

TURKEY ASKS BULGARIANS FOR TIME

NAZIM PASHA IS INSTRUCTED TO REQUEST ARMISTICE FOR EIGHT DAYS.

NO HOPE FOR OTTOMANS

Defeated Nation Will Try to Arrange Terms of Peace With the Victorious Bulgarians—Powers Agree on Plan of Mediation, but They Probably Will Not Be Called Upon.

HOSTILITIES TO CEASE

London, Nov. 14.—A Constantinople dispatch to the Daily News says: "At 4 o'clock this afternoon the director of transportation informed those making inquiry at the war office that the cessation of hostilities already had been arranged. Simultaneously another official summoned the contractors for military supplies and informed them that hostilities would cease this evening and that the existing supply contracts would be cancelled and no further military supplies sent to the front.

"A cholera camp was opened at Auzia today, 20 new cases being sent there."

London, Nov. 13.—The port of the advice of Russia, has instructed Nazim Pasha, the Turkish chief in command, to apply to the Bulgarian commander for an eight-day armistice with a view to opening direct negotiations for peace.

This decision seems to show that Turkey has little hope of being able to hold the Tchatalja lines against the Bulgarian advance. There is no news, however, as to how the Bulgarian commander met the Turkish request.

The situation at the front is confusing, owing to the paucity of the news allowed to filter through from either side. Clearly there has been heavy fighting, as on November 12 Constantinople reported that numerous wounded men were arriving from the front and the almost invariably correct Vienna Reichspost correspondent has reported the capture of a position by Bulgarians in the neighborhood of the Tchatalja lines.

The same correspondent says now the main attack on Tchatalja has been delayed two days by rain.

The powers at last have arrived at some kind of agreement with respect to mediation. It is assumed, however, that now that the ports have opened negotiations with Bulgaria, European intervention will not be needed.

The diplomatic situation is easier, but the French premier M. Poincaré, in a speech in Paris tonight did not speak too hopefully and proof that all danger is not past is seen in ominous reports from Austria and Russia of unusual movements of troops and mobilization in Russia's western province.

M. Poincaré declared it essential that Europe advance no pretension to the fruits of the allies' victories, and he expressed the fervent belief that it would be impossible that the Balkan difficulties could lead to a war. The report that the Servians have reached Durazzo is not confirmed and no news has been received from other points.

Serious international difficulties are developing in Constantinople and the guard has taken strong action in arresting the young Turk leaders.

Confirmed.

Constantinople, Nov. 13.—(Midnight.)—That the ports have entered into direct negotiations with Bulgaria for an armistice is confirmed.

Nazim Pasha, the Turkish commander-in-chief, has received instructions to open communication with the Bulgarian generals and he has sent an envoy to Bulgarian headquarters.

The ports appears resolved on this course, owing to the one hand to the delay of the powers in handling the mediation proposal and on the other hand to the divergence of views the

TRAINS' CRASH TAKES MANY LIVES

FAST RUNNING PASSENGER SMASHES READ-END OF FREIGHT TRAIN.

BRAKEMAN TAKES BLAME

Switch to Siding Left Open By Crew and Head of the Crew Assumes Responsibility for Collision, but Later Repudiates It—Railway Commission Takes Quick Action.

Indianapolis, Nov. 13.—According to inspectors of the Indiana railway commission which investigated the wreck on the Cincinnati, Hamilton & Dayton railway at Irvington, a suburb, early today, in which 15 persons lost their lives and 17 others were seriously injured, a block signal system would have prevented the disaster.

The wreck was caused by the failure of the head brakeman to close the switch to a siding on which a heavy freight train had been run to let pass the rapidly running passenger train, which was more than an hour late.

Carl Gross, the head brakeman, has assumed blame for the disaster. He has not been arrested, but is under police guard at a hospital where he lies with a broken leg. Later he denied he was responsible, saying he was under the influence of an anesthetic when he made his first statement. According to the commission, this switch would not have been left open had a block system been in operation.

Late in the day, after the wrecking crews had completed the search of the demolished passenger cars, the coroner's office here gave out a correct list of dead and injured. The list of dead follows:

C. F. GRUENDHOFFER, Cincinnati. ALBERT ALLEN. MRS. ALBERT ALLEN. BEN BOYLE.

WILLIAM SHARKEY, engineer on passenger train, Indianapolis. GLEN IMBOLT, theatrical man from Los Angeles.

HORACE B. WHITE, brakeman on passenger train, Indianapolis. J. L. PALMER, Iraway, Tenn. CHARLES CHENEY, Jackson, Ky. JULIA CHENEY, wife of Clifton Cheney, Jackson, Ky.

CHESTER CHENEY, five-months-old son of Julia and Clifton Cheney. JOHN CHENEY, 52, Brentport, Ky. TWO-YEAR-OLD daughter of Clifton Cheney, Jackson, Ky.

C. BERG, fireman on passenger. The passenger train was from Cincinnati, bound to Chicago, and the engineer was trying to make up time. At the time of the collision he was running more than 50 miles an hour. Both he and the fireman were found dead in the cab of their locomotive. All the dead passengers were in the smoker and day coach, which were immediately behind the steel reinforced mail car that acted as a battering ram. Both of these cars were of wood and were demolished.

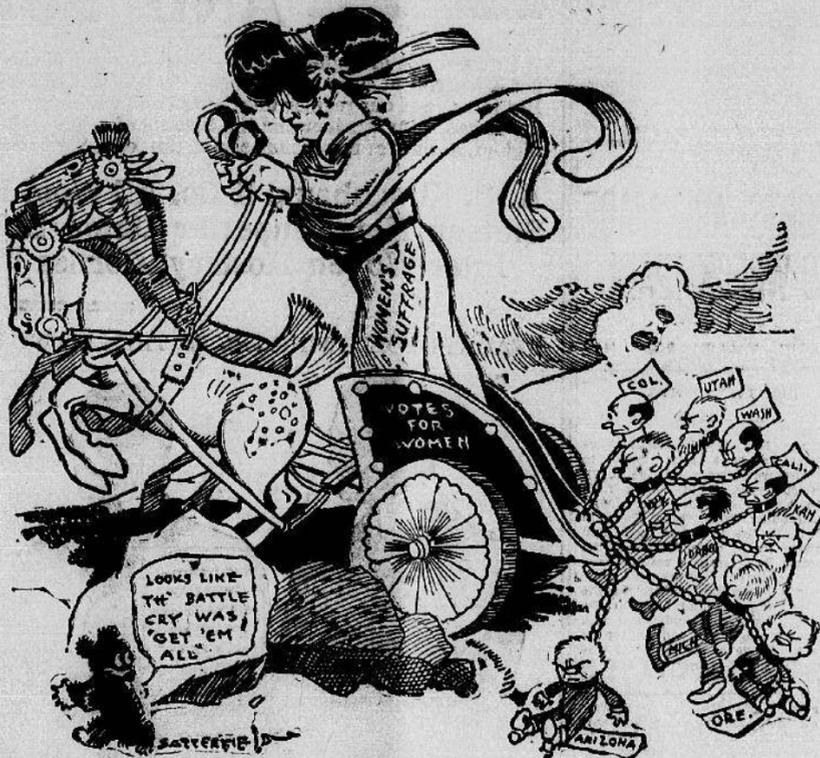

BOY ELECTROCUTED.

Castle Rock, Wash., Nov. 13.—While at the switchboard of a telephone company in this city today, Roy, the 16-year-old son of C. L. Fowler, was electrocuted, due to the fact that during a high wind last night, one of the telephone wires became crossed with an electric light wire carrying a voltage of 1,100. He was alone in the office at the time and when the clerk arrived to open the drug store in which the station is situated, he found the lad dead on the floor.

FINAL CERTIFICATES WILL BE ISSUED TO SETTLERS

OWNERS OF IRRIGATED FARM UNITS ON FLATHEAD MAY PROVE UP CLAIMS.

The register and receiver of the United States land office at Missoula, have received instructions to issue final certificates on homestead entries within the reclamation (or irrigation) project on the Flathead Indian reservation, which homestead entries are on "farm units," upon the submission by the homestead entryman of either final five- or three-year proof or commutation proof. The form of certificate which is issued on this class of entries will be the same as the ordinary final cash certificate, except that the words, "upon proof that at least one-half of the irrigable area in the entry, as finally adjusted, has been reclaimed, and that all the charges, fees, and commissions, due on account thereof, have been paid to the proper receiving officer of the government" are added thereto. However, in cases where the entryman indicates a preference for the acceptance of his proof by a letter from the general land office, and indicates such preference at the time of, or before, making proof, the final certificate indicated above will not be issued by the local land office, and instead thereof a letter accepting the proof will be issued by the general land office at Washington, D. C.

With reference to cases where proof has already been made on the class of land referred to and such proof has been accepted by the general land office and a letter accepting such proof has been issued to the entryman concerned, the local land office is authorized to issue cash or final certificate as referred to above, when the entryman surrenders and files in the local land office the letter which was issued by the general land office accepting his proof.

San Francisco, Nov. 13.—At 10 o'clock tonight Theodore Roosevelt was 10 votes ahead of Woodrow Wilson in California's vote for president, according to the latest official and unofficial returns. San Francisco and Los Angeles counties now furnish the storm centers. In Los Angeles county it was asserted that the recount in progress showed another gain for Wilson of 12 votes and in San Francisco no change was shown today.

Speeches were made by Dr. Maud Parker of Seattle, Dr. Anna Shaw and others. Dr. Shaw said the seed had been planted in Ohio and "we shall soon return to reap the harvest."

NOISY SUFFRAGIST IS CONVICTED

New York, Nov. 13.—Maud Malone, suffragist, was found guilty in the Brooklyn court of special sessions last night of disorderly conduct, for interrupting a speech by President-elect Wilson in the Brooklyn Academy of Music on October 30. Sentence was suspended. Her counsel announced he would take an appeal. "My conviction seemed unwarranted," Miss Malone said after the trial. "I do not recall that any man was ever found guilty in a similar case."

BUTTE POLICE JUDGE GIVES UNUSUAL DECISION

SOCIALIST MAGISTRATE SAYS MAN CAUSED RIOT BY CARRYING AMERICAN FLAGS.

Butte, Nov. 13.—(Special.)—Guilty of inciting a riot by carrying two American flags up and down Main street on election day, was the unusual verdict given today by Judge Booher against J. P. Taylor. Booher is a socialist judge. The complaint causing Taylor's arrest was signed by Mayor Lewis J. Duncan, whose wages were garnished a few days before election by Taylor for a laundry bill that was alleged to have remained unpaid for three months. In finding the defendant guilty the judge claimed Taylor to be the "lowest man that walked." He did not state reasons for such a remark and even Mayor Duncan, who is also a socialist, yelled "Shut up." Taylor was appointed as a committee of one to carry the flag through the street on election day following the monster flag demonstration of the night before that resulted in a landslide defeat of the socialist party in Silver Bow county.

GIRL KILLS MOTHER IN PENNSYLVANIA SLEEPING CAR

MISTAKE PARENT FOR BURGLAR AFTER JEWELS AND SHOOTS AND KILLS.

Philadelphia, Nov. 13.—Mrs. J. Rappe Myers, wife of the proprietor of the Rappe hotel, Greensburg, Pa., was shot today by her daughter, Gladys Elizabeth Myers, in mistake for a burglar in a sleeping car on a Pennsylvania railroad train, bound for New York. She died a short time later in a Trenton, N. J., hospital. The shooting occurred when the train was passing Crofton, Pa., just this side of Bristol, Pa., and near Trenton. Miss Myers and W. R. Cuthbert, 60 years old, of Lynchburg, Va., were detained by the Trenton police for some time, but were released tonight after a thorough investigation. It was thought at first that Cuthbert was concerned in some way with the shooting, as he was found with Miss Myers at the side of the wounded woman a few seconds after the sound of the shot, which aroused the other passengers in the car and brought the porter and conductor. Later he explained that he had been standing on the front platform of the car in the rear and had run in when he heard the shot.

Had Jewels.

Miss Myers, who is about 20 years of age, was on the way to New York to purchase a trousseau for her coming wedding to J. Blair Dillard of Salem, Va. She had a basket of jewels which she was taking to New York to have repaired and matched and when she heard her mother reenter their section after Mrs. Myers had gone for a few minutes to the dressing room, she took her revolver from under her pillow and fired, thinking a burglar was after the gems. She was half awake at the time.

Miss Myers' brother and her fiance are on their way from Salem and will arrive in Trenton early tomorrow morning. Her father is en route from Greensburg to meet his daughter. He is accompanied by an attorney.

Miss Myers made the following statement:

Girl's Statement. "My mother and I left our home in Greensburg, Pa., to visit my fiance, J. Blair Dillard, for a short time, then went to see my brother, J. Rappe Myers, Jr., at Salem, Va. Last night at 5:48 o'clock my mother and I took

BRITISH HOUSE HAS NEARLY A RIOT

CABINET MINISTERS ARE CALLED "TRAITORS" AND "APES" BY OPPOSITION.

ALL IS OVER HOME RULE

Premier Asquith Moves That Monday's Proceedings Be Stricken From Records, and Trouble Starts—Unionists' Object is to Compel the Government to Resign at Once.

London, Nov. 13.—The house of commons, the popular house of the "mother of parliaments" was the scene tonight of a riot over Premier Asquith's proposal to rescind the action of Monday when the unionists carried by a majority of 22 Sir Frederick Banbury's amendment defeating the most important financial feature of the home-rule bill. The unionists refused to permit the debate to go on, and the speaker was forced to adjourn the session on account of the disorder. This is an extremely rare necessity and the situation is considered critical. The unionists almost unanimously threatened that the will continue to make business in the house impossible unless the prime minister accepts the amendments or drops the home-rule bill. They declare that this action is unprecedented and will be obstructed by unprecedented measures. Their object is to force the government to resign.

The uproar far exceeded that which stifled Premier Asquith's speech when he introduced the home-rule bill and has not been equaled since the free fight over Gladstone's first home-rule measure.

The ministers were taunted with epithets like "traitors" and "apes." Sir William Hall, unionist for Ham-mersmith, was ordered from the floor for repeatedly calling Mr. Asquith a "traitor."

A Near Riot.

After adjournment the unionists doubled programs and threw them across the floor at the prime minister. Winston Spencer Churchill, first lord of the admiralty, was hit with a heavy book hurled from the camp of the enemy. A fight appeared imminent until Will Cooles, the labor leader, poured oil on the troubled waters by starting the singing of "Auld Lang Syne."

When the session began there were packed benches. The premier's followers gave him a great ovation on his entrance and demonstrated that they were present in force by defeating a motion to adjourn by a vote of 227 to 218.

The substance of Mr. Asquith's motion was that the Banbury amendment be rescinded, "notwithstanding anything in any standing order of this house," and that the order of the bill be rescinded. The home-rule bill take effect as if Monday's proceedings had not taken place.

The effect of this would be to begin again the consideration of the bill at the clause where the Banbury amendment was offered. Andrew Bonar Law, leader of the opposition, had the floor quickly and inquired whether there was any precedent for the government's course, whether it would not destroy all safeguards for regularity in the house proceedings. Amid loud opposition cheering the speaker replied that he could find no precedent for rescinding a decision of the house arrived at during the passage of the bill. Whether it would destroy the safeguards was a matter on which every member must form his own judgment.

No Notice Given.

There was a long parliamentary discussion and then Mr. Asquith said that no notice had been given of the amendment offered by Sir Frederick Banbury and that its discussion was brief. He doubted whether the members on either side had appreciated its importance. It would reduce the \$30,000,000 which it was proposed to transfer to the Irish government to \$12,500,000.

"If the decision reached Monday remains unrevoked," said the prime minister gravely, "or on reconsideration"

CANAL RATES ANNOUNCED BY TAFT

UNCLE SAM GIVES FORTH WHAT FOREIGN SHIPPING MUST PAY THROUGH DITCH.

TARIFF IS VERY LOW

American Vessels Engaged in Coastwise Trade Are Exempted—England's Protest Ignored in President's Proclamation—Charge of \$1.20 Per Net Ton in Carrying Capacity Made.

Washington, Nov. 13.—President Taft issued tonight a proclamation fixing the rates that foreign shipping shall pay for passage through the Panama canal. The proclamation, made under authority of the canal bill, passed by congress in August, establishes a merchant vessel rate of \$1.20 per net ton in actual carrying capacity, with a reduction of 40 per cent for a ship in ballast.

The provisions of the proclamation are as follows:

"1. On merchant vessels carrying passengers or cargo, \$1.20 per net vessel ton—each 100 cubic feet of actual carrying capacity.

"2. On vessels in ballast without passengers or cargo, 40 per cent less than the rate of tolls for vessels with passengers or cargo.

"3. Upon naval vessels, other than transports, colliers, hospital ships and supply ships, 50 cents per displacement ton.

"4. Upon army and navy transports, colliers, hospital ships and supply ships, \$1.20 per net ton. The vessels to be measured by the same rates as are employed in determining the net tonnage of merchant vessels.

"The secretary of war will prepare and prescribe such rules for the measurement of vessels and such regulations as may be necessary and proper to carry this proclamation into full force and effect."

England's Protest.

American coastwise shipping was exempted from toll payment by congress. It was to these provisions of the act that Great Britain protested, but no reference to the protest was made in the president's proclamation. American naval vessels are exempted without specific mention, either in the act of congress or the proclamation, because the authorities believe it unnecessary to explain the uselessness of payment from its navy department pocket to the one belonging to the treasury department.

The rates named in the proclamation are practically the same as those which will be in effect at the Suez canal next year. The president based his declaration of rates upon the report and investigation of Professor Emory R. Johnson of the University of Pennsylvania, an expert designated by executive order for the task.

The report has been awaited with interest by shipping interests throughout the world.

According to Professor Johnson's report to the president, also made public tonight, the Panama canal should be on a self-sustaining basis in 20 years. It should compete successfully with the Suez route for the traffic of Europe with South American west-coast points and with New Zealand, but cannot be expected to compete successfully for Europe's trade to the far east.

Taking the estimates of the canal commission for expenses of operation and maintenance of the canal and for the improvements held to be necessary at the end of a decade, Professor Johnson figures that the rate per net ton can be reduced at the end of 10 years to \$1. Even with this rate, which he says probably will correspond closely with the rate that may then be enforced through the Suez canal, the United States will obtain enough revenue from foreign vessels to pay all fixed charges, provide a sinking fund of 1 per cent to retire the Panama canal bonds and still find a yearly balance.

The Johnson report shows that a foreign traffic of about 9,000,000 tons may be expected through the canal during its first two years of operation; a traffic of more than 11,000,000

GUNMEN'S COUNSEL ANNOUNCES DEFENSE

New York, Nov. 13.—The state rested its case tonight in the trial of the four gangsters accused of having murdered Herman Rosenthal, at the instigation of Police Lieutenant Charles Becker, and counsel for the gunmen opened for the defense, declaring he would show that none of the four took part in the shooting, nor in any way were connected with the plot to kill Rosenthal.

He declared that he would show the quartet were lured to the scene on a pretext, and that the shooting in front of the Metropole hotel, where Rosenthal was killed, was done by "Bridge" Webber, Harry Vallon and

a mysterious stranger brought into the case for the first time.

When the prosecution's last witness had testified, Justice Goff denied Mr. White's motion to dismiss the indictment and acquit the defendants.

White then outlined the defense. After going into a personal history of each of his clients, and declaring that had as their records might be they were not guilty of the Rosenthal murder, he announced his intention of placing each of the gunmen on the stand.

He would show that Frank Cirofici, one of the defendants, was at home
