

IN TWO WEEKS' TIME "SONG AND STORY" ENDS

Those Who Start in Now and Play With an Idea to Win Have a Splendid Chance.

CATALOGUE, LISTING BOOK AND PUZZLE PICTURES ARE NEEDED

Don't Hesitate—Join While There Is Time—22 Answers Given as a Starter.

There remains just about two weeks to play Song and Story. This is plenty of time for even those who start in now. Solving picture puzzle in this game for prizes is not so much a matter of time as how the time is spent.

Of course, you can work over the pictures in an aimless way and take months to find suitable titles. Or you can spend a few minutes each day going over the catalogue and find appropriate titles in short time.

Although there are 70 puzzle pictures to be solved, you really don't have to find answers for that many. You can have practically 22 answers found for you. The suggestion sheet, which is free, tells you where to find answers for pictures 1 to 7, the catalogue puts you in the way of three more solutions, and the listing book finds 12 more for you.

Get the 70 puzzle pictures that have been printed and you are on even terms with the rest of the players. The catalogue and listing book will give you 60 of the pictures free. These two books sell for \$1.10 if you call for them, or \$1.20 by mail.

With so short a time left to play, it is advisable that late players secure these two books. They afford the best and quickest way of playing "Song and Story."

If there is the least doubt in your mind about your chance of winning a share of the prizes, dispell it. There is ample time if you only set your mind to it.

Now play and try for the first big prize. You might as well have the gold as not.

KNOPP IS DROWNED IN WILLAMETTE RIVER

FORMER MISSOULA MAN, BROTHER OF WELL-KNOWN RAILROADER, DEAD.

Wallace, March 30.—(Special).—Frank Knopp, a local railroad man, has received word of the drowning of his brother, F. J. Knopp, at Corvallis, Ore., and has left for the scene, hoping to aid in the search for the body, every effort having failed to bring it to the surface.

The deceased is a bridge foreman, and until three years ago lived in Missoula, where he was well known. He was employed by the Corvallis Sand & Gravel company when the accident which robbed him of his life occurred.

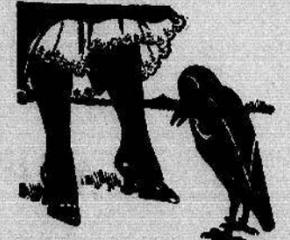

On March 21 Knopp was working with a crew along the Willamette river. It became necessary to move one of the barges in the center of the river. Knopp, accompanied by one other man, took a canoe and started for the barge to direct the work. When half way to the barge the canoe was overturned by the swift current, and Knopp started to swim to shore. His companion caught the overturned boat and waited for assistance.

Knopp made a brave effort and succeeded in getting out of the swift current, but was so exhausted by his swim that he was unable to make the bank and sank. The men on the shore were unable to lend a hand to save him, as there was no other boat within reach.

Big Baked Potatoes.
Miss Augusta Paulson, who is in charge of the lunch room at the Northern Pacific station, has placed outside the door of the cafe a poster describing the big potatoes which the road has advertised so widely. It is understood that the partial failure of last year's potato crop has made the task of finding spuds large enough to justify the Northern Pacific's title pretty hard. "It might interest the farmers of western Montana to know just what kind of potatoes the Northern Pacific uses on its diners," said Miss Paulson yesterday. "Good, solid potatoes weighing at least two pounds are the kind demanded. They are pretty scarce now, and any farmer

You'll Grow Over "GETS-IT" for Corn!

It Will Startle You How "GETS-IT" Gets Corns Every Time.
"One, two three!" That's about as long as it takes you to apply "GETS-IT," the new-plant, simplest, surest corn cure the world has ever seen. Corn fussing is all over. Corns, corn

"This is No Place for a Corn. Her Corns Are All Gone. She Must Have Used 'GETS-IT.'" pains and calluses are absolutely done for, from the minute you apply "GETS-IT." Forget the bother of useless plasters, greasy salves that spread and make toes sore and raw, little doughnut cotton rings that press on corns, forget knives, razors, scissors and the dangers of blood poison from drawing blood, and the contractions and harnesses that simply make corns worse. "GETS-IT" never hurts the flesh, never fails.

Officials Visit.
O. C. Wakefield of St. Paul, general storekeeper for the Northern Pacific, and S. H. Ronson of Tacoma, assistant general storekeeper, met in Missoula yesterday. The two officials spent the day in the consideration of official business. Mr. Wakefield probably will accompany his assistant over the western end of the road, inspecting the work of his branch of the service.

FUSION PLANS FAIL IN NEBRASKA

PROGRESSIVES AND REPUBLICANS ARE STILL FAR APART AND DISTINCT.

Lincoln, March 30.—The meeting here today of the two rival republican state committees in the interest of harmony failed to effect a union. Instead, each committee voted to maintain its separate identity, but each extended the olive branch to the extent that the chairman of each was asked to issue a call for a state convention on the same date—at Lincoln, July 28—and each was empowered to invite the other to co-operate in the holding of this state convention.

LATEST CHICAGO PLAN IS SPOONING PARLOR

Chicago, March 30.—The building of a girls' club with a "spooning parlor" was discussed today by the committee of women appointed by Mrs. Potter Palmer, former president of the board of lady managers of the 1893 world's fair, to dispose of approximately \$100,000 gained from the sale of souvenirs during the exposition. Mrs. W. P. Conger suggested the girls' club where the members could meet their men friends. Mrs. Palmer herself advocated the building of a lodging house for young women until told that plans of a city institution of this kind are already under way.

Although no decision was reached, the money will be spent for the benefit of women and children.

ELK FROM THE PARK TO ANACONDA RANGE

Helena, March 30.—(Special).—A carload of 25 elk will leave Gardiner tonight consigned to some point on the Georgetown branch beyond Anaconda. Possibly a like shipment will be made in a few days to Lewistown which, in any event, will be the last made this season.

The game warden's department is filling the requisitions for elk in the order of "first come first served," but because of the scarcity of snow, it was impossible to capture any outside of the Yellowstone park, and these 25 will be obtained within the park limits, through arrangements made by Representative Tom Stout.

THIRD TERM.

Sioux City, Iowa, March 30.—Mayor A. A. Smith was re-elected for a third term today over Jonathan W. Brown in one of the hottest municipal campaigns in the history of the commission plan of government in Sioux City. Smith polled 4,634 votes, Brown, 4,125.

By the use of voting machines the result was known an hour after the polls closed.

NEW BANK SYSTEM IS ARRANGED AT LAST

GEOGRAPHICAL BOUNDARIES WILL BE ANNOUNCED IN A FEW DAYS.

Washington, March 30.—After three months of consideration of the reserve bank organization, Secretaries McAdoo and Houston and Comptroller of the Currency Williams—charged with laying the ground work for the new currency system, are about ready to define geographically the limit of federal reserve districts and name the cities in each district where reserve banks are to be located. It is the general expectation that the announcement of these conclusions will be made about April 1.

Opinion is divided among those close to the administration as to the number of banks to be established.

The law permits the establishment of not less than eight and not more than 12 banks. There is apparently little ground for believing that the committee will name only eight cities and many persons are confident that they will select the full number allowed.

The expectation seems to be general that there will be at least four cities on the Atlantic seaboard. In this section, Boston, New York and Philadelphia have been named many times. Between the Allegheny mountains and the Rockies the prophets agree that Chicago, St. Louis and Kansas City practically are certain to be chosen and many of them added Minneapolis, Cincinnati and New Orleans or Dallas, Texas.

Persons who have figured their lists largely on the resources of the national banks which are to become members of the reserve system, believe only one bank will be located on the Pacific coast, at San Francisco. They point out that in that territory there are now only banks with sufficient capital to subscribe to the stock of one reserve bank. Under the law each reserve bank must have a capital stock of \$1,000,000 and each bank must subscribe to make his capital six per cent of its own capital and surplus.

If the banks becoming members cannot subscribe a sufficient amount to make up the \$4,000,000, the stock of the reserve bank is to be subscribed by the public. It is assumed here that the committee will not launch the new system in such a way that any bank will be the center of a district which cannot, without public subscription, take up the necessary reserve bank stock. Those who use this argument are inclined to believe that the committee for this reason may establish less than 12 banks. They say that it will be only a few years when the Pacific northwest will be able in the course of normal expansion to take the stock of a reserve bank and that by that time that section will need such a bank.

HEAVY MEAT EATERS HAVE SLOW KIDNEYS

EAT LESS MEAT IF YOU FEEL BACKACHEY OR HAVE BLADDER TROUBLE.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications. Missoula Drug company, agents.—Adv.

VALLEYS THREATENED.

Venice, March 30.—A great landslide threatens the valleys of Clauzetto and Vitodasio in the province of Udine. Parts of the villages which are inhabited by about 3,000 persons each already have been evacuated in the fear of more extensive slides caused by the overflowing of the rivers.

Can You Do Better?

Chamberlain's Cough Remedy is a medicine with an established reputation and that is widely esteemed for its excellence. Can you do better than to keep it in your home? Mrs. L. B. Flier, Vandergriff, Pa., says of it: "I always keep Chamberlain's Cough Remedy in the house and I consider it unequalled for children or adults. I gave it to my son Boyd for cough and whooping cough and have used it myself for bronchitis. The results have always been highly pleasing." For sale by all dealers.—Adv.

Weekly Suffrage Bulletin

Butte.
Mrs. Crystal Eastman Benedict, an executive officer of the Congressional union of Washington, D. C., was here this past week arousing active enthusiasm for the great May 2 demonstration for equal suffrage. She is sister to the famous editor, Max Eastman, of New York. The meeting in Butte was an intense one, and Mrs. Benedict so "enthused" her hearers that all declared themselves ready and willing to make May 2 a day to be pointed at with pride.

Nebraska.
Nebraska is now a suffrage campaign state. Initiative petitions with 42,523 names thereon have been filed with the secretary of state, and the voters will pass on equal suffrage at the polls November 3.

Kalispell.
The suffrage edition of the Inter-Lake last Monday was a huge success. The paper does credit to the mentality of Kalispell women as well as their executive ability. Every one rushed to help them. Jeannette Rankin was given an ovation here, receptions, public meetings and conferences with frequent leaders were included in the few days' work.

Porto Rico.
The women here are swarming through the legislative halls, insisting on equal rights.

Washington.
Alice Paul, chairman of the Congressional union, has issued a call to all women in America to help make May 9 a big day in Washington, where resolutions from every state will be presented to congress.

Copenhagen.
Norwegian, Swedish, Finland and Iceland women are co-operating in demand for suffrage for all European women.

The Austrian suffragists held open air demonstrations in 127 towns last week.

Butte.
Reports from Jeannette Rankin, who is out in the state, confirm evidence of intense activity for suffrage.
