

# REVIVAL MEETINGS CHAUTAUQUA SURE PLANNED FOR HAMILTON

REV. CHARLES SMITH AND OTHERS TO HOLD SERVICES FOR A MONTH.

Hamilton, Dec. 10.—(Special)—The ministerial association of this city has arranged for revival services in Hamilton for one month beginning Sunday, December 23. The services will be held at the Lewis opera house. The meetings will be addressed by Rev. Charles Cullen Smith, one of the leading evangelists of the country. He will be assisted in some of the meetings by another noted evangelist from British Columbia, whose name is not made public at this time. The musical part of the program will be directed by A. G. Gilmore, who will accompany Mr. Smith to this city. A noted soloist, Walter Klingler, will also be heard at the services. A large choir from all of the churches will be gathered together by W. Hassler and trained for the meetings.

Rev. Mr. Spencer, of the Methodist church, in speaking this morning of the meetings, stated that Rev. Mr. Smith was one of the most noted evangelists doing service today; that he ranked with Rev. Mr. Lowell, who conducted meetings at Missoula two years ago. Rev. Mr. Smith was 70 years of age, a well known on the Rock Island railroad, later being in charge of the mail car on the Burlington fast mail. While at this work he became interested in the work of different men, and he finally took up work in the Methodist Christian association. He was connected with this work for 10 years. Later he became assistant pastor of the famous Moody church of Chicago. In 1897 he entered evangelistic work. In this work he has associated with Chapman, Elderwood, Torrey, Ostrom and other noted evangelists. Rev. Mr. Smith is a clear thinker and a forceful speaker. He strikes straight from the shoulder, but gives every man the right to his own opinions. Local ministers are in possession of press notices from the papers where Mr. Smith is working at present, which praise his work in the strongest of terms.

## SUICIDE IN MULLAN.

Mullan, Dec. 10.—(Special)—Vic Nelson committed suicide in the Billberg hotel in Mullan late yesterday afternoon by swallowing four ounces of carbolic acid. The suicide was discovered by the landlady of the hotel, who entered the room after failing to get an answer to her knock on the door. Seeing a man lying on the bed fully dressed she attempted to revive him, believing him drunk. Failing in this she called help, when it was discovered the man was dead. He was a stranger in town, and had registered as H. Nelson. Later it was learned that his wife was employed at the Mullan hotel. The body was shipped to Wallace for interment.

LAST MAN SIGNS GUARANTEE AND THE COMPANY WILL ATTEND IN JULY.

Hamilton, Dec. 10.—(Special)—Hamilton will have a chautauqua for one week next summer, probably the last of July. This was definitely decided this forenoon when L. V. Stiles, the representative of the Elkhorn White Chautauqua system of Boise, Idaho, who has been in this city for several days, secured the last of the 25 business men to furnish a \$25 guarantee. When Mr. Stiles went to work this forenoon he had already secured 24 local business men on the guarantee. The last signature needed was secured within a short time, which secured the residents of this city and vicinity a week of high-class entertainment next summer. The chautauqua company required a \$100 guarantee on a \$2,000 business, which was secured by 25 business men signing for \$20 each. The contract specifies that no signer is liable for more than his individual \$20. The chautauqua will run for six weeks with three programs daily. Season tickets will cost \$2.50, but will not be sold after the chautauqua opens. Single admissions may be secured at any of the performances. The company furnishes a tent which will accommodate an audience of 2,000. Mr. Stiles states that the tent will undoubtedly be raised on the ground across from the Ravalli hotel.

## A YOUNG HEROINE.

Toole, Utah, Dec. 10.—A rare example of childlike forethought was given today by 8-year-old Pearl Skinner before her death from typhoid. She was strutting her baby sister to sleep in front of a stove when a live coal fell on her dress. Although ablaze in an instant, the little girl laid the baby carefully upon a chair and called to her mother to care for it before running into the yard and plunging into the snow. She lived only a short time.

# MINE FIRE STARTS IN BUTTE

FIRE-FIGHTERS OUT IN FORCE TO EXTINGUISH BLAZE IN THE WEST STEWART.

Butte, Dec. 10.—Fire in a raise between the 1,700-foot and 1,500-foot levels of the West Stewart mine caused a suspension of work there today and the hoisting of the 300 miners to the surface for fear that some of them might be overcome by gas. Jack O'Neil, superintendent of the Anaconda, Nevadawest and St. Lawrence mines, with George Lapp, fire chief for the company, have charge of a force of fire-fighters.

It is expected that the fire can be confined and that it will be under control within a day or two. Preparations were made tonight to hasten to head back the fire, and water lines are being laid. Fans will be placed in the raise to clear away the smoke and fumes. The fire is supposed to have originated from a lighted candle placed near dry timber. The Stewart mine is owned by the Anaconda Copper Mining company.

# BATTLESHIP SINKS STEAMER

BRITISH WAR VESSEL COLLIDES WITH UNKNOWN AND THE LATTER DISAPPEARS.

Devenport, England, Dec. 10.—The British dreadnaught Centurion, when speeding 20 knots before dawn today off Portland bill, ran down and sank a small unknown steamer. The battleship returned to port this afternoon looking badly and with a battered bow.

The steamer tried to cross the bows of the warship, which struck her well forward with such force that the steamer's port light, still burning, was found after the collision on the Centurion's forecastle.

Before the steamer cleared the battleship's smoke, she sank and no trace of her could be found although boats were lowered and the Centurion cruised about until long after dawn. The steamer plunged to the bottom so quickly that the crew of the battleship could not determine whether she was a tramp or a passenger ship.

The bows of the battleship were damaged by the anchor being driven through the plates.
