

CALIFORNIA'S BILL WILL BE TAKEN TO COURTS

JAPANESE EMBASSY AT WASHINGTON IS BUSY PREPARING THE PROTEST.

Washington, May 5.—The Japanese embassy was supplied by the state department today with a copy of the alien land bill passed by the California legislature and the ambassador will employ the time between now and Secretary Bryan's return to Washington in preparing a formal protest against the measure. Apparently the embassy has no hope that any word President Wilson may send after Bryan's return will influence Governor Johnson to withhold his signature from the act, so the only object of the protest will be to acquaint the American people with the Japanese intention, and to influence the legislative branch of the government to endeavor to nullify the action of the California legislature.

Will Go to Court.

The embassy will make known the ground of its protest in a diplomatic note to Secretary Bryan. It is well understood that to settle the question, no matter what may be the point of objection, will require the action of the United States courts and much consideration must be given to the procedure to be followed in arranging for a judicial test of the California law. It will be for Secretary Bryan to determine whether the United States government itself shall become a party to the suit. International lawyers hint that the administration is in an exceedingly delicate position for the reason that, while apparently a champion of the Japanese cause through the secretary of state before the California legislature, probably from this point on it must defend the California law against Japan in the diplomatic struggle about to begin.

It developed today that as a result of centering of attention upon the California situation, a number of the diplomatic representatives in Washington have been informally discussing and conferring over alleged violations of treaties by many states of the union. Violations are said to have occurred particularly in connection with cases involving the disposition of property of aliens that have died intestate in this country and in which local state courts have taken jurisdiction in defiance of treaties. Altogether there are indications of a feeling of unrest that may lead to demands upon the national government which could not be complied with without a general re-arrangement of the functions of the national and state governments, so far as they concern aliens.

No Excitement.

Tokio, May 5.—The announcement of the final passage of the alien land-ownership bill by the California legislature has not created any excitement in Tokio. The characteristic self-control of the Japanese has asserted itself. The government officials, the press and the leaders in all walks are counseling patience and dependence on the evident determination of the American government and the vast majority of the American people to treat Japan with friendliness and fairness.

The agitators and those who have been making hysterical outcries against the proposed legislation have disappeared and the sudden stopping of the excitement is taken to indicate that it was largely manufactured. Undoubtedly, however, a deep feeling of disappointment and humiliation pervades the nation. An official protest is now in course of preparation.

WOMAN SICK FOURTEEN YEARS

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Elkhart, Ind.: "I suffered for fourteen years from organic inflammation, female weakness, pain and irregularities. The pains in my sides were increased by walking or standing on my feet and I had such awful bearing down feelings, was depressed in spirits and became thin and pale with dull, heavy eyes. I had six doctors from whom I received only temporary relief. I decided to give Lydia E. Pinkham's Vegetable Compound a fair trial and also the Sensitive Wash. I have now used the remedies for four months and cannot express my thanks for what they have done for me. "If these lines will be of any benefit you have my permission to publish them."—Mrs. SADIE WILLIAMS, 455 James Street, Elkhart, Indiana. Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact. If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

"The government and people of Japan," said the minister, "must endeavor to discover the fundamental cause of the differences and preserve the rights and dignity of the people of the respective countries by the friendliest exchange of views on the part of both governments."

Boston, May 5.—An operation which it is hoped will enable him to resume his position at first base, was performed upon Manager Stahl of the world's champion Boston American league baseball team here today. A surgeon opened the foot and removed a growth which, he said, had resulted from a "weeping sinus." It will take about three weeks for the wound to heal.

THREE BURN TO DEATH.

Fresno, Cal., May 5.—Three unidentified men were burned to death, one was injured so seriously that he may die, two others received minor injuries and a girl was hurt in the destruction by fire early this morning of a rooming house in the foreign quarter of the city. It is believed the dead all are Mexican or Italian laborers. The origin of the fire is a mystery.

NO MILITANCY GOES IN AMERICA

MRS. O. H. P. BELMONT SAYS STERN MEASURES WILL NOT BE NEEDED HERE.

London, May 5.—There is little likelihood that American suffragettes will adopt the militant methods which Mrs. O. H. P. Belmont threatens to introduce on her return to New York. This was the opinion given by Mrs. Carrie Chapman Catt, president of the International League of Woman Suffragists, at the reception in her honor today, under the auspices of the Women's Freedom League. Mrs. Catt said she had been asked often since her arrival in London whether American suffragettes were going to undertake a militant campaign. The situation in the United States, she said, was entirely different from that in this country, and she did not see how American suffragettes could adopt militancy unless they were prepared to make war on the majority of American men, which was most unlikely. "Your movement," she added, "resembles a battle, ours a process of evolution. Yours is picturesque and very tragic; ours is commonplace, but sure."

JACK JOHNSON TRIAL IS FORMALLY BEGUN

Chicago, May 5.—Twelve jurymen to try Jack Johnson, negro pugilist, on a charge of violating the Mann "white-slave" act, had been selected by the government when the first day of the trial ended tonight. None of the panels had been accepted by the defense.

Johnson is charged with having transported Bell Schreiber from Pittsburgh to Chicago for immoral purposes in 1910. There are 45 counts in the nine indictments against the negro, the maximum penalty collectively being 45 years in the penitentiary or a fine of \$90,000, or both.

TUBERCULOUS HUSBAND IS DIVORCED BY WIFE

Butte, May 5.—(Special)—Mrs. Besse A. Gallagher today was awarded a divorce from John A. Gallagher on the grounds that Gallagher, as he is suffering from tuberculosis, had become too cruel and inconsiderate for the defendant to live with further and that his condition was such Mrs. Gallagher did not want to subject herself to possible infection. "Gallagher is not expected to live more than three weeks. He was brought back home from Arizona to die. He was formerly chief book-keeper for the Anaconda company. Mrs. Gallagher was given her maiden name. She is the daughter of a wealthy dentist here.

STARS AND STRIPES PLACED ABOVE RED FLAG

DEFIANCE OF SOCIALISTS IS OVERCOME IN UNIQUE WAY IN OHIO TOWN.

East Liverpool, Ohio, May 5.—Cheered by thousands and later meeting with a unique situation, two men tonight placed the American flag above the red flag of socialism on a high building in which the socialists have headquarters. Several days ago the socialists hung their flag to the breeze, and the city authorities found that there was no law to hand it down. Protests from the G. A. R. and Sons of Veterans caused a lively controversy. Tonight two men, one a law student and the other the owner of the building, ascended to the roof of the structure through a trap door, incidentally passing the headquarters of the socialists. The American flag was nailed to the roof just above the red banner. A large crowd had collected. When the men attempted to leave the roof they found the trap door locked. From the edge of the building's roof the men notified the crowd below of their predicament. Within a moment an alarm of fire was sounded. The ladders of the department were used, and the two men descended to the street.

SUFFRAGE STRUGGLE IN PARLIAMENT IS STARTED

PROPOSED FRANCHISING OF SIX MILLION WOMEN HAS DIVIDED THE PARTIES.

London, May 5.—The struggle for woman suffrage began again in the house of commons this afternoon when the second reading was moved of Wiltoughby Dickinson's women's franchise bill. Whether this measure, which proposes to enfranchise 5,000,000 women, shall be given a fighting chance or the whole question buried for the lifetime of the present parliament will be settled tomorrow night. The vital sections of the brief bill are as follows:

- "1.—Every woman who, (a) if she were a man would be entitled to be registered as a parliamentary elector in respect of a household qualification within the meaning of the representation act of 1832; or (b) is the wife of a man entitled to be registered in respect of a household qualification and has resided in the qualifying premises during the period required by law, to enable a person to so register, shall be entitled to be registered and when registered to vote as a parliamentary elector in the constituency wherein the qualifying premises are situated.
- "2.—A woman shall not be entitled to be registered unless she has attained the age of 25 years.
- "3.—A woman shall not be disqualified by reason of marriage from being registered and voting."

Parties Divided.

The bill is backed by seven liberals, two unionists and two labor members. While it meets the wishes of most of the men supporters of woman suffrage, it does not go far enough for others. The parties are so hopelessly divided and even the members of the cabinet are so widely set apart on the question that a forecast of the outcome of the debate is most difficult. The members when they arrived at the house today had to run the gauntlet of many women parading the precincts, carrying sandwich boards with placards directed at the cabinet ministers, such as "traitor Asquith," "deport Reginald McKenna and Chancellor Hobhouse."

Wiltoughby Dickinson, in moving the second reading of the bill, argued that to refuse women parliamentary suffrage rights in order to punish a few criminals such as the members of the Women's Social and Political union, would be unjust.

Blow at Government.

Arthur C. Beck, another liberal member, in speaking for the reduction of the bill, claimed that the fact that all the outrages and crimes had been committed by women of education and high character, showed the inclusion of such women among the voters would be an absolutely destructive blow at parliamentary and constitutional government. The absence of speakers of prominence from the debate caused interest in the bill to wane to such an extent that at one time there was less than a quorum present. It was noticeable that both those supporting and opposing the bill were in accord in their denunciation of militancy.

Viscount Wolmer, speaking in behalf of the bill, evoked cheers by his condemnation of "those irresponsible lunatics, who are carrying on the militant movement."

The honorable Charles B. Stuart-Wortley, another supporter of the bill, said:

"No sane man can approve of the criminal acts of the militant group."

ELKS MEET TONIGHT.

One of the gala meetings of the season will be held by Missoula Elks at 8 o'clock tonight. A big class of fawns is to be taken into the lodge tonight and after the ceremonies there will be refreshments and a musical program. Many visitors from other sections of western Montana will be present and the occasion promises to be a jolly affair.

PERMITS FOR ANGLERS ARE READY TO ISSUE

Fishing and hunting licenses for the season of 1913 have finally arrived in Missoula. Judge Dyson sent most of yesterday afternoon in a car supporting eager applicants with their sporting permits. The licenses can also be secured at a number of other places in the city and from the game wardens. The old fee of \$1 is still charged residents, but by the new ruling non-residents will be taxed \$2 to fish in Montana streams.

WHITE-SLAVE CASE GOES TO JURY TONIGHT

TRIAL OF MAX FRIED, BUTTE POLITICIAN, DRAWS RAPIDLY TO ITS CLOSE.

Butte, May 5.—The case of the defense of the white-slave proceedings of the government against Max Fried, a local politician, who is accused of white-slavery in connection with bringing Mrs. Grace Beal from Spokane to Butte, had so far progressed today that the prediction was made that it would go to the jury at the latest by tomorrow night. This is Fried's third trial.

Rebuttal evidence today was featured by testimony from Chinese owners of "noodle" parlors who swore that Lilly Meagher was not in their parlors at the time that Sigmund Suslak swore she said she had been offered a sum of money to testify against Fried. She was one of the government's star witnesses. Suslak, on the stand, admitted a "frame up" to get evidence, but according to testimony today, the government contends the meeting between Suslak and Miss Meagher was purely imaginary. Suslak was convicted as an alleged accomplice of Fried.

RABID SUFFRAGETTE IN NEWSPAPER PLANT

London, May 5.—A militant suffragette effected an entrance into the Standard newspaper offices today and ran amuck through several of the rooms, smashing furniture. The woman was finally ejected by the police.

The Standard asserts that the poisoning of the Pekinese champion, Choo Tai, the property of Miss Violet Ashton Cross, last week, was the work of suffragettes. The dog died soon after winning the championship at the Southampton show.
