RAILWAY FINISHES NEW BUILDING

STRUCTURE WHICH WILL HOUSE THE NORTHERN PACIFIC CAR SHOPS IS COMPLETED.

The new building which is to house the new Northern Pacific car shops is now practically completed, and the installation of the machinery will be commenced within a short time. Practically all of the machinery that is necessary to equipping the plant has been received, and the new shops should be running at a not far distant date. The new shop is located at the west end of the Missoula yards. Its completion and the installation of the machinery will be a great help to the work of the local shops. In the past all "bad order" cars have been sent to the Livingston shops, but the new car shop here will be able to make all of the better repairs and will cut down the number of cars sent to Livingston appreciably. The greater part of the work consists of minor repairs that can be made here easily. The payroll of the Northern Pacific will be increased considerably, as between 25 and 30 men are to be employed in the new shops.

Dispatcher Hinton of the Post Sound has returned from his vacation, and A. H. Wilkins, who was recently promoted to trainmaster, has taken over the duties of that office. J. P. Haines, trainmaster, has succeeded Mr. Wilkins as chief dispatcher. Trainmaster Wilkins left immediately for Alberton, where he is putting the engine through an examination on the staff rates.

L. C. Brill of the Northern Pacific timekeeper's office has taken over James Brown's old title and has been enrolled as a member of the Rabbit club. On next Sunday the club will rally forth in another endeavor to depopulate the bunny population in the vicinity of Elkley. The party will leave Missoula at 4 o'clock in the morning on a freight train, and will spend the day in the hills. "Homer" Schoonover tried out his new gun and found out that it would shoot through five inches of board. He allows that it will hit a rabbit, and encouraged by this fact, he intends to reform his ignominious record made a few Sundays ago.

A party of Northern Pacific employees left Missoula yesterday morning for Quartz, where the next week will be spent in hunting deer. The party was composed of Fireman Mike Bergin and brakemen, Wawick, E. Bergin, Gorman and Hawkins.

Conductor Wallace Mann of the Northern Pacific, brakeman C. J. Dalton and Callboy Wallen leave today for McQuarrie where they will hunt deer for a few days. "Brother" Wallen has become an inveterate hunter since his successful trip of a few days ago and is itching for more.

Conductor R. F. Richardson of the Northern Pacific has reported after a short layoff, taken on account of sickness.

P. E. Moline, refrigerator car agent on the Northern Pacific, left yesterday morning after spending a few days in the city checking up the refrigerators.

C. W. Hickman, traveling car service agent on the Northern Pacific, was in the city yesterday.

DR. DODDS IS PLEASED WITH TRIP'S EVENTS

Dr. Edgar F. Dodds arrived home yesterday, after spending five weeks visiting some of the best equipped hospitals in eastern cities, including Rochester, Minn.; Chicago, Cleveland and others. Dr. Dodds said yesterday, "I found a general atmosphere of confidence and prosperity in the cities I visited which surprised me as much as it pleased me. I also found physicians and surgeons in the cities I visited making the most earnest and active efforts toward growth in their professional work that I have ever seen. The progress in both medical and surgical lines is constant and it is an inspiration to visit hospitals and to watch the other men work. I feel well repaid for the time and effort spent on the trip."

"It Helped Me So Much." Mrs. F. W. Mraz of Bozeman, Pa., says: "Your 'Favorite Prescription' has done me a wonderful lot of good. Seven years ago when our first child was born I was in a miserable, I doctored with two physicians without any relief. I then went to a nurse of the best doctor in Williamsport; he said I must have an operation at once and that I should not work, but that was something I could not do. I then began taking your 'Favorite Prescription' and it helped me so much. I was able to get out after my first child when I had a severe cold. I shall never go through it again without your medicine. Will close by wishing you much success in future."

I Invite Suffering Women

There is every reason why women should not trust their delicate constitutions in the hands of unskilled persons. It requires a thorough medical education to appreciate and understand the delicate female organism. There is every reason why she should write or personally consult an experienced specialist.

As a powerful, invigorating tonic, "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For "run-down," debilitated women of all occupations

is unequalled as a restorative tonic. As a soothing and strengthening nerve "Favorite Prescription" allays and subdues nervous excitability, irritability, nervous exhaustion, and other distressing symptoms commonly attendant upon functional and organic diseases of the feminine organs. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Favorite Prescription is devised and put up by a physician of vast experience in the treatment of women's maladies. Its ingredients have the endorsement of leading physicians in all schools of practice.

The "Favorite Prescription" has been sold by dealers in medicine in its liquid form for over 40 years. Now it can also be obtained in tablet form—or send 50 one-cent stamps to Dr. Pierce for trial box.

For Miss Lucy. Misses Evaro Avery, Cecile and Charline Johnson entertained in compliment to Miss Margaret Lucy yesterday afternoon at the home of the Misses Johnson on South Fifth street east. RESTORE GRAY HAIR TO NATURAL COLOR

By Common Garden Sage, a Simple Remedy for Dandruff, Falling, Faded, Gray Hair.

The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers had dark, glossy hair at seventy-five, while our mothers are gray before they are fifty. Our grandmothers kept their hair soft and glossy with a "Sage Tea," which also restored the natural color. One objection to using such a preparation was the trouble of making it. This objection has been overcome by the Wyeth Chemical company of New York, who has placed on the market a superior preparation of sage, combined with sulphur and other valuable remedies for dandruff, itching scalp and thin, weak, falling hair. The beauty of the hair depends more on its rich, even shading than anything else. Don't have dry, hard faded hair, when a simple, harmless remedy will bring back the color in a few days; and don't be tormented with dandruff, itching scalp and loose, falling hairs. Wyeth's Sage and Sulphur Hair Remedy will quickly correct these troubles, and give color, strength and beauty to your hair.

Get a fifty-cent bottle from your druggist today, and prove this to your own satisfaction. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.—Missoula Drug Co., special agents.—Adv.
