

JOHNSON HAS A JOB IN WHITE HOUSE

FORMER UNIVERSITY MAN REWARDED FOR CAMPAIGN SERVICES WITH POSITION.

From letters to friends and other sources, it is learned that Wayne Johnson, a former university student well known in Missoula and who was appointed last month to a position on the White House staff, has fully qualified for his office and is at work in personal touch with the President. Johnson's appointment came as a reward for a vigorous part taken in the campaign that elected Woodrow Wilson last fall. He is connected with the secret service stationed at the White House, a position that carries with it ample emoluments, dignity, and an opportunity to meet public men.

It was in Missoula that Johnson began his political career. With his Woodrow Wilson club formed at the university early in the spring of 1912, he was probably the first active Wilson supporter in the state. As president of the club he traveled about the state working in the cause of the New Jersey governor. He was active during the actual campaign last fall, working so industriously that he was recognized by the powers that be.

On August 10 Joe Kirschwing, member of the Montana legislature, received word from Washington to send Johnson on to the capital. The young man left the following morning and has since qualified himself for the position. To a friend in Missoula he writes that he occupies a confidential capacity on the White House staff and that his hours of duty are from 4 to 12 o'clock in the day.

HEATING PLANT BIDS OPENED BY "FATHERS"

The opening of bids for the construction of a heating plant at the county poor farm was the principal business accomplished by the county commissioners at their meeting yesterday. Only two bids were submitted. H. A. Burke of Missoula had the lower offer. He bid to do the work for \$1,332. J. W. Kennedy of Missoula offered to construct the plant for \$1,350. The commissioners did not award the contract, but will take the matter under advisement. The remainder of the session was spent in auditing the quarterly claims against the county, a task which has occupied the county fathers for the past week.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Your Hair Gets Soft, Fluffy and Luxuriant at Once.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Dandruff.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff, you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fanish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25-cent bottle of Knowlton's Dandruff at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Dandruff. If eventually—why not now?—Adv.

CHICKEN FANCIERS PLAN BIG SHOW

POULTRY ASSOCIATION BELIEVES JANUARY EXHIBITION WILL BE BEST EVER.

A very large and enthusiastic crowd of chicken fanciers was present at the monthly meeting of the Western Montana Poultry association, which was held last evening in the city hall. The reports of the various committees, who have in charge the work of preparing for the next annual show, which will be held the week of January 13 to 17, 1914, were read and the indications are that Missoula will witness, at that time, the largest exhibition of high-bred birds ever shown in the inter-mountain country. Last year this show easily outdistanced all other shows held in Montana, both in quantity and quality, and the association members are working industriously to make the coming event larger than ever. Inquiries from the surrounding states, as well as from all over Montana, are coming in very fast requesting data on the show. Work on the premium lists will be started at once.

IF CONSTIPATED OR BILIOUS "CASCARETS"

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels.

Get a 10-cent box. Take a Cascaret tonight to cleanse your liver, stomach and bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous, upset, bothered with a sick gassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil? Cascarets immediately cleanse and regulate the stomach, remove the sour, indigestible and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action, a clear head and cheerfulness for months. Don't forget the children—Adv.

ROAD INTO SWAN LAKE TO BE FINISHED SOON

The Flathead county commissioners have ordered a survey made of the Swan Lake road, from the foot of the lake to a junction point with the highway being constructed by the forestry department. The Somers lumber company, who expect to profit by the road as an inlet to their logging camps, has offered to build the road if the county will stand the expense of surveying and blasting powder. This decision of the commissioners means that there will soon be a road along all the lake, as the forest service will soon have its section completed.

HUNGER WAS CAUSE OF MACK'S THEFT

Hunger and inability to get work or money drove Walter Mack to break into a Milwaukee freight car loaded with whisky, according to the information conveyed from him, through an interpreter to Judge Jackson yesterday. Mack is unable to speak English, but he spotted some whisky in a Milwaukee car and took it to satisfy his hunger. Yesterday he was arraigned in the district court and after offering the explanation that starvation sent him after the "booze" took until this morning to plead to a charge of burglary.
