HAMILTON POULTRY IN JUSTICE COURT

IMPROMPTU SHOW IS PULLED OFF AS SEQUEL TO THEFT OF THE BIRDS.

Hamilton, Dec. 11.—(Special).—Stevensville had nothing on Hamilton today in the matter of a poultry show. While the Stevensville show was largely advertised and is an event in which Stevensville residents take considerable pride, so much cannot be said of the one pulled off here this forenoon. The Hamilton show was an extemporaneous affair. Nevertheless, a bunch of prize birds, all worthy of blue ribbons, were exhibited. The show was held in Justice of the Peace Peshek's office, the exhibit being made by Chief of Police Grush and Night Policeman Hogue. While one of the birds was exhibited without plumage, all were the envy of those attending the show. The show came about as follows: Yesterday C. G. McGeie reported to the police that someone had raided his hen roost, leaving him but one lone hen out of a flock of 11 prize, egg-laying Plymouth Rocks. Grush and Hogue, Hamilton's preservers of the peace, got busy and soon located every one of the 13 missing birds. Six were found caged in an old discarded stove, three were found boiling away in two kettles, while the rest were found without feathers waiting for appetites to dispose of those in the kettles. Two fowls were found cooking in Robert McDonald's settle. He appeared in justice court this morning and told who had given him the chickens. George Douglas was with him in the shack and the story told by the two men convinced the court of their innocence in the theft. The man implicated is out of town, but will be arrested today or tomorrow. Mose Demuchamps was also arrested today, but was too drunk to tell what he knew. He was sent back to jail by the justice after he had staggered about among the chickens, which he attended the floor while he "grilled" the court and the officers.

Hamilton, Dec. 11.—(Special).—Superintendent Henry Schwarm stated yesterday that an effort was being made to supply the high school boys with a place to play basketball this winter. Negotiations are under way for the renting of a vacant store building on Main street. If the place is secured the boys will organize a basketball team at once. It is not probable that much can be done towards developing much of a team this season, but a start can be made. The game is a new one with the local school, so considerable is to be learned by the candidates for the team.

JOHN VOSS OF FLORENCE IS LEADING GREAT SHOW OF POULTRY WITH R. I. REDS.

Stevensville, Dec. 11.—(Special).—Although the judging of the stock at the poultry show has been in progress since yesterday morning, it is not possible today to get an accurate list of the winning birds. In addition to the winners announced yesterday Clyde P. Pittman of Coeur d'Alene City, Idaho, took five firsts, two seconds and one third on White Plymouth Rocks. Among the visitors at the show today was E. M. Forbes, president of the Missoula association. In speaking of the show Mr. Forbes stated it compared with the Missoula show last year, which up to that time was the largest show in the state. He praised the officers of the local association for the successful way in which they are conducting the present show. He especially mentioned the extensive exhibit and of the quality of birds shown.

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a Glass of Salts If Your Back Hurts or Bladder Bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that most forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night. To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness. Jad Salts is inexpensive, cannot injure, and makes a delightful effervescent lithia-water drink. Missoula Drug Co., agents.—Adv.

FRAUD IS CHARGED IN SALE OF STOCK

Butte, Dec. 11.—(Special).—Testimony is being taken before District Judge J. B. McClellan in the case of G. R. Nickey against B. Binnard, in which Nickey asks for \$30,000 damages, representing the purchase price of 12,000 shares of stock in the Rocher de Boule Mining company, which Nickey says Binnard sold him, making representations concerning the property and the company which Nickey alleges to be false. Nickey claims that Binnard assured him that the stock was worth several times what he was paying for it and that there were 65,000 tons of ore blocked out, which had a value of \$35,000, and further that the company had \$100,000 in its treasury, all of which Nickey says he found to be untrue, following a visit he made to the scene of the company's operations, at Hazelton, British Columbia. A large number of witnesses are to be heard and the case will consume several days.
