The Best of Everything in the Market

I don't believe the millionaire, with all his bonds and gold, is half as happy as he seems, if the truth were only told; I'd rather mix with common folks and have them call me "Bill," than to sit alone in a solemn state with footmen, sad and still; I'd rather have good, loyal friends, who stay through thick and thin, than to move with toolies at my heels, just longing for my tin; I'd rather hear "good morning" in a tone that's good and strong, than meet with formal greetings from the cod-fishy bone-tong; I'd rather eat a hearty meal, along with wife and kids, than to have a butler bring it in, all under silver lids; I'd rather have my old, black pipe—I think it's better far—than to puff away at a special-made, big, fat six-bit cigar; of course the cash is good to have—and my old purse is flat—but the everlasting worry more than offsets all of that.

Word has been received by The Missoulian office from Sherman Leach, formerly The Missoulian's business manager, who is now in Chicago, where he went to take the management of the extensive publishing business of the Kenfield-Leach company. Mr. Leach had several stops to make on his way east, in connection with his new business and did not reach Chicago until Monday morning. He wrote to his former associates on that day and said he expected to take up his new duties on the following morning. The company with which Mr. Leach has become associated as manager is one of the largest publishing concerns in the central states. It has an extensive plant, occupying all of a seven-story building. The company publishes two trade journals which it owns, and prints ten others on contract. It has a prosperous business and, under the management of Mr. Leach, it is certain to maintain the high reputation which it won during the term of direction of Albert Leach, the brother whose sudden death last month terminated a successful business career.

H. S. Bates has come to Missoula from Butte to make his home here. He will take charge of the publicity work of the Donohue company, relieving S. H. Youens, who has been at the head of the advertising department of this store for a long time, but who is now confined to his bed by illness. Mr. Bates is not an entire stranger here, as he owns a farm in the Bitter Root and his family has lived here since last spring. Yesterday, Mr. Bates spent in getting acquainted with his new field. He will start upon his work today.

Harold High returned yesterday from a little fishing expedition up Rock creek and he had the goods to show. He had some fine trout and said he had a good time. The fishing is not as good in Rock creek as it was early in the month as plumer fishing has been resumed up the stream and the water is getting muddy which spoils the sport. But there must have been something doing as High had a mighty fine mess of trout and it is not possible to get these fellows unless there is some sport.

J. P. McClain came back yesterday morning from the pioneers' meeting in Deer Lodge and left in the afternoon for his home at Carlton. Mr. McClain says the Deer Lodge meeting was the finest society of pioneers ever held and he was enthusiastic over the treatment the old-timers received. "It was a splendid meeting," said he, "and there was nothing overlooked. We had the time of some lives and I am glad I went. All of the arrangements were carefully made and the folks over there did all they could for us."

Tom Irvine was another of the old-timers who came in yesterday. He stopped in Missoula on his way back to the reservation for one special purpose. He came up to the desk of the Man About Town to clarify, that purpose and to seek directions. "I want to find John Galtin," he said, "and then I am going to beat him to death for not coming over to the pioneers' meeting. We had a great time and he should have been there. I am going to find him and make him understand it." There had been no report of violence last night at a late hour and it is reasonable to suppose that when Tom found the major, the latter talked him out of his original intention.

Professor Fischer, violin and piano lessons, 503 S. 4th. Bell 553 orange.

Schiller Loge No. 4, O. D. H. S.

Die Beerdigung unseres am 22. dieses Monats' verstorbenen Bruders John Klebe, President unserer Loge; findet am Sonntag, den 25ten Nachmittags 2 Uhr, von der Deutschen Lutherischen Kirche, Ecke Edith Strasse, aus Statt. Sie sind ersucht der Beerdigung beizuwohnen.

F. W. KUPHAL, Secretary.

YOU RISK NOTHING

This Broad Guarantee Protects You—Your Money Back if Not Satisfied.

If you suffer from piles, you should take advantage of this offer. It is simply this—no matter what kind of piles you are troubled with, if you use Rexall Pile Treatment, and it does not relieve you, we will give back your money. We could not possibly do more to show our faith in this remedy. We have observed its action in so many cases, have been thanked so many times by grateful people to whom we have recommended it, and feel so certain that it will help you, that we do not hesitate in guaranteeing it.

Rexall Pile Treatment is easy and pleasant to use. It comes in a tube furnished with a special tip, which permits you to apply the soothing, healing contents direct to the trouble. Do you suppose we would guarantee this remedy if we didn't have faith in it? Do you suppose we would risk our reputation and standing by even suggesting a remedy to you that we didn't feel was all that was claimed for it? You know we would not. Therefore, when we not only recommend Rexall Pile Treatment to you, for any kind of piles, but guarantee that it will relieve you, or money back, why should you hesitate? Put us to the test. If you are suffering from piles in any form, no matter how painful they may be, you ought to, in justice to yourself, test this remedy. If your case is a mild one, you should give it this treatment at once to provide against its growing worse. Price, 50 cents. Sold in this community only at our store, The Rexall Store, Missoula Drug Co.

RUDDY ASTONISHED BY GROWTH

RAPID PROGRESS OF MISSOULA SURPRISES OLD-TIME PHIL-IPSBURG MINER.

B. G. Ruddy of Phillipsburg, who heaped lay the Northern Pacific steel through Missoula in July, 1883, was a visitor in the city yesterday, having brought his two children here to the Catholic academy. Mr. Ruddy could hardly believe what he saw about him in the city. "Every time I come here," he said, "I find Missoula a little larger and more progressive."

Mr. Ruddy left his two children, George and Gladys, at the academy here and returned to Phillipsburg, where he is engaged in mining. "Granite county has never been in better shape," he said, "The farmers are all prosperous and all have good crops. Mining, too, is better there than it has been since I first came to Montana. We are going to have a good year. The political situation is warm up there, but there will only be two tickets in the field. The regular republicans don't exist in the county. 'Taft hasn't a chance. It seems to be about even between the democrats and the progressives, and most of us are stronger for Toddy than anyone else."

THE WEATHER

The weather man had all the old-time pep yesterday and shoved himself up into the championship class once more. He boosted the mercury up to 96, which is a regular record, when the fact that he started with the top of the column clear down at 44 is taken into consideration. Forty-six degrees is enough of a raise for any weather man to say nothing of a young man whom the unkindly fates have made a rod man on the paving work and who can attend to the weather only at intervals. It is hard luck, too, to furnish such a day and then be forced to work under the sun all afternoon. But Uncle Sam, Jr., is a dogged young man and he doesn't complain. This is the box score he proudly exhibited last evening:

| | |
|-------------|-------|
| Maximum | 96 |
| Minimum | 44 |
| At 6 a. m. | |
| Thermometer | 45 |
| Barometer | 26.69 |
| At 6 p. m. | |
| Thermometer | 84 |
| Barometer | 26.58 |

The prevailing breeze blew from the west.

EXHIBITION OF MACHINE.

The apple sorting machine, which M. L. Dean was to have exhibited in the Masonic temple yesterday will be shown at the headquarters of the Missoula Produce association this afternoon at 3 o'clock. The machine proved too large for the room in which it was to have been placed. The apple sorter is a remarkable invention and all who are interested are invited to examine it this afternoon.

Equitable Life of N. Y. pays large yearly dividends, reducing net cost. Mrs. N. D. Warner, agent, Phone 760 black.

METHODIST LAYMEN HAVE ELECTION

OPENING SESSION OF ASSOCIATION IS HELD WHILE CONFERENCE PROCEEDS.

The Montana Methodist Laymen's association held its opening meeting yesterday morning while the early session of the conference was going on. A large body of earnest laymen met at the church and discussed matters of peculiar interest to the association. At the conclusion of the meeting officers were elected for the year. The new officers are:

President—A. L. May of Stevensville.
Vice president for the Yellowstone district—E. H. Fisher of Bozeman.
Vice president for the Butte district—Mrs. George A. McAllister of Missoula.
Committee on the program for next year—James A. Metcalfe of Glendive, Mrs. George A. McAllister of Missoula and J. A. Doughty of Helena.
Charles A. Hills of Missoula welcomed the laity in a few well-chosen words. Short talks were made by Miss Emily Walther, who told of the work of the deaconess school at Helena, and J. A. Doughty, treasurer of the Montana Wesleyan university, who described the activities of the institution he represents. Dr. E. W. Himes of Missoula also addressed the meeting. He spoke in admirable fashion of the relation between the Methodist brotherhood and the laymen's association. "The brotherhood," he said, "is, figuratively, made up of the progressives of the congregation, while the members not interested enough to join in active work are conservative to the republicans and democrats."
J. A. Metcalfe, lay delegate to the general conference, delivered an interesting report of the proceedings of that meeting.

HASTE IS URGED.

Washington, Aug. 23.—The state department is urging the navy department to take every step possible to get the transport *Prairie* started for Colon as soon as possible, but the marines cannot be concentrated before tomorrow. Dispatches seem to indicate more aggravated conditions.
The big armored cruiser California, speeding for Panama, has been ordered to put in at Corinto and land 240 bluejackets and her full detachment of 60 marines.

PRIMARIES IN BUTTE GO THE REGULAR WAY

Butte, Aug. 23.—(Special).—The democratic primaries were held tonight in all of the 47 precincts of Silver Bow county, with little friction. Opposition tickets appeared only in the Second, Third, Sixth, Thirtieth, Nineteenth and Thirtieth precincts, but in all cases the regular ticket was supported and won with splendid majorities. In the Second precinct the Noonan ticket won, 4 to 1, over the opposition, while the regular ticket carried in the Third precinct by a vote of 88 to 27. In the Sixth precinct the regular ticket had a great victory, the vote being 163 against 46. In the Thirtieth precinct there was considerable excitement but the ticket headed by Harry Galloway won by a vote of 37 to 17. In the Nineteenth precinct the opposition was not strong, while in the Thirtieth precinct the vote was close, the regular ticket carrying by a vote of 54 to 46.

SCHOONER ABASHED.

Newport, Ore., Aug. 23.—The gasoline schooner *Willamette*, which left here yesterday with railroad material, was reported this morning to be ashore at the mouth of the river. It is said the boat will be a total loss. No lives were lost.

Attention, Moose. All members of the L. O. Moose and visiting brothers are requested to attend the funeral of our late brother, John Klebe, at 2 o'clock p. m., Sunday, at the German Lutheran church. W. A. LOGAN, Dictator. H. SUMMERS, Secretary.
