

NEWS OF THE RAILROADERS IN MISSOULA AND ABROAD

Northern Pacific Is Ordered to Continue the Paradise Local Passenger Service by the State Railway Commissioners.

Helena, April 23.—(Special).—The railroad commission today denied the request of the Northern Pacific for permission to discontinue local passenger trains 305 and 306 between Paradise and the Montana-Idaho line. The commission says: "The train 305 was eliminated, and passengers obliged to wait for train 41, there would not be sufficient time to transport any business and return on train 42, whereas under present arrangements westbound passengers may take 305 early in the morning, have plenty of time at intermediate points and return home the same afternoon. The commission is of the opinion that to require more than one day in order to make a trip not exceeding 75 miles in either direction, cannot be considered reasonable service."

Norway's Centenary.

The Milwaukee is making a special effort to give good service to Norwegians of the Pacific northwest who have decided to return to their native land for the centenary celebration and centennial exposition to be held in Christiania on May 17. In connection with the offer of through train service to make proper boat connections, a circular has been sent out by the company in which the following appeal is made to the Norwegians of the northwest not to fail their "white-capped mother country" on this anniversary occasion:

"Nineteen hundred and fourteen has arrived! It is the great year for reunions for Norwegians from all parts of the world. Dear old Norway, the white-capped mother far north towards the eternal snow, is going to show the world her great achievements in the past century since her new birth at Eidsvold, May 17, 1814. She takes pride in what she has already accomplished and looks hopefully toward the future with its promise of still greater progress."

"Seventeenth of May! How the day brings back the memories of childhood! In all the glory of her wonderful spring she greeted her children on that day. Nature herself decorated her home with abundant flowers; the waters so long bound in the grip of winter were released; everywhere one great chorus in praise of the national day. And how proud and happy all felt when marching to the strains of her inspiring songs."

"On this 17th of May, Mother Norway is again calling on her sons and daughters as never before in the 100 years gone by. She wants them all to come home and celebrate with her the memorable event in her saga. And to no part of the globe goes her invitation out in so strong and heartfelt words as to her sons and daughters in America—there they have founded a new Norway as 1,000 years ago their forefathers founded a Norway on the shores of France."

Even Dakota Shows Farm.

The report of passenger train performance for the first week in April of the Northern Pacific system was posted at local headquarters yesterday. It is an unusual report because the Tacoma division scores perfect again, two weeks in succession; and two other divisions, the Pasco and the Dakota, reached 100 per cent perfect in keeping their trains on time for the week. The Rocky Mountain's mark is only average, the division still playing in hard luck. The report in full follows: Lake Superior division, 91 per cent; St. Paul, 95; Minnesota, 91; Fargo, 85; Dakota, 100; Yellowstone, 93; Montana, 92; Rocky Mountain, 81; Idaho, 98; Pasco, 100; Seattle, 97; Tacoma, 100.

Northern Pacific Trees Trimmed.

The pretty rows of trees at each end of the Northern Pacific station have been trimmed during the past few days and the uniform shaping they have undergone promises to make the effect about the station grounds very striking when the leaves uncurl and the trees are fully dressed. The lawn, too, is in good shape and the little park in front of the depot is being put into condition by the city. Water will soon be turned on at the fountain. The whole effect will be very pretty. NEW LIFE Found in Change to Light Food.

After one suffers for months from acid dyspepsia, sour stomach, and then finds the remedy is in getting the right kind of food, it is something to speak about. A N. Y. lady and her young son had such an experience and she wants others to know how to get relief. She writes: "For about fifteen months my little boy and myself had suffered with sour stomach. We were unable to retain much of anything we ate. After suffering in this way for so long I decided to consult a specialist in stomach diseases. Instead of prescribing drugs, he put us both on Grape-Nuts and we began to improve immediately. "It was the key to a new life. I found we had been eating too much heavy food which we could not digest. In a few weeks after commencing Grape-Nuts, I was able to do my house work. I wake in the morning with a clear head and feel rested and have no sour stomach. My boy sleeps well and wakes with a laugh. "We have regained our lost weight and continue to eat Grape-Nuts for both the morning and evening meals. We are well and happy and owe it to Grape-Nuts."

INTERSTATE COMMERCE COMMISSION VEXES WALL STREET BY ITS DELAYS

If the present tendencies continue it may be set down as certain that the ranks of the unemployed will be materially augmented during the next few months. An additional cause of disappointment is the prospective delay of a decision by the interstate commerce commission on the rate problem. Some concessions may be made to the railroads, but these do not promise to be liberal, and the decision may be delayed several weeks, if not months.—Henry Clews.

land at this station, day or night, one has a splendid opportunity to get the right sort of a "first impression" of the Garden city. In the daytime the improvements about the depot held the most. In the night they lend a mysterious enchantment to the more brilliant view down Higgins avenue as it appears under the magnatite lamps.

MOTHER! IF CHILD'S TONGUE IS COATED

IF CROSS, FEVERISH, CONSTIPATED, GIVE "CALIFORNIA SYRUP OF FIGS."

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste; liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailments, give a teaspoonful of "California Syrup of Figs" then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is often all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company." Don't be fooled!

Ronald Higgins and Dan Arms were among those in Missoula invited to

several days preceding the production of King Lear.

Ross does happy, however, with the favorable reviews in his arms and the tributes of his fellow actors ringing in his ears.

In addition to this two-reel subject, a story of the Blue Ridge mountains, "The Moonshiner's Daughter," completes an excellent program.

The Theaters STOP CATARRH!

The Best.

"The Gangsters of New York" is the title of a four-reel subject in whose length there is to be found no inkling of the white slavery, or offensive matter of whatever sort; at the same time giving a wonderful, vivid, truthful and impressive picture description of how misguided men live and struggle for existence in the congested districts of the great city of New York. This picture will be shown at The Best theater, opposite the Shapard hotel, Sunday afternoon and evening. In addition to this picture there will be displayed a two-reel Lubin film lesson entitled, "The Root of Evil." For today's interest are being projected "The Crucible," two reels, "Clarence and Percy," comedy reel, and "The Midnight Call," a Pathé drama.

Bijou.

The present bill at the Bijou is one of the best, if not the very best, of the high-class attractions played at the Bijou theater. There is not an act nor a picture on the entire program that is not a feature of performance opening with picturedom's idol, acknowledged the most beautiful woman in motion pictures, Miss Alice Joyce, in "The Cabaret Dancer," a two-reel Kalem feature, a society dramatic offering of unusual magnificence. The Dallas quartet, or the Dallas comedy four, follows. Their singing is harmoniously blended, and their comedy talking is clean, crisp and clever. The comedy number is a Vitagraph entitled, "Fraid Cat," with a cast of star players, not a slap-stick, rough-and-tumble affair, but an intelligent comedy which causes patrons to scream with delight. The orchestra is offering some popular and classy selections this week.

Empress.

A dramatic story of stage life is the headliner today at the Empress. The story of "The Helic" follows:

Old and without funds, Malcolm Ross, a Shakespearean actor, is obliged to accept a minor role in a revival of "King Lear." During the first performance of the play a drop falls upon the star. The manager of the company is told by an actor playing the part of the fool that Ross formerly played the role of King Lear.

Ross is given his long-waited opportunity to play to a metropolitan audience, and his success is instantaneous. The papers next morning are filled with his praises. The manager looks up at his lodgings with the reviews in hand to congratulate him.

He finds Ross, however, very ill. The aged actor had been without food for
