ELECTRIC CHAFING DISHES

To make your chafing dish parties more popular, your theatre and house party suppers more distinctive, use Electric Chafing Dishes. They are as superior to alcohol chafing dishes as Sterling silver is to plated ware.

Heat Without Fire

Simply turning a switch produces heat without smoke, smell, flame or fire danger—it seems like Arabian magic. A turn of a switch regulates the amount of heat from low to medium or high heat as desired.

ELECTRIC PERCOLATOR

These percolators produce coffee that at once appeals to all lovers of good coffee because they extract only the delicate aroma and delightful flavor of the bean. Coffee thus made is harmless, because it contains a minimum of caffeine or other ingredients that make ordinary coffee harmful to many people.

Delicious Coffee in Nine Minutes

When attached to any convenient electric light socket these percolators are ready for instant service. They are safe, clean, convenient and reliable.

The presence of an electric percolator on any table adds that touch of "something different" and "something better" in keeping with Haviland china and Sterling silverware.
