

A GIGANTIC SALE FOR THE MEN

Precedent entirely lost sight of and all attention is given to the distribution of wonderful economies at hand. Simply immense stocks ensembled for this event and prices are lower than ever before

IN A MOST LIBERAL WAY, THE SAVING ADVANTAGES OF DONOHUE'S ARE MADE TO APPLY TO MEN'S BUYING. IT IS A NARROW VIEW, AND ONE CERTAINLY OF NO CREDIT TO A THINKING MAN TO REGARD ACTUAL BARGAINS IN MERCHANDISE AS LIMITED TO A WOMAN'S NEEDS. IT IS SIMPLY A QUESTION OF RIGHT BUYING AND RIGHT SELLING. MOST MERCHANTS CAN, BUT FEW ACTUALLY STUDY THE MEN'S REQUIREMENTS AS DOES THE DONOHUE STORE. THE ELEMENTARY OF MEN'S TRADE IS FIRST QUALITY, WHICH INCLUDES SERVICE, THEN A RIGHT PRICE. WITH THIS IN VIEW, WE ASK COMPARISON OF OUR MEN'S STOCKS TO ANY OBTAINABLE. AGAIN, THE PROPER PRICING IS A PART OF RIGHT SELLING, AND WE GO ON RECORD WITH THE STATEMENT THAT THERE'S NOT A MISSOULA STORE THAT WILL DUPLICATE THIS

COLONEL ROOSEVELT GETS ACQUAINTED

(Continued From Page One)
supposed to represent the head of a wolf peering over the top of the cactus. "Apache," he called out. "The great white father knows,"

said "Heap Big Indian." Several squaws with baskets balanced on their heads, walked up. In the baskets were fruit and pottery. The colonel, who has been showered with presents of fruits and flowers since he began his trip, looked at them expectantly. "Ten cents," said a squaw, holding up a vase. The squaws were there purely for commercial purposes and the colonel directed his secretary to buy something from each. A large part of the crowd which heard Colonel Roosevelt in Albu-

querque was composed of Mexicans, and there was a smattering of Indians. Half a hundred cowboys rode up at a gallop while the colonel was speaking and almost broke up the meeting. George Armijo, who was a sergeant of Colonel Roosevelt's rough riders, acted as interpreter for his old commander when he spoke to those in his audience who knew only Spanish. "I hope you will break loose from the homes in this state," said Colonel Roosevelt. "I ask you to be your own masters. I ask you to act for yourselves and tell the bosses you are through with them. As I make my

appeal to honest members of the republican party so I make my appeal to honest members of the democratic party. The progressive is the true conservative. The real reactionary always invites government by convolution." More than 85 per cent of the mileage of German railroads is laid upon iron ties, one state, which is rich in forests, using them almost exclusively. By a chemical process oil is being extracted on a commercial scale in Italy from the heretofore refuse grape seeds of the wine making districts.

REBEL LEADER TELLS HIS VARIOUS REASONS

(Continued From Page One)
tary to this city is rapidly approaching a crisis. Upon orders of Mexican Consul Cueta, 150 rifles and 15,000 rounds of ammunition was shipped today to

Nacozari for the arming of Mexican miners who have expressed a desire to defend the town in the event of an attack. Orozco Located. El Paso, Sept. 18.—Pasqual Orozco, Jr., is at the head of 1,000 men in the Ojinaga district, according to an announcement by the revolutionary junta here which professes to have received a communication from him today. General Orozco, according to the junta, stated that after the first victory at Ojinaga, his advance guard celebrated, drinking deeply, and mis-

took General Tracy Aubert's force for the main rebel body and stampeded when the federals fired. QUARANTINED. Helena, Sept. 18.—(Special.)—Dogs from Minnesota and horses from Kansas and Nebraska have been quarantined by the state livestock sanitary board and the railroads have been advised to accept no such shipment for Montana points. This action was taken on the recommendation of State Veterinarian M. E. Knowles because of the prevalence of rabies in Minnesota and a strange horse disease in Kansas and Nebraska.
