

PLANS FOR BURIAL OF SLAIN MEN

VICTIMS OF THE FIGHTING IN VERA CRUZ WILL RECEIVE HIGH HONORS.

New York, May 7.—Tentative plans for receiving the bodies of the American heroes who fell at Vera Cruz were advanced by the several municipal committees today. Final arrangements will be announced by the naval committee tomorrow. The Montana is expected to arrive Sunday.

The funeral march will begin at the battery, past the city hall and the Manhattan bridge to the Brooklyn navy yard, where President Wilson will deliver his address.

Governor Glynn and Mayor Mitchell at the city hall will await the cortege, and 500 children will sing on the city hall plaza.

The mayor announced today his citizens' committee. It is headed by General Horace Porter, former ambassador to France.

In Philadelphia.

Philadelphia, May 7.—The city council appropriated \$5,000 today for the public funeral of George McKenzie Poinsett and Charles Alen Smith, the young sailors from this city who were killed at Vera Cruz. A resolution was adopted calling upon Mayor Blankenburg to issue a proclamation requesting that all business be halted for an hour during the funeral services, and providing that flags be placed at half mast on all public buildings.

It was decided that the bodies should lie in state in Independence hall from 8 a. m. until 2 p. m. next Wednesday, when the burial will take place. Sailors from the Philadelphia navy yard will be the active pallbearers, and six companies of sailors and one of marines will act as a guard of honor. The public schools will be closed.

In Pittsburgh.

Pittsburgh, May 7.—Arrangements were completed today for the funeral of Francis de Lowrey, a Pittsburgh marine, killed at the battle of Vera Cruz. The city council has appropriated \$500, and the body will lie in state in the city hall. It will be escorted to the cemetery by the Pennsylvania national guard, Pittsburgh commands.

JURY MAKES AWARD FOR THE DEATH OF WOMAN

TEN THOUSAND DOLLARS ASSESSED AGAINST DRIVER OF BUTTE AUTOMOBILE.

Butte, May 7.—(Special.)—Ten thousand dollars damages for the death of his mother was awarded Abraham G. Lewis tonight by a district court jury in his suit against Charles Steele, a prominent and wealthy realty dealer of this city, in connection with the killing of Mrs. Rose A. Lewis, by Steele's minor son, Ralph, June 5, 1913. Ralph Steele was on his way to a dance with a party of school friends when his automobile, which he was driving, crashed into Mrs. Lewis, while proceeding diagonally across the street. Mrs. Lewis at the time was waiting for a street car and was standing midway on a street crossing. Lewis alleged that young Steele was driving his car at a reckless speed. Mrs. Lewis was a well-known pioneer of Butte. Steele will carry the case to the supreme court.

SALTS IS FINE FOR KIDNEYS, QUIT MEAT

FLUSH THE KIDNEYS AT ONCE WHEN BACK HURTS OR BLADDER BOTHERS.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications. Missoula Drug company agents.—Adv.

AT THE THEATERS

PATISIE HENRY AS "CHAMBERLAIN" IN "PRINCESS CHIC" AT THE MISSOULA TONIGHT.

"Princess Chic," in which the famous Juvenile Bostonians Opera company will appear at the Missoula theater tonight, is the same splendid present-day New York hit that successively brought into stellar fame Maude Lillian Herri, Vera Michelena, Marguerite Sylva and Christie MacDonald. It is regarded as one of the assuredly great successes of the decade, a light opera sparkling with crisp comedy, rapiers and pretentious in rich costumes and scenic investiture. In fact, the bare announcement that the Juveniles are to present the piece is guarantee of their high standard of ability, for no manager ever would dare attempt such a sumptuous production without a cast of highest talent.

The most welcome announcement is made by the management that all of the best-loved young stars of the company that now is making its ninth annual tour into the west will be presented in this engagement. Thom Hellen, who had planned to accept an offer from a New York company at the last moment decided in favor of the company that has established her envied fame and will be seen in the name role, "Bilby" O'Neill, "Patsy" Dixie, Ina Mitchell, Daisy Henry and Dixie White also are still in the company, being cast in the other principal parts of the production.

The biggest and best program ever offered is at the Bijou this week. Three big vaudeville acts and three reels of pictures are featured. The act of Toledo and Burton is nothing less than wonderful. The gymnastic feats of Mr. Toledo are marvelous, while the singing of Mrs. Toledo is very beautiful. Barry and Barry are a scream of laughter from start to finish, their singing, talking and dancing being great. Jimmy Van, the black-face biliken, is simply a riot, and received several encores at every performance. The pictures are excellent, and the Vitagraph comedy is a big laugh.

You surely want to see yourself in motion pictures. Now is your chance. The motion picture man who has been taking pictures this week will take pictures of a comedy that will be staged and acted on Higgins avenue, and will be worked from one end of the avenue to the other. So if you come down town this afternoon you will not be able to escape the camera man. Motion pictures of the university carnival street parade will also be taken. The parade will start from the university at 2 o'clock, and be down town by 2:15. All the pictures that are taken today will be exhibited at the Empress theater Saturday and Sunday. Now you have a chance to see yourself as others see you. New subjects of local interest are shown at the Empress daily. Included in today's program will be a special two-part Keystone comedy.

BANDIT IS CAPTURED BY SHERIFF'S POSSE

Goldfield, Nev., May 7.—Taken unaware while he was eating from a frying pan near a campfire in a ravine about 1 miles west of Goldfield, "Red" Cliff Regan, the notorious bandit who escaped from a posse of officers and citizens of Oasis, Cal., Saturday, when

"Mabel at the Wheel." Mabel Normand was never seen to better advantage than she is in this splendid two-reel comedy. It abounds in funny situations, and is characterized throughout by that swiftness of action which has made the Keystone comedies so popular. The other photoplay on today's program, "His Reward," is a soul-grabbing drama, costing strong illumination over dark shadows of modern civilization.

Many substantial claims can be made about the originality and genuine merit of the Al G. Barnes big three-reel wild animal circus, coming next Thursday. While almost the entire performance is given by trained wild and domestic animals, the show has retained all the pomp and splendor of the old-time circus.

There's the grand calycead entry of beautiful horses and the hundreds of other animals and trainers; all the glittering tinsel, sawdust rings, conical cloths and inspiring music. Pink leonade vendors cry their wares, the tattoo-man and snake charmer hold forth in the side show, but, when the real performance—the big show—starts one instantly recognizes its wide departure from the old routine of circus entertainment.

Instead of the usual, the very unusual prevails. Big, startling, thrilling

TOLEDO OF TOLEDO AND BURTON AT THE BIJOU.

acts done by ferocious wild animals are shown in the big steel-barred arena in the center of the tent. On either side of the arena are sawdust rings in which every kind of domestic animal is presented as an actor. There are over 600 of these animal actors with the Barnes show.

two of his companions were apprehended, was captured by a sheriff's posse today. His gun was close to him ready for instant use, but before he could reach it he was covered by deputy sheriffs.

ONE-THIRD OFF. (From Judge.) "When Miss Willings married old Moneybags, she gave her age as 21. I feel sure she is older than that." "Oh, I suppose she allowed one-third off for cash!"

NARROW MOVEMENT HAS NO EFFECT ON LIST

MARKET IS DULL AND FLAT AND RAILWAY SHARES YIELD QUICKLY TO PRESSURE.

New York, May 7.—The narrow and variable movements of stocks today had little effect on the general level of prices. The market was as dull and flat as during yesterday's session.

London cables quoted lower prices for the international shares. Shares which recently have been heavy, such as Northern Pacific, Missouri Pacific and Chesapeake and Ohio, were most susceptible to pressure.

Missouri Pacific was the heavy stock on the late recession, yielding over 2 points. Selling of this stock was influenced by the continued delay of the announcement of the road's financial plans. Reading also was heavy, as were a few of the less active issues, California petroleum, common and preferred, was weak, the preferred falling 5 points.

The sale was announced of \$8,000,000 Chicago & Northwestern general mortgage 4s. A few speculative bonds moved widely and irregularly, but the general market held steady. Total sales, par value, \$1,600,000. U. S. 2s registered declined 1/4 on call.

Market steady. Native, \$5.10 @ 5.75; western, \$5.10 @ 5.80; yearlings, \$3.80 @ 5.75; lambs, native, \$6.10 @ 7.40; western, \$6.10 @ 7.65.

Grain and Provisions. Chicago, May 7.—Well grounded notions that the government crop report

might turn out more bearish than had been recently looked for hindered today any decided advance in wheat. The Washington figures, however, indicating a harvest of 20,000,000 bushels more than trade estimates came too late to have a direct effect on the market. A few minutes before band prices had closed easy, 1/4c off to a like advance as compared with last night. Corn showed a net decline of 1/2c to 3/4c, oats were 3/4c down to 1/2c up and provisions closed at 5c to 2 1/2c loss. Although corn at first showed some firmness on account of early reports of unsettled conditions in Argentina, the market afterward weakened. Oats followed corn. Elevator firms bought May and sold July and speculators did the reverse. Selling by packers more than overcame an early advance. It was said that as soon as farmers had completed their field work holding receipts here would be greatly enlarged. May wheat, opened, 93 3/4c; high, 94c; low, 93 1/2c; close, 93 3/4c. May corn, opened, 66 1/2c; high, 67c; low, 66 1/4c; close, 66 3/4c. May oats, opened, 37 1/2c; high, 37 3/4c; low, 37 1/4c; close, 37 3/4c.

NATIVES SUFFERERS IN IMPROVEMENT CAMPAIGN

NEGROES ARE DISPOSSESSED IN ORDER TO MAKE WAY FOR WHITE SETTLEMENT.

(By Associated Press Cable) Berlin, May 7.—The secretary of the colonies has decided to send out a special commission to investigate conditions at Duala, the capital of the German colony of Kamerun in Africa. A storm of protest has arisen in Germany against the alleged high-handed proceedings of the colonial authorities of Kamerun, who wish to dispossess the entire negro population of Duala in order to establish there a purely European quarter with sanitation and other modern improvements. It is claimed that this cannot be done so long as the natives with their wretched huts and other insanitary modes of life occupy a considerable part of the ground needed for the white settlement. The relictax which has been asked to appropriate \$500,000 to compensate the natives does not object in principle to dispossession of the negroes, but members of the budget committee protest strongly against the manner in which dispossession heretofore has been carried out. The negroes have declared that the colonial authorities gave them but a pittance of what their lots are worth and that the new site on which they were compelled to settle was a plague spot compared to their old homes. In deference to the public demand for a just and humane treatment of the natives the secretary of the colonies finally decided to have an exhaustive report made to him upon the whole matter. The commission which he appointed will proceed soon to

Kamerun to hear the negro side of the controversy as well as that of the local authorities. The friends of gentle and humane methods in the treatment of the natives are also pleased with the report that Baron von Rechenberg, formerly governor of German East Africa, has been nominated for the relictax in a district where he is sure to be elected. His admittance in East Africa was marked by zealous efforts to protect the natives from all high-handed methods on the part of the German planters. General von Liebert, also a former governor of East Africa and a leading exponent of stalwart policies in the colonies, has just lost his seat in the relictax, having failed of re-election after having been unseated because of irregularities.

THE PASSIONATE FRENCHMAN TO HIS AMERICAN LOVE.

(From Judge) I cannot write at all English. With five of love I am consumed—With passion I perspire. Inside my heart is not the room For other minds desire; With five of love I am consumed—With passion I perspire. I see you at the table d'hote, I watch your eye of blue; But you decline of me to note—You study the menu. You cannot read those French entrees, I'm forced to such belief. Because each night I hear you say, "Oh, bring me some roze beef!" Oh, roses lips! Oh, night black hair Of blushing maid petite! For me it you shall learn to care, I teach you how to eat! —Henri Bizarre.

THE PROPER TERM.

(From Judge) "What's that?" cried the new doctor in the mining camp. "You say you have shooting pains in your back. Why, you're wounded, man!" "That's what I said—shooting pains," said Phite Pete.

NOSTRILS AND HEAD STOPPED UP FROM COLD? TRY MY CATARRH BALM

Instantly Clears Air Passages; You Breathe Freely; Dull Headache Goes; Nasty Catarrhal Discharge Stops. Try "Ely's Cream Balm." Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately. Don't lay awake tonight struggling for breath, with head stuffed, nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucus dropping in the throat, and raw dryness is distressing but truly needless. Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear. Missoula Drug company, agents.—Adv.
