

JUST LIKE MONTANA IS GOTHAM'S LOBBY

NEW YORK ASSEMBLY IS FORCED TO TAKE ACTION FOR PROTECTION.

Albany, N. Y., March 26.—The unusual number and boldness of lobbyists around the state capitol evoked protests from several members of the legislature today. One assemblyman made a speech denouncing especially the church lobbyists, who work openly on the floor.

A man whom he accused of being such a lobbyist immediately left the chamber.

Later the speaker of the assembly directed the sergeant-at-arms to eject from the chamber anyone attempting to lobby and all not officially connected with the assembly were forbidden to enter the well where the members sit.

At the beginning of the session of the senate the rear of the chamber was so crowded with lobbyists and persons interested in pending legislation that rules were adopted prohibiting all except members.

ARMY HITS DENVER AND MOVES EAST

THE UNEMPLOYED ARE FED ON BEEF STEW AND SOCIALIST NEWSPAPERS.

Denver, March 26.—One hundred and six unemployed men of "General" Kelley's army en route to Washington, D. C., from the Pacific coast reached the outskirts of Denver tonight. They were met between Englewood and Denver by Commissioner of Public Safety Alexander Nisbet and a squad of policemen. Street cars were waiting to convey the army to the city jail. The men, however, pleaded hard to be allowed to continue their eastward journey and declared they would leave tonight. Accordingly they were taken to a park in the suburbs, fed with beef stew, bread and coffee and escorted a mile out of town on their eastward journey. A guard was left with them to see that they carried out their promise.

Two of the men, whose homes are in Denver, were allowed to remain here.

Dry Food.

Colorado Springs, March 26.—"Are you hungry?" asked someone in the crowd of spectators at the station as the unemployed army passed through here today, en route from Pueblo to Denver.

"Well, here's something for you to digest," said the questioner. He threw a bundle of socialist newspapers into the car as the train pulled out.

Five recruits to the army were added here.

MADAME CAILLAUX GIVES HER REASON

ST. LAZARE PRISON, PARIS WHERE MME. CAILLAUX IS CONFINED.

Paris, March 26.—With a cry of indignation during her cross-examination today by Magistrate Boncard at the preliminary inquiry into the killing of M. Calmette, Mme. Caillaux reminded the magistrate how the figure had taunted her husband about the "Thy love" letter. She then began to weep.

"I regret profoundly the conse-

quences of my act," said the witness amid her tears. "I would prefer a thousand times that the campaign had continued than I should have killed M. Calmette. It is impossible to find in my act another cause than that which I have given."

M. Boncard sought an explanation of some discrepancies in Mme. Caillaux's story before him and the story she told the police.

TEMPERANCE TALK HERE TONIGHT BY WOOLEY

ONE OF WORLD'S GREAT PROHIBITION LEADERS INDUCED TO STOP IN MISSOULA.

"The Hon. John G. Woolley is one of the colossal figures of the temperance reform. For more than a score of years he has gone up and down the land like a consuming flame, calling upon the church to throw off its indifference and make war to the death on the legalized sinners.

"For more than a quarter of a century his eloquent voice and pen have been continuously employed in opening the eyes of the nation to the curse of the drink traffic, and the final achievement of national prohibition (within the next decade at the outside, we believe) will be a triumph for no single individual more than John G. Woolley."

The above paragraphs are from a pamphlet received yesterday which treats of the work of John G. Woolley, the noted prohibitionist. They are of interest in Missoula today because Mr. Woolley is to stop in Missoula and deliver a lecture at 8 o'clock this evening at the Methodist Episcopal church. It will be a free lecture. Arrangements for Mr. Woolley's coming were made by the temperance forces in Missoula. The public is cordially invited to attend. With Mr. Woolley is Rev. G. W. Morrow of Michigan, another noted temperance worker and orator.

The two prohibitionists are on their way west to open a temperance campaign in several western states. They consented to stop in three Montana cities, Bozeman, Helena and Missoula. Last night at a meeting in Helena they opened the Montana prohibitionist campaign of the Montana Anti-Saloon and Public Welfare league.

Mr. Woolley's subject tonight will be "The Call of an Epoch." The temperance workers will arrive here on train No. 2 shortly after noon today.

Fifteen aspirants are out for the governorship of Oregon.

TELEPHONE MERGER IS DISSOLVED IN PEACE

THERE IS NO CONTENTION OVER THE QUESTION OF BREAKING UP THE UNION.

Portland, Ore., March 26.—The so-called telephone trust by which the Bell system dominates the lines of Washington, Oregon and Idaho was dissolved here today without a fight when a decree accepted by the telephone interests and conceding the government's demand was entered in the federal court.

The decree adds another step in the peaceful reorganization of the so-called telephone trust and makes specific plans for the restoration of competitive conditions in the Pacific northwest. It ends the suit under the Sherman anti-trust law brought here last July by the attorney general.

In compliance with its terms, the Bell company will give up its holdings in the Northwestern Telephone company and in the Interstate Telephone company with lines from Spokane, Wash., into northern Idaho. The acquisition of those two long-distance companies, the purchase of the Hines Telephone company of Spokane contributed to the alleged combination in restraint of trade, which led to the suit.

Vail Explains.

New York, March 26.—Theodore N. Vail, president of the American Telephone & Telegraph company, issued a statement tonight regarding the decree entered in the federal court at Portland, Ore., today dissolving the so-called telephone trust in several far-western states.

"This decree, and the working agreement made between the American Telephone & Telegraph company and Attorney General McReynolds last winter dispose of all existing controversies between the department of justice and the company," he said, "and establish a basis upon which the business of the company may proceed without question as to its legality."

"This decree does not disturb any existing established relations where actual merger has taken place between operation and Bell companies."

The statement concludes: "Both parties to the suit sought this compromise because they realized that an adjustment, especially at this time, strongly would serve the public interest."

C. E. CONGRESS POSTPONED.

The meeting of the Christian Endeavor congress, which was announced for this evening at the Congressional church, has been postponed until Tuesday evening on account of the lecture to be given by John G. Woolley.

READING SUIT.

Philadelphia, March 26.—The United States district court fixed June 3 today as the time for hearing final arguments in the suit of the government against the Reading company and others.

Henry T. Rainey, representative in congress of the Twentieth Illinois district, may become a candidate for speaker of the national house of representatives.

Makes Healthy

THIS simple rule of health is daily called attention to by every doctor in the land, whose first question to the patient almost invariably is, "Are your bowels regular?" Yet there's not one person in fifty who takes proper care of the bowels. And the result of this foolish neglect is nine-tenths of all ill-health. If today you are unable to free your body of waste matter at the usual time, or if the act causes straining, pains and discomfort, don't let that condition occur again tomorrow. Unless your bowels can carry away the waste materials left after food is digested, decay sets in, the poisons of which, taken up by the blood, increase the risk of Typhoid Fever, Appendicitis, and many other serious diseases. In treating constipation, there is a right way and a wrong way. The wrong way is to take harsh purgatives which even though they do clear the bowels, cause griping and nausea, injure the delicate tissues, and so disturb the normal functions as to cause the return of constipation. The right way is to help Nature to produce natural movement, without pain or discomfort, by using

—a gentle laxative in the form of a chocolate-tasting tablet. One of these tablets eaten just before going to bed will help to restore your bowels to normal activity at a time when, your body being at rest, the medicine can do its best work. As a result of taking that tablet (or say two, if your case is obstinate), your bowels will move easily and naturally in the morning. The use of Rexall Orderlies for a few days afterward will restore normal regularity. Even chronic constipation is benefited by them, and it is not necessary to continue the treatment for a long time, because, instead of driving Nature, they simply help her to help herself.

CHAMBER INDORSES FEDERAL SCHEME OF HIGHWAYS

EXECUTIVE COMMITTEE MEETS WITH CONWAY AND PASSES RESOLUTIONS.

The executive committee of the Missoula Chamber of Commerce met at luncheon yesterday. Their guest was William C. Conway, a representative of the Federal Good Roads association, mention of whose coming and the purpose of his visit having been given in yesterday's Missoulian.

Mr. Conway was given a hearing by the executive committee. He retold the story of the plans of his organization for a great system of federal roads across the United States. To secure the necessary legislative enactment is the object of the federal association. To crystallize sentiment behind the movement, Mr. Conway is making this trip, securing indorsements from all of the principal cities through their commercial organizations.

The local committee was impressed with Mr. Conway's talk and the plan of his organization and following his talk the following resolution was passed: "At a meeting of the executive committee of the Missoula Chamber of Commerce, held this day, March 26, 1914, the committee voted to indorse the movement of the Federal Good Roads association, as presented by William C. Conway, field superintendent and assistant director of routes for the northwest division, and offer their services in any way possible to extend the work of this association in other sections of the state."

field, vegetable and flower seeds. It is possible to transmit many injurious insects and plant diseases in lots of plants or seeds sent through the mails and the inspection of such mail shipments is an impossibility without a vast army of inspectors. It was, therefore, found necessary to make the restriction very broad, much broader than the original definition of nursery stock, for the reason that foreign ships, and postmasters as well, were quite unable to make the distinction between nursery stock and herbaceous plants, etc., and the only safe course was to exclude all plants from mail shipments with the exception of the seeds noted, which are deemed to carry comparatively little danger of introducing insect pests or diseases.
