

SHACKLEFORD BILL FOR GOOD ROADS PASSES HOUSE

MEASURE GOES THROUGH WITH OVERWHELMING VOTE AND GOES TO SENATE.

Washington, Feb. 10.—The Shackelford bill, under which the government would distribute \$25,000,000 for good roads among the states, conditioned upon a dollar-for-dollar appropriation by each state, was passed by the house today by a vote of 282 to 42. It now awaits action by the senate. Its passage followed several days of debate, during which most of the hundred or more speakers advocated the project in the interest of the farmers, while a minority attacked the project as a dangerous opening wedge for heavy future inroads on the treasury.

Democratic Leader Underwood, Republican Leader Mann and Representative Hinebaugh, the ranking progressive in the city, all voted for the measure. Representative Mann said that the cities could well afford, from their wealth to contribute taxes to aid the country in construction of roads and other improvements.

AT THE THEATERS

SCENE FROM "THE BLINDNESS OF VIRTUE," AT THE MISSOULA THEATER TONIGHT

The presentation of "The Blindness of Virtue," by the English author, Cosmo Hamilton, first made known at the Little Theater in London, where it was produced by the American theatrical manager, William Morris, under whose direction the English company will be seen at the Missoula theater tonight, has given rise to a great deal of discussion among women's clubs which have been its chief supporters.

The play is said to deal with a question of vital importance in every home, presenting a strong argument against the fashion of permitting children to grow up in ignorance of the truth of life and of certain natural impulses.

When the production of this drama was first contemplated in London, the play censor forbade its presentation, until the press and public-spirited citizens demanded that it be shown. Mr. Hamilton is understood to have handled his subject in a strong and impressive way, and has based an entertaining and clever play on the theme, in such a manner as not to shock the most refined sensibilities.

The production will be handsome and the cast will include Harley Knives, Rutherford Herman, Harold Ainsworth, Vera, Faller Melish, Polie Emery, Marquerite Collier and Marjorie Allen.

May Irwin Again.

"A typical May Irwin show" is the easiest way to describe the new three-act comedy, with a leaning towards the satirical, entitled "Widow Proxy," in which that funny woman, May Irwin, is to renew old acquaintanceship at the Missoula theater Friday night, February 13.

May Irwin has plenty of admirers here, as everywhere, and that she has a play that suits her personality, is all these admirers need to know to feel sure of an enjoyable evening. In this instance, an experienced playwright has undertaken to cut her cloth to fit the measure of the funniest woman in the world. Advance information indicated that she has succeeded admirably in her task. The Liebler company has provided her with an excellent supporting cast and

though Miss Irwin's personality in itself is sufficient to fill the entire stage from arch to arch with good humor, no star knows better the value of a good supporting company to keep the dialogue up to the laughing pitch at all times.

Vaudeville.

The four Van Staats, presenting an old Dutch musical, will make their first appearance at the Bijou tonight. For good vocal and instrumental music nothing better has appeared here for some time. The quartet is composed of two women and two men, seen in a special stage setting. There is a vein of light, homely comedy running through the act that is pleasing. On the same bill is Miss Mack, a very entertaining Irish comedienne, who creates no end of laughter. The picture program features Pathé's Weekly, with up-to-the-minute scenes from troublesome Mexico. Also an elaborate Lubin drama, entitled "Before the Last Leaves Fall." The Edison comedy is a scream, "The Janitor's Flirtation."

HOW I DARKENED MY GRAY HAIR

Lady Gives Simple Home Recipe That She Used to Darken Her Gray Hair.

For years I tried to restore my gray hair to its natural color with the prepared dyes and stains, but none of them gave satisfaction and they were all expensive. I finally ran onto a simple recipe which I mixed at home that gives wonderful results. I gave the recipe, which is as follows, to a number of my friends, and they are all delighted with it. To 7 oz. of water add a small box of Barbo Compound, 1 oz. of bay rum and 1/2 oz. of glycerine. Use every other day until the hair becomes the required shade, then every two weeks. It will not only darken the gray hair, but removes dandruff and scalp humors, and acts as a tonic to the hair. It is not sticky or greasy, does not rub off and does not color the scalp. You can prepare it at home at very little expense.—Adv.

WIDOW IS AWARDED HER ENTIRE CLAIM

A jury in Judge Duncan's department of the district court yesterday returned a verdict awarding Mrs. George Morris \$2,000, the full amount of the life insurance policy for which she sued Dr. E. W. Himes, secretary of the insurance branch of the Odd Fellows. The testimony showed that when George Morris took out his \$2,000 policy he had not been married and named his mother as the beneficiary. When he married he went with his wife to Dr. Himes and asked that Mrs. Morris be made the beneficiary. The change was not made, and when Morris was killed in a railroad wreck the lodge paid the full amount of the policy to the dead man's mother. The widow brought suit for the \$2,000 and recovered it.

SUFFRAGE IN THE SENATE.

Washington, Feb. 10.—Senate consideration of the proposed constitutional amendment to enfranchise women was postponed again today to enable senators to speak on the question. The amendment retains its place at the head of the calendar for bills awaiting consideration.

DEBATERS WILL LEAVE FOR SALT LAKE TODAY

Gordon Watkins, Payne Templeton and William Long will leave today for Salt Lake, where they will represent the University of Montana in a debate next Friday with the University of Utah. This is the first time a Montana team has ever met the University of Utah in debate, and the occasion is, therefore, of unusual importance. The three Montana men have been working hard on the question of Philippine independence, which is to be discussed in Salt Lake, and are certain to represent their alma mater in creditable fashion. The varsity basketball team, now in Salt Lake, will be on its way north before the debaters reach the Mormon city.

MOSTLY HONEST.

Helena, Feb. 10.—(Special).—That Montana merchants and dealers are honest is indicated by the annual report to Secretary of State Alderson of J. P. Riddell, deputy state sealer of weights and measures. Last year the department made 13,975 inspections and found only 433 devices that had to be condemned.

TEETH FOR UNIVERSITY.

Kalispell, Feb. 10.—(Special).—The teeth of a prehistoric beast, found near Polson by Captain Anderson, will be sent to the biological department of the University of Montana.

ILLUMINATED BALL GETS THIRD CROWD

The third division of the fourth annual illuminated ball of the Missoula electricians, given at the Elite hall last evening, called out another splendid crowd and was thoroughly enjoyed. The music of the Missoula club orchestra—and one could travel many, many miles and not find another such organization when it comes to playing dance music—was even better last night than on the previous occasions. This, combined with the fairyland into which the hall had been converted with its decorations and electrical effects, made dancing unusually enjoyable. Next year the Missoula electricians must make their plans to begin their annual ball on Monday night and continue it until the following Sunday.

ADDITIONAL SOCIETY (Not by the Society Editor.)

Two Months Old Today. Tonight there will be one of the most unique surprise parties at a little home over in South Missoula that has ever been held in the Garden city. The guest of honor will be a man, rather young and, for the past few weeks, particularly handsome. While he will be the guest of honor, the party is to honor one of this young man's recent achievements than it is to honor him.

To-day his moustache is two months old. For eight weeks this young man has tenderly nursed his thin line of hair on his upper lip. The first week it was entirely unnoticed. The second week it impressed one as a smirch of coal dust. But patience is this young man's middle name, and by and by the hair was long enough to stroke. Constant caressing and training continued until yesterday, when the right-hand 'stache actually sustained a half-curl at its far end for nearly a minute. This fact, coupled with the other, the age of the moustache, caused the young man's friends to arrange for the surprise. The information was given out to be held for release until today, but as the young man's name has not been mentioned, and as he has been too busy since his moustache came to read the papers, the story might as well be told. It probably will do no additional harm to say that the guest of honor at tonight's party is the chief dispatcher of one of the well-known railroads here, and that his initials are Raymond B. The present tonight will be in the nature of curling irons, cosmetics, etc. Refreshments will be served and everybody is going to have a good time.

COUNTY ROAD MATTERS DISCUSSED BY FATHERS

Proposals for roads on the Flathead reservation engaged the attention of the county commissioners yesterday afternoon. They are planning, or have been asked to plan, a great deal of road construction on the Flathead. The whole situation was gone over yesterday. Next week the board plans to visit the reservation in order to inspect the fields before commencing spring construction. In connection with their road projects the commissioners took up again the question of railroad crossings. On the new Cyr road two new crossings are required and one must be built on the Evaro road. The Northern Pacific contends that these crossings must be built by the county, while the board would have the railroad pay the bills. In the opinion just handed down by County Attorney Heyron, the railroad is made responsible. Acting on this advice the commissioners will order the crossings installed.

NORTHEY FUNERAL TODAY.

The funeral of George Northey will be held this afternoon at 2 o'clock at the Odd Fellows' hall. The service will combine ministrations by Rev. C. D. Crouch of the Methodist Episcopal church and the regular lodge ritual of the Odd Fellows. Mr. Northey having been a member of this order in Butte. The pallbearers will be selected from the lodge members. Interment will be in the Missoula cemetery.

More than 240,000,000 barrels of petroleum were produced in the United States in 1913, a gain of about 18,000,000 barrels over 1912, which was the record year until last year.

A GREAT KIDNEY REMEDY FOR CHILDREN

About one year ago two of my children suffered badly from weak kidneys. They would have severe spells of dizziness and were all run down in health. I was just about discouraged. I tried several remedies and finally a doctor, but they did not seem to improve. I knew of a friend who was taking Swamp-Root for kidney trouble with good results and I decided to get some for the children. I had noticed that there was some improvement after they had taken two large bottles and continued to give it to them until they had taken one-half dozen bottles and were well on the road to recovery. I think Dr. Kilmer's Swamp-Root has done more for my children than any other medicine I have tried and recommend it to anyone having children that suffer as mine did.

Very truly yours,
R. W. LISENBY,
Dothan, Ala.
Personally appeared before me, this 2nd day of July, 1909, R. W. Lisenby, who subscribed to the above statement and made oath that the same is true in substance and fact.
A. W. LISENBY, Notary Public.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

Prove What Swamp-Root Will Do for You. Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Daily Missoulian and Sentinel. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.—Adv.

BANKS TO CLOSE.

Announcement was made yesterday that all banks in the city will remain closed tomorrow, Lincoln's birthday being a legal holiday.

Missoula Mercantile Co.

Swinging Merrily Along IS THE M. M. Co.'s Great White Goods Sale

This event is the occasion for the presentation of values not possible at other times of the year, and for the introduction of many novel ideas, thus partaking of the character of opening displays, with the added advantage of lower-than-regular prices. To enjoy the benefits of this sale in the fullest measure, women should attend this morning if possible, when the variety of styles will be found still complete and all sizes of garments can be had.

Every Home Needs This Great Remedy

No Home Can Afford to Be Without a Mild, Reliable Laxative-Tonic. No well-regulated home should be without a laxative, for there is scarcely a day in a family of several persons that someone doesn't complain of a headache, of sleeplessness, or show the first signs of a cold. A laxative then becomes a necessity or what was a trifling congestion at the beginning may run into a serious cold or fever. No harsh remedy is needed, but simply a mild laxative- tonic that will make the liver active and stir up the bowels. People who have tried a great many things, and are themselves heads of families, who have seen the little pills run to big ones, will tell you that there is nothing better than Dr. Caldwell's Syrup Pepsin, which you can obtain at any drug store for fifty cents or one dollar a bottle, the latter being the family size.

MRS. M. F. SMITH

Among the great believers in Syrup Pepsin for constipation in old or young, and as a general household emergency remedy, is Mrs. M. F. Smith, 710 N. Cherry St., San Antonio, Tex. To use her own words, she says she will bless Dr. Caldwell for her dying day for she believes that through his remedy, Syrup Pepsin, she found the way to permanent good health. Dr. Caldwell's Syrup Pepsin is scientifically compounded and its purity is vouchsafed. Mothers give it to their babies, and grown people, taking

a little larger amount, find it equally effective. It is mild and gentle, pleasant-tasting and free from griping. It does not hide behind a high sounding name and is absolutely free from any prohibited ingredient. Families who once use Syrup Pepsin forever after avoid cathartics, salts, pills and other harsh medicines, for these only do temporary good, are nauseous and a shock to any delicate system. Such things should never be given to children. Families wishing to try a free sample, bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.
