

CHAMBER LUNCHEON IS GREAT LARGE ATTENDANCE MARKS ONE OF THE MOST SUCCESSFUL NOON MEETINGS.

Good attendance, good feeling and good lunch combined to make yesterday's noon meeting of the chamber of commerce one of the most satisfactory which the organization ever held.

The good attendance followed a fund-raising expedition, in which President Coffey and Secretary Ferguson had indulged during the forenoon.

The good feeling came from the possession of the Missoula spirit by the bunch which gathered. There was no face but bore a smile, and the cheeriness pervaded the speeches and their reception.

The good lunch was the result of the co-operation of Host Hall, and contributed in no small measure to the success of the meeting. The dining room was well filled and the service was prompt and excellent.

Besides the pertinent and altogether pleasing remarks of President Coffey, there were three speeches. Judge Bickford led off. Senator Dixon and President Craighand followed. The talks were interesting and to the point.

Judge Bickford discussed the work of the chamber of commerce, past and in contemplation, and urged the co-operation of all citizens of Missoula in the endeavor which is being made to keep Missoula's advantages constantly and impressively before the world.

Mr. Dixon referred to his return to his home after absence in official life, and said that he was glad to be back, and that he wanted to take his place again in the list of the folks at home. He spoke of the possibilities of the chamber of commerce, explaining the German system which makes those organizations semi-official, and which has given Germany commercial supremacy.

Mr. Dixon dwelt upon the strategic location of Missoula as the center of a region which, as far as he knew, had no parallel in the country. He urged patriotism and thoroughness in the work of the organization, and referred to some of the immediate possibilities in the way of development. He classed the state university as the biggest asset which the city has, and urged a continuance of the campaign to make Missoula a clean, well-governed, progressive city.

President Craighand spoke in reference to the summer school at the university, setting forth the advantages which Missoula possesses as the seat of a possibly great summer educational work. He outlined the work which is planned for the school, and paid a high tribute to the workers of the chamber of commerce for their efforts in behalf of the university during the past few months. His discussion of the summer school was followed with deep interest, and gave Missoula people a more thorough idea of the vast possibilities which lie in this direction than many of them had had before.

Mr. Dixon spoke again, briefly, in reference to the forestry school at the university and its possibilities. He emphasized the advantages which the university has over any other institution in the country as the seat of a great school of forestry.

E. C. Mulrooney, president of the Union Baseball association, was the other speaker. He stated that it had been suggested to him that the business men desired some information about the baseball situation, now that the headquarters of the association is in Missoula, and gave a brief outline

MELANCHOLY WOMEN Should Profit by Mrs. Hurley's Experience—Her Own Story Here Told.

Eldon, Mo.—"I was troubled with displacement, organic inflammation and female weakness. For two years I could not stand on my feet long at a time and I could not walk two blocks without enduring cutting and drawing pains down my right side which increased once a month. I have been at that time purple in the face and would walk the floor. I could not lie down or sit still sometimes for a day and a night at a time. I was nervous, had very little appetite, no ambition, melancholy, and often felt as though I had not a friend in the world.

"After I had tried most every female remedy first, without success, my mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and gained in strength every day. I have now no trouble in any way and highly praise your medicine. It advertises itself."—Mrs. S. T. HURLEY, Eldon, Missouri.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. For sale everywhere. It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it?

DR. PRICE'S CREAM Baking Powder

Purity in food, lower cost of living—these are the demands of the day.

Pure food is health, and health is economy itself. We cannot have health without healthful food.

The most healthful foods are the quickly raised flour foods—biscuit, cake, muffins, crusts and other pastry, when perfectly made from wholesome ingredients.

Dr. PRICE'S baking powder makes these foods in specially attractive, appetizing and wholesome form, and for both economic and hygienic reasons, such food should be more largely substituted for meat in the daily diet.

But bear in mind that alum, or unwholesome baking powder, can never make pure, wholesome food.

of the system followed and the plans for the season. Mr. Mulrooney stated that baseball is a splendid publicity medium for any city, and that Missoula would also reap substantial financial benefit because of its being an association center this season.

HOYT-DICKINSON SALE CLEARS PIANO STORE

The big piano sale at the Hoyt-Dickinson music house has kept the selling force of the company more than busy during the last two days. "We have our store nearly cleared now," said one of the partners yesterday. "There are only three left now of the pianos that were listed to be disposed of at this sale. Four pianos were sold today to good, substantial patrons, the kind that pay for what they buy. This sale has been one of the most successful in the history of our firm. We are so encouraged by its results that we have no hesitation in unloading the two carloads of new pianos due to arrive the first of next week to replenish the exhausted stock." While Mr. Hoyt did not say so, the fact remains evident that people have great confidence in the business methods pursued by the Hoyt-Dickinson company and appreciate the quality of the musical instruments handled by them, otherwise the outpouring would not have been so generous just at this season of the year.

MINSTREL SINGERS HAVE FIRST MEET

"It was a dandy rehearsal," said Musical Director Medelke as he came from the Elks' temple last evening after the opening rehearsal for the big minstrel show which the local lodge will "put on" here the latter part of this month. Mr. Medelke spoke with emphasis and based his opinion of the meeting upon other rehearsals by the same crowd, he having had charge of the music at previous performances. The members of the company were on hand early last evening and they worked until late over the music that has been selected. It is a good lot of new and melodious music and the solos and choruses are all going splendidly. There will be another rehearsal Sunday afternoon at the temple at 1:30 o'clock.

THE WEATHER

Dear April has such a way about her, hasn't she? Thursday had a gloriously bright and warm morning and muggy, damp afternoon. Friday was gloriously damp and chilly morning with pleasant afternoon and evening. Following are yesterday's observations:

Table with weather data: Maximum 51, Minimum 30, At 6 A. M. Barometer 31.66, Thermometer 26.66, At 6 P. M. Barometer 31.66, Thermometer 50, Southwest wind; precipitation .02 inches.

FUNERAL TODAY. The funeral of Mrs. Mary McClure, who died Thursday morning at the state tuberculosis sanatorium, will be held at 2:30 o'clock this afternoon in the Lucy chapel. Rev. Father Delon will conduct the service and interment will be in St. Mary's cemetery.

A Message to You, Sir, From

A Message From Us on Clothes at Ten, Twelve-Fifty and Fifteen Dollars

"Interesting to you" isn't it? You will be more so when you see the clothes we have at these prices. They are the Artcraft make. Come in all the newest shades of grays and browns; plenty of navy blue serges. They have the style, are made right and have full value for every dollar you pay. See them at \$10, \$12.50 and \$15, and be convinced that here is the only place to buy your next suit.

From the testimony taken the case appears to be a neighborhood quarrel in which sides have been taken by a number of residents. The justice reserved his decision in the case until next Tuesday.

STOMACH UPSET? SOUR? "CASCARETS"

Sluggish Bowels Cause Gases, Sourness and Food Fermentation.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, feeling of fullness, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as new.

Try Cascarets; they immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 25-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

The world has read with bated breath the story of the awful disasters which swept the states of Ohio, Nebraska and Indiana by flood and storm since Easter Sunday morning. The trouble started at Omaha, and on Easter Monday morning the world gasped with horror at the story of the cyclone disaster which had overwhelmed the fair town.

SHOWN IN PICTURE IS OMAHA DISASTER

The pictures were rushed to completion, and will be shown for the last time in this city at the Bijou today. Other items on today's program are a Vitagraph comedy entitled "Bedelem Becomes a Lady," a clever subject that is a riot of laughter. "The Sacrifice" is an excellent dramatic offering by the Kalem company.

Hawaii expects to pack 24,000,000 tons of canned pineapples this year.
