New York, Aug. 11.—New York reinforced by their new \$100,000 infielder, Fred Maisei, won another game from St. Louis today, 6 to 2. Caldwell pitched great ball for New York, holding the visitors to three hits. Pratt's homer into the left field bleachers in the first inning was the only clean St. Louis hit. The other Brown run was scored in the third when a wild pitch bounded off, enabling Shotton to score from second. The Yankees won the game in the second inning when they scored three runs, due to Levern's ineffectiveness. Singles by Peckinpach and Knight and H. Williams' pass filled the bases with none out. Sweeney's pass forced in Peckinpach, and Caldwell's single scored Knight. After Levern had pitched two balls to Cook, Baumgardner relieved him. Cook then hit into a double play, H. Williams scoring. Maisei made a fair impression. His stop and throw on Austin's bunt in the ninth was the fielding feature of the game. At bat he was up four times, drawing one base, stealing second and scoring on a crew's single. The other new men continued their good work. H. Williams had two passes and a single in three times up. Score: R. H. E. St. Louis..... 2 3 1 New York..... 6 2 3 Batteries—Levern, Baumgardner and Alexander; Caldwell and Sweeney.

Bad Pitching Loses.
Philadelphia, Aug. 11.—Bad pitching in the seventh inning cost Chicago a defeat by Philadelphia here today, 3 to 2. The visitors took a lead of five runs in the first three innings when they scored seven hits, including a home run by Bodie and three passes off Bush. Houck took Bush's place in the fourth inning and retired his opponents in order in the last six innings. The score was 5 to 2 in favor of Chicago when the home team went to bat in the seventh and scored six runs. Schang opened this session with a double and Houck walked. After Cicotte had two balls and no strikes on E. Murphy, Russell was sent in to pitch. Russell gave passes to E. Murphy, Oldring and Collins, forcing in two runs. Scott took Russell's place and Baker's triple scored three more. Baker tallied the final run when Weaver threw McNinn out, Chase being caught napping on the play. Score: R. H. E. Chicago..... 6 2 1 Philadelphia..... 3 2 3 Batteries—Cicotte, Russell, Scott, Benz and Schalk; Bush, Houck and Schang.

Senators Never Threaten.
Washington, Aug. 11.—Cleveland got away to an early lead in the opening frame today and with Mitchell pitching a tight ball Washington was never dangerous, the visitors winning, 6 to 1. Neither team scored after the first until the ninth when Hughes went in to pitch for Washington after Schaefer had batted for Egel. He was hit hard and before Cleveland had been retired four runs had been scored off him. Score: R. H. E. Cleveland..... 6 10 0 Washington..... 1 4 4 Batteries—Mitchell and O'Neill; Engel, Hughes and Henry.

Leonard Is Wild.
Boston, Aug. 11.—By winning from Boston today, 6 to 2, Detroit made it two out of three victories for the series. Leonard was wild and the visitors batted hard, getting men on bases in all but two innings. Cobb's two hits drove in three of Detroit's runs. Parss pitched a good game, being especially effective when men were on bases. Score: R. H. E. Detroit..... 6 12 1 Boston..... 2 8 1 Batteries—Davis and Stange; Leonard and Carpan.

Called Off.
Seattle, Aug. 11.—Negotiations began last month for the sale of the Victoria team in the Northwestern league have been called off, according to word received from President Wattlet last night. The Victoria club has been doing so well the last 10 days that the present owners decided to retain control of the team.

Notes from the Anvil Chorus

The chorus is pretty slim today and there wouldn't have been any only for the insistence of certain discriminating subscribers who demand that they get their daily ration of the Wicked Bo'sun. So lest the good craft grow covered with barnacles we'll hold the anchor. Annot the team everybody, and we're off.

THE WICKED BO'SUN.
(Synopsis)—The gallant Anabella having weathered a fearful storm is now bowling along over the bounding main. Everything is apparently ship-shape and Bristol style. The bimini light burns brightly and the starboard watch stammers perfectly in the lee scuppers. All is not well, however, for the ship harbors a scurvy knave who recks of naught but selfish greed.

The bo'sun tight he was a fright Of pirate nature he, The famous Captain Kidd was naught For downright villainy.

What cared he for the heathen, Their happiness or plight? He planned a dastard measure Which to him seemed out of sight.

While the ship sped on with sails unfurled, And bore clenched in her teeth, The bo'sun started his dark plot To cause the heathen grief.

He knew the precious cargo, That was stored down in the hold So he grabbed his trusty hackaw With his teeth so white and cold.

An Even Break.
Pittsburgh, Aug. 11.—Pittsburgh and Cincinnati broke even in today's double-header. Ames held Pittsburgh to four hits in the first game and Cincinnati won, 3 to 1, by punching hits off Cannitz in the first inning. The locals had it easy in the second, winning, 12 to 1, while Adams held Cincinnati to three hits.

Cincinnati won the first game with two men out in the first inning when Marsans tripped, Holtzcliff hit home run and Dodge doubled. Singles by Miller and Mitchell and an error by Berghammer gave Pittsburgh its only run in the ninth. Score: R. H. E. Cincinnati..... 3 6 2 Pittsburgh..... 1 4 2 Batteries—Ames, Kling and Clarke; Cannitz and Gibson.

Second game— R. H. E. Cincinnati..... 1 3 5 Pittsburgh..... 13 17 0 Batteries—Suggs, Herbert and Kling; Blackburn, Adams and Gibson.

SYLVIA SERVES TIME.
London, Aug. 11.—Seventeen military suffragettes were sentenced today to terms of imprisonment, ranging from a week to two months as a sequel to yesterday's attempt to storm Premier Asquith's official residence in Downing street. Sylvia Parkhurst, leader of the storming party, was not among the prisoners, as she had been taken direct to Holloway prison to serve another portion of her previous sentence.

PUNISHED.
Seoul, Korea, Aug. 11.—James Mason, American manager of the gold mines at Unsan in Northern Korea, was sentenced today to eight months penal servitude on a charge of manslaughter for killing a Chinese mine employee, who, in the absence of Mr. and Mrs. Mason, committed a criminal assault on his 12-year-old daughter.

In his defense today Mason pleaded the unwritten law, but was condemned. An appeal against the sentence was entered at once.

PAT BOHEN SOLD TO ATHLETICS

The deal was closed last night whereby Pitcher Pat Bohan of the Highlanders becomes the property of Connie Mack and a prospective member of the Athletics' pitching staff. The figure which decided the sale was not announced last night. The Philadelphia club has not said when it will want the Missoula man, but it is not expected that he will be called before the close of the Union association season. He will then be in his new-found company for a month before the big league season closes.

BUTTE MEN COME YOUNGER MEMBERS TO COPPERS' RELIEF OF CONGRESS RESTIVE

FINANCIAL BACKING IS PROMISED AND LEAGUE TAKES OVER CLUB TEMPORARILY.

FUTURE OUTLOOK GOOD

President Mulroney, on Behalf of Circuit, Pays Back Salaries of Players, and All is Now Serene—Schedule Will Be Carried Out.

Washington, Aug. 11.—(Special)—The slow progress of the currency bill through the caucus has been due in part, it is claimed, to the restiveness of younger members of the house, who feel that they are not accorded the recognition that they deserve from the older members.

There is something peculiarly fortuitous about a new member who has been in congress long enough to begin to realize that he is only a unit and perhaps a somewhat insignificant one. In a large law-making body where precedence depends almost wholly on the length of service, he finds himself given the choice of the poorest office rooms, he is hardly consulted as to what committees he shall be put on, his requests for patronage are all but unheeded, the older members seem to take pleasure in asking who he is and what district he hails from; in short, he is made in various ways to feel like a very unimportant and really an almost unnecessary part of the legislative machine. Of course, if he possesses exceptional ability, he soon forges to the front and commands attention. Any man will command attention in congress if he knows what he is talking about; but if he merely makes a noise, he is pretty sure to find himself talking to bare benches.

Professe and Rustan are recognized all too readily for the support of the new member who has no hall-mark. "Certainly it must be confessed that as a rule the new members average up as well as the old ones, but the seniors hold the power and they are not in any haste to yield it to anyone. That is where the trouble over the currency bill came in. There has been a great deal of log rolling over it, nearly every one wishing to get something that he should make provision for the written into it, or to have something taken out if it seemed to be objectionable in his particular state and locality. The squabble has been likened to the scramble for pork when an appropriation bill has been under consideration. But the new men have not been consulted to any great extent by the leaders. They have been expected to be right in the thick of the debate, giving and taking counsel, but it would seem that their advice has not been valued.

When the new men have been here long enough to know how to make trouble things ease up a bit for them. They start in to give that "old time ring" as they term the leaders, a few setbacks, and then they are given a little more consideration—but only a little, for of course the leaders have the advantage when it comes to taking advantage of the rules to make anyone uncomfortable. But the malcontents gradually have to be taken into account and they are likely yet to make themselves felt in the currency legislation. The leaders are greatly annoyed over the actions of the malcontents and there are whispers that the latter are to be punished. Perhaps it will be keeping them from getting anything for public buildings in their districts, or for river and harbor work. Or they may encounter unexpected difficulties in getting small matters passed on at the various departments. There has been much complaint because the appropriations committee has failed to report on the deficiency appropriation bill, which carries items for public buildings authorized in the last congress. Getting a postoffice building authorized does not necessarily mean that it is going to be erected right away.

"In my state," remarked one of the new congressmen, "a postoffice building has been authorized in a certain town for four years. In fact, the lot has been bought for it, but the architect of the building has no small force that he has not been able to get around to drawing the plans for it. As I can't get an allowance to give him more draftsman, I do not know when the building will be started. And as the government is paying high rent, it is losing money."

Then there is patronage. The house special committee on patronage is busy at work. It is said, trying to figure out how the patronage is to be divided, but it does not seem to get anywhere. The "boys" are chafing over the delays and they have, in all probability, been taking some of their spleen out on the currency bill, which nevertheless will, it is predicted, emerge from the rough and tumble scrimmage in the caucus with little or no change. The senate is also giving the administration some worry on the currency question, but it is generally believed that the president will use the patronage lever to bring the malcontents into line.

Good Reason for His Enthusiasm.
When a man has suffered for several days with colic, diarrhoea or other form of bowel complaint and is then cured sound and well by one of two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as is often the case, it is but natural that he should be enthusiastic in his praise of the remedy, and especially is this the case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails. Sold by all druggists.—Adv.

MINOT IS READY FOR OUTBREAK BY I. W. W.

Minot, N. D., Aug. 11.—Special policemen to the number of 50, in addition to the usual force, are patrolling the streets here tonight to quell possible trouble between the citizens and Industrial Workers of the World. While all is quiet tonight the militia will be called out to preserve order at the slightest indication of further rioting. Arthur Le Stour and Dewey Durston, former mayor and present city commissioner, will be tried tomorrow before a jury. They are charged with disorderly conduct. Separate trial was denied them today.

STRIKE THREATENED BY ELECTRICIANS OF BUTTE

INCREASE IN WAGES AND BETTER WORKING CONDITIONS ARE DEMANDED.

ITALIAN WORKMEN OUT ON LONG STRIKE

REVOLUTIONARY DOCTRINE IS PREACHED BY LEADERS OF THE MOVEMENT.

Butte, Aug. 11.—The local union of the International Brotherhood of Electrical Workers, representing every lineman employed in the city, today notified the managers of all public utilities employing members of their craft that unless their demands for an increase in wages and better working conditions are met by 8 o'clock tomorrow morning they will order a strike, involving ultimately a tie-up of telephone and electric light, telegraph and street car companies as well as the mines which for the greater part are dependent upon electricity for operation.

The men formulated their demands last night and presented them today. They fix a minimum of \$8 a day for journeymen, \$6.50 for foremen; \$7.50 for cable-splacers and \$8 for foremen of cable-splicing gangs. An eight-hour day, the eight hours to include time to and from the shop and a Saturday afternoon holiday each week, also are asked.

Managers of the public utilities affected said tonight that the demands came so suddenly they could give no definite answer today.

IN SECRET CAUCUS GLASS DEFENDS HIS BILL

(Continued From Page One)

Ragsdale and Eagle of Texas withheld their approval. Mr. Glass' speech in explanation of the bill, which began as a general statement of the purposes and hopes of its framers, was turned into an emphatic defense of the measure when the "insurgents" insisted that it should make provision for the issuance of currency upon warehouse receipts for corn, wheat and cotton.

Fine for Speculators.
Speculation would receive the active support of the government, he declared, if those amendments were put into the bill. The legitimate demands of "farming communities" for money to carry on ordinary farming and commercial operations were fully covered by the measure, and to make warehouse receipts for cotton or grain a legal security for the issuance of the proposed new treasury notes would furnish the means by which speculators could hold the cotton and grain crops in storage for an indefinite period.

Friends of the administration bill, as the result of today's opening session, predicted that the caucus would approve the measure with few changes. Representatives Neely, Ragsdale and Eagle will lead a fight, however, for the adoption of the proposed agricultural amendments, and also for amendments to prevent interlocking directorates of national banks, and to prevent banks from loaning money to their officers.

The caucus agreed to allow eight hours for general debate on the bill, one-half to be controlled by Chairman Glass and the other half by Representative Neely of the "insurgent" forces. It is expected that the caucus will run throughout the week, as the bill will be read and debated section by section after the general debate is ended.

GASTRO INSURGENTS MEET WITH DISASTER

Caracas, Aug. 11.—General Torres Castro, a relative of former President Cipriano Castro, was captured on Friday by the government troops commanded by Generals Coregas and Sayago and Bustamante, according to an official communication.

A number of General Torres Castro's officers who had fled to the mountains of Maecuro after the defeat of Castro's adherents on July 28 when they attacked the government forces in the city of Maecuro, also were taken prisoners.

Remarkable Cure of Dysentery.
"I was attacked with dysentery about July 15th, and used the doctor's medicine and other remedies with no relief, only getting worse all the time. I was unable to do anything and my weight dropped from 145 to 125 pounds. I suffered for about two months when I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy. I used two bottles of it and it gave me permanent relief," writes B. W. Hill, of Snow Hill, N. C. For sale by all druggists.—Adv.
