

ALL INTEREST LOST BY BULLISH TRADERS

STOCK MARKET SAGS BY ITS OWN WEIGHT THROUGHOUT THE DAY.

New York, March 12.—Bullish speculators apparently lost all interest in the stock market today, and it sagged of its own weight. Distinct weakness developed in spots, but in a majority of cases the movement was not large. The decline was due to a lack of support rather than to active efforts to force down prices.

Trading was dull, although a few stocks reflected persistent selling. Canadian Pacific was sold by London, Berlin and Montreal and touched a figure three points under yesterday's close.

Among the industrials the sugar stocks again sagged. American sugar dropped to 07, the lowest figure since 1908. Express shares sagged sharply following the further cut in the American Express dividend rate.

The Rock Island and New Haven tangles, prolonged uncertainty regarding the Mexican question and the indefinite status of general business conditions, all tend to confuse sentiment and restrict speculative activity.

In the bond market the movement was similar to that in stocks. Prices in most cases were shaded and severe losses were recorded in various low grade issues. Total sales, par value, \$2,275,000.

United States bonds were unchanged on call.

Chicago, March 12.—Although wheat at times today made a show of strength the market ultimately fell under bearish control. Crop damage reports were denied and there was a continued lack of export call. The close was steady but 1/4c to 3/4c net lower. Corn suffered a setback of 1/4c to 3/4c and oats off 1/4c to 3/4c. Provisions varied from the same as last night to a loss of 2 1/2c. Estimates that the wheat yield in Kansas alone would run up to extraordinary total of 150,000,000 bushels.

Newest Boy Scout Already Famous

SIR ROBERT AND LADY BADEN-POWELL AND THEIR SON, ARTHUR ROBERT PETER. Lieutenant General Sir Robert Baden-Powell, founder of the Boy Scout movement, and Lady Baden-Powell have a lusty son of nearly five months, who is to be christened on March 14. One of the godfathers will be his royal highness the Duke of Connaught. The duke has already presented the babe with a silver gift cup, which the parents highly prize. Another present which has greatly pleased the Baden-Powells is a little white frock with red braiding from a number of boy scouts.

In corn a good deal of selling pressure developed near the end of the session. Oats sagged from the start. Seeding for the new crop was reported as about complete in Oklahoma and well under way in Kansas. Realizing by holders wiped out a fair advance in provisions, the temporary bulge came about as a result of higher prices for hogs. May wheat, opened, 93 3/4c; high, 93 3/4c; low, 93c; close, 93 3/4c. White Sox Tumble for Ladylike Game. Croquet, that hard, grinding battle, furnishes all sorts of excitement and brings out as many disputes on rules as a championship baseball clash. Evidently the rules differ in various states.

Harry Lord was playing against Jacques Fournier just before the two squads split up at Paso Robles, and they both were for the center wicket coming home.

Fournier managed to get his ball half way through and then remarked he had a clinch on the next shot, for Lord was wired on him.

"Clinch?" snapped Lord, hastily. "Why, you have to go back again before making that wicket."

"Oh, no, I don't," snarled Fournier. "Ain't I half-way past?"

"Well, up in Maine that don't go," returned the Sox captain.

"It does in Washington," answered Fournier.

Several newspaper men volunteered to act as a board of arbitration, but they wouldn't have it. They tossed a coin, the Maine law winning.

The Theaters

Bijou. It's some show at the Bijou this week. Every act is a feature, and the very best obtainable anywhere. The two vaudeville acts playing tonight are the first over the new Paul Goodwin circuit out of Chicago. This is the same agency booking the Sullivan and Considine Empress theaters, and will be of the same high grade and superior quality, but instead of traveling in road shows of six acts these shows will come in split weeks of two acts each. All who attended the performance were unanimous in the praise of the acts and show in general. You simply cannot afford to miss any of these shows; they are too good. On the bill tonight Wilbur and Harrington, in their novelty of singing, dancing and jumping, introduce some wonderful feats of daring, together with plenty of fun for everybody to have a hearty laugh all the way through the act. The audience went wild over the Harmony boys, Abrams and Budnick. Both are singers of

PORTLAND SUFFERS GREAT LOSS BY FIRE

OREGON METROPOLIS VISITED BY BAD BLAZE ALONG ITS WATER FRONT.

Portland, Ore., March 12.—Two great docks were burned, half a million dollars worth of grain was ruined, a steamship badly damaged, a steam schooner destroyed and a dozen buildings were injured by fire early today on the east side water front. The loss, at first estimated at \$1,000,000, is cut to \$800,000 by figures compiled late today, and of this amount insurance covers more than half.

The principal losses are: Columbia dock No. 7, \$800,000, fully insured; grain owned by M. H. Houser, \$400,000, fully insured; Montgomery dock No. 1, \$40,000, half insured; freight on docks, \$30,000 partly insured; steam schooner Cricket, \$60,000, partly insured; asphalt cargo of the Cricket, \$11,000, fully insured; Royal Mail liner Glenroy, damaged \$20,000, insured; Albina Fuel company, \$2,500, not insured. Smaller losses will bring the total to \$600,000.

The cause of the fire, which started in one of the docks, has not been ascertained.

Avoid Stuffy, Wheezy Breathing. Take Foley's Honey and Tar Compound for an inflamed and congested condition of the air passages and bronchial tubes. A cold develops quickly if not checked and bronchitis, la grippe and pneumonia are dangerous possibilities. Harsh racking coughs weaken the system, but Foley's Honey and Tar is safe, pure and certain in results. Contains no opiates. Missoula Drug Co.—Adv.

TEST OF LITERACY WILL STAY

DESPITE PRESIDENT'S OBJECTION THE CLAUSE WILL BE RETAINED.

Washington, March 12.—The much-discussed literacy test will remain in the Burnett immigration bill when it is presented to the senate for action. This was decided by the senate immigration committee, which will report the bill favorably.

There was a suggestion that the literacy test be dropped because of the risk of the president's veto, but a majority of the committee did not believe the president would carry his opposition to that feature so far as to veto the entire bill. Senators opposed to the test will fight it on the floor.

The provision for American health inspectors on immigrant vessels leaving foreign ports, to which Italy and some other countries objected, was changed to provide that immigrant vessels carrying persons suspected of being deportable on account of disease may be detained after reaching a port and kept on vessels until the cases are determined.

A head tax of \$5 on each immigrant was changed to \$6 for unmarried men and \$4 for each married alien.
