. J. Haviland, manager of the furniture department of the Missoula Mercantile company, has gone on his annual purchasing trip through the eastern markets. Mr. Haviland will visit large furniture houses in Minneapolis, St. Paul, Chicago, Grand Rapids and New York, returning to Missoula early in August.

Ralph Soule, who graduated in June from the conservatory of music of Knox college in Galesburg, Ill., is spending the week in Missoula the guest of Arthur Dennis. Mr. Soule is a vocalist of rare merit and it is hoped he may find time to give a recital at the university before he continues his journey to Seattle.

Miss Nellie Houston, secretary of the Missoula Y. W. C. A., returned yesterday from attending the Northwest conference of the association, held at Gearhart Park, Ore. Miss Houston was business manager of the conference. On her return trip she stopped to visit a number of associations through the state of Washington.

L. C. Pettitt and W. V. Orborne returned to Missoula, Sunday, bringing reports of the finest kind of an outing. They took a pack outfit from Victor, Thursday, and started for the summit of St. Mary's peak, camping by the lakes on the way all day Friday and making the top of the mountain Saturday.

E. H. Briscoe of Carrollton, Mo., left yesterday for the Pacific coast after a week's visit with his nephew, Dr. J. H. Riley. Mr. Briscoe is one of a group of Carrollton men of leisure who go each year to California for fishing. After seeing the streams in the vicinity of Missoula, Mr. Briscoe promises that next year he and his friends will take their outing here, instead of in California.

PRETTY ROSES.

Much favorable comment was made upon the box of magnificent roses displayed in the window of Kelley's cigar store yesterday. The roses, rich in coloring and perfect of form, were sent to Mayor Rhoades from the Renix rose gardens of Hamilton as a sample of the perfection of blossoms produced there.

For soreness of the muscles, whether induced by violent exercise or injury, there is nothing better than Chamberlain's Liniment. This liniment also relieves rheumatic pains. For sale by all dealers.

SPLICER SHOCKED.

Butte, July 8.—Andrew Lenniger, a cable splicer in the employ of the Montana Independent Telephone company, was fatally injured yesterday afternoon, when 3,800 volts of electricity passed through his body while he was at work on a telephone pole. He was removed to the Murray hospital last night and his condition is such that it is not believed that he can recover; but in the latter case, according to the attending physicians, he will be permanently paralyzed.

"GETS-IT" Will Get Any Corn, Sure!

Almost Like Magic. Guaranteed.

You'll Quit Everything Else for "GETS-IT"

Any corn just loves to be cut and gouged but it's mighty rough on you. Plasters and salves usually take away some of the toe with them, and leave the corn to flourish. The new corn cure "GETS-IT" is perfectly harmless to the healthy flesh, but it does go for a corn, bunion, callous or wart right off the reel. The corn shrivels away from the healthy flesh and drops off.

PROSPECTUS OF THE Stoney Creek Coal Co. A Corporation.

This company owns a group of coal mines consisting of 800 acres all held under United States Government patent. There are no adverse claims, pending law suits, or litigation of any kind.

This property is situated in the north part of township 15 north of range 22 west of the principle meridian of Montana in the county of Missoula. The present working are four miles northeast from the mouth of Nine Mile creek, and 28 miles west from the town of Missoula. This coal is now hauled to Soudan, a station on the Milwaukee railroad. There is a gentle grade from the mine to the station just suited for a spur and from there it can be shipped anywhere.

LOWEST EXCURSION FARES VIA THE "MILWAUKEE" FROM MISSOULA. EASTERN POINTS and Return: CHICAGO MILWAUKEE \$62.30, ST. PAUL and MINNEAPOLIS \$49.80, ST. LOUIS \$58.80. PACIFIC COAST POINTS— and Return: SEATTLE \$29.25, TACOMA, PORTLAND, VICTORIA, VANCOUVER, MCLIPPS AND NUMEROUS SEASHORE RESORTS. DATES OF SALE: JUNE 11, 14, 15, 20, 21, 22, 29; JULY 3, 12, 20; AUG. 1, 2, 23, 31; SEPT. 4 and 5, 1912. Return Limit on all tickets is October 31, 1912. Liberal stopovers and diverse routes offered. Low fares to many other points both East and West. TWO FAST THROUGH TRAINS DAILY "THE OLYMPIAN" AND "THE COLUMBIAN". For additional information regarding fares, routes, reservations, train service, etc., call on or address H. H. TAVENNER, Ticket Agent, Missoula, Mont. THE NEW LINE IS THE SHORT LINE.

The Hot Weather Combination Made Easy COOKING Electric Table Stove \$5.50 and \$6.50 Percolator, 5-Cup Size \$5.50 COOKING Made Comfortable To Users of Current, \$1 Down and \$1 Per Month The Missoula Light & Water Co.

parison with the best bituminous coal shipped in from the east as shown by the analysis. It is higher in fixed carbon than Sheridan, Carney, Bear Creek, Hoffman, Acme, Monarch, and Rocky Fork, and less in ash than Vulcan, Bear Creek, Hoffman and Rocky Fork, according to analysis. The present depth of the mine from the surface is 45 feet and the coal is 12 feet thick from the pavement to the roof, all bright, black coal—it is not lignite, but bituminous. The property is stocked for \$500,000, divided into 500,000 shares of the par value of one dollar a share; 80,000 shares of this stock are set aside as treasury stock. The directors now offer for sale for a limited time 40,000 shares of this treasury stock at 20 cents a share to obtain funds to use in equipping the mine, but not for hunting the coal—we have the coal already—but if 40,000 shares, or less brings enough to equip the mine, the rest of the 80,000 shares will be reserved as treasury stock anyway, to use in case of accidents. It may not take more than \$5,000 to equip it sufficiently to load railroad cars, and will take less than half that equipment to be able to deliver coal at Missoula. The land has timber for all requirements. This coal mine is of great value both on account of its immense quantity, its fine quality, and on account of the saving of freight. Bituminous coal from further east cannot be sold at a rate as low and make a profit. We can make a profit by selling at \$4.75 a ton. This coal property was formerly owned, prior to incorporation, by W. J. Stephens alone. He shipped a carload into Missoula from the mine, the most of which he distributed among the people to test and they all say it is excellent coal. There are millions of tons of coal in sight. The incorporators are W. M. Bickford, W. J. Stephens, Tom H. Thibodeau, W. R. Glascock, and Charles A. Schrage. Subscription books are now open at the office of the Blackfoot Land company, 103 Montana building, Missoula, Mont., and also at Flat No. 215, Bowland flats, South Fourth street, west, at the residence of W. J. Stephens. Larry Stephens is authorized to sell stock also. We, the undersigned, have seen the mine and the coal, and believe the above is not overstated: John M. Keith; R. R. Jones; Fred A. McDonald; Tom H. Thibodeau; W. R. Glascock. We, the undersigned, have worked in the mine and know all about it, and of our own knowledge state that it is a great mine: O. P. Johnson; Hans Tately.

"Now listen to me," said Judy to Punch, As they called to a waiter to order their lunch, "You can take it from me, it's a nice little hunch— Post Toasties with cream is the best in the bunch." Written by W. L. LORD, 605 DeMontbreun St., Nashville, Tenn. One of the 50 Jingles for which the Postum Co., Battle Creek, Mich., paid \$1,000 in May.
