

# COLLEGIANS FROLIC IN CARNIVAL TODAY

### With Regular Parade, May Dance, Sideshows and Lots of Red Lemonade University Students Will Observe Spring's Coming This Day.

With a thrilling pee-rade, sideshows of infinite variety, buckets and buckets of red lemonade, folk dances, dare-devil stunts—all of the attractions of the biggest circus, with some of which the fertile brain of the well-known Mr. Barnum never dreamed—will the students of the university celebrate today.

Outlet for the steam pressure developed by the arrival of spring will be furnished by a giant celebration, the best of its sort Missoula has ever witnessed. Description of the various attractions would be impossible even if the managers of the show were disposed to reveal the secrets of their bill. Suffice it to say that the rah-rah mind, particularly fertile at this time of year, has given attention to nothing else than this carnival for weeks past.

At 2 o'clock this afternoon the show will start. From the university campus will come one of the most marvelous parades that ever set foot on Missoula's dusty pavements. Animals whose anatomical marvels would cause the hurried home-coming of our big-hunting Theodore, were he within reach of the advertising agents of the carnival, will be features of the pageant. Co-eds, tanned and trained to ride in automobiles, individual students with original stunts, bands, ballyhoos and law students will participate in the pee-rade, the head of which it is rumored, is to be "Baron" Paul Darablasser, mounted on a real horse.

After the parade the militant inmates of Craig Hall, appearing at the expense to the Associated Students of the University of Montana of athletic recognition, will give the charming May dances which have been so attractive a feature of all past carnivals. Under the direction of Mrs. Alice Macleod, instructor in elocution, the young ladies have been practicing folk dances of half a dozen European nations. They will appear in suitable costumes to the accompaniment of suitable music.

These dances will be given at 6:30 on the campus lawn and will be followed by the crowning of the May Queen, Miss Ruth Finley, a Missoula girl, and the winding of the May pole.

The carnival itself will follow immediately after the dances on the campus. In the gymnasium and an adjoining tent will be booths containing shows of all sorts—all passed by the board of censorship appointed by the faculty of the university. One of the big features will be a wild western barroom where soft drinks will be served in the most villainous manner and devilish games of chance will be played in a devilish atmosphere.

These diversions will be climaxed by the performance of an underground daredevil on roller skates who will enter the hall on an inch gas-pipe, stretched from the elevated running track to the floor and will, if he is not killed during his debut, give an exhibition of fancy skating. This young man has appeared on the stage and in meets as a professional roller-skater and is said to be the best roller-skater who ever crossed Montana's mountain barrier.

A 10-cent dance will conclude the performance. The celebration today promises to excel anything ever before offered by student talent. It will, at least, give Missoula people an admirable glimpse into the care-free inner life of the young men and women who make up the student body of the University of Montana.

The parade, the May dances on the campus and at least half of the carnival itself will be free from the blight of commercialism. Only a few of the shows will have ticket-sellers at the door. The students announce their policy thus: "Half free; half pay." Those who do not wish to separate themselves from any coin of the realm need not, for the free show will be open to all.

# SALVATIONISTS HIT THREE THOUSAND MARK

### HALLELUJAH WEDDING WILL SURELY BE ENACTED AT CLOSE OF CAMPAIGN.

When a reckoning of funds collected was made last night by Captain Bryant and his assistants of the Salvation Army it was found that the \$3,000 mark had been reached in the fund being raised to purchase a permanent home for the Army in Missoula. The campaign opened May 1. Three thousand dollars in seven days is considered pretty good work, and the Army people feel encouraged and have commenced to lay their plans for the big hallelujah wedding at the Missoula theater which is to mark the close of the campaign on May 18. Louis Nicolet, one of the best-known young men in this city, who has been a worker in the Army here for several years, and Miss Helen Ott, formerly of this city, but now of Butte, are to be married on this occasion. Yesterday a definite promise was secured that the Butte Salvation Army band, the best organization of its kind in the west, would come to Missoula for that occasion.

That Hallelujah Wedding. The hallelujah wedding, which is promised Missoula, is a ceremony that is very common with the Salvation Army in all sections of the country. A ceremony used to mark special occasions or the accomplishment of

some special work dedicated to the cause of Christ. It is not a frivolous affair. It is not done because the contracting two are anxious for publicity. It takes courage to face a curious audience and undergo its scrutiny during such a ceremony. The young people who have consented to face this ordeal are fully aware of this fact but they are willing to make a personal sacrifice because it is in the interests of the Master and of the work to which they both have consecrated their lives. This is the spirit in which the affair is undertaken; it is the spirit in which the people of Missoula are invited to attend the ceremony. Those who have been unable to assist in the permanent home fund in a large way will have a chance to do their mite when they buy their ticket to the wedding. Monday, May 18, will be the biggest day the Salvation Army has ever had in Missoula. The demonstration at the theater that night will be unusual and interesting in many respects.

Captain Bryant announced last evening that Richard Guest and wife of Butte had come to help out in the campaign and to assist in the revival meetings now in progress here.

# LEGISLATURE CLASHES OVER MILITIA FUNDS

Denver, May 7.—A proposal to bar from the record of the Colorado senate a resolution offered by John I. Eierney in which the Ammons administration was criticized in connection with its policy in the coal strike, caused heated debates today. The resolution remained on the record.

The house in the meantime engaged in a vigorous clash over the bill for a \$1,000,000 bond issue to pay the expenses of the militia. R. A. Sweet offered an amendment to provide that the money raised by the measure should not be used for paying any militiamen that ever served as mine guards or detectives, or any man connected with the Ludlow battle of April 20 until he had been exonerated by a court martial. With this resolution before it, the house passed up the bill until tomorrow.

# OUTBREAK IS FEARED AGAIN IN COLORADO

Denver, May 7.—Advisers received at the governor's office today were that the strike situation in the Routt company coal fields is tense. Captain Ralph Dorn, commanding the 26 militiamen occupying that district, reported that the strikers had removed children from Oak Creek and that the citizens feared an outbreak. The governor has requested Colonel Lockett to send a detachment of federal soldiers to the district.

# ROYAL ALLIANCE.

Madrid, May 7.—King Alfonso today authorized the marriage of the infant Ferdinand of Bavaria, husband of the king's late sister, Maria Theresa, with Luisa Silva Fernandez de Honesstrosa, daughter of Count di pe Concha, the introducer of ambassadors at court.

# REGULAR WINS.

Rock Island, Ill., May 7.—Head officers of the Modern Woodmen of America said today returns from yesterday's election of Woodmen camps have assured the regulars control of the coming head camp in Toledo by a vote of 220 to 66 delegates.

# Stout Men Don't think for a minute that we can't fit you in a suit specially priced at \$20

—a suit you'd ordinarily pay \$22.50 to \$35.00 for right in this store.

There's nothing "ordinary" about M. M. Co. Clothes, they're extraordinary in quality, style, fit and service and there are no values like them elsewhere.

You'd better profit by this extraordinary offering.

# BANDITS IN FLIGHT BEFORE BIG POSSE

### MURDERERS OF WELLS FARGO AGENT IN CALIFORNIA ARE BELIEVED TO BE SURROUNDED.

Laporte, Cal., May 7.—A posse of 50 men under Sheriff Fraser of Lake county and another of equal size under Sheriff Kelton of Napa county, are closing in on the three bandits who murdered Hamlin Herrick, Wells-Fargo agent at Middletown, last night.

The bandits, riding away on stolen horses, are believed to have entrenched themselves in Backport canyon, an inaccessible spot in northern Napa county. All the highwaymen are armed and a battle is expected before their capture.

Two women were arrested today. They are believed to have been companions of the three men in a place near which they were working in a remote part of the hills. A brother of one of the arrested women told the sheriff that two of the men were named Crane and Bell, formerly of Vallejo.

The fugitives have not sufficient provisions to withstand a siege and it is believed they will make a break for liberty through the cordons that surrounds them by tomorrow.

# IF HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe to Darken and Beautify Faded Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and straggly, just an application of two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic; you can get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Hair Remedy" ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant. Missoula Drug Co., Agts.—Adv.

# MILITARY ORDERS TO BE OBEYED BY ALL

### CLOSING OF SALOONS AND SURRENDER OF ARMS ARE IMPERATIVE MATTERS.

Trinidad, May 7.—Major W. A. Holbrook, with his staff, spent today among the strikers at Sopris and Segundo impressing upon them the advisability of peacefully surrendering their arms.

No delivery of guns was made to Colonel James Lockett, commanding the federal troops or to his subordinates today.

Tomorrow has been appointed as the day upon which Colonel Lockett will issue his final proclamation calling upon all citizens to surrender all arms in their possession forthwith.

At military headquarters it was said no forcible search would be made for arms until after the issuance of the proclamation.

Colonel Lockett informed District Attorney Hendricks that while martial law had not been formally declared, he considered the district under the absolute authority of the troops and that authority would be exercised only when it was found that county officers were unable to cope with any given situation.

He told the district attorney that he had knowledge of certain saloons selling liquor in spite of strict prohibition imposed by the federal officers and that such sale must be stopped immediately.

If the district attorney could not enforce this, federal troops could and would.

With counter assertions by strikers and operators as to the number of weapons each have, disarmament is becoming a serious problem. The operators admit possessing 200 guns which they are willing to surrender.

The strikers declare the operators have at least 500. The mine officials charge the strikers with possessing at least 1,500 rifles and in addition many small arms. The strikers admit possessing 500. Each faction insists the troops collect arms to the number it has fixed, from the other faction.

# DANDRUFF SOON RUINS THE HAIR

Makes It Lifeless, Dull, Dry, Brittle and Thin.

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will be silky, fluffy, lustreous, soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.—Adv.

# PLACING THE TROOPS FOR EXTENDED STAY

Trinidad, May 7.—Troops E and F of the Fifth cavalry were despatched to the Wabensburg district today under Captain E. P. Orton, who will cooperate with Captain Smith, in charge of the district.

Colonel Lockett contemplates a protracted stay of his entire command in the strike fields. From his observations and from reports submitted by his officers, he has concluded that the situation in Colorado is extremely grave. He stated that his command, instead of being lessened in the immediate future, would be strengthened and that probably the troops would remain in the district until the strike was settled.

# BLACK-HORSE CAVALRY READY TO FIGHT AGAIN

Jacksonville, Fla., May 7.—General Bennett H. Young of Louisville, Ky., was re-elected commander-in-chief of the United States Confederates at the annual reunion today.

One hundred survivors of General Forrest's famous cavalry troop offered their services to President Wilson in the event of war with Mexico in resolutions which were sent to the president.

# CYCLONE.

Danville, Ill., May 7.—A cyclone that suddenly appeared here this evening and disappeared after traveling only a short distance, flung a horse into a tree-top and tore down several farm buildings. It was necessary to cut the tree down to rescue the horse.

There is satisfaction in cooking when you use

# Cottolene

It removes dozens of worries from the mind of the cook. This is the way an excellent cook prepares—

CORN FRITTERS

Take a pint of graded corn for a can of sweet corn when green corn is out of season; three eggs, two tablespoons of milk, one tablespoon of melted Cottolene, and one and a quarter teaspoons (level) of salt. First beat the eggs well, adding the corn by degrees, also the milk and Cottolene; then mix with enough flour to hold them together, first adding a teaspoonful of baking powder to the flour. Have ready a kettle of hot Cottolene and drop the corn from a spoon into it and fry to a light brown. These fritters are also good fried in Cottolene the same as one would fry eggs.

Any practical housewife will at once appreciate the wholesomeness and economy of this pure cooking fat.

Remember always to use one-third less Cottolene than you would of butter or lard.

Order Cottolene today from your grocer. Also send to us for our FREE Cook Book, HOME HELPS, written by Mrs. Helen Armstrong, Mrs. Lincoln and other cooking authorities.
