

NEW PASSES ARRIVE FOR RAILROAD EMPLOYEES

HAPPENINGS OF THE RAILROADS AND NOTES CONCERNING MEN WHO RUN TRAINS.

Chief Clerk James Brown of the trainmaster's office at the Northern Pacific was busy yesterday making distribution of the annual passes for 1914 to the employes of the division entitled to free rides. These passes are divided into several classes. All employes who have been with the service 20 years or more are issued passes for themselves and family, good for travel over the whole system. Eight men in the train department are eligible here, and between 15 and 20 in the engine department.

Another class of pass goes to employes who have been in service from one to twenty years, and are good for trips over the central district of the road. About 175 men in the train department secure these, and nearly 200 engine-men and firemen.

Of the passes good for the Rocky Mountain division only about 300 are issued to the various employes in all departments whose business calls them out along the line most of the time.

The boys are returning from their short Christmas vacations to the Northern Pacific headquarters and reporting for duty. The extra list is beginning to look like a Sunday school just before Christmas, according to Jim Brown of the trainmaster's office. It is probable that a number of the younger trainmen—young in service—will be laid off after the first of the year.

Friends of Northern Pacific brakeman A. J. Brullard yesterday received a Christmas greeting from him from far-away Honolulu. Mr. Brullard is on an extended vacation, and sends word that he is having a great time out on the Pacific. He expects to leave for home about February 1.

Spencer Baird, brother of Engineer C. N. Baird of the Northern Pacific, is spending a few days here from his home at American Falls, Idaho, where he is an attorney in the firm of Baird & Davis. This is the first time the brothers have been together for nine years, and they are having a mighty happy visit.

A card was received at Milwaukee headquarters yesterday from Chief Clerk Harry Nelson, who is spending his holiday vacation in the east. He says he is having a joyful time, but expects to return home before many days.

Fred Reno, district baggage agent of the Milwaukee, returned home yesterday from a short trip over the east end.

Frank McGuire, a Northern Pacific dispatcher at Brainerd, Minn., arrived here yesterday to spend the rest of the holidays in Missoula with friends.

NO MORE FALLING HAIR NO MORE DANDRUFF

HERPICIDE

Nearly every one has dandruff, and must reconcile themselves to the idea of becoming completely bald or resort to the use of Newbro's Herpicide. The manufacturers have absolute faith in Herpicide to remove all traces of dandruff. So perfect is this belief that all dealers are instructed to sell the preparations with a "money back" agreement.

Such supreme confidence is the best evidence in the world of the merit of Herpicide. They know the result, hence the guarantee. It protects the purchaser.

Used as directed, Newbro's Herpicide eradicates dandruff and prevents the hair from coming out. It stops itching of the scalp, which is so disagreeable.

Send 10c in postage or silver for sample and book to The Herpicide company, Dept. R., Detroit, Mich. Newbro's Herpicide in 50c and \$1.00 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded.

Applications may be obtained at good barber shops. Missoula Drug company, special agents.—Adv.

NEW BANKING HOUSE IN GARDEN CITY IS WELCOME

OFFICERS OF MORTGAGE AND INVESTMENT CORPORATION ANNOUNCE DETAILED PLANS.

George L. Ramsay, president of the Banking Corporation of Montana, which has its head office at Helena, and G. W. Casteel, the cashier of the corporation, are in the city on business connected with the establishment of a branch office in Missoula. The local office will be in charge of A. W. Woods as resident manager. Mr. Woods was formerly manager of the Northern Trust and Savings Bank of Boise, Idaho. The activities of the Banking Corporation of Montana will consist more particularly in making farm mortgage loans and in the sale to investors of mortgage securities. The purpose of a branch at Missoula is to give the corporation a better approach to the counties of Sanders, Ravalli, Missoula, Granite, southern Flathead and northern Powell.

The new institution has leased the old Western Montana bank room at the corner of Main street and Higgins avenue and the refurbishing of the room is now going on. The banking corporation has 100 Montana banks in its stock-holding ownership and 20 Montana bank presidents are on its board of directors. The new institution will not accept checking accounts or commercial business. It will take on investment accounts at interest and will make real estate mortgage loans. The coming of this corporation is counted by local business men as a substantial addition to the banking resources of Montana.

TINKER AND MORDECAI BROWN JUMP TO BERTHS IN THE FEDERAL LEAGUE

Chicago, Dec. 27.—Joseph Tinker, former manager of the Cincinnati National league baseball club, and Mordecai Brown, Cincinnati pitcher, today signed three-year contracts with the Federal league. Tinker will manage the Chicago club and Brown will be manager of the St. Louis club.

George Stovall, formerly of Cleveland and last year manager of the St. Louis American league club, signed to manage the Kansas City club next year. Larry Schafley, with the Jersey City club of the International league, will manage the Buffalo club, and William Phillips, a former Cincinnati player but out of baseball for several years, will go to Indianapolis as manager. The franchise recently voted Cleveland was forfeited and awarded to Toronto, Canada.

James Gilmore, president of the Federal league, announced that each Federal league club would contain at least five players who appeared last year with either the National or American leagues. The full roster of the players, he said, would be announced within a few days. Well-advertised players from these leagues, he said, had been chosen to manage the Toronto, Baltimore and Pittsburgh clubs.

The amount any player is to receive

from the new league was not made public by President Gilmore. It was reported that Tinker was to receive \$26,000 for three years' service. Tinker, who was deposited by Cincinnati, was sold to the Brooklyn club for \$25,000, it being stipulated that he was to receive \$10,000 of this amount in addition to his salary. Tinker had announced that he would not go to the Federal club unless he was assured that his income would be larger than that provided by the Brooklyn deal.

Will Get Injunction.

New York, Dec. 27.—Joe Tinker will not be allowed to play with the Federal league if the powers of organized baseball, invoking the aid of the courts, can prevent him, it was stated here tonight by Edward H. McKeever, vice president of the Brooklyn National league club. McKeever said that the Brooklyn club would take steps to have Tinker restrained from associating himself with the so-called outlaw organization.

"We will get out an injunction restraining Tinker from playing with the Federal league," said McKeever. "He is the property of the Brooklyn club. He has been purchased in the regular way, and we will resort to the courts to convince him and the Federal league that he belongs to us."

HERE IS KINDLY TIP TO SOME DOG OWNERS

That several of the residents of the district surrounding the corner of South Fourth and Orange streets have issued a call for a secret meeting to be held Monday night to consider the matter of the extermination of a number of howling dogs, became known late last night. In the neighborhood mentioned there are five or six dogs that spend the after part of the night howling and barking. For some time they have been very successful in keeping the majority of the residents of the neighborhood awake for three or four hours between midnight and dawn. Gentle hints to the owners seem to have had no effect. At the session tomorrow evening a vigilante committee will be appointed and charged with the duty of abating this nuisance, by fair means if possible, if not, then by some sure method.

ONE MORE PIONEER CITY SCRAMBLING FOR CURRENCY PRIZES

WESTERN CENTERS FIGHTING FOR FEDERAL RESERVE BANKS.

Local banks and the chamber of commerce have been deluged since the passage of the currency bills with telegrams from the commercial representatives of important western cities whose eyes are fixed on the new regional reserve banks. Every important city west of the Rockies is represented in the yellow flutter that has descended upon Missoula, capitalists, and each telegram begs for Missoula's support. Spokane, Seattle, Portland, Salt Lake and Denver are the principal contenders. The commercial bodies of each of these centers are fighting hard for regional banks and are hunting for rural support.

The telegrams have roused little enthusiasm, however, in Missoula, while physically allied with these western cities, desires, rather, connection with an eastern regional bank. It is the unanimous opinion of discerning local capitalists that Missoula would be better off if connected with a reserve bank in the Twin Cities or in Chicago.

GOVERNOR STEWART PROMISES TO COME

State Horticulturist M. L. Dean received a letter yesterday from Governor Stewart saying that he would be in Missoula to attend the meeting of the State Horticultural society January 28, 29 and 30. Mr. Dean also had a letter from H. C. Sampson of Spokane in which he accepted an invitation to talk before the state meeting on "Problems of Marketing." Mr. Sampson is secretary of the North Pacific Fruit Distributors and has a wide range of experience in marketing fruit.

San Francisco Most Likely.

"Ninety per cent of Missoula's business is with the east," said F. S. Lusk, president of the First National bank, yesterday. "This region would naturally prefer connection with a reserve bank in St. Paul or Chicago. I believe, though, that we will be in the territory of a reserve bank in San Francisco. I have made careful estimates of capital and reserve funds in the country and, working on the premise that there will be nine reserve banks, am unable to locate one in St. Paul or in the northwest. The claims of such cities as Salt Lake and Denver are nonsensical, and Seattle is likely to be left out. We are too far away from Chicago to hope for that connection and San Francisco seems to be the logical point. At any rate, I don't think Mr. McAdoo will be influenced in the least by the campaigns of any commercial club. His mind is already made up."

"I do not think any opinion we may have or express will influence the decision of the treasury department in the east," said J. H. T. Ryan of the Western Montana National bank last night. "We have received inquiries or requests for support from most of the larger western cities today. But I am confident that the secretary of the treasury will not be guided by any of this campaigning. My opinion is that Montana's regional bank should be in the east, preferably in Chicago, as all of our present exchange is with the east. Montana merchants go east to buy; they take eastern exchange. This is the natural course of our business and our regional bank should be located with reference to this. But I do not think it will be so located. I feel confident that we are to be assigned to the district centering in San Francisco."
