

# JACKIES TO HONOR BUYING MOVEMENT HELEN GOULD IS CHECKED

### ENLISTED MEN OF THE NAVY MARKED STRENGTH DEVELOPS WILL PRESENT WEDDING GIFT IN APPRECIATION. IN COPPER, STEEL AND IN UNION PACIFIC.

New York, Dec. 21.—A wedding gift for Miss Helen Miller Gould, whose engagement to Philip J. Shepard recently was announced, will come from the more than 20,000 men of the warships of the Atlantic fleet. It became known today that Rear Admiral Osterhaus, in a letter which he wrote at the request of a large number of chief petty officers and signed simply with his name and not with his rank as a naval officer, suggested to the men of the fleet that they unite in a subscription for the purchase of a gift which would convey their appreciation of what Miss Gould has done for the service.

The limit of an individual subscription was placed at 25 cents. The of-

New York, Dec. 21.—The buying movement which set in at the middle of the week continued with undiminished force during the first half of today's session and then was checked abruptly. On the early advance marked strength developed in the copper, steel and Union Pacific. The inquiry was broad and all classes of stocks shared in the advance.

The immediate cause of the change was a sharp break in Southern Pacific, which fell back a point at a time to 102, the lowest of the year. The remainder of the list moved in sympathy and early gains of a point or more were changed to a loss in a few moments' trading. The weakness of Southern Pacific was described as due to a bear raid based on the filing of the complaint in the government's suit against that company, involving title to lands in California. The suit had long been expected, however, and the actual filing of the complaint could hardly be regarded a potent factor. It is probable that the decline, which left some of the leading issues one to two points below yesterday's was a natural reaction induced by the rapidity of the recent advance.

The bank statement did not disclose the predicted gain in cash, the actual statement showing an increase of only \$11,000,000 as compared with the estimate of \$7,000,000. The increase in excess reserves was only nominal. It was explained that the small cash gain was due to withdrawals, particularly of gold, which are invariably made in the week preceding Christmas. The bond market was irregular. Total sales, par value, \$1,350,000.

United States 4's declined 1/2 per cent on call on the week.

## LOOKING FORWARD

(By Robert G. Ingersoll.)  
A vision of the future rises:  
I see our country filled with happy homes, with fireplaces of content—the foremost land of all the earth.  
I see a world where thrones have crumbled and where kings are dust. The aristocracy of illness has perished from the earth.  
I see a world without a slave. Man at last is free. Nature's forces have by science been enslaved. Lightning and light, wind and wave, frost and flame, and all the secret, subtle powers of earth and air are the tireless toilers for the human race.  
I see a world at peace, adorned with every form of art, with music's myriad voices thrilled, while lips are rich with words of love and truth—a world in which no exile sighs, no prisoner mourns; a world on which the gibbet's shadow does not fall; a world where work and worth go hand in hand; where the poor girl strives to win bread with the needle—the needle that has been called "the asp from the breast of the poor"—is not driven to the desperate choice of crime or death, of suicide or shame.  
I see a world without the beggar's outstretched palm, the miser's heart-

## M. L. GULDEN, 135 East Main Street

MISS HELEN GOULD.

feet of the fleet are to have an opportunity to join in a gift to Miss Gould through the taking of a separate subscription. No decision as to the nature of the gift has been reached, it is understood.

Miss Gould has long been interested in the welfare of the enlisted men of the navy. The fine clubhouse which stands near the Brooklyn navy yard entrance is her gift to them. Likewise she was one of those who made possible similar structures in Norfolk, Philadelphia, Manila and other ports. She had already been honored by the men of the navy with a splendid gift. When a few weeks before the departure of the Atlantic fleet on its famous voyage around the world, she was presented with one of the finest loving cups ever made in this country.

Mr. Shepard, Miss Gould's fiance, arrived in New York today on a Missouri Pacific official, having been transferred to this city. No date for the wedding has been fixed, he said.
