

# MISSOULA'S MAYOR OPENS OFFICE IN THOMPSON

### DETAILS OF HOTEL AND REAL ESTATE DEAL GIVEN IN SANDERS COUNTY LEDGER.

Appropos the announcement made in The Missoulian several days ago concerning the purchase of the Ward hotel at Thompson by Mayor James M. Rhoades and John A. Scott of this city as well as to uncontroverted plans of Mayor Rhoades to move from this city to Thompson to make his home, comes the following details of these arrangements in the news columns of the Sanders County Ledger of Thompson:

#### Hotel Changes.

"The management of the Ward hotel passed from R. H. Hoyt to James M. Rhoades and John A. Scott Wednesday morning. As given out in the Ledger of last week a deal has been contemplated for some time. Messrs. Rhoades and Scott having made several trips here recently in conference with Senator Edward Donlan, the owner of the property.

"It is reported that Messrs. Rhoades and Scott have purchased the furniture, fixtures, dining room and kitchen-ware from Senator Donlan and taken a lease on the main Ward hotel building and the rooms over the Donlan block, consisting of 52 rooms in all.

"John Scott will be actively engaged in charge of the hotel, Mr. Rhoades being the present mayor of Missoula and having real estate and loan business in that city that will prevent his coming here permanently for the present.

"Mr. Hoyt will devote his attention to the management of the big dining room and commissary department of the Thompson Falls Power company's camp, where he has a contract for feeding all the crew."

#### Rhoades Opens Office.

"James M. Rhoades, mayor of Missoula, who conducts a large real estate, loan and insurance business in that city, has decided to close his office in Missoula and move to Thompson Falls.

"In talking to the Ledger man he said:

"I will open an office in the vacant side of the room now occupied by the Thompson State bank and I will be here several days each week until the expiration of my term as mayor next May, at which time I will make Thompson Falls my permanent home.

"I expect to do a general real estate and insurance business—both fire and life—also, make loans on farm property.

"I hope and expect to be the means of bringing a goodly number of new settlers into this section."

"Mr. Rhoades left for Missoula yesterday to shift his office furniture and will have his office open for business the first of the week.

"Live wires like Mr. Rhoades are what this place and section needs."

## RHEUMATIC PAINS RUBBED AWAY WITH OIL

### RUB SORE, ACHING JOINTS AND MUSCLES WITH OLD-TIME "ST. JACOBS OIL"

Rheumatism is "pain only." Not one case in fifty requires internal treatment. Stop drugging! Rub soothing, penetrating "St. Jacobs Oil" directly upon the "tender spot" and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and can not burn the skin.

Limber up! Quit complaining! Get a small trial bottle of "St. Jacobs Oil" from any drug store, and in just a moment you'll be free from rheumatic pain, soreness and stiffness. Don't suffer! Relief and a cure awaits you. "St. Jacobs Oil" is just as good for sciatica, neuralgia, lumbago, backache, sprains and swellings.—Adv.

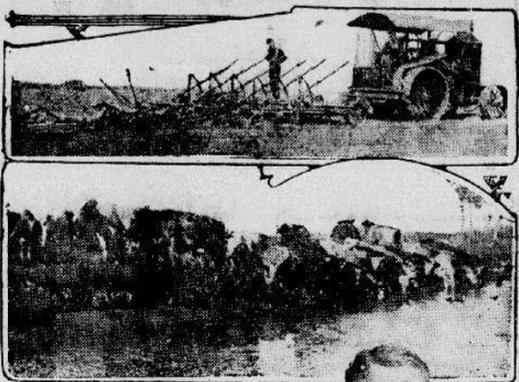

#### "THE PRICE"

A company of players well above the average supported Edna Marshall last night in "The Price," George Broadhurst's play of everyday life, at the Missoula theater. A good audience witnessed and thoroughly enjoyed the performance. Edna Marshall, the star, has learned well the rule that to conceal art is art's secret and was perfectly natural in her characterization of the heroine, Ethel Toscani. Several other members of the company shared with the star the approval of the audience in their interpretations.

#### A Hint to Young Mothers.

"When my children show the slightest symptoms of being croupy I give them Chamberlain's Cough Remedy, and when I have a cough or cold on the lungs I take it for a few days and am soon rid of the cold," writes Mrs. Clay Fry, Ferguson Sta., Mo. The first symptom of croup is hoarseness, give Chamberlain's Cough Remedy as soon as the child becomes hoarse and it will prevent the attack. This remedy contains no narcotic. For sale by all druggists.—Adv.

## Raise Hogs, Not Ostriches

Plowing Hog Pasture, Australian Sunset and Holman James.

St. Paul, Minn., Nov. 29.—The most "diversified" apostle of mixed farming now is touring the United States, Holman James of Saskatchewan, Can., and London, but late of Nairobi, Africa, previous to South Africa and originally of Australia. His dietum is "hogs and lots of them," from experience in farming and ranching in all those countries. No more ostriches nor rhinos for James.

After some years on Australian ranches with herds as large as 75,000 cattle, Mr. James' agricultural life was interrupted while he fought the Boers at the head of a regiment of Australian horse. After that he established for the British government seven horse breeding farms in the Transvaal. Next he diversified in Central Africa as owner of a farm of 300 square miles and ranch of 20,000 acres. In growing fibre there he contended with lions, rhinoceros and elephants which carelessly trampled his fields.

Add to this his experience in England, then what would he grow on his 5,000-acre ranch at Leslie on the Canadian Northern railway in Saskatchewan? Wheat and more wheat, or go in for mixed crops as they are doing in western Canada? His first grain crop was 40 bushels of wheat and 90 of oats, but Mr. James went ahead and made hog pastures. His big

tractors plowed that his Berkshires might reap. His place will be alive with hogs next year for he bought all the sows to be had in the region.

Keeping busy is Mr. James' passion; he runs his African estates and his Canadian ranch by cable and wire, but is doing a hot man in London, a vaudeville act as "Fred Lindsay," with the 30-foot stock which he learned to use in Australia with such dexterity that he flicks cigar-ash off and puts out a lighted candle with the whip at the length of it.

## FESTIVAL OF MUSIC AT EMPRESS FOR Y. W. C. A.

### CHARMING PROGRAM BENEFIT IS BEING PLANNED FOR NEXT WEEK.

Plans which have been in the making for some days, ripened into a definite announcement yesterday that on Thursday and Friday, December 11 and 12, another big musical festival will be put on at the Empress theater. All Missoula remembers with pleasure the first attempt made at this sort of entertainment when the Missoula Woman's club joined with the Empress in the undertaking. Crowds that packed the House of Comfort to nearly midnight on both days heard this program when a ladies' quartet, a sextet and several solo numbers combined with a big feature picture program to make an entertainment that has never been exceeded by local talent in the Garden City. This time a similar program is planned, but instead of the woman's club, the Missoula Y. W. C. A. is to share in the profits. The ladies who will sing in the quartet, as announced by Mrs. C. E. Simons, who has charge of the musical part of the program, are Mesdames Simmons, Forbis, Price and Miss Ethel Hughes. The duets will be sung by Mrs. W. E. Moore and Miss Margery Maxwell. Arrangements for the soloists have not been completed. Mrs. T. A. Fitzgerald has charge of the business arrangements for the festival and this week the various committees will all be busy in the good work.

Manager Quimby of the Empress has promised the ladies that he will bring "Thanhauser," that beautiful two-reel picture which created so much favorable comment here last summer, back again and show it in connection with the music. The benefit is in a worthy cause and deserves loyal support.

## WOMAN ACQUITTED OF MURDER CHARGE

Paris, Nov. 29.—The Seine assizes today acquitted of murder Mme. Suzanne Pockes, whose husband, a Paris business man, was found dead in bed in his home here last June with five bullets in his body and one bullet in his head. The defense claimed the woman loved her husband and that there was no motive for desiring his death. In explaining the number of wounds in the body, the woman said Pockes had attempted to commit suicide and had shot himself in the head and the five shots in his body were fired accidentally while she was struggling to take the revolver away from him. Three days after the shooting and while in the Saint Lazare prison, Mme. Pockes gave birth to a child.

## INDIANAPOLIS ARMS IN PREPARATION FOR STRIKE

### MEASURES TAKEN TO PRESERVE PEACE IF TEAMSTERS WALK OUT MONDAY.

Indianapolis, Ind., Nov. 29.—Harry R. Wallace, who became mayor of Indianapolis when Mayor Shank resigned yesterday, continued preparations in the police department today to handle serious trouble in the event of the threatened strike of union teamsters next Monday.

The new board of public safety granted special police powers to a number of business men. The special powers were granted, it was explained, that the men might be better enabled to protect the business in which they are interested. In order to increase the number of patrolmen, the city civil service commission was authorized to reduce the minimum height requirement one inch.

Plans to place the downtown district under a system of military patrol have been completed by Acting Superintendent of Police Coffin. The reserves, which heretofore have been held at police headquarters, will be divided into squads commanded by a sergeant and will patrol the districts between pairs of stationary patrolmen.

The union teamsters will meet in Labor temple tomorrow and vote on the strike question. It is believed the men will vote to strike. Thomas J. Farrell, general organizer for the union, continued to meet employers of teamsters tonight and explain to them the demands of the union.

It was stated a number of employers had signed an agreement. It was announced today the public service commission of Indiana would begin its hearings Monday in the dispute between the Indianapolis Street Railway company and its employees, who recently were on strike.

#### PACKEY IS OUT.

Chicago, Nov. 29.—Packey McFarland has at last taken the count. In the spring he will marry Miss Margaret Loughlin of Joliet. His engagement was made secretly just before McFarland fought "Harlem Tommy" Murphy in New York on October 17. Miss Loughlin has studied music abroad for several years.

## ONE REPRESENTATIVE FOR TREASURE STATE

Livingston, Nov. 29.—(Special).—For the purpose of assisting in the organization of a national popular government league, M. C. Musker, secretary-treasurer of the People's Power League of Montana, left this afternoon for Washington, D. C., the only representative of Montana. He will address the convention on opening day, December 6.

## OUTLAW IN TUNNEL KILLS TWO MORE DEPUTIES

### MEXICAN, FROM POSITION IN MINE, KEEPS SHERIFF AT BAY AND HITS TWO.

Bingham, Utah, Nov. 29.—In a battle underground, with only the flash of their rifles breaking the darkness, Ralph Lopez, Mexican gunman, added possibly two more names to his list of killed late today when he drove back a posse of deputy sheriffs in the Utah Apex mine. Lopez, who started his career of crime on November 21 by slaying the chief of police of Bingham, two deputies and a fellow countryman, shouted from the depths of his stronghold tonight that it would cost many more lives before they "got him."

The men he shot today were Deputies Douglas Hulse and Tom Mandich, who at a late hour tonight still lay where they fell. The deputies before entering the Andy tunnel of the mine this afternoon arranged a signal of four taps on a pipe line in case of distress. Shortly after the shooting the signal was heard coming from one of the fallen deputies. Then it ceased and was not repeated.

Arrangements were made tonight to attempt to bring out the two in a mine motor car and it was expected that this would precipitate another engagement with Lopez.

#### Smoke the Reason.

The shooting today resulted when half a dozen deputies penetrated the Andy tunnel 300 feet in order to light a smudge to smoke the desperado out. As soon as Hulse struck a match he was shot down by Lopez. In the exchange of shots that followed Mandich fell, and then the deputies retreated. It was at first reported that Dr. David Ray, who was superintending the mixing of chemicals for the smudge, had been shot also, but later he appeared at the mine's mouth, having crawled from beside the fallen deputies on his hands and knees.

Lopez is located in the Andy incline which runs into the Andy tunnel. Several deputies who had gone on ahead of the smudging party were cut off by the desperado, who is now between them and the tunnel's outlet. It is believed, however, they can find an exit through an abandoned tunnel, and that they are staying where they are to prevent Lopez retreating deeper into the mine.

#### Deputy Not Located.

Deputy Sheriff Julian Sorenson, the only survivor of the four officers who started in pursuit of Lopez on November 21, crept into the mine tonight to hunt down and engage the Mexican single handed. At a late hour he had not been heard from. The deputies who were cut off from the exit during

## CITIZENS ARRESTED TO RESCUE BECKER AND HELD BY SOLDIERS

### GERMAN COMMUNITY HIGHLY EXCITED OVER ACT THAT MAY CAUSE TROUBLE.

Zabern, Germany, Nov. 29.—The populace of Zabern is in a high state of excitement over the arrest Friday evening of 30 men who were detained in the cellars of the barracks until noon today when they were turned over to the civil courts which immediately ordered their discharge. The city council sent a protest to Chancellor von Bethmann-Hollweg and Major General Erich von Falkenhayn, minister of war.

The ministry has sent a commissioner here to investigate the situation and also a number of gendarmes to assist the police in keeping order and to eliminate the military from the controversy. The city was quiet all day.

Difficulties for Officers. Berlin, Nov. 29.—It is hinted here that it is probable Count Charles von Wedel, governor general of Alsace, and General von Heiming may retire. In other quarters, however, it is thought that the matter can be settled by the transfer of Colonel von Reuter, commanding the Zabern regiment.

The situation at Zabern caused a big sensation here. In the rebuffing a number of Alsation and clerical and Polish members announced they would interpellate the government as to what measures it would take to prevent military aggressions. It is denied here the first Zabern incident was the subject of diplomatic action by France, but it is admitted it was touched upon incidentally in a conversation between Foreign Minister von Jagow and Jules Cambon, the French ambassador.

#### TEN EYCK RENEWS CONTRACT.

Syracuse, N. Y., Nov. 29.—James Ten Eyck, rowing coach of Syracuse university set at rest rumors today about his going to Yale as rowing coach, by renewing his contract with Syracuse for a term of five years. He gets a substantial increase in salary from Syracuse, but the amount is not stated.

#### Would Make Them Better If They Could.

The makers of Foley Kidney Pills know that they have absolutely the best combination of curative and healing medicines for kidneys and bladder ailments and urinary irregularities that it is possible to produce. That is why Foley Kidney Pills are the best medicine for the purpose you can buy. Missoula Drug Co.—Adv.

## GIRL ASSUMES BLAME FOR KILLING DELBAYE

Crowley, La., Nov. 29.—Dorothy Murff, 18-year-old girl accused jointly with two kinsmen of the murder of her sweetheart, J. M. Delbaye, on the witness stand today told her story of the killing and assumed full responsibility for Delbaye's death. The state seeks to prove and several witnesses have testified that it was J. S. Duval, the girl's stepfather, who with a shotgun fired the fatal shot from a surrey in which Duval, his son, Allic, and Miss Murff were riding. Duval followed his stepdaughter on the stand, corroborating her story, the engagement with the desperado today, came out tonight through the Andy tunnel, after creeping past the incline in which Lopez is located. They heard no sound when they unwittingly passed the spot where the two deputy sheriffs fell, and it is taken for granted that they are dead.

Not even the great strike of a year ago equalled in excitement that which prevails here tonight. At a late hour the streets were alive with people, and it was feared a race riot might start between Austrians and Mexicans because of the killing of Deputy Mandich, an Austrian.

## CHILDREN HATE OIL, CALOMEL AND PILLS

### "California Syrup of Figs" Best for Tender Stomach, Liver, Bowels.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need a cleansing, give only delicate "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

## REMEDY AS BAD AS THE DISEASE.

"On the seventh of February I contracted a severe cold followed by a cough and final loss of voice. I tried many remedies none of which did me any good. I then went to my family doctor and he swabbed my throat five or six times with some abominable stuff. I think it was beneficial but the remedy was as bad as the disease. At last the thought struck me—why not try Chamberlain's Cough Remedy. I did so and this morning my voice is fairly good and is gradually growing better," writes H. C. Clay, publisher of The Reporter, Rapid City, Manitoba. For sale by all druggists.—Adv.

## LONG LIST OF ARGUMENTS TO BE PRESENTED BEFORE COURT OF APPEALS BY LAWYERS.

New York, Nov. 29.—Twenty-five reasons why former Police Lieutenant Charles Becker should not be executed for the murder of Herman Rosenthal, the gambler, will be presented next week to the state court of appeals. Becker is now in Sing Sing prison under sentence of death. His attorneys said today that the court probably would devote four days to hearing arguments on Becker's appeal from conviction.

Becker, says the appellant's brief, is a victim of the greatest conspiracy of the age. He was not given a chance for his life. The effect of the ruling of the court made the trial a mockery.

One of the principal arguments in Becker's behalf will be that Sam Schepps, the chief corroborative witness for the state, was an accomplice. His attorney says that Becker was rushed through trial and that Becker was convicted by public opinion.

An appeal also will be presented in behalf of the four gunmen convicted of the crime—"Whitey" Lewis, "Dago Frank," "Left Louis" and "Gyp the Blood." In their case more than 150 errors are alleged in the ruling of the trial judge and 16 reasons given for a reversal.

#### COMMISSIONERS CONFIRMED.

Washington, Nov. 29.—Henderson S. Martin of Kansas and Clinton L. Riggs of Maryland were confirmed by the senate as members of the Philippine commission, but no attempt was made to act on the appointment of W. T. Denison as secretary of the interior for the Philippines. Denison was an assistant attorney general under the Taft administration accredited to the progressive republicans. The appointment of Henry M. Pindell, the Peoria publisher, as ambassador to Russia, was not acted upon.
