

# SOPHOMORES HIDING FROM FRESHMEN

### BABIES ON WARPATH AFTER TRADITIONAL ENEMIES CAPTURE SOME AND LOSE MANY.

The sophomore class of the university is scattered to the seven winds this morning—such of it as is not tied up and guarded by watchful freshmen. Last night the storm burst. A horde of the babies broke loose, and went on the warpath. Some of the sophomores were warned in time and left their various homes for hiding places; others were caught and now await the vengeance of their hated rivals.

The sophomores themselves were the cause of it all. On Sunday evening the faithful few of them gathered together and went out on a still hunt for the enemy. They caught several. These they assembled and instructed in the etiquette of freshmen. Applauding the paddy, different circus stunts and not a little torture made up the program. As a windup the faces of the freshmen were painted, the freshmen were dressed in disgrace through the business streets of the city.

That aroused the wrath of the freshmen, whose name this fall is legion. About a hundred of them gathered last night and began the raid. Here and there they picked up a lonesome, wandering soph and locked him up. They found four of the foe at a Sigma Nu meeting in the honor of Donovan Worden last night. The upper-classmen at the smoker insisted on a square deal and fined the freshmen for a block behind the sophomore for a start. One man, Borland, got away, the other three were caught and were disciplined last night and will be disciplined more this morning. They spent the night locked up in a barn and will be exhibited on the campus this morning.

The wrath of the freshmen seems centered on Merritt Owsley. He escaped them last night by leaving his home in the Sigma Chi house and sleeping somewhere else. There will be lots of excitement on the campus this morning, though, for the class fight has started in earnest.

programs that lie back of the various candidates.

The governor was well received throughout the day. He shook hands with thousands of people who flocked to the rear platform and waved greetings to those who were not near enough to shake hands. The nominee expected to be two hours late into Chicago, but the railroad attached an extra locomotive and brought him to Chicago only seven minutes late. His car was switched around for half an hour and tacked on a Chicago and Northwestern train, leaving Chicago at 8:05 o'clock for Sioux City, Iowa, and Sioux Falls, S. D., where speeches are scheduled tomorrow.

### UNREST IN CANTON.

Hong Kong, Sept. 16.—Serious unrest prevails in the Canton district. Chinese rioters have depreciated in value and brigandage is rife. The Chinese officials are apprehensive and in spite of the presence of 36,000 troops in Canton, they telegraphed today to Dr. Sun Yat Sen, the former provisional president of China, who is now in Peking, where he went to consult with Yuan Shi Kai, the republican president, concerning the future policy of the government, to hasten his departure for the south.

## LOCAL SOCIETY

### W. R. C. Today.

The regular meeting of the Women's Relief corps will be held this afternoon in the L. O. C. F. hall annex. There will be business of importance to transact, besides initiation of new members and a social session.

### Alpha Circle.

The Alpha circle of the Catholic Lady Foresters, will be entertained Thursday evening at the home of Mrs. C. E. McCool, 301 North Second street, west. There is business of importance to be transacted and all members are requested to be present.

### A Birthday Dinner.

Miss Ruth Wilson was hostess at dinner Sunday afternoon in honor of her birthday. The young ladies asked to share in the pleasant celebration were Misses Alva Krest, Gertrude Hale, Louise Pearson, Katherine Fox and Della Richardson.

### To Play "500."

Mr. and Mrs. Newell H. Mason asked a few friends to their home in the Johnson flats last evening to play a game of "500." This is the second series of delightfully informal gatherings arranged by Mr. and Mrs. Mason. At the conclusion of a lively game, dainty refreshments were served. The guests were Mr. and Mrs. V. B. Skinner, Mr. and Mrs. Fayette Harrington, Dr. and Mrs. E. P. Dunger, Mr. and Mrs. F. T. Darvill, Dr. and Mrs. E. F. Dodds, Professor and Mrs. W. R. Plew, Mr. and Mrs. De Witt Grubbs and E. A. Newlon.

### A Corn Roast.

A company of young people went to Spring gulch back of Mount Sentinel last evening laden with sacks of sweet corn and other good things to eat. They built a bonfire in the favored spot and had a merry time roasting corn, singing songs and telling stories. The party included Mr. and Mrs. C. W. Norquist, Misses Kellogg, Terry, Black and Sherman, the Messrs. Richardson, Bailly, Buck, Burnett and Hughes.

### For Mrs. Valentine.

Mrs. H. A. Wheelon entertained a few ladies at her home in Orchard Homes, yesterday afternoon, in compliment to Mrs. Frank Valentine, who is visiting here from Spokane. The guests, Mesdames Valentine, Charles Winters, J. C. Orr, Ida Munson, John McCormick and H. A. Dinsmore, visited over their needlework and at 4 o'clock they were assembled about a beautifully appointed table for one of Mrs. Wheelon's famous good suppers.

### Henry Keller.

Miss Lillian Henry of this city and Frank W. Keller of Three Forks were married at 7:30 o'clock last evening at the manse of the Presbyterian church. Rev. J. N. Maclean, D. D., performed the ceremony in the presence of a few personal friends of the bride and groom. The bride is a sister of Miss Minnie Henry, a teacher in the city schools, and the groom is a well-known business man of Three Forks, where Mr. and Mrs. Keller will make their home.

### Reception at Craig Hall.

The Young Women's Christian association of the university held a reception at Craig hall, yesterday afternoon for all the ladies of the faculty and all the young women who are students in the university. A large number took advantage of the pleasant opportunity to become better acquainted.

### Ray Letterman.

Mrs. Cornelia Ray and T. S. Letterman of Plains surprised their friends by being quietly married last Saturday evening, at the home of Mrs. Ray's sister, Mrs. Bickford, in this city. Their expressed intention had been to be married here this week, but as they were both in the city to attend the wedding of Miss Marion Bickford and Philip Jemison which was solemnized at 8:30 o'clock Saturday evening, they decided upon the earlier date. Rev. E. E. Birtner was advised of the new plan and invited to remain at the Bickford home until after the guests for the earlier wedding had departed. The ceremony was performed at 11 o'clock of the same evening and in the same beautiful setting of white flowers and ferns

as that of the bride's niece and namesake, Cornelia Marion Bickford, now Mrs. Philip Jemison. Mr. and Mrs. Letterman will continue to make their home in Plains, where they have a host of friends. Mr. Letterman is well-known throughout western Montana as a successful business man and one largely interested in movements for public welfare.

### An Evening With Music.

Miss Eunice Dennis and Arthur Dennis entertained a small company last evening at their home on South Sixth street, east. The evening was devoted to music, there being a mandolin, a guitar, a trombone, a saxophone, a piano and several voices to join in the harmony. Those present were Misses Gladys Hayward, Anne Hutchinson, Ruth James, Messrs. Schomover, Tope, Hoel, and the host and hostess.

## POLICE COMMISSION NOT MANDATORY

### MONTANA SUPREME COURT UP-HOLDS PLAINTIFFS IN HAMILTON CASE.

Helena, Sept. 16.—(Special)—It is optional with cities of other than the first class and with towns, whether they will organize, manage and control their police departments under the provisions of the police commission bill, held the supreme court today in a decision by Chief Justice Brantly.

This was the only point involved in a suit from Hamilton, that was submitted on an agreed statement of facts. D. A. Bishop since 1908 had held the position of chief of police, and J. H. Hoyer of night police until May 8 of this year, when the newly elected mayor appointed J. J. Crush as chief of police and C. C. Couter as night policeman.

The old officials, requested to surrender their offices, insisted they were entitled to serve under the provision of the police commission act. The plaintiff, the newly appointed officials, contended the bill merely gave other cities than the first class and towns the right to organize under its provisions, but did not make it mandatory.

### UNITED STATES CHAMBER.

Washington, D. C., Sept. 16.—A call has been issued for the officers and directors of the Chamber of Commerce of the United States to meet in Boston, September 20th. In the three days' session, they will discuss the work of the chamber and will decide on the date of the annual meeting. There is a general desire that this shall occur at a time of the year convenient for the majority of business men. There has been some discussion of the idea of having the annual meeting of the Chamber of Commerce of the United States preceded by general commercial rallies in each state of the union. This would bring under the notice of all parts of the nation the achievements of development in each state during the year 1912.

For signaling purposes a pocket flashlight has been invented with interchangeable colored lenses, mounted on the end of a movable arm.

## PROGRAM FOR FAIR WELL FILLED

### AMUSEMENT FOR VISITORS IN HELENA NEXT WEEK WILL BE PLENTIFUL.

Helena, Sept. 16.—(Special)—The board of directors of the Montana State Fair, to be held in Helena from September 23 to 28, inclusive, has designated the various days at the fair, as follows:

Monday, Helena day.  
Tuesday, Children's, Gallatin county, Bitter Root Valley and western Montana day.  
Wednesday, Derby, Butte and southern Montana day.  
Thursday, Governor's, Great Falls, and western Montana day.  
Friday, northern Montana day.  
Saturday, United Commercial Travelers' day.

Aside from the races, the amusement program arranged for the state fair is the most unique and entertaining that has ever been offered to the public in the northwest. There will be two aeroplane flights daily, one just before and one just after the races, so the first flight every day will take place promptly at 1 o'clock. On Tuesday, Wednesday, Thursday and Friday the first-aid-to-the-injured contest will begin at 11 o'clock and will be concluded before 12:30. On Wednesday a ten-mile motorcycle race will take place, with three professionals entered.

On Tuesday and Wednesday Professor H. W. Campbell of Lincoln, Neb., the father of dry farming, will speak. On Thursday the famous Great Falls drum corps will be one of the attractions. On Friday President J. M. Hamilton will speak, and on Saturday James J. Hill, the builder of the Great Northern railroad and his son, Louis W. Hill, the present head of that line, in company with Carl Gray, one of the high officials of the system and others equally prominent will be present.

Aside from the special features mentioned upon the various days, the daily amusement program outside the races will be:

Two aeroplane flights daily; parade of tribe of mounted Blackfoot Indians headed by Pruitt's cowboy band; sheep dog flock driving contest; Bronx Brothers tumbling act; Madam Wanda's twelve Dalmatian hounds; the Four LaValles' acrobatics; exhibition by Running Wolf, champion rope spinner of the Blackfoot Indian tribe; two rides by Fanny Sperry, the champion woman broncho buster of the world; two rides by Curtis Diehl, champion broncho buster of Montana; two rides by Weasel Head, the one armed champion broncho buster of the world, a member of the Blackfoot tribe; Indian dances and band concert.

These events will all take place on the race track or in the center of the race track, where they may be witnessed by the occupants of the grandstand and bleachers during the intermissions between the races.

### PRaise THIS REMEDY FOR CONSUMPTION.

If the voluntarily written words of grateful people, living in all parts of the country, praising Eckman's Alternative, a remedy for the treatment of coughs, colds, throat and lung troubles, are to be believed, this medicine is certainly doing a vast amount of good for such sufferers. We state none but facts and give to you the names and words of praise of those who declare it benefited them—in many cases coupled with the writers' statements that it restored them to health. This is a simple taken from many:

"St. Mary's Academy, O'Neill, Nebraska.

"Gentlemen: About seven years ago I was attacked with the dreaded disease, tuberculosis. I coughed unceasingly, could not sleep nor eat, even could not speak out loud and could do no work. I had three hemorrhages, raised blood most of the time and suffered with night sweats, fever and chills. A specialist at Columbus, Ohio, pronounced my case hopeless.

"Nearly five years ago, I heard of your Alternative and procured some at once, with the result that I soon found myself restored to health. For the past four years I have been able to continue my teaching and though I have always had heavy school work, I am also able to perform much manual labor. I consider your medicine if faithfully taken, a most excellent remedy for consumption. Mother Superior permits this testimonial."

(Signed) "SISTER MARIE,"

"Sisters of St. Francis." Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. For sale by Missoula Drug Co. and George Freisheimer and other leading druggists. Ask for booklet telling of recoveries and write to Eckman Laboratory, Philadelphia, Pa., for additional evidence.

### A DAMAGE SUIT.

Wallace, Sept. 16.—(Special)—Alleging that he was injured very seriously while assisting in building an ore bin at the Stewart mine, John Callahan has brought suit in district court against the Stewart Mining company to recover damages in the sum of \$2900. Callahan alleges in his complaint that he was caught beneath a mass of ore, loosened by the removal of props at the direction of a shift boss, and that he was not warned of the intended action, and had no chance to protect himself. He has been 12 weeks in the hospital since he was injured.

## MEMO:

### "I must see the Hoover demonstration today."

Detail picture to right shows the Hoover as if the light aluminum case were transparent. Note its simplicity: E—Electric motor which drives F, the suction fan, and B, the soft bristle brush. H—One of the rubber-tired, roller-bearing wheels. I—One of the ball-bearing casters. D—Bag for dirt. C—Cord which attaches to electric light socket. K—Carpet slightly raised by suction.

## Restore the Bright New Colors to Your Rugs and Carpets

The Hoover Electric Suction Sweeper is the only air cleaner that brings out the bright, new colors of your rugs and carpets by raising the crushed nap to its original upright position.

The Hoover does this because it combines a rapidly-revolving soft bristle brush with powerful air suction. The suction gently raises the carpet, suspending it on an air cushion. The brush loosens the dirt, shakes the carpet and brushes up the nap.

The powerful suction fan right behind the brush draws in all the dirt, fine dust, hair, lint, thread, matches, pins, everything.

This is the one air-cleaning machine that a woman can use without wearing herself out. No heavy hose to drag around. No heavy metal tube and nozzle to push around. It moves with the natural force of walking. Your little girl can run the Hoover and think it fun.

### A Demonstration in Your Own Home Free

Call us on the telephone. By special arrangement with the Hoover Suction Sweeper Company we will send a Hoover Suction Sweeper with an attendant who will give you a practical demonstration of the Hoover Free of All Cost.

## The Famous B. B. Dustless Specialties Will Be Found Here in Full Variety

The B-B Dustless Dust Cloths and Mops open a new channel to cleaner and more healthful homes. Eliminate dust from your home and you have taken an important step toward reducing the spreading of disease, for it is a well-known fact that all manner of disease germs lurk in the nooks and crevices where dust is allowed to collect. B-B Specialties are the only genuinely satisfactory solution of the dust problem because they are treated with a chemical solution which actually picks up and holds every particle of dust with which it comes in contact. (Its action is somewhat similar to that of a sponge absorbing water.) The dust particles cannot possibly shake out until washed out with warm water and soap. This cleaning, however, does not in the least reduce the absorbent qualities of the chemical. B-B Specialties are not only useful as dust absorbers, but are polishers as well, and can be applied to any surface. Absolutely sanitary and reliable.
