## PASTOR RUSSELL'S WEEKLY SERMON

Harrisburg, Pa., May 21.—Pastor Russell's address today on Satan's great lie was a remarkable one in several ways. He really told his audience that they had all been believing Satan's lie. And he really told spirit mediums that they were the mediums, not between real and living humans, but between humans and demons, the fallen angels. And yet the pastor said all this in such a kindly, sympathetic manner that surely none could take offense. Evidently, no offense was intended, but merely the presentation of what the speaker honestly believes to be the teachings of the Bible.

He opened his address by noting the fact that the common conception respecting Satan's appearance, and whereabouts is wholly false, built not upon human imagination, handed down from a darker day. The pastor believes in a real, personal Satan, and believes in a real, personal Satan, and prince of demons. In other words, he believes the Bible to teach that Satan is an angel of higher rank than ordinary angels and possessed of superior powers. Hence he outranks those who are with him, and performs his leader, or prince.

That Satan is not in some faroff place with his fallen angels, torturing millions of the human family in furnaces, the pastor made very clear. He showed that nothing of the kind is taught in the scriptures. On the contrary, they teach that Satan and his host, since the Deluge, are under restraint, confined to Tartarus, our earth's atmosphere. They cannot wander around the universe, as demons, Satan is very literally, therefore, "the prince of the power of the air," and his associate demons are members of this aerial, or spirit power, malevolent as respects everything that is of God and righteousness, and especially the flesh, therefore, of such humanity as renounce the works of the flesh and the Devil, and seek to walk in the footsteps of Jesus.

### The Lie and Where Told.

The lie was told in Eden. The serpent was used as Satan's tool. Satan himself was originally the only real, His associates, the fallen angels, were not with him in his rebellion until some time afterward. The pastor would not say that the serpent could not speak under a satanic impulse or obsession or hypnosis, but he inclined to believe that the serpent spoke by its actions. He quoted the proverb which declares that "Actions speak louder than words." He thought that this was probably the way in which

to carry out this program that he deceived our first parents and started his great lie.

### Satan's Plans Changed.

When Satan perceived that his subjects were perishing and becoming imbecile, mentally and physically, he thought to circumvent the Divine penalty by introducing fresh vitality into the human family. This he did by seducing some of the angels. Originally angels apparently had the power of materialization—of taking human form or any other form that they might choose. Satan's program deflected some of these from their loyalty to God and to their nature, and induced them to materialize and live as human beings and rear human families by taking human wives.

The pastor pointed out the Scripture which described this defection of the angels. This, he said, must have progressed for centuries, according to the Bible account. The angels "sons of God" saw the daughters of men that they were fair, and they took unto themselves wives of all that they chose. There were born unto them children, "men of renown," intellectually, and giants physically. The virility of the angels grafted upon the human stock, produced a race in some respects superior, but in others very inferior. Begotten and born in opposition to the Divine will and in a rebellious attitude of heart, these giants were brutish, devilish.

### Satan the Father of Lies.

Jesus declared Satan to be the father of lies. This corroborates the thought that never until Satan started the course of sin was there any need for lies. All of God's dealings with the angels and their dealings with each other have been along the lines of simplicity, truth, purity, holiness. The first use of a lie was when Satan determined to exalt himself as the god of earth. It was to alienate our first parents from the Almighty that Satan lied to them, assuring them that disobedience to God would not bring the death penalty that God had declared. Ever since then, sin, abounding, has given temptation to misrepresentations, bearing false witness, etc.

Selfishness was the foundation for the first lie. Any selfishness continues to invite falsehood, even among those who see clearly how despicable falsehood is. An each falsehood seems to call for another to help justify it, and to cover up the selfishness which prompted it. No wonder the apostle urges those who become Christians to put away lying, saying: "Lie not, one to another." As Satan stands as the father of lies, so God, on the contrary, stands as the father of truth.

Our Lord not only said that Satan is the father of lies, but intimated that the lying spirit is of Satan, saying to some of those who opposed the truth, "Ye are of your father, the Devil, if his works ye do." He was a murderer from the beginning and abode not in the truth." (John 8:44). On the contrary, God, the father of lights and the father of the truth, is the personification of light, truth, even as Satan personifies darkness, error, falsehood.

### The Children of the Light.

The conflict between light and darkness, truth and error, has progressed for more than six thousand years. God's word is always the truth. Jesus prayed, "Sanctify them through thy truth; thy word is truth." Satan's falsehoods are always injurious; hence the promise is that when Jesus, the prince of light, shall take His great power and reign. He will bind Satan, the prince of darkness, that he may deceive the nations no more.

Here we have another corroboration of the fact that the great deceiving power amongst mankind for six thousand years has been a spiritual one—Satanic power. No wonder that under this domination of Satan we have had this dark age of sin and death. No wonder the Bible declares that from the Divine standpoint the world has been in darkness. "Darkness covers the earth; gross darkness the heathen." Jesus came, and brought light into the world. But men loved darkness rather than light because their deeds are evil, because sin has gained such a hold upon them, because it is easier for them to remain under the binding influence of Satan than to come under the blessed light of the Gospel of Christ in the present time. It costs something now to be a follower of the prince of light, an opposer of the prince of darkness, whose realm is world-wide.

How glad we are that the morning of the new day is so near! As Jesus explains (Matthew 13:43) "Then shall the righteous shine forth as the sun in the kingdom of their Father." Himself and His elect church, gathered from every nation and denomination, will constitute the glorious ruling power of the new dispensation. Jesus likens His kingdom to the sun. As the sun scatters the darkness of earth and drives away its mist, so will the sun of righteousness arise with healing of his spirit.
