

BIG FREE-FOR-ALL ENDS GAME

WALLACE AND BURKE TEAMS MIX IT AND SEVERAL ARE BADLY INJURED.

Wallace, March 22.—(Special).—Two members of the Wallace high school basketball team were badly hurt and the others roughly handled in the game with Burke, that ended in a free-for-all fight at Burke last night. Women and children were trampled under foot, but none were injured beyond a few slight bruises and scratches. The game was declared a draw, the score standing 11 to 11 when the trouble started.

Murphy, the big center for Wallace, struck the first blow. He claims his opponent, Amundsen, clutched all over him, spiking him painfully, every time he attempted to make a throw. When he struck at Amundsen, the fight was on in a few seconds, and lasted until a deputy sheriff, assisted by spectators, separated the belligerents, and Coach Utterbach of Wallace withdrew his men from the game.

Harold Hoyer of Wallace was hit on the back of the neck with a blunt weapon and was unconscious for 20 minutes. The skin was broken and blood flowed profusely. Lionel Pifer, also of Wallace was struck from behind and knocked senseless. Both were revived by efforts of friends. None of the Burke boys was seriously hurt. An investigation will be held and arrests may be made.

They leave Missoula Sunday morning on the North Coast Limited for Seattle for a brief honeymoon, after which they will return to Perma. Mr. Hayes has been a resident of Perma since last October, and is connected with the Perma Mercantile company. Prior to locating here Mr. Hayes was traveling salesman for Stone, Ordean & Wells company.

Miss Challa Pyle, who teaches at the Clear creek school, two miles from town, spend the week's end in Missoula and the Bitter Root.

NEWS FROM RONAN

Ronan, March 22.—(Special).—Miss Billie Coulter, who spent the first part of the week visiting with her mother in Missoula, returned to Ronan Wednesday evening.

The Ladies Aid society met with Mrs. Brandford Thursday of this week. Refreshments were served and many attended.

The Ronan State bank is putting up a business block just west of the bank. It will be completed in a couple of weeks and ready for occupancy.

Mrs. R. M. Hornor of Ronan left the first part of the week for Missoula on business.

Joseph Lemire returned Wednesday from a business trip to Missoula.

Ronan Sloan of Sloan, Mont., was a guest here Wednesday and Thursday of this week.

The First National bank has moved from its temporary place, which they occupied after the fire, to their new home just east of the big store.

Miss Katherine Titus, who has been east visiting relatives and friends for the past two months, returned this week to Ronan, and will make her home here.

Mrs. Covault and son George were in Ronan for a few days this week.

W. D. Cook of Seattle was a Ronan guest Wednesday and Thursday of this week.

D. B. Dunn of Spokane was in Ronan Wednesday transacting business.

Will Cave of Missoula stopped at the Sterling Wednesday.

John Lanlin of Ravalli passed through Ronan this week, stopping here Wednesday.

PAVING THE ISSUE IN WALLACE

BANKS BACK RIVAL TICKETS IN THE METROPOLIS OF THE COEUR D'ALENES.

Wallace, March 22.—(Special).—With the city election coming on April 8, and the registration lighter than ever before at this time, the city is promised the liveliest campaign in many years. James H. Taylor, the incumbent, heads the ticket known as the citizens', although it is claimed this is really a democratic ticket, all nominees except Taylor being democrats. The republicans placed a full ticket in the field, headed by Walter H. Hanson. Mr. Hanson declined the honor, pleading a press of private business, and H. J. Rossi was induced to make the race. Both banks, one controlled by the Day family, and lined up politically with the democrats, the other strongly republican in inclinations, are in the fight, each having a candidate for treasurer.

The issue of the campaign is paving. The Taylor or citizens' ticket, is avowedly in favor of paving the business section of the city this year, and claim it can be accomplished without bonding. The republican nominees are pledged to oppose paving.

There are to be chosen a mayor, clerk, treasurer and eight councilmen, who will select, after their installation, a city attorney, chief of police, street overseer and health officer.

CHILLS AND FEVER UNDER FIRE

"MALARIA CONGRESS" TO HAVE INTERNATIONAL RECOGNITION AT COMING MEETING.

Chicago, March 22.—"Chills and fever" are going to have their first national or international recognition by a "malaria congress," which will be held as a section of the third annual convention of the National Drainage congress in St. Louis, April 10 to 12. Dr. W. A. Evans, recently health commissioner of Chicago, suggested it, and immediately appeared a legion of those who think that if there are to be tuberculosis congresses and such, the scourge of whole regions from pioneer days ought to get its infamy into the spotlight once at least.

The proposition of draining the swampy and overgrown lands of the country, as the democrats, republicans and progressives in their platform declared should be done, aroused Dr. Evans, who cherishes from boyhood experiences a grudge against "chills and fever." In discussing it with Edmund T. Perkins, chairman of the executive committee of the National Drainage congress, he said no drainage congress would be complete that did not systematically and effectively hold up to public scorn the malaria of the undrained districts, and the malaria's first assistant, the mosquito.

As a result, the mosquito will be there, and will have to meet face to face its arch-enemy, Dr. L. G. Howard, chief of the bureau of entomology of the United States department of agriculture. It was Dr. Howard who studied the mosquito and its ways as the pest never was studied before. In the famous bulletin 44, "Remedies and preventives against mosquitoes," issued two years ago, Dr. Howard and his assistants were credited with giving the mosquito a knockout blow. It was in that bulletin that drainage was given the importance as a health measure that it already had attained as a means to increase the country's soil wealth by a fabulous sum.

In discussing measures of prevention against mosquitoes and the trouble they are responsible for, the bulletin said: "Drainage measures really form a part of the consideration of the treatment of breeding places. The drainage of swamp areas for agricultural or industrial reasons needs no argument. The value of reclaimed swamp land for various purposes is well known. The drainage of swamp areas primarily in order to improve sanitary conditions and to reduce the scourge of mosquitoes, which in itself often prevents the proper development of nearby regions, is in operation and needs no argument. Drainage on a small scale for the purpose of doing away with mosquitoes has been practiced for a long time, and in many parts of the country a large scale drainage with mosquito abolition in view is going on, notably in New Jersey and in California. Methods of drainage cannot be entered into in this bulletin, but it should be pointed out that in case of salt marsh land the operation is inexpensive, and results of great value have been reached both in California and in New Jersey."

PERMA BRIEFS

Perma, March 22.—(Special).—Mrs. Maude Jones has closed her hotel and restaurant in order to take up her residence on her homestead.

It is stated that the freight business here will necessitate a 30-foot extension of the freight room of the depot. This indicates that the local business exceeds the expectations of the Northern Pacific, for the new depot was erected only last summer.

Mr. and Mrs. J. H. Carr returned this week from a six weeks' visit to their old homes in Michigan. They also spent some weeks in Florida, where they have some realty holdings. Mr. Carr will resume his duties as Northern Pacific agent here the first of the week.

Henry J. Hayes left today for Missoula to meet Mrs. Mary Hearst of Butte, who will become his bride.

A HOT GUSHER.

Camas, March 21.—(Special).—Numerous communications from all parts of the country are being received in regards to the Bartlett flowing hot gusher. The Northern Pacific people are also interested. At present it is flowing about 720 barrels an hour. The temperature is now 123 degrees.

MACLEAN TO SPEAK AT VICTOR CHURCH

Victor, March 22.—(Special).—A special service in observance of the centenary of David Livingstone's birth will be held in the Presbyterian church of Victor on Sunday evening at eight o'clock. Rev. J. N. Maclean, D. D., a relative of the great missionary and explorer, will give an address on "The Life of David Livingstone."

At the Easter morning service, the pastor, Rev. Robert A. Cameron, will deliver an Easter sermon.

THOMPSON FALLS

Thompson Falls, March 22.—(Special).—Dawson Needham left on a business trip to Anaconda Wednesday.

Mrs. James Baker and daughter, of Plains, came to the county seat on business connected with the probate of her late husband's will. They were entertained by Messames John Lundgren and S. A. Hurlbert, returning home Wednesday evening.

Mrs. E. S. Dodds and little son, are visiting her mother, Mrs. Lombard, in Missoula this week.

Since his arrival from Butte the first of the week, Civil Engineer George H. Potter announces his acceptance of a steady position with the Northwestern Development company. Their many friends will rejoice that they are to remain here.

Mrs. A. D. Saunders gave a dinner party Tuesday night in honor of her father's (A. B. Bailey) seventieth birthday. The evening's entertainment consisted of music, toasts and war reminiscences by three of his civil war comrades.

George L. Sorenson of Somers, arrived Wednesday afternoon and is examining the stock of the Power City Drug company, with a view of purchasing. Mr. Sorenson is a graduate of one of the best pharmacy schools and has had years of experience in careful prescription work. His ability would fill a long felt want as the place needs more than patent-medicine vendors.

Mr. and Mrs. W. E. Headly have moved here from Missoula and will occupy the Pruden log cabins up Prospect creek. Mr. Headly is an electrician in the employ of the Thompson Falls Power company.

AT VICTOR

Victor, March 22.—(Special).—A committee from Darby, consisting of Principal S. H. Madison and Messrs. Owens and Cummins, spent Wednesday investigating consolidation and the work of the Victor school. They seemed well pleased with their visit.

Glenn Phillips held a sale this forenoon at his ranch east of town. He expects to move to the Flathead in a week or so.

Richard A. Bates left yesterday for Oregon, where he expects to locate a homestead.

Dr. Sherman returned last evening from Corvallis.

Earl Dowd, who has been attending the University at Missoula, came in yesterday on the evening train.

Mrs. J. D. St. John entertained a few young people at dinner Thursday evening. Those invited were Misses Gladys Watters, Pearl Rowe, Esta Holmes, Birdie Averill and Norma Fowler.

Mrs. Geo. Clark returned yesterday afternoon from Hamilton, where she accompanied Mrs. Gilliam on her official visit.

Conviction Born of Experience.

The man who has used Chamberlain's Cough Remedy and watched and felt and realized its remarkable curative properties will tell you that it has no superior for coughs and colds. The remarkable success of this preparation aided by the personal recommendations of people who have been cured by it has made it one of the most popular medicines in use. Try it when you have a cough or cold and realize for yourself what a first-class cough medicine will accomplish. For sale by add druggists.—Adv.

ONLY TEMPORARILY IS FUND HELD BACK

(Continued From Page One.)

ations, but rather to hold the work in abeyance until such time as funds appear available for the performance of the work for which the appropriations are designed."

Criticism.

One of the board members, commenting upon the action taken, called attention to the fact that quite a number of bills appropriating money were passed by the legislature after the members interested in the particular bills knew perfectly well that the appropriations already made had exceeded the estimated revenue by many thousands of dollars. This sort of thing, the board member declared, was done so that members might make reputation with local constituents for efficiency and influence in the legislature, and lay the blame for denying the appropriation upon the state board of examiners.

The criticism was eminently just, though it is no wise attached to Representative Higgins of Missoula, who was early with his bill for the forestry department at the university of Missoula, and who made a gallant fight for it almost from the outset of the session.

FRECKELS

FEBRUARY AND MARCH WORST MONTHS FOR THIS TROUBLE—HOW TO REMOVE EASILY.

There's a reason why nearly everybody freckles in February and March, but happily there is also a remedy for these ugly blemishes, and no one need stay freckled.

Simply get an ounce of Othine, double strength, from Geo. Freishelmer and apply a little of it night and morning, and in a few days you should see that even the worst freckles have begun to disappear, while the light ones have vanished entirely. Now is the time to rid yourself of freckles, for if not removed now they may stay all summer, and spoil an otherwise beautiful complexion. Your money back if it Othine fails.—Adv.

ACTRESS' ASHES MAILED.

Chicago, March 22.—A silver casket wrought from a "smoking" box will carry the ashes of Adrienne Angardo, the English actress, whose body was cremated here yesterday. The casket, consigned to Mrs. Henriette Angardo, the actress' mother, was mailed today to England.

Italy's war on the malarial mosquito has reduced the percentage of fever cases in infected districts from 87.12 in 1889 to 13.26 last year.

ORRINE

CURES DRINK HABIT

So uniformly successful has ORRINE been in restoring the victims of the "Drink Habit" into sober and useful citizens, and so strong is our confidence in its curative powers, that we want to emphasize the fact that ORRINE is sold under this positive guarantee: If, after a trial, you get no benefit, your money will be refunded. ORRINE costs only \$1.00 per box. Ask for free booklet, The Missoula Drug Co., Hammond block.—Adv.
