OLD DODGE IS TRIED ON LOCAL MAN

PERCY KENDALL RECEIVES LETTER ASKING HIM TO MAKE MONEY FOR HIMSELF.

If Percy Kendall will follow the instructions of a letter recently received by him he will be enriched \$100,000. There is no doubt about that, because the letter says he will. It is the same old graft only changed around a bit and crushed up in spots. Mr. Kendall is supposed to come to Spain at once that he will come over and help a prisoner in the Madrid jail to secure the release of his partmantea, which, of course, has a secret pocket which contains the documents necessary to getting the money. The prisoner was formerly a Russian banker and associated with many a notable. Mr. Kendall is to cable "Accepto" and then leave for Spain to be tapped on the bean for what money he brings with him. But Mr. Kendall will not cable "Accepto," being somewhat too wise for the old dodge. Following is the newspaper clipping enclosed with the letter:

clares that prisoner ought to have several million roubles somewhere.

The Russian and Spanish ambassadors conferred yesterday evening as to whether the prisoner should be conveyed to Spain or to Russia, and after an interview with the home secretary, and in accordance with the extradition treaty of England, Russia and Spain, it was agreed that the prisoner should be conveyed to Spain, to stand his trial for manslaughter, and that only after his trial can the Russian government ask Spain, through diplomatic channels, for his extradition.

HIGH-SCHOOL SENATE HAS A GOOD SESSION

Twenty-two of the high school boys held an interesting meeting of the senate last night in the school assembly room. The purpose of the meeting was two-fold—to discuss the new constitution of the organization and to hold an extemporaneous debate on the question of the recall of judges.

It was decided by a unanimous vote to hold the meeting of the society once a week instead of once in two weeks. It was also voted that membership be open to all the boys of the school, instead of confining it to the three upper classes.

The debate on the recall showed some latent talent. Of the 20 members present, all but two took part in the discussion, which was led by Streit, McHaffie, Baker and Murphy on the affirmative, and Erlant, Simpson, Tolson and Hoiles on the negative.

WILL MAKE GOOD HEALTH CATCHING

Biliousness and Lumbago Vanish When Sulphuro Enters System.

Seattle, Wash. C. M. C. Stewart Sulphuro Co., 71 Columbia St., Seattle.

Gentlemen: I am 75 years old, and for the last 19 years have been in poor health. I have been troubled with biliousness, lumbago, and a general run-down system. I heard of Sulphuro first through a friend. I procured some of the new medicine at a drug store about three months ago, and took it for two months, regularly. I take it occasionally now—but not regularly. I do not need it, as I have no more lumbago, no more bilious trouble, and my health is good. I am feeling fine and will always keep a bottle of Sulphuro in the cupboard.

I hope Sulphuro will become so widely known that it will make good health catching.
