Donohue's ALWAYS RELIABLE

HONEST AND STRICT WAS W. H. LUCAS SAYS PAPER

BUTTE INTER MOUNTAIN GIVES DEAD PRESIDENT HIS JUST DESERTS.

SORROW'S IN BIG CAMP

Mining Metropolis of Montana Has Many Friends Who Mourn the Sudden Death of Remarkable Baseball Organizer.

(Butte Inter Mountain.)
President Lucas is dead!
The news of the death of the northwest's pioneer baseball man in Missoula yesterday caused much grief and sorrow in Butte today, as Lucas had many friends in this city who admired him for his ability as a manager of baseball affairs, and respected him for his straightforward honesty in all things. May he enjoy eternal happiness.
Lucas was well known wherever baseball existed, and it was due to his efforts that the national game flourished as well as it did in this part of the country. With John J. McCloskey he organized and kept intact the present Union association after baseball was considered a dead issue in Montana, and while the season just closed was not a success in a financial way, much was done to rouse interest in the grandest sport in the world and things now look better for next season. Lucas was one of the best informed baseball men in the world, and his knowledge of the game and his experience in directing its affairs made him one of the most capable and efficient presidents that ever governed any league. He was honest and strict in all his rulings and decided all matters without fear of favor, knowing neither friend nor foe when it came to making a decision.
Made Baseball History.
In 1900 Mr. Lucas came to Montana and organized the Montana State league, the clubs being Butte, Anaconda, Great Falls and Helena. In 1902

he went to the coast and organized what is now the Northwestern league, with Butte, Helena, Seattle, Portland, Spokane and Tacoma as members, and this league gave the local fans the best baseball they ever saw. Charley Lane had charge of the Butte team. In 1903 San Francisco and Los Angeles were added and Butte again won the pennant as in 1902, which was the best baseball year Butte has ever known.
The Pacific Coast league was then formed and a new Northwestern organized in 1904, with Walter Wilcox as local manager and owner of the team. It was not a success and Butte was dropped in 1905, during which year there was a state league here with Butte, Helena, Great Falls and Missoula as members. In 1906 Lucas again put Butte into the Northwestern league, with Russ Hall as manager of the local team. The clubs were Butte, Spokane, Tacoma and Grays Harbor; 1907 saw the league branch out and the following six clubs were members: Butte, Spokane, Tacoma, Vancouver, Seattle and Aberdeen. In 1907 the same clubs composed the organization, but that was the last year Butte was in the league. Severe rain storms in May and June kept the ball club idle and prevented other teams coming to Butte, and in despair Russ Hall transferred all of his games to other cities and finished away from home. He then sold all of the players and in 1909 was manager of the Tacoma team in the Northwestern league.
In 1909 the Inter Mountain league was formed, with Lucas as president and John Barnes as manager of the Butte team; 1910 was an off year locally, and in 1911 Lucas and McCloskey formed the Union association, which lasted through 1912, although the season was far from a success financially.

COAST LEAGUE

Club	Won.	Lost.	Pct.
Oakland	96	68	.585
Los Angeles	91	67	.576
Vernon	91	67	.576
Portland	64	51	.558
San Francisco	71	93	.432
Sacramento	59	96	.380

Brashear Beats Oaks.
Los Angeles, Sept. 17.—Roy Brashear and his batting eye were too much for Oakland today and the first game of a series that may change the Pacific baseball map went to Vernon, 6 to 2. Brashear hit two homers with men on the bases ahead of him. Beginning their last appearance in the south this season, Oakland was leading by two and one-half games over Vernon in third place, Los Angeles being second,

a game and a half behind the leaders.
Score—
R. H. E.
Oakland..... 2 10 2
Vernon..... 6 11 1
Batteries—Malarky and Mitze; Brackenridge and Agnew.

Angels Defeated.
Portland, Ore., Sept. 17.—Portland won today's game from Los Angeles mainly through the effective stick-work of Fitzgerald, who in the first three innings made two doubles and a single, all of which figured in the three runs necessary to win. Both pitchers were hit freely. Klawitter, however, was effective in pinches.
Score—
R. H. E.
Portland..... 5 10 1
Los Angeles..... 2 10 0
Batteries—Klawitter and Fisher; Halla and Boles.

Bunched Hits Win.
San Francisco, Sept. 17.—Bunching of hits and failure to seize an opportunity to score in the first when the bases were full, cost San Francisco the opening game of the series with Sacramento.
Score—
R. H. E.
San Francisco..... 0 5 1
Sacramento..... 2 4 1
Batteries—Aslett, Berry; Hardin and Reitmeyer, Cheek.

AMERICAN ASS'N

Club	Won.	Lost.	Pct.
Minneapolis	103	57	.644
Columbus	96	66	.592
Toledo	93	57	.619
Kansas City	80	79	.505
Milwaukee	74	82	.475
St. Paul	74	87	.460
Louisville	67	98	.405
Indianapolis	54	107	.335

Will Spar on Saturday.
Jack Collins and Willie Sullivan have been matched to spar six rounds before Jimmie Piquette's Athletic club on Saturday night. The bout will begin at 10 o'clock. The men are evenly matched and should put up a good exhibition.

Indians Hopeful.
Carlisle, Pa., Sept. 17.—The preliminary practice of the Carlisle Indians

under Captain Thorpe indicates that the team will be in fairly good shape for the early dates. Thorpe, whose Olympic championship honors have made him the idol of his teammates, is in the pink of condition. His great speed and punting are features.

SCHULTE REINSTATED.

Chicago, Sept. 17.—Frank Schulte, outfielder with the Chicago club of the National league, whom Manager Chance suspended two weeks ago for the rest of the season, was reinstated today, according to an announcement made by President Murphy.

SEPTEMBER 25.

Cincinnati, Ohio, Sept. 17.—Chairman Hermann of the national baseball commission, announced tonight that the commission would meet September 25 to decide upon the schedule and rules that will govern the world's championship baseball series.

ANCIENT POLITICIAN ALSO WAS HUMBUG

Chicago, Sept. 17.—Politics is the same today as in the days of Israel, 1088 B. C., said the Reverend George MacAdam before the Woman's Political club of the Ottawa Methodist Episcopal church last night.
"During Solomon's reign, the Bible relates," he continued, "a man named Absolon kissed men's hands to win political favor. Today politicians kiss hands for the same reason. The politician of the Roman republic, 88 B. C., was similar to his modern prototype. He solicited votes of the poor by declaring himself of their class; wore white clothes to show that he was clean or candid; and incapable of anything dark, like being a grafter, and he hired a nomenclator to accompany him on speaking tours and to tell voters' names so he could address them by their first names."

\$80,000,000 Lost Annually by Wage-Earners.
Dr. Sadler estimates that about \$80,000,000 in wages is lost annually to the American people as a direct result of colds. Lost time means, lost wages and doctoring is expensive. Use Foley's Honey and Tar Compound promptly. It will stop the cough and heal and soothe the sore and inflamed air passages. Missoula Drug Co.

AN EXTRA SESSION PROMISED

(Continued From Page One)

with us. We have the right to appeal to those who cherish the name of Lincoln, to those who revere the name of General Robert E. Lee, to join with us in this fight for the common good."

Human Welfare.

Tucson, Ariz., Sept. 17.—If Colonel Roosevelt is elected president, he said in a speech here today, he will call a special session of congress immediately after his inauguration, to put into effect, so far as can be done by congress, the progressive party's program for social and industrial legislation. The program includes a minimum-wage scale for women, a "living wage" prohibition of child labor, regulation of hours of labor and other measures.

Colonel Roosevelt reached Tucson after an all night run from Los Angeles.

"While there are many important planks in the platform of the progressive party," he said, "I am most interested in the plank dealing with human welfare. I believe that the issues there raised are the greatest issues of this campaign, which neither of the old parties is facing squarely. The progressive party, if it is put into power, will carry out every promise which it has made in its platform.
"If I am elected president I shall call a special session of congress immediately to take up these matters. It is true that the reforms for which we call are largely subjects which must be dealt with by the legislatures of the various states, but there are certain matters which we can and will take up in congress if the opportunity is given us.
"I would have congress take up three things—first, the application of our program to employes of the government. Next is its application to the District of Columbia and Alaska. In the third place, we would apply it to the interstate commerce as far as would be possible.
"In the District of Columbia, Colonel Roosevelt said, he proposed to put in effect laws which would make the city of Washington a model, not only for the United States, but for the nations of the world. A great deal of money had been spent, he said, in building

boulevards and public adornments in the city and he thought that some of this money should go to the improvement of the condition of the poor.

DUE TO MELANCHOLIA.

New York, Sept. 17.—Miss Julia Wood, daughter of Henry C. Wood of the navy department, is believed to have been suffering from melancholia last night when she fell or jumped from the window on the seventh floor of an apartment house here. Her father did not know until his arrival from Washington of his daughter's death. Mr. Wood came in response to a telegram signed by his daughter asking him to come at once.

Mr. Wood said his daughter had been despondent after the death of her mother.

DEEDS, NOT WORDS

Missoula People Have Absolute Proof of Deeds at Home.

It's not words but deeds that prove true merit.
The deeds of Doan's Kidney Pills, for Missoula kidney sufferers, have made their local reputation. Proof lies in the testimony of Missoula people who have been cured to stay cured.
James Knowles, 1014 Howell street, Missoula, Mont., says: "The public statement a member of my family gave two years ago, concerning the merits of Doan's Kidney Pills was correct. For many years I suffered from kidney and bladder trouble; the first symptom being an inability to control the kidney secretions. I also had a weak back and was unable to stoop or lift. About two years ago I began using Doan's Kidney Pills, procured at the Missoula Drug company, and I was entirely cured. I have had no recurrence of kidney complaint and I therefore highly recommend Doan's Kidney Pills."
For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
Remember the name—Doan's—and take no other.

WILSON REPUDIATES PLATFORM!

(Continued From Page One)

not. I believe they would have to tell you that it isn't poison. But does that settle the liquor question? There are a great many things that you can take into your stomach that are not poison that will make you crazy.

"The tariff board knows what it knows. But it doesn't know what we want to know. It knows what it inquires into, but it doesn't answer this question, 'Are the present tariff duties in the United States suitable to the present business conditions in the United States?' and when the third party proposes a permanent body of experts it proposes a permanent postponement of tariff legislation."

Turning to the question of trusts the speaker distinguished between "big business" and the trusts. He referred to the success of Andrew Carnegie in the steel business and declared that when Mr. Carnegie's competitors found they could not undersell because he had more brains in running the business, they bought him out at four or five times the value of his property, and," added Governor Wilson, "in what they charged afterwards for the product they made us pay interest on four or five times the amount of the value of the property which they had paid him.

A Difference.
"There is a difference between a big business and a trust. A trust is a big business that has an arrangement to get rid of a competition, and a big business survives competition by conquering in the field of intelligence and economy. I am for big business, and I am against the trusts.
"Now, there are things that have to be regulated, but they are not to be regulated through the trusts. They are to be regulated by those processes now perfectly discoverable, by which monopoly can be prevented and broken up. These monopolies that are to be made permanent, if the third-party program goes through, are the very things that are limiting the field of enterprise, limiting the market for labor, determining the wages of labor and determining the distribution of products through the country.
"The tentacles of these things spread in every direction and until we have broken their inside control the government is helpless to assist the people through righteous process of judgment and of law."
