MOTION-PICTURE PROBLEMS.

There appears to be no end to the complications which rise from the motion-picture innovation, an innovation which is world-wide in its extent and far reaching in its influence.

But the patrons and bystanders are not the only ones subjected to danger. At St. Augustine, Fla., a Bengal tiger that had been helping to give interest to moving picture films nearly killed one of the human actors.

China and Mexico could both testify, if they dared, that military government is a poor substitute for civil government.

When you come to analyze it, there's more politics than patriotism in the opposition to commission government.

There are some women who cannot resemble current fashion plates—for which we are devoutly thankful.

IN THE LIGHT OF HISTORY

Since the republican national committee recently demonstrated to the nation the fact that its party is yet under the control of the old gang of bosses, the people have awakened to an appreciation of the false note which those men have sounded who have told us that the republican party is progressive.

From Maine to California the progressive party leaders are preparing for a campaign this fall that will compare, as far as political conditions are concerned, with that of 1854, when the republican party established its solid foundation.

It was the most remarkable movement in the political history of any republic in its rapid rise and national progress, for never before, under any political banner, have 4,000,000 of intelligent voters been rallied to a new standard in the short time of four months.

The old wheel horses of the whig party after 1852 did their utmost to preserve their organization. They could not believe that the party of Adams, Clay, Webster, William Henry Harrison and Winfield Scott would cease to exist.

The progressives will ask that question is certain. In fact, they are asking it now. They are asking it in the hope that they will receive a direct answer.

Notes of the Anvil Chorus By GEORGE P. STONE.

THE WAIL OF THE PIONEER. "O tempora!" as Cicero. Once cried in strident tones, "O, moria!"

After Samuel Pappys. Jan. 18th.—Rose late and went with Sir W. to the city where he must go to his office and I to mine though our employers rested and made merry.

Some time ago we made mention of an elevator boy who reads high-brow literature. The punch of this young fellow was described in a spirit of admiration.

President Wilson seems determined that there shall be no lost motion in the congressional march.

Defiance of the administration may be patriotic but it isn't profitable.

CONTRACTORS TELL HOW PAY WAS HELD UP

BROTHER OF FORMER VICE PRESIDENT SHERMAN ACTED FOR THE TIGER.

New York, Jan. 19.—R. W. Sherman, former democratic mayor of Utica and brother of the late Vice President James S. Sherman, threatened James W. Johnson, a state highway contractor of Utica, that if he did not contribute to the democratic party he would get no accommodations at Albany, according to Johnson's testimony today at District Attorney Whitman's John Doe investigation into state highway graft.

Johnson said he declined to contribute and that final payment of \$3,257 on a state road contract he had completed was held up by the state highway department for nine months.

Mott testified also that in 1911, after he had declined to go to Syracuse to see Fowler he was unable for two months to get the state highway department to sign a contract for road work on which he was the lowest bidder.

"Murphy said in his last telegram," testified the witness, "that if I'd say the word he'd see that I got my contract signed that day."

WOMAN WOULD NOT GIVE UP

Though Sick and Suffering; At Last Found Help in Lydia E. Pinkham's Vegetable Compound.

Richmond, Pa.—"When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed."

feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache.

"After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nerves were stronger. I continued its use until it made a new woman of me, and now I can hardly believe that I am able to do so much as I do."

Women Have Been Telling Women for forty years how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills.

FEDERAL TRIBUNALS WIN VICTORIES IN SEVERAL CASES.

Washington, Jan. 19.—The field of dispute between state and federal courts, which has given rise to many bitter controversies over jurisdiction, was materially narrowed in a series of decisions announced today by the supreme court.

In a Vermont case the court upheld the right of railroads to initiate proceedings to test state rates in the federal courts rather than in the supreme court of Vermont.

In a Kentucky case the court announced that it must accept its through alleged acts set forth in petitions for removing cases from state to federal courts.

Passing upon a Mississippi case, the court upheld the right of federal courts to dismiss a proceeding because the suit was not begun with sufficient service in the state court.

RAILROADS IN FRANCE BLOCKADED BY SNOW

ABBE JULES LEMIRE RESIGNS HIS OFFICE

Paris, Jan. 19.—Abbe Jules Lemire, the only priest who is a member of the chamber of deputies, today resigned the deputy speakership of the chamber, to which he was elected on January 13. A letter from the abbe was read to the chamber by the speaker, Paul Des Champs, in which he said his resignation must not be considered as an act of submission to the bishop of Lisie, who had suspended him from his functions as priest.

And he did not wish this to have any effect whatever upon the chamber, of which he will continue to be a member.
