

REVIEW OF THE BILLS NOW PASSED AND SIGNED BY GOVERNOR STEWART

Interesting Is Synopsis of the Work of the Thirteenth Legislature and the Analysis of the the New Laws It Made.

Helena, March 18.—(Special.)—One of the laws of the last session which seemed to attract considerable interest is the new game law, H. B. No. 280, on fish and game. Right off the bat this new law provides that fishing can be done only with pole, hook and line for any of the game varieties.

Seining can be done in certain lakes with a net having a 2 1/2 mesh, but all fish so taken by seine, except bull trout, char or Dolly Varden trout, suckers, German carp and squaw fish, shall be returned to the waters from which they were taken, uninjured.

In order to use a seine the person must first secure a special permit from the game warden for which he must pay a fee of \$5.00. This permit or license will authorize him to catch and sell within the limits of Montana any fish so caught not designated in the law as "game fish."

The lakes in which seining is allowed are: Ashley lake, Flathead lake, Whitefish lake, Swan lake, Dickey lake, Smelter lake, and the Upper and Lower Stillwater lakes in Flathead county, and Thompson lake, Loon lake, McGregor lake in Lincoln county, and in the Pondera river, and Clark's Fork of the Columbia. Fishing with grab hooks is forbidden.

Section 4 provides that any person owning an artificial pond or lake who has stocked it with fish shall have the privilege of catching these fish any way he pleases and he may sell them without restriction provided he furnishes the state of Montana with a bond in the sum of \$200, conditioned that he will not sell fish caught in public waters.

It shall hereafter be unlawful for any one person to catch from public water more than 25 pounds of any of the game fish in one day, said weight to be computed after fish are cleaned, or more than 10 of any such fish which are less than six inches in length in one day. It is declared to be the intention of this act to provide that 25 pounds of game fish over six inches in length, and 10 fish less than six inches in length shall constitute a day's fishing. It shall be unlawful for any one person to be in possession of more than 50 pounds of said game fish at any one time.

The law provides that all dams now existing or which will hereafter be constructed must be equipped with a fish ladder to conform to the plans furnished by the game warden.

There has been created six new forms of licenses: Fishing license for Montana citizens for \$1; fishing license for non-residents, \$2; fishing license for those who are not residents of the United States, \$5; a general hunting and fishing license for Montana residents, \$2; a hunting and fishing license for those who are non-residents of the state, \$25, which allows him to hunt all game, and a limited license for small feather game for \$10; an alien's license for \$30 for all game provided by this law, and \$15 for a license to hunt small feathered game.

The law relating to deer hunting has been somewhat changed. It provides that three deer may be killed, the same as before, but the limit is fixed that of these three deer not more than one doe can be killed and not more than two bucks. One doe and two bucks is fixed as the limit of what may be killed. Any person during the open season, who is in possession of the carcass of a fawn, or more than one doe, or two bucks, or the carcass of any deer from which all the natural evidence of sex has been removed, is guilty of a misdemeanor, and upon conviction thereof shall be fined not less than \$100 and not more than \$1,000, or by imprisonment in jail not less than 30 days, or more than one year, or both such fine and imprisonment at the discretion of the court.

S. B. 163—By O'Shea. The state examiner, in addition to the duties now prescribed, shall once a year examine the books and incorporated cities and towns, and all school districts of the first and second class. All laws now in existence relative to the examination of books of county officers shall apply to the examination of cities, towns, etc. There shall be paid yearly into the state treasury: By cities of the first class, \$200; second class, \$150; third class, \$100; towns, \$50; school districts of first class, \$100; second class, \$25 for such examinations.

State examiner may appoint a deputy at a salary of \$1,800 per annum and an assistant at \$1,500. There is appropriated from the general fund \$5,000 for 1913, and the same amount for 1914.

S. B. No. 169—By Taylor. "No license shall be required for

the operation or exhibition of moving-picture shows in any city or town of less than 1,500 persons. In all other cities the license shall be \$25 per annum."

S. B. 89—By Taylor. Provides that service by a licensed stallion shall become a lien on mare or foal. Lien must be filed within one year, and shall terminate one year after such filing. Any fraud against such lien is made a misdemeanor, punishable by a fine of \$25 to \$200, or 10 to 90 days in jail.

S. B. 71—By Edwards. It shall be mandatory upon the officers in charge of city, county, school district or irrigation district bond sales to furnish to the state board of land commissioners a copy of the advertisement of such sale in advance of sale, and to furnish also a copy of all proceedings with reference to the issue of such bonds, with the opinion of the county attorney as to their legality also a statement of the total value of the taxable property affected by the bonds and the total indebtedness of the county, city, school district or irrigation district. Failure to do so is made a misdemeanor punishable by fine of \$100 to \$1,000.

H. B. 11—By Brower. The owner of any farm or ranch in Montana, upon the payment of \$1, shall be entitled to have the name of such farm recorded by the county clerk, and receive a certificate thereof. No other person in the same county may use the name thus recorded.

H. B. 113—By Day. Governor is to appoint a commission of 20 honorably discharged veterans of the civil war to participate in the 50th anniversary of the battle of Gettysburg, at Gettysburg, July 1 to 8, 1913. Commission is to include 10 Union veterans and 10 Confederate veterans, and such of the members of the commission as attend the anniversary are to receive the amount of their railroad fare both ways. For this \$2,000 is appropriated.

H. B. 21—By Working. Provides that when vacancies occur in county offices the appointee shall only serve until the first of January immediately following the next ensuing general election.

H. B. 65—By Conner. Amends the present law by defining communicable diseases to include smallpox, diphtheria, membranous croup, so-called scarlet fever, spotted or tick fever, cerebro spinal meningitis, measles, whooping cough, mumps, antero-posterior myelitis or infantile paralysis, tuberculosis and other diseases hereafter designated by the state board of health.

H. B. 75—By Working. To amend the law defining rape, by making the age of consent 18 years.

CORONATION OF KING TO COME TOMORROW

(Continued from Page One) on milk. His family ceased to acknowledge him long ago.

Schimas for a time was an instructor in a medical department of the University of Athens. He refused to give any explanation for the crime beyond the fact that two years ago he applied for assistance at the pike and was driven away by an aide-de-camp.

BOWMAN FUNERAL.

Mullan, March 19.—(Special.)—Delmar Bowman of Mullan died in Wallace this week and was buried in Mullan Sunday from the Congregational church. The young man was well known here and had a host of friends among the younger people. He went to the hospital some time ago to be treated for cerebral meningitis, but the disease was so far advanced that there was little hope of saving his life. The young man is survived by his mother, a brother and two sisters, all of whom are residents of Mullan.

M'GOORTY SIGNS.

Chicago, March 19.—Jimmy Clabby and Eddie McGoorty agreed today to fight 10 rounds in Kenosha, Wis., at 155 pounds some time in April.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from constipation, indigestion, biliousness and sluggish intestines—you always get the desired results with Cascarets.

They end the headache, biliousness, dizziness, nervousness, sick, sour,

CHEER UP! IF HEADACHY, BILIOUS, CONSTIPATED—CASCARETS TONIGHT

lissy stomach. They cleanse your liver and bowels of all the sour bile, foul gases and constipated matter which is producing the misery. A Cascaret tonight will straighten you out by morning—a 10-cent lax from your druggist will keep your head clear, stomach sweet, liver and bowels regular and make you feel cheerful and bulky for months.

CASCARETS WORK WHILE YOU SLEEP.

GOVERNMENT RESTS ITS CASE

ATTORNEYS FOR STATE CLOSE IN SUIT TO DISSOLVE STEEL CORPORATION.

Nw York, March 19.—The government attorneys in their dissolution suit against the United States Steel corporation rested their case today with the introduction of evidence in support of the charge that the corporation has suppressed competition by means of "interlocking directorates" among the great railroads, industrial corporations and financial institutions of the country. The hearings were adjourned without date and attorneys for the corporation will prepare their defense.

S. D. Simmons, a statistician in the department of justice, presented the tables showing the directorships in other concerns held by those who have been directors of the corporation or its constituent companies between the years 1908 and 1911. Among them, George F. Baker, according to the tables was, during the period, a director in 87 corporations; J. P. Morgan in 78; J. P. Morgan, Jr., in 11; Charles Steele, 52; E. C. Converse, 65; Norman B. Beam, 42; C. M. Schwab, 57; Donald G. Reid, 39; E. H. Gary, 52; P. A. B. Widener, 33; Robert Winsor, 34, and the late H. H. Rogers, 34.

WILSON DISCUSSES REVISION MEASURE

(Continued from Page One)

He believes, however, that he should go to the capitol as party leader. He always has said that the president of the United States was the elected leader of his party and that he particularly was charged by the people with the carrying out of party pledges. Mr. Wilson believes the tariff bill should be treated as a party measure.

The announcement today that the finance committee of the senate and the ways and means committee of the house would work on the tariff bill in joint conference, consulting the president often, was in line with his idea that the democratic leaders in congress should draft a tariff bill which should stand or fall on its merits, both in congress and before the country. He believes in enforcing party discipline and after the leaders have approved the tariff bill he will make every effort to secure its passage in both houses without material alteration.

Appointments Discussed.

The president met members of congress today regarding appointments, received many visitors in the east room and took a bracing automobile ride. Senator John Walter Smith of Maryland called to urge the appointment of W. C. Deussen for the vacant judgeship in the fourth United States district court, but did not discuss the senatorial contest in Maryland. Though urged to do so by Maryland leaders, the president has not stated definitely whether he is for or against the re-election of Senator Smith, democrat.

It became known that W. J. Harris, chairman of the democratic state committee of Georgia, probably would be chosen director of the census. It also was stated authoritatively that the nomination of Charles P. Neill, to be commissioner of labor statistics, would be sent to the senate again when congress convenes on April 7.

COMMITTEE TO PROBE POSTOFFICE AFFAIRS

Washington, March 19.—A special commission to inquire into the "actual financial, physical and working conditions" throughout the postal service was created today by Postmaster General Burleson. It was announced that there have been many conflicting reports as to the general condition of the department, and that Mr. Burleson decided to have a special investigation to get the facts.

The commission is composed of Daniel C. Roper, Joseph Stewart, A. M. Dockery and James I. Blakelee, first, second, third and fourth assistant postmasters general, respectively, and Merritt O. Chance, chief clerk of the department. They conferred with the postmaster general today regarding the various features of the service to be investigated.

MRS. MILLER RETURNS.

Mullan, March 19.—(Special.)—Mrs. G. W. Miller returned to her home in Mullan Saturday last from a Wallace hospital, where she underwent quite a serious operation.

Three Fifty Shoes

Tell Us, Men
Why should you pay Five Dollars for shoes when you can buy the greatest value on earth for Three-Fifty?

Be Honest, Men
Compare our special shoes with anything you can find in town for Five Dollars and you'll buy our Three-Fifty shoes.

Opening of Twenty New Towns in Montana

PUBLIC AUCTION OF TOWN LOTS

There will be sold at public auction town lots in twenty of the new towns located on the Grass Range the Roy, the Dog Creek, the Great Falls—Choteau and the Gallatin Valley extensions of the Chicago, Milwaukee & St. Paul Railway in Montana which are now under construction.

The towns, dates and places of sales are as follows:

TOWNS	LOCATED ON THE	DATES AND PLACES OF SALE
Forest Grove, Montana	Grass Range Line	March 8 Lewistown, Montana
Roy	" "	" 8 " "
Menard	Gallatin Valley Line	" 12 Menard "
Ingomar	" "	" 15 Ingomar "
Coffee Creek	Great Falls Line	" 22 Lewistown "
Winifred	Dog Creek Line	" 22 " "
Denton	Great Falls Line	April 5 " "
Warwick	" Line	" 5 " "
Arrow Creek	" Line	" 19 " "
Squares Butte	" Line	" 19 " "
