

This Is the Week to Buy Trees, Shrubs, Plants

Missoula Nursery Stock Is the Best You Can Buy

RUSHING TREE SHIPMENTS

CAROLINA POPLARS

IN OUR COLD-STORAGE PACKING SHED

We Are Shipping by Thousands

We are in the midst of the busiest shipping season we have ever had; the orders which have come to us this year are the heaviest we have ever received. This is the best recommendation our nursery stock could have. But, although the demands upon our stock are heavy, we have enough to meet them all and we have reserved plenty of trees and other spring supplies to meet the local small orders for home planting. We can also take care of large orders for another week—and this is the very time to buy nursery stock of all descriptions. Whether your needs are for orchard stock, for shade trees, for vines, for shrubbery, for roses, for bedding plants or for perennials—we can supply your wants. Our stock is complete as to quantity and varieties and it is guaranteed as to quality. Our experience enables us to assist you in the selection of varieties if you are not certain what you want. The demands of climate, altitude, soil and exposure—all these have important bearing upon the varieties of trees which you should select; it is true in the selection of orchard trees and it is equally true in the matter of shade trees. Our stock is complete and we are able to fill any order. But the demand is so strong that we cannot guarantee longer than this week. Right now is the time to send us your order. We will give it immediate attention and will guarantee you satisfaction. Don't delay, but make out your order immediately and send it to us. We will do the rest.

Our stock is best because of the natural advantages of our location and the expert attention which we give to its development and shipment. There is no other nursery in the country which can produce trees of the size and strength which are the characteristics of our stock, in the same time. Our climate and our soil combine with expert treatment to contribute to these splendid qualities of our trees and other stock. Experts who have inspected our property unite to say that the results of our methods of propagation, combined with our soil and climatic conditions, produce trees which are marvelous in their strength. The purity of our stock is absolute. There is no infection in our trees. All our stock is home-grown.

Direct From Storage to Garden

Missoula nursery stock is sent direct from the cool packing shed in our storage plant to the place where it is to be planted. It is delivered fresh and moist; it has not had a chance to wilt or dry out. That makes it all the more desirable. It can usually be placed in the ground within 24 hours of the time it is shipped. This is an advantage which is important. Our stock, being all home-grown, is thoroughly acclimated. You are not speculating when you buy Missoula nursery stock; you know exactly what you are getting and you know you are getting it fresh and clean. Every argument is in favor of the use of Missoula nursery stock by the planters of this region. Our stock of orchard trees is exactly what is needed for western Montana. The same is true of our shade-tree stock. It is adapted by cultivation and care to meet the requirements of this district. We would like to meet all who are planning any planting this spring, whether it is planting a large orchard, setting out a few fruit trees around the home, laying out a large lawn or a small one, or preparing a flower garden. Our stock of everything in the nursery line is complete and clean. If you are in the market, let us hear from you. There is not space enough in this advertisement for us to enter into a detailed discussion of varieties, but we will be glad to talk over this matter with you.

Call or write for a copy of our annual catalogue. It contains a complete list of orchard, garden and lawn stock and is a reliable handbook on tree and flower culture.

GREAT FALLS GRAND ARMY VETERANS READY FOR THE ENCAMPMENT IN MAY

Most Interesting Meeting of Old Soldiers Ever Held in the State Is Promised by the People of the Elect City—Social and Sight-Seeing Plans Are Fine.

Great Falls, April 26.—(Special)—With their ranks sadly thinned by the grim reaper since 29 years ago they entertained the annual encampment of the Montana department, Grand Army of the Republic, the veterans of Sheridan post, G. A. R., have the details for the entertainment of the encampment which meets in this city May 7 to 9 worked out and could take care of their guests next week quite as well as when they are to come. The program is one which insures a busy three days. The business and professional men have contributed liberally to the funds needed by the veterans to meet the expenses of the encampment and they plan to make the gathering the most notable one in the history of the Montana department, which was organized 29 years ago.

The hand of welcome in the most cordial and informal manner and the local veterans declare they propose to leave nothing undone to prove the breadth, width and warmth of their welcome to their comrades. Mayor-elect N. T. Lease will have succeeded to office at that time and this will be his first appearance in public to welcome visitors to the city, and for that reason the local people will expect quite an event out of the campfire of the first night. The plans are to take care of between 400 and 500 people and preparations will be such that this can be enlarged upon without serious inconvenience.

Some Doings.

The actual business of the encampment will open on May 8 and will continue through that day and be completed on May 10, but the big social feature of the gathering will be on the evening of May 9 when the ban-

quet to the visitors will be given in the palm room of Hotel Rainbow. It is the plan of the committee that this shall be the most pleasant function which it has ever seen the pleasure of the Montana department to enjoy and there are very good reasons to believe it will not prove disappointing. The palm room is generally recognized as the most attractive banquet hall in the west and it has one feature that no other banquet hall in the Rocky mountain section can boast, the beautiful ceiling which is leaded vari-colored glass that gives most charming results by having the electric lights cut off on nights when the sky is clear and this will be demonstrated to the visitors. It has been the cause for the most enthusiastic words of praise from visitors from all over the country who have happened to be here at banquets in the palm room and will no doubt prove equally pleasing to the veterans.

On May 10 there will be a well-organized sight-seeing tour of the city and local people have made it clear to the committee that there will be no lack of the automobiles which may be needed to properly transport the visitors about the city. The smelter, the giant spring, the power dams, the falls and the power plant are all included in the itinerary of the sight-seers and when those who come to the encampment return to their homes it will be their own fault if they have not a very good notion of the size, business and opportunities which Great Falls boasts. It will certainly be provided that they may have a chance to know about it.

From all over comes the word that large attendance may be expected. Commander W. Y. Smith of Roseman writes that the veterans wherever he finds them are planning to attend the Great Falls meeting. Adjutant Piche of Helena says there has seldom been such interest and he doubts if there has ever been such promise of general attendance of veterans at an annual encampment as the one which will be held here in May. Though the ranks of the old guard are thinning rapidly, there is comradeship developing from it that makes everyone want to be present once more to see the boys who in the early '80's experienced the same hardships and dangers they experienced in defense of the union flag. Consequently everyone who can be present will come to the encampment this year.

Candidates Plentiful.

In addition to the usual features of the encampment there will be an interesting four-cornered fight for the highest honor of the department, that of department commander, at the coming meeting. Butte will have one can-

didate, Helena two and Great Falls one. In fact, there are just now rumors coming to this city that there may be six aspirants or at least six names presented, though some of them may not be with the advice and request of the year nominated. Word comes from Butte that P. W. Schooley's name will be entered for the honor, while Helena veterans are reported to have decided to nominate Major Martin Maginnis and Adjutant Reiche. The veterans of this city believe they will be entitled to the honor, as their comrade, W. H. Safford, is the present senior vice-commander of the encampment and has been one of the most active G. A. R. men in the state for many years. It has been rumored, too, that M. C. Ferris of Collins will seek the honor of the country who have happened to be here at an interesting contest for the distinction of being commander for the coming year.

The veterans of Great Falls have a distinction which they will be very certain every visitor has called to his attention and also has an opportunity to see. It fell to the good fortune of Great Falls to be the very first city of the nation to erect a soldier and sailor's monument under the base of which was to be buried all hint of sectional strife and the hallowed ground around which was to be dedicated to the use of the soldier dead of both blue and gray. And in Highland cemetery the visitors will see not only the first monument erected for the purpose mentioned, but also the first soldiers' monument to be erected in the state of Montana. The veterans claim that this monument, more than any other in the whole nation, typifies the united nation which the civil war brought about and that it, as does no other, signifies there is no north nor south, no east or west, but that the nation is one indivisible union without mark or trace suggesting difference or division.

This monument was dedicated on Memorial day of 1861 with ceremonies and has been the pride not only of the veterans but of the entire citizenry since it was erected. It stands in the center of what was known as "Soldiers' burial ground" in Highland cemetery, a slightly post which has been well developed and is one of the most attractive burial lots in the northwest. The monument stands at the center of the circle and is reached by paths made from the base of the monument in the four cardinal directions. A graveled driveway marks the boundary of the soldiers' lot and within the circle the ground is reserved for the graves of the soldier dead of the community, no matter whether they fought in the army of the blue or the gray, or whether they

helped conquer the Indians on the frontier in the Indian wars, or even yet if they were in the later wars of the nation in Cuba, the Philippines or in the general service of the standing army.

The monument is 16 feet square at the base and from the ground level to the muzzle of the five-ton cannon which surmounts it the distance is 15 feet. The monument is constructed of cream-colored sandstone, the tablets on each of the four sides being of Tennessee marble. The tablet on the north side is to the memory of the "Boy who wore the Blue." The tablet at the south side commemorates the valor of the "Boys who wore the Gray." The tablet on the west side of the monument is to the soldiers of the Philippines and other wars and the regular service. The tablet at the east side under the muzzle of the cannon is the one which is carved the history of the monument and the historic old cannon mounted on it pointing eternally to the east, its mouth from which once belched death first to the defenders of the union flag and later to the enemy of the flag, forever sealed while it stands a commanding tribute to the valor of men who were willing to sacrifice their lives in a cause which they believed worthy of the patriotism which exceeds even life itself.

The cannon resting on this monument is one worthy of a word as to its history. It is 12 feet long and its exact weight is 5,280 pounds. It is a Cumberland and was donated to Sheridan post for this use by General Flagler, chief of the ordnance department. The gun, according to the history sent from the ordnance department, was cast at the Washington navy yards in 1858 and was inspected and accepted for service by General Benjamin Huger of the regular army, this fact being one that was to give the cannon a truly romantic chapter later in history. When the war clouds were gathering in 1860, Secretary of War John Floyd under President Buchanan, shipped the cannon to Norfolk, Va., and it thus fell to the use of the confederate forces and its first service was to belch death into the lines of union soldiers. The union army, captured the cannon in 1862 when Norfolk was taken and it was a strange and striking coincidence that General Huger, the officer who received the cannon for service in war for the United States was in command of the rebels who were using it to try to destroy the union.

At the encampment meeting the soldiers will be joined by their affiliated patriotic bodies, the Spanish War veterans, Ladies of the G. A. R., the W. R. C. and other similar bodies who will all hold their state meetings at the same time. It is expected to bring more than 500 visitors to the city.

Backed by a \$50,000 endowment fund, an English university has established a chair of coal, gas and fuel industries.

One California electric company supplies light and power to a territory 200 miles long and from 75 to 80 miles wide.

A Staple Medicine for All Families

From Infancy to Old Age a Reliable Family Laxative is Most Needed—Try This One.

It is inconceivable in this day of general intelligence that any family would be without a simple remedy for the minor ills of life, for often by giving such a remedy in time a serious disease can be frustrated and a life saved.

For example, if at the first sign of a cold a simple laxative-remedy like Dr. Caldwell's Syrup Pepsin were given the beginning of a serious lung affection or of a typhoid fever might be avoided. And also in headaches, nervousness, etc., a small dose of this remedy would relieve the congestion and replace distress with comfort. Mothers give it to their infants and little children, and grown people take it with equally good effect.

Thousands of good American homes are never without it among them the home of Dr. George T. Hull, proprietor of Hull Drug Company, Pease, Okla. Dr. Hull has for a number of years recommended Dr. Caldwell's Syrup Pepsin in his practice, and writes that "for stomach and bowel disorders, worms in children and a general laxative-remedy it has no equal." Syrup Pepsin saves the health of the family, and it saves doctor's bills. It is a guaranteed cure for any form of stomach, liver and bowel troubles, constipation, indigestion, biliousness, gas on the stomach, headaches, drowsiness after eating, etc. Have no hesitancy about giving it to any member of the

DR. GEO. T. HULL.

family, however young or old, for it contains nothing injurious to the youngest person. A bottle can be obtained at any nearby drug store for 50 cents or \$1. The latter size is more economical and is bought by those who have already convinced themselves of its merits. Syrup Pepsin users learn to discern pills, salts, cathartics and purgatives generally, as they are too great to any average system. If no member of your family ever used Syrup Pepsin, it before buying it of a druggist, send postal will do—to Dr. 417 Washington street, and a free sample bottle you.

RESTORE YOUR GREY HAIR TO ITS YOUTHFUL AND NATURAL COLOR

Easily, Quickly, Surely, Safely, by Hay's Hair Health

Don't neglect your hair or allow it to become grey, thin, dry or lifeless. A beautiful head of natural colored, luxuriant radiant hair is priceless to every woman. Why not have it and keep it so? Why be prematurely grey and grow old-looking before your time? By all means don't let your hair become grey or faded and full of irritating and annoying dandruff when Hay's Hair Health will bring back its youthful color and remove the dandruff almost immediately. It is simple, safe, easy to use and

harmless. Its use cannot be detected. Don't waste time thinking or worrying about your grey hair, or take chances with new and untried preparations—get a bottle of Hay's Hair Health today. It's so nice and clean to use and has been used and given absolute satisfaction for twenty-five years. Give it a fair trial, the grey hairs will disappear in no time and you'll be delighted with it. Druggists guarantee to refund you money if you are not satisfied with Hay's Hair Health. Free: Sign this adv. and take it to following druggists and get a 50c. bottle of Hay's Hair Health and a 25c. cake of Harina Soap for 50c.; or \$1.00 bottle of Hay's Hair Health and 25c. cakes of Harina Soap Free, for
