

# DATE OF BANQUET OF FISHERMEN IS SET

ANGLERS' CLUB TO FEAST ON TROUT AND GRAYLING ON MONDAY, SEPTEMBER 22.

Plans for the annual fish banquet and a big fly-casting tournament were discussed by a big crowd of sportsmen at a meeting of the Anglers' club last evening. Judge Bickford's office, where the meeting was held, was packed with fishermen, all enthusiastic over the coming events.

It was decided by the club to hold the fly-casting tournament on Sunday, September 21, and to give the banquet on the following evening. Butte and Anaconda fishermen have written Secretary Frank McFarlane asking that those dates be selected as many anglers from the copper towns are anxious to attend the Missoula festivities and will be best able to do so at that time.

Judge Bickford swelled the enthusiasm by announcing to the anglers that he would provide a monster grayling for the banquet. Since grayling were plentiful in western Montana streams few fishermen have been able to catch them, but that Judge Bickford's declaration created a lot of excitement.

Already the club is collecting fish for the big feed. It is necessary that large numbers of trout be on hand before the day of the banquet and all anglers who want to contribute to the supply are urged to leave their fish with George Heimbach, who will put them in cold storage at once.

The committee in charge of the fly-casting tournament has decided to hold the events on the Missoula river near the Milwaukee depot. A platform will be built across the pond just below the depot and the contestants will cast downstream. A fine list of prizes has been arranged for these contests.

The anglers discussed in heated fashion the action of the unknown people who killed so many fish in the Bitter Root river last Sunday and will take action if the opportunity arises.

**Stevensville News**  
Stevensville, Sept. 9.—(Special.)—Rev. Edward C. Bartlett, the new pastor of the First Methodist Episcopal church, accompanied by his wife and three children, has arrived in Stevensville from his former charge. They came overland, making the trip with their rig, and Rev. Mr. Bartlett has already taken up his duties here. Before coming to Stevensville he was pastor of the Bozeman church for two years.

The Josephine Deffry company, which pleased Stevensville audiences a few weeks ago, will return to Stevensville this week, for a three nights' engagement at the Grand. They will be here from Thursday to Saturday.

Mrs. John Moffatt, wife of Manager Moffatt of the dry goods department of the Stevensville Mercantile company, returned to Stevensville the first of the week from a visit to her home in Ontario.

Yesterday a civil action of Hedrick and wife, against Mrs. Rodella Culbertson of the Pine ranch on the west side was tried before Justice Eckroff. The action was for wages and the Hedricks sued for \$150. The jury returned a verdict allowing the plaintiffs \$50.

A. A. McSweeney, who was principal of the Stevensville high school last year, and who has been spending his vacation here, spent several days during the past week in the vicinity of

**Livingston, where he has secured a school in a private family. His school will open in October.**

James Dobbins, a son of George W. Dobbins, the Montana pioneer who died here last week, and who came to Stevensville from Victor, Colo., to attend the funeral, is spending a few days here. Since leaving Stevensville Mr. Dobbins has married a Colorado girl.

Wednesday evening another dance is to be given at the Grand.

**Cases Continued.**  
Stevensville, Sept. 9.—(Special.)—The assault cases against Charles O'Hare, William Thill, Peter Boltz, Vic Boltz and James Luby, in which Paul Cantway, "The Bitter Root Kid" was the complaining witness, were continued for a period of three weeks on account of the illness of James Luby, one of the defendants. Mr. Luby is ill with typhoid fever and the cases were postponed until September 30. The case of John E. Thill against Paul Cantway, which was the outgrowth of the actions brought by Cantway, was also continued. The story of the trouble appeared in The Missoulian some time ago and the actions in court are results of trouble which occurred at a dance in Florence, which was conducted by Cantway.

**IF MEALS HIT BACK AND STOMACH SOURS**  
"Pape's Diapiesin" Ends Stomach Misery, Indigestion in 5 Minutes.

If what you just ate is souring on your stomach or flies like a lump of lead refusing to digest, or you belch gas and eructate sour undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach, headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapiesin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapiesin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness, or constipation.

This city will have many "Pape's Diapiesin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get one now, this minute, and rid yourself of stomach trouble and indigestion in five minutes.—Adv.

**MISSOULA LUNATIC ATTEMPTS SUICIDE**  
Butte, Sept. 9.—(Special.)—E. Christian, an escaped lunatic from Warm Springs, attempted to drown himself in the Silver Bow slum pond late this afternoon, but the water made him refuse to go down. Christian was unable to sink and he was pulled out much against his will. Christian was sent up from Missoula, where he is the owner of a farm and was considered well to do.

**THE THEATERS**  
Empress.  
The great Santa Monica road race, which is one of the most important automobile events of the year, will be a feature at the Empress theater today. The splendid film shows many of the exciting incidents of the great road race. "The Social Secretary," a thrilling high-class society drama, will be another head-liner. "A Perilous Ride," a dramatic film, and "From the Portals of Despair" round out the program.

Isis.  
An extraordinary program will be shown at the Isis tonight and Thursday, consisting of a two-part Selig masterpiece and the Vitagraph comedies presenting Mr. and Mrs. Maurice Costello, "The Child of the Sea."

Bijou.  
A matinee will be given at the Bijou today at 2 o'clock. The vaudeville bill which opened Monday will have its last showing today. Bobby Robins, the star character comedian, made another big hit with his original monologues, and up to the minute jokes. Silver & Gray have an exceptionally neat and entertaining singing and talking act. There will be an entire change of pictures today, with Pathe's Weekly as the headliner, full of the new happenings from all parts of this big and interesting world. There is also a big comedy on this bill entitled "Starved Out." Here is a photograph that nobody can afford to miss. It is "I Was Almost for You." Just what every fond lover tells her, but nowhere more sweetly than in this Biograph drama. With one of those matchless casts. The orchestra has a splendid musical program, and as usual, always more than pleases. Always entertainment and always something new at the Bijou.

**BELIEVE ME**  
Billy Clifford is still a vaudeville actor, even if he has been taking out his own show for a number of seasons. He—and a lot of other folks—entertained a rather slim audience at the Missoula theater last evening. From first to last, "Believe Me" is vaudeville. It has, however, achieved something in the way of brevity of plot. The story is expressed in the title, which is elucidated by the entire company just before we all go home. Outside of that—

Miss Ida May and Mae Collins, more of the legitimate comic opera type, helped out the vaudeville and led some other clever turns of their own. Edward Clifford, he didn't look like any of Billy's folks, turned up in the second act and won a moiety of applause with "Will o' the Wisp" and "All Aboard for the Honey-moon Express."

**THE WEATHER**  
"The melancholy days have come," or at least yesterday was very much like the serene times of which the poet speaks. It caught most people with winter overcoats still on moth-balls and with their steam heat only a desire. Some overcoats appeared at that, however. **SOMEDONT'S**  
For Stomach and Liver Sufferers

Don't take medicine for your stomach ailments morning, noon and night, as usually such medicines only give temporary relief and simply digest the food that happens to be in the stomach.

Don't permit a surgical operation. There is always serious danger in operations, and in many cases of Stomach, Liver and Intestinal Ailments the knife can be avoided if the right remedy is taken in time.

Don't go around with a foul smelling breath caused by a disordered Stomach and Liver, to the discomfort of those you come in contact with.

If you are a Stomach Sufferer don't think you cannot be helped, probably worse cases than yours have been restored by Mayr's Wonderful Stomach Remedy.

More stomach ailments are mainly caused by a catarrhal condition. Mayr's Wonderful Stomach Remedy not only removes the catarrhal mucus, but allays the chronic inflammation and assists in rendering the entire alimentary and intestinal tract antiseptic, and this is the secret of its marvelous success.

Don't suffer constant pain and agony and allow your stomach ailments to physically undermine your health. No matter how severe your case may be or how long you have suffered—one dose of Mayr's Wonderful Stomach Remedy should convince you that you can be restored to health again. Mayr's Wonderful Stomach Remedy has been taken and is highly recommended by members of congress, justice of the supreme court, educators, lawyers, merchants, bankers, druggists, nurses, manufacturers, priests, ministers, farmers and people in all walks of life.

TWICE AS MANY STUDENTS ENROLL AT UNIVERSITY AS ON FIRST DAY LAST YEAR.

New and old students to the number of 184 registered at the state university yesterday, the opening day of the year. This number is twice as large as the former record for registration day, which was reached last year. An encouraging feature of the day's enrollment is that most of the names signed were of students from other towns than Missoula and were largely freshmen. This means that the student body is still to be augmented by local students and by upper-classmen who are coming.

An innovation in the registration scheme was tried out with great success. The registrar's desk and desks for each of the departments were arranged in the gymnasium, thus doing away with the crowding and confusion met with in former years when all the registering was done in the main hall office.

The department that proved most popular with the freshmen is that of commerce and accounting. Figures giving the number of students enrolled purely in these courses were not available, but it is certain that they will draw an especially large attendance.

Surmises made yesterday on the registration that will be made today were very hopeful. If the pace set yesterday is continued at the rate to be expected from former years, the total enrollment will doubtless reach all expectations.

**Varsity's Opening Beats Former Records**  
TWICE AS MANY STUDENTS ENROLL AT UNIVERSITY AS ON FIRST DAY LAST YEAR.

New and old students to the number of 184 registered at the state university yesterday, the opening day of the year. This number is twice as large as the former record for registration day, which was reached last year. An encouraging feature of the day's enrollment is that most of the names signed were of students from other towns than Missoula and were largely freshmen. This means that the student body is still to be augmented by local students and by upper-classmen who are coming.

An innovation in the registration scheme was tried out with great success. The registrar's desk and desks for each of the departments were arranged in the gymnasium, thus doing away with the crowding and confusion met with in former years when all the registering was done in the main hall office.

The department that proved most popular with the freshmen is that of commerce and accounting. Figures giving the number of students enrolled purely in these courses were not available, but it is certain that they will draw an especially large attendance.

Surmises made yesterday on the registration that will be made today were very hopeful. If the pace set yesterday is continued at the rate to be expected from former years, the total enrollment will doubtless reach all expectations.

# DATE OF BANQUET OF FISHERMEN IS SET

ANGLERS' CLUB TO FEAST ON TROUT AND GRAYLING ON MONDAY, SEPTEMBER 22.

Plans for the annual fish banquet and a big fly-casting tournament were discussed by a big crowd of sportsmen at a meeting of the Anglers' club last evening. Judge Bickford's office, where the meeting was held, was packed with fishermen, all enthusiastic over the coming events.

It was decided by the club to hold the fly-casting tournament on Sunday, September 21, and to give the banquet on the following evening. Butte and Anaconda fishermen have written Secretary Frank McFarlane asking that those dates be selected as many anglers from the copper towns are anxious to attend the Missoula festivities and will be best able to do so at that time.

Judge Bickford swelled the enthusiasm by announcing to the anglers that he would provide a monster grayling for the banquet. Since grayling were plentiful in western Montana streams few fishermen have been able to catch them, but that Judge Bickford's declaration created a lot of excitement.

Already the club is collecting fish for the big feed. It is necessary that large numbers of trout be on hand before the day of the banquet and all anglers who want to contribute to the supply are urged to leave their fish with George Heimbach, who will put them in cold storage at once.

The committee in charge of the fly-casting tournament has decided to hold the events on the Missoula river near the Milwaukee depot. A platform will be built across the pond just below the depot and the contestants will cast downstream. A fine list of prizes has been arranged for these contests.

The anglers discussed in heated fashion the action of the unknown people who killed so many fish in the Bitter Root river last Sunday and will take action if the opportunity arises.
