

DEATH IN LAKE IS THE FATE OF FIVE

NAVAL APPRENTICES DROWNED IN LAKE MICHIGAN WHEN SQUALL STRIKES.

FIVE OTHERS MISSING

The Mate in Charge of Capesized Cutter Aids in Recovery of Those Not Lost, Then Disappears and Officers of Training Station at North Chicago Fear, He Killed Himself.

Chicago, Sept. 15.—Five naval apprentices were drowned and five are missing as the result of the capsizing of a cutter from the U. S. naval training station at North Chicago, Ill., late today. Five bodies were recovered. It is believed the five boys unaccounted for were drowned.

The Dead. The five identified dead are: R. C. Harlan, 18 years old, Bloomington, Ind. L. Southworth, 18 years old, Pittsburgh, Penn. J. Wallace, 13 years old, Turner, Ind. W. N. Antrabus, 21 years old, Indianapolis, Ind. J. A. Patten, 23 years old, Stanton, Ohio.

Gunner's Mate M. N. Negis, who was in charge of the cutter in which the boys were cruising, after aiding in the rescue, disappeared. He is said to have told friends that he held himself responsible in a measure for the wreck and that he feared it might affect his mind. When last seen Negis was hysterical. Officers of the naval training station fear he may have committed suicide.

A. L. Raymond, one of the boys taken from the water was resuscitated after he had been worked over for several hours.

The party left the training station shortly after 2 o'clock in charge of Gunner's Mate Negis, and after cruising about until 4 o'clock the cutter headed for North Chicago.

Anchor is Futile. A few minutes later a squall struck the boat and the sails were lowered and an anchor was thrown out. Gunner's Mate Negis, it is said, planned to let the cutter ride out the storm, but the boat dragged its anchor and began drifting toward the beach. When within 200 feet of shore the cutter was overturned.

Captain W. E. Fullman, commandant of the training station, saw the danger from his headquarters and sent a motor boat to the rescue, but this craft was capsized before it had gone far and the men in charge swam to shore.

Several of those from the cutter floated ashore on bars and pieces of wreckage. A number were rescued by officers of the training station and cared for at nearby houses.

Captain Fullman, who took charge of the rescue work as soon as he could reach the scene declared that six apprentices were missing. The names of the victims could not be ascertained until the roll of the 200 boys had been called.

It was reported that several of the boys were unable to swim and that some became seasick soon after the squall struck the cutter.

CALIFORNIA TO AWAIT RESULT IN KANSAS

San Francisco, Sept. 15.—Acting on the advice of the republican national committee, the Taft state campaign committee will discourage the circulation of petitions to put Taft electors on the ballot for the November election. This action will be taken because the Taft men allege the situation is identical with that in Kansas, where the Taft adherents have appealed to the federal courts, and in which case a decision is to be rendered on October 5. They further contend that where state conventions are held as "republican" conventions the electors chosen at that convention must be placed in the column designated by the republican national committee.

It at the state convention to be held in Sacramento on September 24, which will be in control of the Roosevelt faction, attempts are made either to pledge the electors that will be chosen to Roosevelt, or, failing in that, to prevent the pledging of the electoral candidates to Taft, the Taft supporters will resort to the federal courts to checkmate the plans of the Roosevelt adherents.

RACE WAR.

Sacramento, Cal., Sept. 15.—A race war between sixty Chinese and Koreans on a ranch near here in which flats clubs and a revolver were used as weapons, resulted yesterday in the shooting of two Koreans and the beating of two Chinese.

TORNADO KILLS IN NEW YORK COUNTY

STORM IN ONONDAGA IS FATAL TO THREE AND INJURES FIFTY PERSONS.

PLEASURE RESORT HIT

Long Branch Suffers Loss as Result of Cyclone and Those Who Flee Into Dance Hall Fail to Escape, as Building is Demolished—Syracuse University's Boathouse is Destroyed.

Syracuse, N. Y., Sept. 15.—Three persons were killed and fifty injured in a panic followed as a building after building was toppled over and two interurban trolley cars were hurled into a ditch.

A number of persons ran into a dance hall for safety, but the building was in the path of the storm and was demolished, many persons being injured.

The tornado wrecked the boathouse of the Syracuse university, in which was stored the crew equipment. All shells were wrecked. The loss to the university is more than \$8,000.

At Pitcher's Hall, fifteen homes, several barns, and the school house were razed.

The home of H. A. Wendell was lifted from its foundation and turned over. In the house were Mrs. Wendell and her three boys. None of them were injured.

BACK TO BEVERLY.

Beverly, Sept. 15.—The president and Mrs. Taft returned tonight to Beverly from Millbury, where the president celebrated his fifty-fifth birthday with his aunt, Miss Della Torrey.

The president, tired after his long motor ride, saw no visitors today. White house officials, however, said the report from Washington that the president contemplated asking for the resignation of Comptroller of the Currency Murray had no basis. They said the president had not asked for Mr. Murray's resignation and had no intention of doing so.

NOGI AND HIS WIFE THE ONLY ONES

TOKIO IS FILLED WITH RUMORS CONCERNING SELF-INFLICTED DEATHS.

Tokio, Sept. 15.—The city has been kept in a state of excitement since the suicide of General Nogai and his wife, Countess Nogai, by rumors that other persons had ended their lives in testimony of their devotion to the departed Emperor Mutsuhito. All such reports, however, proved to be baseless.

General Nogai, before taking his own life, prepared three statements which he sealed. These statements will probably be made public tomorrow.

Before plunging his sword into his throat, General Nogai drew his knife across his abdomen, causing the skin to break. This was done in accord with the ancient customs of Japan, which General Nogai was most careful to observe in preparing for death.

It is now understood that General Nogai paid a visit to his closest friends on the day before he ended his life. Among others, he visited Prince Arimoto Yamagata, one of Japan's most distinguished men. To each of his friends he is said to have bid farewell. Prince Yamagata, it is understood, suspected General Nogai's design and demanded of him in alarm: "You are not going to die, I hope?" "No, I do not reply."

Friends of General Nogai now declare that his mind of late had been obsessed by memories of the Japanese losses at Port Arthur in the Russo-Japanese war.

THE SITUATION

TURNING WESTWARD WOODROW WILSON IS SILENT

DEMOCRATIC CANDIDATE HAS "NOTHING MORE TO SAY AT PRESENT."

On Board Governor Wilson's Private Car, Harrisburg, Pa., Sept. 15.—Silent on the New York situation, but turning his eyes expectantly westward, Governor Wilson traveled through Pennsylvania tonight enroute to Iowa, South Dakota, Minnesota and Michigan.

"I have nothing more to say at present," was the candidate's single reply to questions concerning the contest for the gubernatorial nomination in New York.

The governor said on his trip he probably would open up on more issues of the campaign than heretofore. He said he expected to discuss principally, however, the tariff and the trusts. The governor has prepared the speech he is to deliver on Friday at Columbus, in connection with the opening of the Ohio campaign. "The abandoned issues," is the title he has given it.

"You know Mr. Roosevelt and Mr. Taft have abandoned the tariffs and the trusts to us," said the governor, with a smile, "probably because their platforms present no argumentative grounds."

Governor Wilson was quick to note that his lucky number—thirteen—prevailed in his party, for besides himself and secretary, there are nine correspondents and two stenographers.

The governor announced tonight an addition to his itinerary. He will arrive at Sioux City, Iowa, Tuesday morning and will speak at the Interstate fair and also has arranged to speak at night at Sioux Falls, S. D.

"They pressed so hard at Sioux Falls to have us stop there," said the governor, "that we simply will have to do it. They even have arranged a special train to carry us on to Minneapolis and St. Paul."

After his two engagements in Minnesota on Wednesday Governor Wilson will speak at Detroit Thursday and at Columbus on Friday, returning to Seagirt Saturday.

NAVIGATION THREATENED.

Seattle, Sept. 15.—With the sailing of the steamship Dolphin last night the last mail of the season was dispatched for points on the lower Yukon reached by steamer from White Horse. The last summer mail for upper Yukon points will be forwarded on the steamship City of Seattle, sailing September 23, after which mail for all interior Alaska points will be handled by stage and dog sleds from southwestern Alaska coast towns. Thick ice forms at night on the Yukon and the close of navigation is near.

WOMEN DROWN.

Portland, Ore., Sept. 15.—Miss Orpha Meyers, aged 14, and Miss Leona Drummond, aged 22, both residents of St. John, were drowned tonight while boating in the Willamette river. The young women attempted to change places in the boat, and both fell into the water.

BOUNTY ON SNAKES MAKES JOHN D. LOOK DEEP

Tarrytown, N. Y., Sept. 15.—To rid his extensive estate of snakes, which infested its wilder parts when he bought it, John D. Rockefeller offered farmers on the place a bounty of 25 cents for every dead snake brought in. Recently the number of reptiles presented for redemption became so large that the curiosity of the estate management was excited. Detectives, who have been guarding the grounds since the outbreak of labor troubles here, investigated conditions with the result that evidence developed of a perniciously prolific snake hatchery on or near the premises. The snake bounty has been abolished.

T. R.'S DAY OF REST IS APPRECIATED

COLONEL ROOSEVELT SPENDS A PEACEFUL TIME IN METROPOLIS OF COAST.

San Francisco, Sept. 15.—After a peaceful day in San Francisco, Colonel Roosevelt left tonight for Los Angeles, the next point on his tour of the continent. The colonel was weary when he finished a week of uninterrupted campaigning with his speech in the Coliseum last night, and said he felt grateful to his campaign managers for permitting him to have one "day off." He went to the Church of The Advent this morning and spent the afternoon in Berkeley at the home of Dr. Benjamin Ide Wheeler, president of the University of California, where he took luncheon with Dr. Wheeler and former Governor George C. Pardee. He had dinner with Gifford Pinchot tonight.

Except for a talk with Mr. Pardee on the California situation, Colonel Roosevelt gave no time to politics today. When he left tonight he said that he was thoroughly refreshed by his rest and ready for "some more of it."

"That was a remarkable reception last night," said Colonel Roosevelt of the meeting at the Coliseum, where a crowd which packed the building cheered him for 12 minutes. "It looks as though California was on the right side."

DROWNED.

Everett, Wash., Sept. 15.—A. S. Hodgins, aged 30, of Everett was drowned in Lake lake, five miles south of here today when a boat from which he and Frank M. Smith were fishing capsized. According to Smith's story Hodgins was standing in the boat and lost his balance, upsetting the craft. The drowned man was married. His body was recovered.

PLANT IS BOUGHT.

Vancouver, B. C., Sept. 15.—W. W. Finn, representing Vancouver horsemen, has returned from Mexico City and announced that he had leased the Mexico City racetrack for a term of 20 years. The annual rental is said to be \$25,000. Racing on an elaborate scale will begin next fall.

HAYWOOD ARRESTED ON INDICTMENT OF LONG AGO

I. W. W. LEADER FACES CONSPIRACY CHARGE AND IS TAKEN AFTER SPEECH.

Boston, Sept. 15.—William D. Haywood of Denver, general organizer of the Industrial Workers of the World, was arrested here today on a capias warrant issued as the result of indictment charging him with conspiracy in connection with the strike of textile workers in Lawrence last winter. He was released on \$1,000 bond.

Haywood, in addressing a mass meeting of 15,000 persons on Boston common, sounded a call for a general strike of New England workers to protest against the "arrest, imprisonment and trial of Eitor, Giovannitti and Garuso."

The Charge.

These three industrial workers, who were active during the Lawrence strike, are charged with complicity in murder in connection with the shooting of a striker, Anna Lu Plaza, during a riot in Lawrence, last January.

Banners were displayed at the meeting today calling for the release of the three leaders and Haywood was cheered when he cried:

"We will open the jail doors or close the mill gates."

The indictment on which Haywood was arrested was returned by the Essex county grand jury several months ago and although it was announced that he would come into the state today, no interference with the mass meeting was attempted. When Haywood had delivered his speech, and hurried through the crowd to one of the common exits, officers of the state police met him and took him in an automobile to the police station. He was ordered to appear before the superior criminal court of the Essex county at Lawrence tomorrow.

Bail Furnished.

Bail was furnished by Attorney Fred H. Moore of Los Angeles, who has been engaged to defend Eitor, Giovannitti and Garuso.

At the protest meeting on the common were more than 2,000 mill operatives who were on strike in Lawrence last winter and who came to Boston in three special trains.

Returned in April.

Lawrence, Mass., Sept. 15.—The indictment upon which William D. Haywood was arrested in Boston today charges "conspiracy to intimidate with an alleged endeavor to conduct the textile strike of last winter unlawfully," according to District Attorney Atwill.

The district attorney said the indictment was returned in April but was kept secret. Haywood came here tonight to be in readiness for appearance in court tomorrow. When asked about his statement in his Boston speech to call an immediate strike, he replied it was possible there would be a general strike in the coming week, but that it would not be called tomorrow. "Later it might be called tomorrow."

OJINAGA FALLS AFTER HOT FIGHT

FEDERAL TROOPS CAPTURE A MEXICAN BORDER TOWN AFTER WARM SCRAP.

OROZCO, SR., IS TAKEN

Father of Rebel Leader Is to Be Held by United States for Deportation on the Charge of Violating the Neutrality Laws—President Madero Celebrates Independence Day.

El Paso, Sept. 15.—Ojinaga, the Mexican border town, opposite Presidio, Texas, was taken by federal troops after brisk fighting at daybreak, according to advices received at Fort Bliss by General E. S. Steever, commanding the department of Texas. General Steever also received a report from army officers at Presidio, Texas, opposite Ojinaga, Mexico, that Colonel Pascual Orozco, Sr., father of the rebel leader, was captured yesterday and is held by United States troops at Presidio, together with General P. G. Orozco.

Whether General Pascual Orozco, Jr., the rebel commander-in-chief, was fighting in Ojinaga, or escaped over the international line into the United States is not known.

Federal forces numbering 350, under command of Colonel Manuel Landa, entered Ojinaga proper, driving the rebels before them.

The rebels took refuge in San Francisco, a suburb to the south and away from the American side of the line and at last reports fighting continued. Reports of the number of the rebels defending Ojinaga vary to a large degree. Colonel P. G. Orozco, who was reported captured, is not related to the rebel leader.

To Be Held.

Washington, Sept. 15.—The United States will hold Colonel Pascual Orozco, Sr., father of the rebel leader, and Colonel P. G. Orozco, with any other captured Mexican rebels, probably for deportation to Mexico. No charges of violations of the neutrality laws are pending against either.

General Orozco, however, if captured, would be held for the Mexican government, which is prepared to ask for his extradition to face charges of embezzling funds in his care while inspector general of railways and charges of murder and brigandage.

General Orozco's father was captured, according to reports to the war department, by American troops patrolling the border, after he had crossed the international line, evidently seeking safety.

Rebel Loss.

Douglas, Ariz., Sept. 15.—The rebel loss could not be learned. Only meager details of the taking of the towns were received and the news did not come until tonight.

Telephone communication was restored long enough to inform the officials here that the town had been taken and that no Americans had been killed or seriously hurt. Rebels looted the store of the company, taking about \$10,000 worth of goods and the main body started in the direction of Naco, a small band being left in the camp. The valuable plant of the El Tigre company was not molested. Federal reinforcements for the El Tigre garrison were at a point 12 miles from the camp nine hours before the capture of the town, but they never arrived.

Madero Celebrates.

Mexico City, Sept. 15.—President Madero, standing at an open window of the national palace at 11 o'clock tonight, facing thousands of persons below, rang the historic liberty bell with which Hidalgo called the people to revolt, September 15, 1810, and pronounced the historic words uttered by Hidalgo, "Viva Independencia, viva liberadad, viva Mexico."

The spectacular part of the celebration will come tomorrow with a big military parade. There were no anti-Madero demonstrations such as on Friday and Saturday when the president's name was hissed. However, in various parts of the republic acknowledgments were made of affection for Porfirio Diaz, 82 years old today, and whose birthday for a generation has been celebrated jointly with that of independence.

Citizens of Oaxaca sent Diaz a congratulatory cablegram. Morella was decorated in his honor; Puebla young men gave a dance in his honor, and business men drank a toast to the "Iron man." El Imparcial and El Pais, two of the chief newspapers of the capital printed large cuts of Diaz with accompanying eulogistic editorials.

Eduardo Hay, a young Madero revolution officer, was today elected president of the chamber of deputies, and Guernside Ehrupke president of the senate.

GREAT PARADE OF CHURCH MARRED

RAIN SPOILS BRILLIANCY OF FEATURE OF EUCHARISTIC CONGRESS.

CEREMONY IMPRESSIVE

Catholic Societies and Representatives From Foreign Countries Are in Procession on Vienna's Streets—Papal Delegate, Cardinal Van Rossum, Most Striking Figure of All.

Vienna, Sept. 15.—The brilliancy of the great procession concluding the twenty-third Eucharistic congress was marred today by a rain and a chilly temperature.

From 7 o'clock in the morning until 1 in the afternoon, when the emperor followed the papal legate, Cardinal Van Rossum, with the host through the Burgtheater, rain fell unrelentingly.

Parties of the parade showed little but lines of umbrellas beneath which tramped Catholic societies, clergy, bishops in full canonicals and others, through mud ankle deep. It was impossible to celebrate mass in the open air on the top of the Burgtheater.

The procession passed from the Ring Strasse into the inner court of the Hofburg, where the papal legate, the cardinals, the emperor and Archduke Franz Ferdinand entered the chapel and deposited the host. Vast crowds, principally women, lined the route from the cathedral of Stephen to the Hofburg.

The city was astir early for the crowning feature of the eucharistic congress, people gathering for the procession before 6 o'clock, and it began to move an hour or two later. Only men and youths were permitted to participate. Along the spacious Ring Strasse the houses were decked with flags and the route was lined with troops.

Tyrolese miners in quaint costumes headed the procession, followed by the Munster Bakers' guild in picturesque attire.

Then followed Catholic societies and representatives from foreign countries in groups, including those of Belgium, Bavaria, England, France, Switzerland, Spain, Albania, Hungary, Croatia and Bosnia, the four groups last named in gorgeously colored peasant costumes.

The second division comprised the clergy and bishops and civil authorities to the number of 1,000. It was headed by seminarians and followed by members of the Reichsrath provincial diets, the city council of Vienna and government and municipal officials. The clergy, numbering 8,000 wore full vestments.

The court division, a mile and a quarter in length, was at the end of the procession. The emperor, in a magnificent state coach of plate glass and gold, drawn by 8 horses rode to the cathedral to attend the removal of the host from the high altar to the state coach of the papal legate.

Privy Councillors and the highest officials of the court and the empire went, first in court carriages, and then the prelates.

The cardinal archbishop of Olmutz drove in a splendid golden wagon built in the reign of Maria Theresa, followed by the archbishops in state coaches, and then the emperor.

Behind the monarch rode the most striking figure in the whole procession, the papal legate, Cardinal Van Rossum, bearing the host. His carriage was a ponderous gilded affair specially built for the Empress Maria Theresa. The monstrance containing the sacred elements is one of the most costly specimens of church plate in the empire.

BRITISH DON'T LIKE CHINESE LOAN IDEA

Peking, China, Sept. 15.—The British minister to China, Sir John N. Jordan made yesterday the representation to the Chinese government that Great Britain does not view with favor the new loan of \$50,000,000 negotiated in London by the Chinese minister and a representative of an independent bank. Hwang Hsing and Chenchi Mei, two southern leaders, who are visiting Peking, in an interview yesterday said they intended to support President Yuan Shi Kai, whom they consider to be the only man capable of establishing the Chinese republic on a firm footing. Yuan Shi Kai's last and most bitter enemies thus have been won over.

PROBABLY IDENTIFIED.

Libby, Sept. 15.—(Special.)—The man who drowned himself near Kootenai Falls recently and whose identity was never discovered, was probably Walter Newstrom of Bascom, Mont. Coroner George Ottawa has a letter from Dr. E. Swain of that place stating that Newstrom disappeared about July 15 and it was thought he had gone insane. The description given tallies with that of the dead man.
