New York, Oct. 2.—The New York-Philadelphia game began on August 30 at Philadelphia and stopped in the ninth inning by Umpire Brown, was finished at the Polo grounds today, Philadelphia winning, 8 to 3.

The "longest game on record" was brought to a quick finish. Murray of the Giants, who was at bat with one out when the game at Philadelphia was interrupted, grounded to Bernie Meyers, singled, but Grant who ran for the Indian, was forced at second a moment later by McLean, batting for Snodgrass, and the game was over.

The unique entertainment afforded by the playing off of the abandoned game preceded a double-header, the Giants winning the opener, 8 to 3, and Philadelphia the second, 4 to 3. In the first game Mathewson and Marquard held the visitors safe while Chalmers was hit hard. The second game was called at the end of the sixth inning on account of darkness. Hearne pitched for the locals. Two errors by New York helped Philadelphia in scoring. Scores: Philadelphia, 8 to 3; New York, 4 to 3.

Unfinished game: R. H. E. Philadelphia, 8 12 2; New York, 4 7 3. Batteries—Chalmers and Burns; Mathewson and Meyers. Second game: R. H. E. Philadelphia, 3 7 1; New York, 8 14 2. Batteries—Chalmers, Finerman and Burns; Mathewson, Marquard and Meyers.

Third game: R. H. E. Philadelphia, 4 6 1; New York, 3 7 2. Batteries—Seaton and Dooin; Hearne and McLean. Called sixth; darkness.

BIG BUTTE BACKSTOP PROPERTY OF PIRATES

Frank Kafara, the big catcher of Art Merkle's Union association "Coppers," is changing hands as fast as a bad dollar. He now belongs to the Pittsburgh Pirates. Barney Dreyfus sent the draft price, \$500, to Butte Tuesday, thus dissolving the draft act whereby Kafara left Butte, going to the Portland club of the Northwestern league when the drafting season for the league opened. Kafara is anything but contented, however, and it comes from Butte that the club backers there consider the selection of another catcher to replace him as one of their real problems. It is also known in Butte that Duffy and Demaggio are likely to be called to some Northwestern league club.

COURT WANTS TO KNOW. Denver, Oct. 2.—The United States court of appeals for the eighth district will ask the supreme court for a ruling on the question of the right of a president of the United States to withdraw public lands from entry. This announcement was made by Presiding Judge William C. Hook.

WAGERING IS EVEN ON WORLD'S SERIES

OUTSIDE HOME TOWNS, FANS ARE EQUALLY DIVIDED AS TO GIANTS AND ATHLETICS.

SOME OPINIONS GIVEN

Chance, Lajoie, Clark Griffith and Umpire Evans Favor Philadelphia—Stallings, Evers, Fred Clarke and Ty Cobb Are for New York.

New York, Oct. 2.—Outside of the home cities of the two competing clubs in the coming world's series, wagering is at even money. In Philadelphia the Athletics are slight favorites over the New York team and here local supporters are quoting 10 to 9 on the Giants.

Expressions of opinion on the part of the managers and players of other clubs are beginning to be heard here with the gathering of the advance guard for the opening game next Tuesday. Among those who are favoring the Athletics are Frank Chance, Napoleon Lajoie, Clark Griffith and Umpire Billy Evans. Some of those who are naming the Giants as probable winners are George Stallings, Johnny Evers, Fred Clarke and Ty Cobb.

Hughy Jennings and Bill Dalen have stated that the teams are so evenly matched that the outcome of the series is a toss-up with luck playing a leading part.

A consensus among 26 leading baseball writers of the big leagues shows that 18 favor the Giants to win against nine for the Athletics and three undecided. The chief advantage accorded the Giants is their strength in the pitching department. The Athletic adherents concede this point, but contend that the superior batting ability of the Philadelphia club will more than offset this advantage.

Rain Interferes. Philadelphia, Sept. 2.—Only four and one-half innings of the first game of the series with the New York team which Manager Mack of Philadelphia intended should be used as a basis for putting his players in first-class trim for the world's series, could be played this afternoon. While New York was at bat in the fifth inning, with the score 9 to 6, a hard shower caused Umpire Evans to call the game. A double-header between the teams will be played tomorrow.

For the first time in a week Manager Mack had his full strength in the field. All the members of the infield were in their usual positions. The outfield was composed of Eddie Murphy, Strunk, and Oldring.

When Bender and Schang were sent in at the start of the game, it was taken as an indication that they would form a battery in the world's series and that they probably would be the men selected to do this work in the first engagement of the big series.

The fans have been guessing as to whom Mack would pair off with Bender. Schang was slightly hurt in today's contest. A foul tip struck him on the right hand and bruised one finger. He continued to catch until the side was retired.

Bender pitched only three innings. He had excellent control and only two hits were made off him. Malsel getting an infield single in the first inning and Peckinpaugh making a base hit to center field in the third.

Brown and Lapp became Philadelphia's battery in the fourth inning, two batsmen getting to first base on passes and one on a fumble by Barry.

The American league champions put up a snappy game in the field, the infielders showing no signs of staleness from their layoff. At the bat Philadelphia did not size up as being in form, although they usually have trouble hitting Caldwell, who pitched for New York. In Caldwell's last appearance against Philadelphia at New York he shut them out and allowed only two hits. Today he home town made two singles in four innings, Oldring and Baker each getting a hit.

GARDEN CITY MAN WILL REFEREE BOUT

JIMMIE MONTGOMERY APPROVED TO PRESIDE OVER JOHNS-DALTON MIXUP.

Hamilton, Oct. 2.—(Special).—Jimmie Montgomery of Missoula will be the third man in the ring at the Johns-Dalton fight here tomorrow evening. Word was received last evening from the state boxing commission that the Missoula man was slated to referee the bout, T. J. Edwards of this city being named as inspector. Everything is ready for the fight, the ring and the extra seats having been put in place on the stage of the Lucas opera house.

Both Johns and Dalton are in excellent condition and ready for the contest of their lives. It is the opinion of a big bunch of ring followers that the fight Friday evening will be the best event ever pulled off in the state. Both boxers are faster than chain lightning and as scientific as they make it. The main event will be introduced by a curtain-raiser between a local man and Tom Lazotte of Missoula.

PROGRESS FESTIVAL AT SANDERS FAIR IS PLEASING

MANY MISSOULA PEOPLE TAKE IN SIGHTS OF THE BIG FAIR TO THE WEST.

Plains, Oct. 2.—(Special).—A crowd which broke all previous attendance records was present in Plains today for the purpose of witnessing the Progress festival, which was the feature of the second day of the Sanders county fair. From the moment when the glare of the mounted cowboy band first shattered the peaceful circumference up to the time when the wind had dispersed the last cloud of dust on the racetrack, the day was a success. The large attendance was a surprise to the visitors as was the parade and the exhibits, which would have done credit to a county many times the population of Sanders.

The festival parade was the first number on the day's program and served to prepare the visitors for the excellence of the events which were to follow. Headed by the cowboy band the parade formed south of the Northern Pacific tracks and paraded the main street to a point east of the depot where it right about-faced and proceeded to the fairgrounds. The parade was symbolic of the progress made since the settlement of the country and some interesting features were presented. Among these were a miner and his pack outfit, a prairie schooner drawn by a yoke of oxen, a cabin representing Plains in 1863 and other floats of historical significance. The various towns surrounding Plains were represented by beautiful young women on horse-back dressed in different colors. Taken as a whole the parade surpassed anything of the kind ever attempted in Plains and made a decided hit.

Splendid Displays. The exhibit building was filled with displays of grains, grasses, fruits, vegetables and fancy work. These were indeed an eye opener to the many visitors. The excellence of some of the dry-farming exhibits was commented upon by all who passed through the building. Poultry and stock made fine showings and were fully up to the standard set by the other entries. Some fine rups and prizes were awarded the winners in the various departments.

Of course there were the other features inseparable from the county fair. The younger generation developed sore arms pecking at the "Nigger babies" and even some of the gray-heads drew rounds of applause for the scientific manner in which they caused the dusky ones to grate. Some of the more hardy even smoked the cigars won by their endeavors and drew doubtless to the suburban atmosphere, no medical attention was necessary. Just when these attractions were beginning to lose their favor and the visitors had consumed so much chicken that they cackled when they walked, the band struck up and the afternoon's events were on. The Boy Scouts drilled and gave some very entertaining exhibitions. Sam Marks and his bagpipes held the spotlight for a few moments and then came the races intermingled with a bucking horse exhibition and a footrace between McCormick of Missoula and Fitzharris of Plains. It was a jolly audience, a fine program, a beautiful day and as a consequence there is no need of dwelling upon the inevitable result—a fine time.

Members of the Missoula Chamber of Commerce left here yesterday morning on No. 42 and spent the day in Plains. President Coffee, who headed the excursion, was very much pleased with the showing made by the Sanders county fair and said last evening that it greatly surpassed his expectations. The other Missoula visitors were delighted with the day and were loud in their praise of the progress made in the last few years by our neighbors to the west.
