W. H. SMITH, City Clerk.
Missoula, Mont., Oct. 21, 1912.

AUDIENCE PLEASD.

"A Butterfly on the Wheel" was presented at the Harmonia theater last evening to a fair-sized house. The play is somewhat on the order of "Madame X," but not half so effective. The audience last evening seemed to like the performance. Hamilton Deane as Lord Ellerdine made a decided hit. He played his part to perfection and scored heavily with the audience.

A QUERY

Editor, Missoulian—We have heard much this fall in one way or another concerning the official record of Sheriff Kelley. A local paper in the city not long ago printed a story to the effect that no gambling was going on. If it is true that no gambling was taking place in Missoula county at that time, I would inquire why make a news item out of it? It is clearly the duty of the sheriff to see that the statute in respect to gambling is enforced. In other words, the fact that a public officer is doing his duty is not ordinarily a cause for a news story. The only purpose evident for that story was to further the campaign of the sheriff for re-election. Again, it is noticeable at that time Mr. Kelley did not publish his expense account, which to the taxpayer, is the big issue of the campaign in regard to sheriff. Other publications, however, have seen fit to publish the sheriff's account. Mr. Kelley in his answer intimated that he wanted his opponents to "play fair," and in the same article, further along, he says: "Submit all the records and let the people judge if I have received anything other than that to which I am entitled and allowed by law." Here I would respectfully ask why Mr. Kelley himself does not "submit all the records"? And if I am not mistaken a true presentation of the record in all the details is necessary to justify, in the minds of

Missoula Mercantile Co.

WE firmly believe that it is not possible for another store in this community to have suits and overcoats made up exactly as ours are made and to sell at prices as low as ours—in other words no other store in this community can give such values. As an example of all our clothing—Suits \$12.50 up to \$35.00, overcoats \$12.50 to \$50.00—we mention our

Men's WoolWorth Suits Selling at \$15.00 and \$18.00

You can be as certain of the value of these suits as of the value of a gold piece fresh from the United States mint. We haven't heard of their equal being sold in Missoula at less than \$20 and \$22.50 respectively. The assortment comprises a wide range of all-wool suitings, including blue serges and hard and unfinished black worsteds; models to please all tastes and every type of figure; fine "lines," well tailored, splendid fitting; no man planning to spend up to \$22.50 for a suit should miss seeing these \$15 and \$18 WoolWorth Suits.

"Complete," the Word That Describes This Overcoat Stock

You may regard an overcoat as a "necessary evil," a garment for protection only—we don't! The right sort of an overcoat requires a rather large element of style, as well as warmth and sturdiness of wear. All these are incorporated in M. M. Co. overcoats. Models run the gamut of styles; materials range from plain black worsteds to lively mixed tweeds, with a generous showing of those soft ("lofty") pile goods, thick and warm, but light in weight—a comprehensive collection from which you can satisfy your personal preferences to a nicety—\$13.50 to \$50.

- See our \$15 Special WoolWorth black kersey overcoats—choice of two very dressy models.
- See our famous Premier overcoats—varieties and values run riot—street coats, \$25 to \$50; auto coats, \$25 to \$35.
- See our Fashion overcoats for young men—smart styles, lively patterns, snappy coats—\$15 to \$22.50.

If You Could But See the Labels in the Hats That Well-Dressed Men Wear

—You'd find that most of them came from this Hat Store. You know how important the right hat is—it's an old saying that "He who has chosen wisely his hat is well on the road to being well dressed." No where will you find such a wide and carefully selected stock of men's hats as the M. M. Co., and they're all hats of established reputation for style leadership and quality.

- Stitched Hats, \$1.00, \$1.50 and \$2.00.
- Stetson and Knox Hats, \$5.00
- Montana Hats, soft, \$3.00; stiff, \$3.50.
- Austrian Velour Hats, \$5.00 to \$10.
- Wanderfelt Soft Hats, \$3.50.
- Roeloffs de Luxe Hats, \$20.

The Overcoats Which the Boys Will Wear These Crisp Days

Are here in full racks, the most complete and attractive assortment we have ever shown. No boy and no mother need put off the choice when the M. M. Co. Boys' Clothing Section says it is ready.

Polo coats are the thing for boys from 4 to 12 years; made of beautiful chinchilla, in blue, brown or gray, or of some soft double-faced cloth that gives warmth without weight. Roomy and loose these are, belted all around, double-breasted, with convertible collar, and they cost from \$6.50 to \$16.50.

Reefers for the same boys, of blue, brown or gray chinchilla, with flannel lining and chevron on sleeves, cost \$12. Other styles at \$2.50, \$3.50 and \$5.00.

The older boys, up to 18 years, will wear similar warm and comfortable coats; long, with convertible or shawl collars; in thick overcoatings of brown or gray, often double faced, and always yoke lined. Prices, \$6.50 to \$20.00.

"Give Me Some More of That Famous WOOLWORTH

Underwear" said a customer the other day. He explained that he bought a sample suit last winter and it had given such satisfaction that he recommends it to all his friends. He bought for himself, his boys and a neighbor \$25 worth.

WOOLWORTH underwear always "makes good"—it's honest, all-wool goods and worth what we ask for it; try it, once for your health's sake—Separate garments, \$2 and \$2.50; Union Suits, \$3.50 to \$5.

Boys' School Suits With Two Pairs of Knickerbockers

School suits must be made of wear-resisting fabrics, carefully tailored and with strong, serviceable linings. Besides these requisites, the suits found here are made of the most fashionable materials and in the latest styles—they are suits such as boys like, and parents, too, for their sturdiness of wear—\$3.50 to \$20.

At \$4, \$5, \$6.50 and \$7.50.

—You will find here the best boys' reefer and Norfolk suits ever offered at the same prices—they are suits that will wear just twice as long as ordinary, because of the extra pair of Knickers; all colors; sizes 8 to 16.

Juvenile Suits—Popular Priced

A brand new line for youngsters 3 to 7 years. These suits come in a great range of pretty materials, are stylish and well made and cost \$2.50, \$3.50 and \$5.00.

BOYS' SWEATERS—Great assortment, great values—for example, the all-wool "Thermo" sweaters, made with Byron collar, \$1.25; heavy rough-neck sweaters, \$1.50.

the voters of Missoula county, the fact that at the end of the present term Mr. Kelley will have spent approximately \$10,000 more than the previous sheriff in the administration of that office. Respectfully submitted,
A VOTER.

PERKINS SAYS THAT HILLES LIED

(Continued From Page One.)
the biggest individual campaign contributor that has come to the committee's attention when he told of contributing \$450,000 to the fund of Alton B. Parker in 1904. Of this sum, Mr. Ryan said he gave \$350,000 after he was convinced Mr. Parker was defeated, in order to save the democratic organization.

Half a dozen Philadelphia newspaper men were sworn today to testify that William Hilles, the Pittsburgh leader, was in Philadelphia at the time Senator Fenrose charges that Hilles offered him \$1,000,000 for his support for the senatorship to succeed Senator Quay. Mr. Hilles on the stand said he was not in Philadelphia at the time.

The committee will meet tomorrow, but it is probable no witnesses will be heard. Several will be summoned for Wednesday, according to present plans; and the committee on Wednesday probably will adjourn until after election.

POOR DODGER IS WOODY WILSON

(Continued From Page One.)
A broad workman's compensation law.
A commission form of government for cities.
A corrupt practice act.
Under the pressure of the governor's recommendation, backed by the passage of these bills by the democratic branch of the legislature, the republican branch of that body acquiesced, passed them and sent them to the governor for his signature. Is it not reasonable to suppose that if the governor had gone a step further and asked the legislature to alter or repeal the Standard Oil and tobacco trust charters, that he would have received just as favorable a response from that body as it had given to his pleas in behalf of these other measures.
It will be noted that in the closing portion of his telegram, Governor Wilson asserts that no New Jersey official could prosecute or propose dissolution for breach of the federal law, but a reading of the statute itself discloses the fact that alterations or repeal may be had "in the discretion of the legislature, and the legislature may at pleasure dissolve any corporation."

GET RID OF RHEUMATISM

Rubbing with liniments, blistering the affected parts, the application of plasters, and other means of external treatment, are usually helpful in relieving the pains and aches of Rheumatism. But such treatment does not get rid of the disease, because it does not reach its source. Rheumatism comes from an excess of uric acid in the blood. This acid acts as an irritant to the nerves, muscles and joints, and produces the inflammation and swelling, and sharp cutting pains characteristic of the trouble.

When the blood is overburdened with uric acid it grows thinner and poorer in nourishing qualities. Then Rheumatism becomes chronic and not only a painful but a dangerous disease. You can get rid of Rheumatism by purifying the blood with S. S. S. This vegetable remedy goes into the circulation, neutralizes and removes the uric acid, and by building up the thin, sour blood, safely and surely cures the disease. S. S. S. makes rich, nourishing blood, which quickens excited nerves, eases the painful muscles and joints and filters out every particle of irritating uric acid from the system. Book on Rheumatism and advice free.
