

TAKEN RAILROAD PIONEERS ORGANIZE NEW CLUB BY FRESHMAN SPEAKER

UNIVERSITY EXTEMPORANEOUS ORATOR CHOSEN FOR STATE CONTEST.

Will Long, a university freshman, won the trout in extemporaneous speaking held last night. He will represent the university in the state intercollegiate contest at Dillon on Friday night.

Long's subject was, "Should Senator Walsh Vote for Free Wool?" His information on the wool conditions in Montana would show that the Montana senator should stand for the removal of duty on the staple.

Long's career as a public speaker has been remarkable for a freshman, and his achievement would make a splendid year of honor for any classman. He was a member of the varsity debate team that defeated Bozeman in March, and also stood high in the trout contest to select the university orator.

His presence on the platform is easy and confident, and his presentation of the subject matter clear and well constructed. He is a genius at selecting convincing facts from a mass of information. The choice of Long is a happy one, and will give university students well-founded hopes of victory over the other state colleges in the coming verbal combat.

Other competitors were Gordon Watkins, who spoke on "The Employers' Liability Law;" Bernice Selfridge, whose subject was "Women's Suffrage;" Payne Templeton, who drew the topic, "Are Moving Pictures a Menace?" Chester Boddy on "Why Should Mr. Smith Go to Church?" and Alva Baird, who set forth "The Greatest Need of the University of Montana," which he believed was livelier school spirit.

Long will leave this morning for Dillon, where the intercollegiate contest in extemporaneous speaking and oratory will be held tomorrow night. With him will go Payne Templeton, the varsity orator. Templeton's record in the contest of Long's is also a freshman and was the other member of the Montana-Aggie debate team.

Five state colleges will be represented in the intercollegiate contest. They are the state college of agriculture at Bozeman, the state normal school at Dillon, Montana Wesleyan university at Helena, the College of Montana at Deer Lodge and the University of Montana at Missoula.

SCORES OF FRIENDS AT NEWPORT FUNERAL

The funeral of Walter E. Newport was held yesterday afternoon from the Odd Fellows' hall. Services were in charge of the lodge and Rev. H. S. Gately.

The A. C. M. plant at Bonner, with which Mr. Newport was connected, closed during the funeral and many friends from there attended the services. No funeral in Missoula for a long time has had a larger attendance. Music was furnished by a quartet. Interment was in the Missoula cemetery.

CHADWICK LANDS JOB.

Mr. and Mrs. A. B. Chadwick have received word from their son, Reginald, that he has successfully passed the necessary civil service examination to admit him to a government position at the new docks being constructed at Seattle, where he will be employed for two years. Reginald is 21 years of age. He attended the Missoula schools before going west and has many friends who will be pleased to learn of his success.

Jelly Roll Recipe

Only Two Eggs Required By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine

This Jelly Roll is fast becoming very popular on account of the way it keeps fresh. With proper handling it should keep fresh a whole week, providing it isn't eaten up in the meantime, for it is every bit as good as it looks.

K C Jelly Roll

One cup sifted flour; scant half teaspoonful salt; 2 level teaspoonfuls K C Baking Powder; ground rind of 1 lemon; 2 eggs beaten light; 1 cup sugar; 1/2 cup hot milk; glass of jelly; powdered sugar.

Beat the sugar into the eggs; add the lemon rind, then the flour, sifted three times with the salt and baking powder; and, lastly, the milk. Bake in a buttered dripping pan; turn out on a damp cloth, trim off the crisp edges; spread with jelly and turn over and over into a roll while still warm. Dredge the top with powdered sugar.

Hot milk used in the jelly roll enables it to be rolled without danger of cracking. Have the milk scalding hot, also be careful to have the eggs and sugar beaten together until very light and creamy. Bake in a moderate oven.

K C Jelly Roll is illustrated on page thirty-two of the new and handsomely illustrated 64-page K C Cook's Book, which may be secured free by sending the certificate packed in every 25-cent can of K C Baking Powder to the MFG. Co., Chicago, Ill.

TAKEN RAILROAD PIONEERS ORGANIZE NEW CLUB

OLD-TIMERS GET TOGETHER IN DEER LODGE AND COMPLETE ORGANIZATION.

Old-timers on the Puget Sound extension of the Milwaukee met in Deer Lodge Tuesday night and completed the organization of the "Milwaukee Puget Sound Pioneers' Club."

This club has been the pet scheme of a number of pioneers in the building and operation of the steel rail, and several meetings preliminary to the final union were held. Representatives from every division on the extension were in Deer Lodge Tuesday. The officials of the road are in sympathy with the movement and are giving it their support.

The club decided to meet annually. There was much competition among the various division points to secure the first meeting. Deer Lodge was chosen over the others among them Spokane, Seattle and Tacoma. The date has not been settled, but will come some time in the late summer.

Telegrams of congratulation were received by the meeting from the Grand Central, the Nickel Plate and several other eastern and southern lines.

Officers for the coming year were elected. They are: President, C. F. Wilder, Deer Lodge; first vice president, G. H. Foster, Deer Lodge; second vice president, John Quinn, Malden, Wash.; third vice president, J. P. Gallagher, Seattle, Wash.; fourth vice president, John Ross, Three Forks; fifth vice president, G. L. Dunlap, Miles City; sixth vice president, W. A. Lannan, Moberly.

PROMINENT ENGINEER TALKS TO STUDENTS

Students in engineering at the university were addressed yesterday by A. L. Storey, the electrical superintendent of the General Electric company of Schenectady. He spoke on the broad field for electrical engineers that is opening and on the opportunities for men with training.

The General Electric company offers openings for graduate engineers in the training department of their factories. The course covers two years' work in different branches of manufacturing and turns out the college graduate an experienced man. Mr. Storey spoke very well of the work done in the plants by Montana graduates who are now there. They are Frank Gleason of Florence; Arthur Hoffman, Milton Mason and Ralph Smith of Missoula.

Probably two, and perhaps more members of this spring's graduating class will take advantage of the General Electric's offer and enroll there next fall.

MRS. BRYAN RESTS.

Washington, April 30.—Mrs. William Jennings Bryan, wife of the secretary of state, is taking a two days' rest cure at a local sanitarium. Since coming to Washington Mrs. Bryan has had the task of furnishing and getting settled in a large home as well as meeting the great social obligations due to her position as the wife of a cabinet officer. The absence of Mr. Bryan in the west gave the opportunity for a brief respite. Mrs. Bryan expects to return to her home tomorrow.

CARD OF THANKS.

We wish to thank the kind folks of Missoula who showed so much sympathy and concern over the loss of our boy, Roy Brown. There is much consolation in the knowledge that even among strangers we were in the midst of friends, and we are deeply appreciative. We thank all who were so kindly considerate and sympathetic, the Sisters, Rev. Mr. Allen, and others who stopped to help us in our time of sorrow.
