FEDERALS ROUTED BY VICTORIOUS REBELS

OUEDA FALLS BACK ON GUAYMAS AND OTHER INSURGENTS MARCH ON JUAREZ.

Douglas, Ariz., June 27.—Claims of Sonora state officials of a victory over the federalists above Guaymas, at first questioned, were sustained today from various independent sources. Officials of the state department at Washington confirmed General Oueda's complete route. The federal governor of Sonora in messages to the border admitted that Oueda's forces had returned to the California gulf port after their protracted campaign to the north.

General Obregon, in command of the state insurgents, tonight telegraphed that a detachment under Major Trujillo had occupied San Jose de Guaymas, a suburb of strategic importance, six miles from the center of the city. The officials report that the federalists had abandoned their artillery, provisions, prisoners and wounded, seemed today to have been well est-

ablished when private advices arrived from Hermosillo, the state capital, and other interior points.

Encouraged by their successes in preventing Oueda's march toward the capital, the state leaders plan an immediate investment of Guaymas. The town, however, presents a difficult problem on account of its natural advantages for fortification. Guaymas is set in a range of hills and from the bay Mexican gunboats in the vicinity may assist in the defense of the only remaining port in Sonora held by the Huerta government. It was to offset the effect of the gunboats that the insurgents had planned to use Didier Masson's aeroplane. But the French aviator's bomb-dropping expeditions proved of no avail.

Official insurgent advices received tonight said that General Oueda's column had not entered Guaymas, but was surrounded by insurgents at Bacanete. While the remnants of Oueda's army are besieged by the state's Yaqui Indians, another group of insurgents is reported preparing to enter Guaymas tomorrow. It was asserted that the gulf port contains only the resident garrison of 400 men and no opposition was expected.

Marching on Juarez.

El Paso, Texas, June 27.—Dr. Samuel Navarro, surgeon in the constitutionalist army, subordinate to General Francisco Villa, arrived here this afternoon from Casas Grandes, Chihuahua, via Columbus, N. M. He says that Villa's forces are divided into three columns and marching to attack Juarez from as many different directions. United States army officers report de-

partments of the constitutionalists at Ascension, Palomas and opposite Sierra Blanca. Dr. Navarro asserts that Colonel Juan Dugal, commanding one of Villa's columns, is camped tonight on the north shore of Lake Guzman with 500 men.

Villa's army, numbering about 2,200 cavalry, is depending upon its rifles and dynamite to capture the border port, according to Surgeon Navarro. He says none of the three columns has artillery or machine guns, but that all are well supplied with rifle cartridges.

Tonight a report reached here that Colonel Toribio Ortega, leading 500 rebels, has passed the Ponce ranch, 60 miles down the Rio Grande, marching toward Juarez. Porfirio Tamamian, at the head of 600 Sonora troops, is said to have joined Villa's main body somewhere near Lake Guzman today. No reports from either of Villa's columns have been sighted near Juarez, but it is believed that a part of them will reach Flores ranch, five miles west of Juarez, within 24 hours.

LOGAN KNOCKED OUT.

New Orleans, June 27.—Frank Moran of Pittsburgh knocked out Tim Logan of Chicago in the fourth round of a scheduled 10-round fight here tonight. Moran floored Logan shortly after the opening of the fourth round with a hard right to the jaw, and a little later put the Chicago man down for the count with another stiff right to the same place. Both men weighed close to 200 pounds.

BOY SCOUTS TOLD TO SLOW DOWN IN RELAY

BEARERS OF MESSAGE FROM WILSON TO MAYOR HARRISON ARE TOO FAST.

Chicago, June 27.—The arrival tomorrow of the last Boy Scout carrying a message from President Wilson to Mayor Harrison, will open the international amateur athletic games which will continue for a week at the lake front stadium.

The last Boy Scout runner will trot into the stadium at 2:30 and at about the same time the leader of a full-distance marathon race, the opening event of the week's program, will finish. Gaston Strobino, third in the Stockholm marathon, and Joseph Ericsson, Missouri Athletic club, winner of the all-western marathon in 1912, head the list of entrants, which is one of the strongest fields ever entered in an American marathon.

The national interscholastic track and field championship will open the stadium events. High schools and academies from all over the country are entered. International games will bring here amateurs from all over the United States and a number of European stars.

Speed made by the Boy Scout relay is proving an embarrassment to the international games committee as the relay runners are several hours ahead of the schedule and the flying feet of the boys are increasing the lead.

A telegram was sent by the committee today to intercept the runners at South Bend, and call on them to slow up so as not to have the last man finish ahead of schedule time.

Owing to the extreme heat, orders have been issued by the games committee that all runners from now to the finish run in track suits instead of Scout uniforms.

FOUR DROWN.

Cassville, Wis., June 27.—Three young girls, Myrtle Judd, Nora Edwards and Helen Godenery, were drowned today when the boat in which they were rowing on the Mississippi capsized. Dr. R. A. Kenney, who saw the accident from the shore and swam to the rescue, also was drowned when the struggling girls seized him.
