

# RED METAL STOCKS ARE PUSHED UP BY NEWS

### COPPER IS ADVANCED TO SEVENTEEN CENTS AND MARKET AFFECTED SOMEWHAT.

New York, Sept. 15.—Realizing sales today checked the advance in stocks. The market absorbed heavy offerings of the favorite issues with comparative ease and although there was material recessions in prices at times, no evidence of underlying weakness developed.

The favorite stocks were unloaded in round amounts at the opening. Canadian Pacific and Union Pacific fell back quickly, the exceptionally large gains of those issues last week having made them vulnerable. Reading was the only one of the leaders to retain its strength. On a close, the market leader and scored a gain of two points. Gradually the whole market moved up and in the early afternoon losses among the prominent stocks had been made up. The recovery was aided, however, for further distribution, and in the final hour's trading the list fell back again.

Copper shares made a temporary showing of strength on the announcement that the price of the metal had been advanced by some producers to 17 cents. There was another rise in the London metal market.

London, which unloaded stocks steadily on last week's rise, disposed of 15,000 shares on balance here today. Another unfavorable influence was the sifting of money rates, which drew attention to the fact that the monetary situation was not such as to encourage speculative activity on a large scale at this time.

Bonds were irregular. Total sales, par value, \$1,590,000. United States 2s and 4s registered and Panama 2s declined 1/4 on call. Panama 3s registered advanced 1/4 on call.

# Boils Are a Bad Indication

### Dangerous Fallacy that they are Healthy—Stop them.

The appearance of boils leads many people to consider them a sign of robust constitution. They are more apt to signify a condition of sick blood, sluggish circulation and a morbid condition of the body. Use S. S. S. for the blood.

It has the peculiar action of soaking through the intestines directly into the blood. In a few minutes its influence is at work in every artery, vein and tiny capillary. Every membrane, every organ of the body, every organ becomes in effect a filter to strain the blood of impurities. The stimulating properties of S. S. S. compel the skin, liver, lungs, kidneys, bladder to all work to the one end of casting out every irritating, every pain-inflaming atom of poison; it dislodges by irrigation all accumulations in the joints, causes acid secretions to dissolve, renders them neutral and scatters those peculiar formations in the skin that cause boils and other skin eruptions.

And best of all, this remarkable remedy is welcome to the weakest stomach. You can get S. S. S. at any drug store. Beware of any effort to sell you something claimed to be "just as good." If you are a peculiar case and you desire expert advice, write to the Swift Specific Co., 185 Swift Bldg., Atlanta, Ga.

a depressing effect today on wheat. There was a transient rally, but the market closed heavy at a range varying from 1/2 cent decline to an advance of a shade. Corn suffered a final setback of 3/4 cent and oats finished with a loss of 1/2 cent to an equal gain.

In provisions the outcome was irregular, strong out from 10c off to 1 1/2c up.

Russia furnished most of the reason for surprise regarding world's shipments, the forwardings from that country amounting to nearly half of the aggregate from all other places.

Decided shortage in primary receipts, when contrasted with a year ago, promised for a while to give the advantage to the wheat bulls.

Stocks piling up and eastern buyers backing away made the corn market incline toward a downward course expected for a half hour or so at midday. Covering by shorts who were rendered timid owing to predictions that the present generous run of shipments from the farms would lap off next week, caused the temporary rally.

Oats followed corn, but seemed to lack vim. Packers were believed to be supporting nearby options in the provision market. There was considerable selling of deferred months and for this action scattered buyers received the credit. Today's range:

September wheat opened at 88c; high, 88 1/2c; low, 87 3/4c; close, 88 1/2c. September corn opened at 73 1/2c; high, 74c; low, 73 1/4c; close, 73 3/4c. September oats opened at 41 1/2c; high, 41 3/4c; low, 41 1/4c; close, 41 3/4c.

### WOULD BE A SOLDIER.

Hamilton, Sept. 15.—(Special.)—Lloyd Roberts, eldest son of Mr. and Mrs. W. H. Roberts of this city, left today for Washington, D. C., where he will take six months of schooling preparatory to taking the examinations for entrance into West Point military academy. Roberts received the appointment from Montana from Senator Myers. He is a graduate of the local high school and attended Montana university last year.

# MINISTER INDICTED FOR SPANKING FATHER

### ALTHOUGH RECONCILIATION IS EFFECTED, THE GRAND JURY TAKES ACTION.

Terre Haute, Ind., Sept. 15.—Rev. Elijah M. Hanley, president of Franklin college, was indicted late today by the Vigo county grand jury on the charge of assault and battery growing out of his attack on his father, Calvin Hanley, Thursday. The alleged assault on the elder Hanley is said to have taken place at Middletown, Ind. It is alleged that the minister assaulted his father because he resented treatment to which his mother had been subjected and because of remarks of the elder Hanley to his son's wife.

The elder Hanley told neighbors his son had beaten him with a club and kicked him. The Rev. Mr. Hanley in a statement Saturday declared he had not beaten his father but had "spanked" his parent because of ill-treatment to members of the family. Hanley went to his father's home Saturday night and a reconciliation is said to have taken place. Following the announcement of the reconciliation, a member of the board of trustees of Franklin college announced that the incident was closed so far as the institution was concerned. A member of the board told the court officials tonight that Rev. Hanley would appear when wanted.

Hanley is well-known in the Baptist ministry.

# EXHIBITION PLANS ARE DISCUSSED

A large number of chicken fanciers attended a special meeting of the Western Montana Poultry association held in the city hall last night. Plans for the annual poultry show and the catalogue, which will be published soon, were the principal matters discussed. In an informal consideration of the outlook for the exhibition the prospects appeared most encouraging.

The members are all hopeful of holding the most successful show of western Montana birds ever seen. The exhibitors, however, will not come only from this part of the state. Already Spokane raisers and some in other out-of-state cities have declared their intention of sending birds.

Incidentally, in the discussion last evening it came out that a number of the Missoula members are planning on exhibiting towels at the state fair in Helena. The admission of several new members was part of the work last night.

# OLD TOWN'S SCHOOLS FACING A FINE TERM

Stevensville, Sept. 15.—(Special.)—The Stevensville schools, which opened last week with a record attendance are starting the school year off with united interest and enthusiasm. During the week 215 pupils were enrolled in the school by the nine teachers employed. A marked increase was shown in the enrollment at the high school, where 70 pupils were enrolled, which nearly doubled the attendance of last year.

The teachers in the two schools are Professor J. D. Kader, who is principal of the high school with two assistants, Misses Granville DeWald and Laura Perkins. At the grammar school there are six teachers. Professor J. F. Sharp is the principal and his assistants are Misses Velma Gilchrist, primary teacher; Miss Clara Williams with the second and third grades; Mrs. Clifford Metcalf with the third and fourth grades; Miss Stella Hutton with the fifth and sixth grades, and Miss Helen Hart with the sixth and seventh grades.

In speaking to a Missoulian man yesterday Mr. Sharp, who is superintendent of the city schools, stated he expected the present year would be one of the most successful in the history of Stevensville.

# HOME TALENT IS READY FOR FINE PRODUCTION

Stevensville, Sept. 15.—(Special.)—Friday and Saturday evenings of this week the largest home talent production ever offered in Stevensville will be presented at the Grand under the direction of Martin E. Robinson of Portland, assisted by Donnie Burke Dale, who assumes the role of Queen Esther in the production of that name. Fourteen principals are being trained for the dramatic and musical rendition in the story of Queen Esther and there will be 50 singers in the chorus.

The cast of Jews is composed of Donnie Burke Dale, David Lea, Mrs. A. D. Stephenson, Rena Lepley, Ruth Moore, O. B. Roberts and Marion Gunder, while the cast of Persians will be made up of Mark D. Fitzgerald, A. M. Crombie, Mrs. W. A. Cochran, Mrs. Charles H. Buck, Mrs. Lett Walls, Barney Faussett and John McFatt.

Oriental costumes will be used to give the opera the proper effect. The performance is to be given under the auspices of the local W. C. T. U.

# One hundred women's coats at \$19.75

Our coat season, as indicated by this week's business, will be a big one. The medium-priced and the better grades are outselling any previous September thus far. So it appears that the public favors Donohue's coats and gives them preference. This has led us to put direct action into the buying and selling of the popular lines. It contains possibly as many coats as are to be found in the average store's stocks, and the price is within the reach of all. To make this lot big and of comprehensive nature we have put into it the standard lines selling usually from \$20 up to \$25, and thereby calculate to sell double the regular amount. Persians, cloths and mixtures. Every late model introduced. A special feature at \$19.75

# Women's splendid tailored suits \$16.75

# FOLLOWER OF I. W. W. IS EMILIANO ZAPATA

Carrizo Springs, Texas, Sept. 15.—That Emiliano Zapata, whose activities as a revolutionary leader heretofore have been confined to the southern states of Mexico, is perfecting a nation-wide organization with doctrines similar to that of the Industrial Workers of the World, is the assertion of "Barney" Chime, alleged leader of a band of "gun runners" in jail here charged with the murder of Deputy Sheriff Ortiz of Dimmit county, Texas.

Chime made his statement to District Attorney Vallas here today. He exhibited a membership card in the Industrial Workers of the World, and a letter purporting to be from Jay Smith, financial secretary of the organization, which commended him for his work in a strike at Menardville, La.

Indianapolis, Ind., Sept. 15.—Joseph Stoult, an old wagon driver, was shot here today by Dr. Charles M. Clayton, who returned home unexpectedly and declared he found the man embracing his wife. On the way to police headquarters to give himself up, Dr. Clayton's automobile struck Roy Deering, 15 years old, who was internally injured and is not expected to live. Physicians said tonight Stoult's wounds might prove fatal.

Mrs. Clayton told the police that Stoult called at her home to ask if he wanted oil, had thrown his arms around her and was kissing her when Dr. Clayton appeared. She said she was struggling to escape from Stoult when her husband arrived. Both Dr. Clayton and his wife were arrested and released on bond.
