

MEXICAN ARRESTED BY GOVERNMENT

REBEL SYMPATHIZER JAILED FOR VIOLATING NEUTRALITY LAWS.

El Paso, July 20.—Victor Ochoa, original Mexican revolutionist against President Diaz 20 years ago, was arrested here today by the American federal authorities and was charged with a violation of the neutrality laws. Ochoa is alleged to have been implicated with the arrival here several days ago of a consignment of 140,000 rounds of ammunition and several cases of rifles, presumably intended for the Mexican rebels. He failed to furnish a \$5,000 bond.

Ochoa served two years in Leavenworth 18 years ago for violating the neutrality laws by ammunition smuggling and had a brother, Eduardo Ochoa, who is imprisoned here on the same charge awaiting trial.

Two other Mexicans were arrested with Ochoa and the American officials believe they have stopped a scheme to furnish the rebels with a large quantity of ammunition. Reports from the rebel zone indicate that the bulk of the insurgent army is en route westward in the mountains that divide the states of Sonora and Chihuahua.

Reliable advices from the interior declare less than 1,000 rebels are left between Juarez and Medera, the southernmost outpost of the rebels on the Mexican Northwestern railroad.

Six hundred federals are reported to have reached Minaca, 125 miles west of Chihuahua on the Mexican Northwestern, and will move westward on the trails guarding the entrance to the state of Sinaloa, blocking any southern movement by the rebels after they invade Sonora.

GRANT'S COUSIN DEAD.

Spokane, July 20.—George W. Grant, second cousin of General Ulysses S. Grant, died at his home here today, aged 76. His grandfather and General Grant's grandfather were brothers.

MINERS TRY CHARGES IN SECRET SESSION

Cripple Creek, Colo., July 20.—The Western Federation of Miners in international convention at Victor, went into executive session this morning to take up charges of Thomas Campbell of Butte, who alleges that certain officers of the federation are not working for the interests of the organization and that the delegates from Butte local No. 1 are not entitled to seats in the convention.

President Charles Meyer is one of those whom Campbell has attacked. Late today, President Meyer filed charges against Campbell in return.

President Meyer said tonight that the convention has constituted itself a court, which neither he nor Campbell were allowed to attend. Campbell had accused him, he said, of being a grafter and an enemy to the federation and he was going to make the Butte man prove his charges or be thrown out of the federation. Campbell is the head of the I. W. W. faction in the federation.

"It's the beginning of the end of the I. W. W.," said Meyer. "I have fought it for years." The executive session will continue Monday.

STRIKE IS AVERTED BY GRANT OF DEMANDS

Butte, July 20.—(Special)—A strike at the smelting plant of the East Butte Mining company was averted tonight by the company yielding to the demands of the smelters and millmen that they be granted the increase recently allowed the miners by the various companies of Butte. As the smelters are now a part of the Butte Miners' union they claimed that they, too, should be granted a 25-cent raise. A strike threatened the union tonight when the company capitulated.

TILLMAN IS OBDUATE.

Washington, July 20.—Senator Tillman's refusal to abandon a \$200,000 improvement at the Charleston navy yard, and a demand of the house that all battleships be out of this year's building program, probably will result in a disagreement over the naval appropriation bill.

GAMBLERS IN MACE ARE NABBED

SHERIFF OF SHOSHONE COUNTY CONDUCTS RAID AND CATCHES TWO.

Wallace, July 20.—(Special)—Sheriff M. J. Maher headed a little raid of his own at Mace Tuesday night, accompanied by Deputy Sheriff H. D. McMullin, with the result that J. M. Morgan, a saloon keeper, and H. C. Marshall were arrested on a charge of gambling.

Heretofore the gambling raids have been conducted by Deputy Sheriff La-fave, but the sheriff took a hand in the one at Mace. There were five men playing in the game but only the proprietor of the house and the man alleged to be the banker were arrested.

There was no money on the table but the fact that Marshall had a large pile of checks in front of him satisfied the sheriff that the game was a little more than a quiet game of freeze-out. The names of the other men in the game were secured and they will be summoned as witnesses. The cases will be taken directly into the district court for trial.

HOSTELRY IN AVERY IS DESTROYED

MOUNTAIN VIEW HOTEL BURNED TO THE GROUND—CON-TENTS ARE SAVED.

Wallace, July 20.—(Special)—A report was received in Wallace last evening that the Mountain View hotel at Avery was burned to the ground shortly after noon yesterday, the building being a total loss. No estimate as to the loss of the insurance carried could be obtained last night. The building is a three story frame and contained about 100 rooms. Ed Thieriault was the proprietor. The fire started on the third floor, presumably from a carelessly thrown cigar or cigarette. In a few seconds the entire third floor was filled with smoke and it was impossible to rescue anything from that floor. Considerable of the furniture and trunks on the second floor were saved while practically everything on the lower floor was gotten out before the flames reached that part of the building.

RUNAWAY CAR BREAKS FENCE.

Bozeman, July 20.—(Special)—A runaway car of grain on the spur of the Gallatin Valley railroad to the Bozeman Milling Company's cereal mill did considerable damage and might have done much more. It knocked an empty boxcar through the fence and into the fair grounds two or three rods clear of the track and the car of grain itself was left partly on and partly off the track. Two boys were seen to loosen the brakes on the car shortly after it was left at the junction point, but they have not yet been identified.

ENGINEER IS KILLED.

Wood, Cal., July 20.—Guy P. Dunbar of Ashland, engineer of a light utility locomotive running between Weed and Klamath Falls, was killed last night when his engine was derailed near Dorris. Arthur Selby, the fireman, was uninjured. The locomotive was being driven at high speed when it was thrown from the track and overturned. Dunbar died soon afterward at a hospital.

DRAGNET CLOSING ABOUT ROSE

LATEST EVIDENCE CONNECTS GAMBLER MORE DIRECTLY WITH MURDER.

New York, July 20.—"Bald Jack" Rose, who hired the motor car which carried the murderers of Herman Rosenthal to the scene of the crime, was connected more directly tonight with the case by implication of Deputy Police Commissioner Dougherty.

Rose says he can prove an alibi for the time one hour before and an hour after the killing. The commissioner was asked whether Police Lieutenant Becker, the friend of Rose and the man whom Rosenthal had said was in silent partnership with him, has been connected with the case.

"Lieutenant Becker is a figure in this case, but there is nothing tangible against Becker," he said. The district attorney's office with a force of private detectives is working along independent lines. The district attorney himself, who left last night on an "important mission," is still absent. Those who are working with Mr. Whitman felt tonight that the lines are tightening about the slayers of Rosenthal.

Every move in the crime is known to the district attorney's office to the full satisfaction of the men handling the investigation, it is said. The name and description of every man who rode in the "murder car" is known.

CORONER INVESTIGATES.

Redding, Cal., July 20.—Testimony was taken today by a coroner's jury as to the movements of William Clement, a suspect in the case, at the time of the assassination of W. C. Landis, the Buckeye merchant. M. G. Griffith, the most important witness at the inquest, said that Clement was at Griffith's home a mile south of Buckeye at noon on the day of the tragedy. They saw Landis driving by on his way to Redding. It was Griffith's belief that Clement went home to dinner at noon, but a woman teacher boarding there said he was not at home between 12 and 1 o'clock.

BURKE MAN JAILED ON ASSAULT CHARGE

Wallace, July 20.—(Special)—Harry Black is under arrest at Burke on the charge of assault with a deadly weapon as a result of what is termed an unprovoked assault on Jesse Anderson, a rock being the weapon used. A gash was cut in Anderson's head which required a half dozen stitches to repair.

The warrant was issued out of Justice Mike Maher's court and Black was arrested by Deputy Sheriff H. D. McMullin. The assault was made in the middle of the street and, according to eye witnesses, Black was intoxicated and suddenly picked up the rock and hurled it at Anderson who had in no way interfered with him.

Had the rock struck a little closer to the temple Anderson would probably have been killed. As it is he will make a speedy recovery. The preliminary will be held this morning before Justice Maher in Burke, Prosecuting Attorney James A. Wayne to appear for the state. Black lives at Blackbar.

GIRL IS ATTACKED BY BURGLARS

THIEVES STEAL RICH WOMAN'S JEWELS AND NEARLY KILL YOUNG DAUGHTER.

Livingston, July 20.—(Special)—Two masked robbers broke into the home of Mrs. E. R. Teselle, a wealthy widow of Livingston last night and stole \$2,000 worth of jewels. The robbers made their escape and the local police had found no trace of them late tonight.

The robbers entered the Teselle home while Mrs. Teselle was out and found her daughter, aged 17, asleep on a couch in a front room. They bound her hand and foot, gagged her and then tied her to a bedpost, threatening

to kill her unless she told them where her mother's jewels were hidden. The girl pointed to a jewel box on a shelf and the robbers seized the jewels and escaped. Before leaving the house the men forced the young girl to drink from a bottle they pressed to her lips. She was found shortly afterward by her mother, unconscious and half dead from fright. When she regained consciousness through the aid of a physician she raved wildly and her condition is now serious, according to Dr. S. E. Leard, who attended her.
