

MAYOR IS NOT SURE OF LASTING PEACE

(By Associated Press.) Butte, June 24.—Butte was quiet today after a riot which caused by internal strife in the local miners' union...

Charles Henderson, former sheriff as chairman of a citizens' committee went to the police station at 1 o'clock this morning and complained of the inactivity of the police.

Henderson's report to Peter Breen, an attorney, stated that he found 17 policemen in the station and that 13 of them were playing cards.

The miners worked as usual and so far the operating companies have not been brought in the controversy. It was officially announced that the mine owners have taken no part in the factional fight.

Altogether 250 pounds of dynamite were exploded in the streets of Butte last night in four hours. Outside of the loss to the Miners' Union hall...

The dynamite was obtained by the rioters from the West Stewart mine after the engineer had been forced to lower the rioters to the powder magazine at the 1,000-foot level.

One man stood in the middle of the street in front of the Miners' Union hall, cut holes in sticks, inserted caps and fuses and then tossed the dynamite into the building.

IN HELENA HE SAYS HE HAS A RIGHT TO GO BACK AND TO BE SECURE.

Helena, June 24.—President Moyer tonight emphasized the fact that the Butte Miners' union was a corporation organized under the laws of Montana...

Asked if he would return to Butte, Mr. Moyer declared that he would, if his duties as president of the Western Federation of Miners called him there.

Asked what he thought of the rumors that are being circulated to the effect that the labor troubles might result in an open shop, Mr. Moyer replied that he had discussed the situation with mine officials...

Another fact just beginning to dawn on Butte is the perfect alibi established by McDonald and his lieutenants. All of them were in the Butte Miner building during the riot.

A Mystery. McDonald continues to be a mystery to the town. At first it was given out that he was a Polish Jew; he now says he's a "harp" from north Ireland.

Ex-Bandit. C. G. Cole, who visited the county attorney this afternoon to ask for a warrant for the arrest of Moyer, is the notorious bandit Cole, who led the gang which held up the North Coast Limited near Homestead eight years ago and murdered the engineer.

The tension here was clearly indicated by a riotous incident at 10:30 tonight. Some boys set off several packs of giant crackers in an open lot on the flat south of town.

The 11 o'clock shift at the mines went to work without incident. All mines are running normally. No further statement has come from the employing companies; it is known, unofficially, that they desire peace, and will do everything in their power to avoid more rioting.

Washington, June 24.—After ten days' consideration of the Clayton anti-trust bill passed by the house, the senate judiciary committee was tonight apparently no nearer a conclusion as to what it shall report to the senate than on the day it took its first look at the measure.

BUSINESS IS BRISK IN THE MARKET FOR A DAY

VOLUME OF TRADING IS GREATER BUT DOWNWARD TREND CONTINUES STRONG.

New York, June 24.—On a volume of business much in excess of recent averages today's stock market resumed in marked manner the downward trend which began the previous day.

Today's budget of news included the passing of the "Panhandle" common dividend, with a reduction of the rate previously paid on the preferred.

Unfavorable reports respecting the steel industry accounted for the heaviness of those stocks. Copper metal fell off sharply abroad and further price shading was in effect here.

Bonds were weak with a decline of 6 points in International Pump Co. Other speculative issues suffered material losses.

Irrigates the Blood Knocks Rheumatism A Remedy That Flushes the Blood from Head to Foot. To get rid of rheumatism requires that the blood be completely flushed—not a mere makshift, as by salts and pain killers. The long record of S. S. S. is important to know. It has found its way into every corner of the globe. It is the most widely used and most widely talked of remedy there is for all blood troubles. And it is a known fact that rheumatism is primarily a blood trouble. It is conceded by the closest students of the subject that rheumatism is caused in most cases by an acid condition of the blood and aggravated by the rheumatic commonly used for relief. In other cases rheumatism is the result of nerve depression; in still others it is the effect of some vitiated blood condition, having been treated with mercury, iodides, arsenic, and other poisonous mineral drugs. The recoveries of all these types of rheumatism by the use of S. S. S. is a wonderful tribute to the natural efficacy of this remarkable medicine. For it is assimilated just as naturally, just as specifically, and just as well ordained as the most acceptable, most palatable and most readily digested food. Do not fail to get a bottle of S. S. S. today, but insist upon S. S. S. Don't accept a substitute. You will be astonished at the results. If your rheumatism is of such a nature that you would like to consult a great specialist confidentially, write to the Medical Dept., The Specific Co., 505 Swift Bldg., Atlanta, Ga.
