

CARELESS HANDLING SPOILS MUCH WOOL

AMERICAN FLOCKMASTERS LOSE MUCH BY FAILURE TO OBSERVE PRECAUTIONS.

Washington, May 5.—(Special)—Western woolgrowers now annually lose 10 to 20 per cent of the value of their clips through failure properly to observe a few precautions in marketing their product, according to a statement issued by the department of agriculture. Under present conditions, when American and Australian wool lie side by side in the warehouse, the poor handling of the American wool is so noticeable that the price is materially affected. If American growers would observe four rules this condition would be largely remedied. These four rules are: Sack separately ewe, lamb and buck fleeces; shear black sheep separately and keep the fleeces separate; use paper twine; separate the tags or dungloos and label them. Figures prepared by the bureau of statistics, based on reports from 383 growers who sheared in 1913 a total of 2,269,065 sheep, show that less than one-half of the fleeces were marked as the above rules. In the opinion of the department the observance of these rules would put the American product up to the standard of its competitive rivals and more than repay the cost of labor involved. Later it may advise the adoption of the Australian method of "skirting" wool, which is to cut from the fleece the wool of the legs and belly and grade before sacking.

LEGISLATORS AND SOLDIERS IN COLORADO'S STERN CRISIS

JOHN D. ROCKEFELLER, JR. (TOP LEFT), GOVERNOR AMMONS (BOTTOM LEFT), JOHN D. ROCKEFELLER AND MAP SHOWING TROUBLED DISTRICT.

Denver, May 5.—Three facts stood out prominently tonight in connection with Colorado's industrial conflict. First, the introductions of bills in legislature, which if passed, will pay the expenses of the military campaign of the state militia and give the governor additional authority in times of irregular strife. Second, the appeal of the republican and progressive state central committees to the people of Colorado to unite in support of program for the restoration of law and order. Third, the arrival in Trinidad of Colonel James Leckett and the Eleventh United States cavalry and the occupation of Ludlow district by United States troops.

Legislators will support the program of the democrats supporting Governor Ammons.

The progressive appeal declares that in this crisis the progressive party stands squarely for law and order and equal justice to all.

In conclusion it urges its members in the legislature to give "the due support of conservative measures to remedy the conditions which confront the state."

With the arrival of Colonel Leckett's Eleventh cavalry in the Trinidad district today, 22 troops of United States soldiers now are quartered in Colorado's scattered coal fields.

Series.

Trinidad, Colo., May 5.—The question of delivering the arms of striking coal miners to the United States army will be put up to the men themselves, according to announcement made by union officials here tonight. The announcement came at the end of a conference between William Diamond and Robert G. Bolton, strike leaders, Colonel James Leckett and Major W. A. Holbrook.

Strikers' Guns.

Diamond promised that the union leaders would urge the strikers to comply with the proclamations of the president and secretary of war and turn their guns over to the army officers. "The guns do not belong to the union; they belong to the men themselves," he said. "If we should order the strikers to bring their guns to headquarters and turn them over to us, we would not get 10 per cent of them. We will explain the situation to the men and use our influence with them to secure obedience to the president's proclamation. This is as far as we can go."

Mass Meetings.

The union leaders announced that a mass meeting would be held at San Rafael tent colony at 10 a. m. tomorrow and another at Stackville at 2 p. m. These meetings will be attended by union officers and by Major Holbrook and other officers of the army.

for Holbrook and other officers of the army. The demand of secretary of war for the surrender of arms will be explained to the strikers in their various languages and they will be urged to deliver up their guns. Diamond said each man would be left to make his own decision.

Colonel Leckett declined to say what measures he would take if the men failed to turn in the guns. Each man who surrenders his gun will get a receipt for it, but no assurance that the arms will be returned.

Troops Detailed.

Preliminary details of troops in the south Colorado district was announced tonight by Colonel Leckett. The first squadron, Eleventh cavalry, was encamped at Ludlow, under command of Major M. W. Rowell. Major Rowell is assigned to control a large district, including Forbes on the south and extending as far north as Ruby. He will station men at Ludlow, Aguilar and other central points.

The Waldenburg district for the present will remain in charge of Captain C. C. Smith of the 10th cavalry. Two troops of the second squadron of the Eleventh, which arrived at Trinidad late today, were sent to Moulton, in the Waldenburg district. The second squadron was encamped at Trinidad under command of Captain Leckett.

The third squadron was seriously delayed by washouts and is not expected to arrive until tomorrow. It is under command of Major Robert L. Hawes. The third major of the Eleventh, D. R. C. Clark, arrived today from the war college, where he was assigned, and will take an active command.

At the offices of the Victor-American Paper company, it was stated that all the guns in the camps at Hastings, Delagua and Gray creek, in Las Animas county, and Ravenwood in Huerfano county, had been stacked in the mine offices, ready to be turned over to the United States regulars as soon as they called for them. The ammunition also was to be given up.

GOVERNOR WANTED FOR RESERVE BOARD

REFUSAL OF OLNEY LEAVES A VACANCY THAT IS NOT EASILY FILLED.

Washington, May 5.—President Wilson is searching again for a governor of the federal reserve board.

After four months of painstaking inquiry, the president had determined on Richard Olney, former secretary of state, as the man to head the board which will regulate the nation's system of 12 regional banks, but the latter has declined, being unwilling at his advanced age to undertake new responsibilities.

Many administration officials were disposed to believe that Secretary Houston of the agricultural department would be the chosen man in Mr. Olney's place. It is no secret that President Wilson wanted to appoint Mr. Houston, but did not wish to make any change in his cabinet.

Since Mr. Olney's declination the president has not fixed on any one, but is looking over the field for another member of the board. He is said to be anxious to get a New England man so that good men may be represented. It is reported the president will choose a business man with a local training.

The other four members selected are Paul M. Warburg of New York, Dr. Adolph Casper Miller of San Francisco, Harry A. Wheeler of Chicago, and W. P. G. Harding of Birmingham, Ala.

PRESIDENT WILSON WILL RECEIVE THE DEAD

HIS WORDS WILL VOICE THE NATION'S TRIBUTE TO SLAIN SAILORS.

Washington, May 5.—President Wilson will voice the nation's tribute to the marines and bluejackets who died in the occupation of Vera Cruz at memorial services to take place at the Brooklyn navy yard on Monday. Secretary Daniels and his staff and Secretary Garrison and Admiral Dewey will be among the chief figures at the ceremonies.

The president will leave Washington for New York late Sunday night. Secretary Daniels will sail from Hampton Roads in the yacht Mayflower, and escort the funeral cruiser Montana and the auxiliary cruiser Tennessee will meet the Montana and Mayflower and convey them to dock.

Mayor Mitchell of New York has suggested that the bodies be removed from the Montana at the Battery and transported on caissons to the Brooklyn navy yard.

The bodies will be sent to the homes of the marines and bluejackets late Monday.

COLORADO REPUBLICANS CHEER WILSON'S POLICY

Denver, May 5.—The republican state central committee here today cheered and applauded the address of Frank C. Gandy, approving the Mexican policy of President Wilson and supporting the law and order of Governor Ammons in the Colorado coal strike. The meeting was largely attended.

Dr. Hubert Work of Pueblo was chosen national committeeman from Colorado to succeed former Senator Simon Guggenheim. The committee endorsed the proposal of the national committee for the reappointment of delegates to the national convention, and fixed August 4 as the date for the state assembly to select party candidates for the primary election.

COUNTY WILL HELP FAIR THIS AUTUMN

The county commissioners yesterday appropriated \$2,000 from the general fund for the fair that is to be held this fall. The necessity of building and equipping the plant this fall makes the county fair fund inadequate to handle the whole exposition. A petition from Charles Ferguson and others, asking that the east end of Vine street be opened to traffic was received and ordered filed.

VOTES AND DROUTH.

Washington, May 5.—House leaders were taken by surprise today when the judiciary committee, before which the Hobson resolution for nation-wide prohibition and the Mondell resolution for woman suffrage had been slumbering for months, were suddenly voted out, without recommendation, and put squarely before the house. The measure proposes amendments of the federal constitution.

STATE SUFFRAGISTS A WEEK OF DENIAL

MAY 17 TO MAY 24 WILL BE DEVOTED TO ECONOMY FOR THE GOOD OF THE CAUSE.

Butte, May 5.—The suffragists of Montana have planned a self-denial week, from Sunday, May 17, to May 24, in which every woman interested in the cause has agreed to give up all her luxuries, such as the theaters, moving picture shows and afternoon teas and donate the amount saved thereby to the campaign fund for woman suffrage.

This plan was carried out in California and a substantial sum was raised for the benefit of the campaign states, so the women all over Montana agree with enthusiasm that, if the women outside of the state are willing to inaugurate such a plan, they can certainly show the spirit of self-sacrifice for a campaign which effects them so vitally.

Innumerable methods, as original as those shown in the May 2nd demonstration, are being talked over; wives will black their husbands' boots, they will sell cakes to their neighbors who haven't yet realized that they need the vote; they will make their own summer dresses, and trim their hats; in fact, all those domestic traits that are not attributed to the suffragette, will be turned to good account in swelling the campaign fund.

SEATTLE FIRM WILL AUDIT CITY'S BOOKS

The city council yesterday voted to have the city's books audited by Rowland, Thomas, McGowan company of Seattle. The contract price of the audit is to be \$750. This business was transacted at a special session in the morning. An afternoon meeting for further consideration of the petition of the Rice & Dore water carnival for license to perform here was considered for a while yesterday. The council revoked a previous license Monday, and yesterday decided to discuss the question no longer.

PERJURER CONFESSES AND INVOLVES OTHERS

Kalispell, May 5.—(Special)—John Smith of Columbia Falls, one of the eight men arrested last week charged with false statements to obtain county claims, pleaded guilty this morning to perjury. He waived hearing the information and will receive sentence Saturday morning. It is said that he confessed and involved others.

GOOD MORNING.

Kalispell, May 5.—(Special)—The Daily Intake suspended publication as an afternoon paper yesterday and today appeared as a breakfast-table edition. The makeup is changed to six columns, eight pages. The idea of a morning paper has been welcomed by Kalispell people.

CLEAR TO GREECE.

Washington, May 5.—Establishment of a parcel post system between the United States and Greece, to become effective next Saturday, was announced today. Twelve cents a pound will be the rate from the United States. Packages must not weigh more than 11 pounds.

ACQUIRE A FAMILY WORLD WILL LEARN THROUGH MOVIES OF MISSOULA AND GET A HOME

BILL IN CONGRESS TO PROVIDE SUMMER PLACES FOR HEADS OF FAMILIES.

PERJURER CONFESSES AND INVOLVES OTHERS

Washington, May 5.—(Special)—A bill proposing to allow all heads of families to acquire title to a 10-acre "homestead" has been introduced by Representative Baker. Should the measure pass, the head of a family would have the right to enter ten acres of unoccupied public lands within or outside the forest reserves, as a "summer homestead." Proof may be offered after three years, and must show that entryman has made permanent improvements to the value of not less than \$300, and has resided upon the land not less than two months of each summer. Entryman must also pay \$5 per acre if the area is timbered and \$125 if non-timbered, before patent will issue. The object of the bill is to provide permanent summer homes in the mountains, to which title can be secured.

TO RESUME.

Douglas, Ariz., May 5.—The Cananea Consolidated Copper company announced tonight that arrangements had been made to open the mines and smelter at Cananea which were closed down when foreigners were warned to leave Sonora. A train bearing the company's employees is to leave here tomorrow and it was said an agreement with the constitutionalists for protection had been reached which was satisfactory.

PATHE WEEKLY MAN GETS GOOD VIEWS AND WILL REMAIN FOR BIG TRACK MEET.

F. F. Baker, Pathe Weekly motion picture man, got some splendid street scenes of the city yesterday. The exhibition run of the fire department called out a good noon crowd and this made a very pretty picture. This afternoon at 3 o'clock the movie man will be at the French galleries again to take the free baby pictures to be entered in the contest at the Empress theater. Today the first of these baby pictures as well as views taken about the streets Monday and Tuesday, will be shown with the regular Empress program.

Manager Quimby of the Empress arranged yesterday for the Pathe man to remain in Missoula all of next week. This insures some high class movies of the interscholastic meet and of all the doings at the university, including the May carnival. The track meet pictures have already been ordered by Pathe for use on the regular circuit of the weekly news film.

EVANS CHIEF COUNSEL.

Butte, May 5.—(Special)—C. P. Kelley, vice president of the Anaconda Copper Mining company, today announced the appointment of L. O. Evans as chief counsel for the company. Mr. Kelley, who has held that office, will devote his time to the executive end of Anaconda affairs.

SPOKANE AUTOMOBILE PARTY COMES HOME IN A BLACK WAGON.

Spokane, May 5.—Fifteen miles across country in a hearse was the unique trip taken this week by a party of Spokane women and children after their automobile had broken down near Cheney, Wash. While the stranded wayfarers looked sadly at their balky machine S. M. Smith, a Spokane undertaker, came along with his automobile hearse. This was one time the man of funerals was welcome. Mrs. William Pitman and daughter and Mrs. Frank Chapman and daughter gaily climbed into the hearse, leaving Mr. Pitman and Mr. Chapman to tinker with the machine. Raising the curtains within the hearse the wayfarers proceeded to enjoy the trip to Spokane. The big black vehicle rolled through country and village, while spectators looked aghast at the smiling faces of women and children that peeped out at them from the confines of the hearse. When the hearse reached the suburbs of Spokane bystanders looked horror stricken to see a party of four live persons emerge and get aboard a street car.

PITY.

Not because he's good enough for her, Does she accept him; no, the pearl Takes him 'cause she's convinced that he's Too good for any other girl.

AT ONCE! CLOGGED NOSTRILS OPEN! HEAD COLDS AND CATARRH VANISH

Breathe Freely! Clears Stuffed-Up, Inflamed Nose and Head and Stops Catarrhal Discharge. Cures Dull Headache.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; stiffness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils, penetrates and heats the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately. Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold with its runny nose, foul mucous dripping into the throat, and raw dryness is distressing but truly needless. Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Adv.

THREE DAYS LEFT.

Washington, May 5.—National bank subscribers to the stock of the federal reserve banks tonight numbered 5,811, an increase of 181 for the day. The total amount of subscriptions was \$29,184,300. Only three days remain for the remaining 1,988 banks in the system to file their subscriptions.
