Browns Show Well in Pitching Staff

LEVERNZ (LEFT) AND MITCHELL.

St. Louis, May 2.—The St. Louis Browns, for many seasons the chief contenders for nether honors in the American league, appear to have imbibed this season a wonderful new spirit. In the contests they have taken part in to date they have not only won a pleasant percentage of their games, but they have done it with a degree of gusto and pep that amazes all who have watched their previous performances. The current theory here is that the applause should go to Mr. Branch Rickey, new Brown manager.

When Rickey first undertook to escort the Browns in the general direction of the first division he made several decided steps. He first placed a contraband on spirituous beverages and malt liquors. Tobacco also came in for a little disapproval, cigarettes being rigorously tabooed and cigars and pipes permitted only in moderation. Most of all the players have had the grace to agree to Rickey's ideas in this connection. However, such does

not entirely explain the improvement the team has made.

Rickey has some good talent on his payroll this season. He has a better balanced team than has been seen in the neighborhood of St. Louis for a very long time. Austin, Pratt, Shotton and Walker are all very capable young men. They have speed and vigor in abundance. And the whole lineup has been handling the bat in a manner most efficacious.

Most important of all is the Brown's pitching staff. Rickey has seven good pitchers, three of whom are tested southpaws. The seven who started in to do things in the box this season are Baumgardner, Roy Mitchell, Levernz, James, Carl Wetman, Wylie Taylor and Earl Hamilton. Besides these, Rickey is likely to keep Ernest Manning, versatile and talented young man. He can pitch, and came to the Browns from Montgomery in the Southern league as a twirler. But he can play the infield, and is rated a good third baseman, has a fine record as a batter and is fast on the bases.

PENN TAKES SERIES FROM PRINCETON EASILY

Philadelphia, May 2.—Pennsylvania defeated Princeton 5 to 2 on Franklin field today in a well-played game in which the pitchers had the opposing batsmen at their mercy. The victory gives the 1914 series between the two teams to Pennsylvania.

Yale Wins.
New Haven, Conn., May 2.—Yale's baseball team pounded out a 17-to-4 victory over the University of Virginia in a six-inning game today.

NEW CUP DEFENDER HAS MUCH GRIEF

Bristol, R. I., May 2.—Two slight accidents delayed for a few hours and somewhat marred the first sail trial of the cup defender yacht Resolute today. The temporary loss of her centerboard kept the yacht in the harbor until late in the afternoon. Finally she went out under three lower sails and after an hour's spin under all sorts of sailing one of the peak halyards gave way under the strain. The Resolute limped back into port with her wooden battens flying out of the pockets in the leech of the mainsail.

Both accidents are regarded as affording valuable lessons. The centerboard dropped out because of the weakness of the chain, while an inspection of the damaged block indicated, according to experts, a weakness in the combination of aluminum shell and steel sheave.

The yacht was under sail practically an hour going out with her designer, Nat G. Herreshoff, at the wheel, but doing most of her sailing under her regular helmsman, C. F. Adams.

There was a 12-knot northerly breeze blowing out of Bristol harbor when the Resolute slipped her moorings and started off on the starboard tack.

On the wind, the yacht showed only a little wake and but a slight smother under her lee bow. She carried her three lower head sails well with a comparatively slight angle, although some of the puffs ran up to 15 or 18 knots. She tacked very quickly. She seemed to slip through the water very fast, but her sails showed need of slight alterations.

Half a mile from shore on the Portmouth side of the bay, the skipper, hauled on his wind and the Resolute stood up toward Mount Hope bay. Shortly afterward one of the three peak halyard aluminum blocks pulled out and the peak halyard rope slackened up several feet. The other blocks held, but the leech of the sail flapped in the breeze and soon one of the battens was torn out of its pocket. A few minutes later another was snapped out and the boat was guided gently back to her moorings.

TWIN-CITY BASEBALL GETS A GOOD START

Kellogg, May 2.—(Special).—A canvass of the business men of the Twin cities for the purpose of raising funds for the Wardner-Kellogg baseball team was decided upon at the meeting of the fans last evening, a good representative number being present. The organization of the team was perfected by the election of Ben Franklin as president, Arthur Rullman, manager, who has already opened negotiations to secure a strong battery for the team and is in communication with several outside players.

The question of improving the grounds was also taken up and an effort will be made to put the steam roller on the field and pack it down. The interest in the team appeared to be good and there is not much question as to the success of the enterprise. Several of the business men have come out in favor of a stock company but it is believed that it is too late for this to be started this season.

HAMILTON DIAMOND WILL BE ALL RIGHT

FANS ARRANGE TO LAY OUT A FIELD IN THE RACE TRACK OVAL.

Hamilton, May 2.—(Special).—A meeting of baseball fans was held last evening at the chamber of commerce building for the purpose of furthering an organization to take charge of the movement for a baseball diamond and athletic field on the county fair grounds. W. B. McLaughlin was appointed chairman of the meeting and was empowered to appoint a committee of five to take charge of the building of the diamond. Mr. McLaughlin accordingly appointed Louis Peterson, Nick Blinnier, George K. Dick and E. L. Harper, the first at the head of the committee. Work will be started on the grading work Monday morning and it is expected that practically all the work will be completed by the end of the week.

It is now planned to run the diamond directly away from the grandstand, placing home plate on the line of the inside fence to the race track. This will necessitate the removal of a few panels of the fence which will be so arranged that they can be put back into place for track events. O. C. Cooper, chairman of the board of county commissioners, and J. E. Totman, president of the fair commissioners, visited the grounds yesterday and sanctioned the work planned. Eddie Hammond has given his advice concerning the laying out of the diamond to the best advantage. Hammond will visit the grounds tomorrow morning with a surveyor, when grade stakes will be set ready for work Monday morning. R. L. Harper stated at the meeting last evening that he would deliver a play and other implements required at the grounds tomorrow so that work can be started immediately. Mr. Harper will also furnish several teams the latter part of the week.

John Fields, a newspaper man of Oklahoma City, has been named by the republicans of Oklahoma as their candidate for governor.
