

BEVERIDGE SPEAKS ON MEXICAN PROBLEM

ROOSEVELT ARRIVES AT HIS HOME TODAY

FAMOUS HOOSIER POINTS OUT WEAKNESS IN OUR PRES- ENT POLICY.

Indianapolis, May 18.—Albert J. Beveridge, former United States senator and a candidate on the progressive ticket for that office, criticized the Mexican policy of the democratic administration at a dinner of the Indiana Progressive club tonight. He advocated a constructive policy by this government in the handling of the Mexican situation.

Mr. Beveridge asserted he could not see where mediation by the South American republics would result in peace.

"Assuming that the 'A. B. C. mediation' settles all these things for us and that we submit," Mr. Beveridge said, "what then are the mediators to do with the hordes of professional bandits and murderers who are making Mexico a shambles?"

"I repeat that everybody wishes to avoid war; but let those who excuse the administration's conduct because they feel that perhaps a truce may be patched up remember that history shows that this is not the way to avoid war; but, on the contrary, the way to make real war inevitable."

"Feebleness of purpose and uncertainty as to policy never yet prevented war."

Mr. Beveridge criticized President Wilson for not taking definite action before the American bluejackets were arrested at Tampico.

WILSON INSTRUCTS DELEGATES

(Continued From Page One)

of an important seaport like Tampico the news of an attempt to levy one of these forced loans under color of "voluntary" subscriptions to the constitutional cause has brought action by Secretary Bryan to learn the facts. It has been said that the subscription was intended to apply again only to Mexicans and Spaniards.

Realizing the possibility of international complications and some vigorous action on the part of the Spanish government, which it was particularly desirable to avert at this stage, the state department has informed the constitutional leaders that they should not administer the laws with "severity," a hint which, it is believed, will be readily understood. If it is not, further representations in clearer language are expected to follow.

Rear Admiral Badger's report to the navy department that he was about to take his warships out into the Gulf of Mexico for maneuvers was regarded as an indication that there was no doubt in the admiral's mind that the existing armistice will be faithfully regarded by the Huerta government, and that there is no emergency likely to arise in the near future requiring the use of landing parties from the ships.

There were no developments today in the case of John H. Silliman, the missing vice consul, believed to be en route to Mexico City under guard, or the case of Private Parks, who has been reported executed.

MAGNATE DIES.

St. Louis, May 18.—J. Howard Ewald, president of the Pittsburgh Forge & Iron company, died at his home here tonight after an attack of pneumonia, contracted three days ago. He was a brother of the late L. Philip Ewald, the Louisville & Nashville railroad magnate, who left a \$4,000,000 estate.

0 Corn-less Joy! "Gets-It" for Corns

Nothing in the World Can Beat It for Corns and Calluses.

Now try the different way, the new way, the absolutely sure way, the painless way of getting rid of those corns that have pestered the life and soul out of you for such a long time. Drop

"I Feel Like Hugging Somebody. My Corns are Gone At Last. 'GETS-IT' Did It." everything else and use "GETS-IT." A few drops applied in a few seconds does the work. Useless junk, like flesh-eating salves that make corns swell, cotton rings that make corns stand up like pop-eyes, razors, corn diggers, scissors and files that make corns grow faster, are all done for. "GETS-IT" is on a new principle, makes corns shrivel, vanish! It can't stick to the stocking, or hurt the flesh. "GETS-IT" is sold by all druggists, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago. "GETS-IT" is sold in Missoula by Geo. Freishelmer.—Adv.

SEA CAPTAIN SAYS THE COLONEL IS NEARLY WELL AND IS CHEERFUL.

New York, May 18.—Theodore Roosevelt's return from the jungles of Brazil will terminate probably late tomorrow with his arrival at his home in Oyster Bay, Long Island. He is a passenger on the Booth liner Aidan, which, according to wireless messages tonight, is due at quarantine about 4 o'clock tomorrow afternoon. If the steamer reaches port at that hour, Colonel Roosevelt will be taken off at quarantine and transferred to a tug, which will carry him to the W. E. Butler Roosevelt pier at Oyster Bay. On the tug which will meet the Aidan will be only members of the Roosevelt family. From South American explorations the former president is returning nearly a well man after a siege of serious illness due to hardships and privations he encountered, according to Captain Andrew Alexander of the Booth liner Dunstan, which arrived tonight from Brazil.

NOT IN ANY HURRY TO WITHDRAW TROOPS

BUT THE PRESIDENT SAYS COLORADO MUST PREPARE TO PROTECT HERSELF.

Washington, May 18.—Representative Keating of Colorado conferred with President Wilson today concerning conditions in the strike districts of Colorado. Although the president advised Governor Ammons that federal troops would not be allowed to remain indefinitely in the strike sections, Representative Keating said the president is not disposed to withdraw the government forces immediately and is willing to do everything within reason for the preservation of peace in the coal region. Mr. Keating expressed doubt as to the ability of the state militia to maintain order after the withdrawal of federal troops, unless the mine owners consent to mediation.

REESERS FILE A SUIT AGAINST J. E. SHOUDY

Hamilton, May 18.—(Special)—Alleging perjury and fraud on the part of the defendant, F. H. Reeser and Julia Reeser have filed suit in the district court against J. E. Shoudy, an attorney of this city, asking that the judgment in the case brought by Shoudy against the Reesers, in which Shoudy received judgment for \$2,000 and interest at 8 per cent, be set aside, and that an order issue restraining Shoudy from forcing settlement of his judgment. The restraining order was issued today by Judge R. Lee McCulloch.

In the whole field of medicine there is not a healing remedy that will repair damage to the flesh more quickly than BALLARD'S SNOW LINIMENT. TRUST LAWS TODAY.

Washington, May 18.—Trust legislation will be taken up in the house tomorrow for consideration under a special order. Final conferences on plans were held today, and there was no change in the proposal to limit debate to 40 hours on the three bills on the program, the trade commission bill, the omnibus and trust bill, and the measure to regulate the issue of railroad securities.

B YARBTRATION.

Washington, May 18.—With the canal tolls exemption controversy nearing a vote, sentiment in the senate is growing in favor of an effort to substitute for the pending bill a resolution which would provide for the submission of the dispute between the United States and Great Britain to an international tribunal.

IN THE CITY LIMITS.

Chicago, May 18.—Robbers boarded the Atchison, Topeka & Santa Fe passenger train which left here for California tonight, held up the passengers of the observation platform and were driven off the car by the train crew, according to reports to the police here tonight.

HONORED BY QUEEN.

Rome, May 18.—American women delegates to the quinquennial session of the International Council of Women were present today at an arduous party given by the queen mother, Margherita, who presented each with a bunch of roses and a silver medal as a souvenir.

FOREST FIRES.

Escanaba, Mich., May 18.—The village of Alfred, 16 miles from this city, was wiped out by a forest fire today. The inhabitants were forced to seek safety in the Escanaba river, in which they were forced to remain for hours.

Presentation by THE MISSOULIAN

Willis J. Abbot, the versatile writer on International subjects and author of many books of history and travel, spent months in Panama and the Canal Zone in the preparation of this volume. He collected at first hand the complete history of the great Canal, with a wealth of historical data concerning Panama which has never before been written. The result is a human interest story of this beautiful land and its people from the early days when Columbus tried to find a natural waterway from the Atlantic to the Pacific, down to the present time.

Our Special staff photographers made the hundreds of beautiful views with which practically every page of this exhaustive book is illustrated.

The well-known artist, E. J. Reed, made the sixteen sumptuous water-color studies which are reproduced by the latest color processes on specially made paper.

The Panama Canal, the greatest engineering achievement of the world's history, cost more than
