DRUGS EXCITE YOUR KIDNEYS, USE SALTS

If Your Back Hurts or Bladder Bothers, Drink Lots of Water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital im-portance of keeping the kidneys active. Drink lots of water—you can't drink too much; also get from any phar-macist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stim-ulate clogged kidneys; also a neutral-ize the acids in the urine so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive; can-not injure makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this also keep up the water drinking, and no doubt you will wonder what becomes of your kidney trouble and backache. Missoula Drug company, agents—Adv.

TO BUY PHONES WOULD COST LITTLE

(Continued From Page One)

limited yearly rates of London, Paris, Berlin and Stockholm together. For like services, Baltimore people pay more than the rates for London and Paris combined and Washington pay more than the five cities of Amster-dam, Rotterdam, Auckland, Tokio and Copenhagen combined. In postal telephone countries the local toll tar-iffs tend to run about one-half the charge for a letter while here it runs with the street car fare and some times exceeds it when it is three times the letter rate.

Competition Not a Remedy.

"While competition does not supply a remedy because it divides the service and necessitates the payment for two phones, yet it throws an interest-ing sidelight on the tendency of a private monopoly to push up the rates. Thus, of 60 of the great Amer-ican cities, 24 averaging 342,486 in population pay an average annual telephone rate of \$53 under competi-tion, while the other 36 cities aver-aging only 188,829 in population with-out competition pay an average rate of \$81. Since competition can only augment the total cost of operation, it is apparent how private monopoly and high rates go hand in hand.

It will be unnecessary to take over the telephone lines here (cap-italized at \$240,000,000), as both kinds of communication can be handled on the telephone wires, which exceed the telegraph wires in mileage and geographical distribution.

The cost of acquiring tele- phone networks is indicated at some-thing less than \$500,000,000 for which it is proposed to issue 3 per cent bonds, payable in 50 years. It is cal-culated that the postal system by superimposing the telegraph service on the telephone lines at half the present telegraph rates may net some \$50,000,000 annually from that traffic alone which, with the present profits of the telephones and after deduc-tion of interest on bonds and depre-ciation would supply the department with a large surplus for extensions and so forth."

"The Best Medicine I Ever Used."

"Chamberlain's Tablets is the best medicine I ever used for constipation, biliousness and headache," writes Mrs. A. W. Milne, St. George, Utah. These tablets are very effective, easy and pleasant to take. For sale by all druggists.—Adv.
