

COUNCIL ATTEMPTS TO PROTECT MINORS

PROPOSED DANCE-HALL ORDINANCE WILL ELIMINATE SERIOUS EVIL IF ENFORCED.

Yesterday morning an ordinance was introduced in the city council which will undoubtedly meet with approval from many sources. Even those parents who neglect their children to such an extent that they wander away and get with the crowd which makes up the majority of those at the usual run of public dances— even these parents will be glad to know that their girl or boy under 18 years of age will not be admitted to these places unless accompanied by parents or guardians approved by the council. This is what the ordinance proposes to do. First, it makes it necessary for any individual, lodge or organization proposing to give a public dance to obtain from the mayor a permit for such dance. Then those who give the dance are responsible for the conduct of those in the hall and must keep a register where all minors under 18 years and their guardians must sign their names when admitted to the hall. Violations of the ordinance are punishable by fines from \$25 to \$200 and by imprisonment not to exceed 90 days, or both.

Important Sections.

The meat of the ordinance is contained in articles 6 to 10, inclusive, which are as follows:

Section 6. It shall be unlawful, after nine (9) o'clock p. m., to permit any person to attend or to take part in any public dance or dancing, who has not reached the age of 18 years, unless such person be in company with a parent or natural guardian or in company with one in whose care such minor shall have been placed by his or her parent or natural guardian. It shall be unlawful for any person to represent himself or herself to have reached the age of 18 years in order to obtain admission to a public dance hall or to be permitted to remain therein when such person is in fact under 18 years of age, and it shall also be unlawful for any person to represent himself or herself to be a parent or natural guardian of any person in whose care any minor shall have been placed by his or her parent or natural guardian, in order that such person or persons may obtain admission to a public dance hall or shall be permitted to remain therein when the party making such representations is not in fact either a parent or natural guardian of the other person or one in whose care such other person shall have been placed by his or her natural guardian.

The Register.

Sec. 7. In each public dance hall in the city of Missoula there shall be a book or record to be designated "register," in which every minor under the age of 18 years, and the accompanying parent or natural guardian, or person in whose care any minor shall have been placed by his or her parents or natural guardian, shall write his or her name in full and giving his or her age and residence when entering such dance hall.

No "Stick."

Sec. 8. It shall be unlawful to sell, give away or serve at any public dance or any public dance hall or at any rooms connected therewith, any intoxicating or alcoholic liquors, or any drink, punch or other beverage containing intoxicating or alcoholic liquors or stimulants.

Form of Application.

Sec. 9. The person, persons, society, club or corporation desiring a permit to hold a public dance or public ball shall use the following form of application, a copy of which shall be secured from the mayor:

WRONG BREAKFAST. Change Gave Rugged Health.

Many persons think that for strength, they must begin the day with a breakfast of meat and other heavy foods. This is a mistake as anyone can easily discover for himself.

A W. Va. carpenter's experience may benefit others. He writes: "I used to be a very heavy breakfast eater, but finally indigestion caused me such distress I became afraid to eat anything."

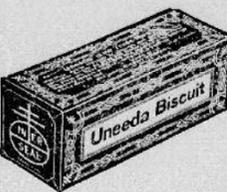

"My wife suggested a trial of Grape-Nuts and as I had to eat something or starve, I decided to take her advice. She fixed me up a dish and I remarked at the time that the quality was all right, but the quantity was too small—I wanted a saucerful. "But she said a small amount of Grape-Nuts went a long way and that I must eat it according to directions. So I started in with Grape-Nuts and cream, two soft-boiled eggs and some crisp toast for breakfast. "I cut out meats and a lot of other stuff I had been used to eating all my life and was gratified to see that I was getting better right now. I concluded I had struck the right thing and stuck to it. I had not only been eating improper food, but too much. "I was working at the carpenter's trade at that time and thought that unless I had a hearty breakfast with plenty of meat, I would play out before dinner. But after a few days of my "new breakfast" I found I could do more work, felt better in every way, and now I am not bothered with indigestion."

Private Parties.

Sec. 10. The provisions of this ordinance shall in no way interfere with or be construed to apply to private parties given at the homes of people, or with dances given by societies, schools, or school classes or associations or corporations where the attendance is restricted to the members of the society, school, class, club, association or corporation and their invited guests.

CONTRACTOR'S DELAY STIRS DADS TO ANGER

The county commissioners are beginning to get impatient over the delay of contractor Hubert of Seattle in starting work on the new \$250,000 bridge across the Rattlesnake. This contract was let weeks ago, and work was to have been started as soon as high water was over. It has been a month since the creek was normal, and so far as the commissioners have been able to find out the contractor has not made a move towards starting work.

Chairman Nelson stated yesterday that he wrote Mr. Hubert some days ago about the matter, but had received no reply. Yesterday he wrote another letter, which he thought would be acknowledged as soon as it was received. "I told Mr. Hubert just what we expected of him in very plain language," said Mr. Nelson. "He has delayed this matter too long now. The people are getting anxious to have the work started. The bridge is needed. We have waited and waited, thinking every day that the contractor would put in an appearance, and our patience is about exhausted. We are not going to wait much longer."

TWO LICENSES.

Two marriage licenses were issued here yesterday. One went to Jacob Gordon of Trefrey, Idaho, and Anna E. Gordon of Hancock, Md. When their names suggested an inquiry into their relationship, the information in answer was that they thought they were distant cousins, probably not closer than "forty-second" in relationship. The other license went to Elmer Westling of Ovando and Alberta Ingerdretson of Minnesota.

BIDS ARE CALLED FOR PAVING OF BRIDGE

COUNTY COMMISSIONERS MAKE NECESSARY ARRANGEMENTS WITH CAR COMPANY.

Wonder of wonders! The Higgins avenue bridge is really going to be paved. Yesterday the county commissioners authorized the county clerk to advertise for bids to relay the floor with creosoted wood blocks—but this time these blocks are going to be properly treated and properly put down. If the specifications prepared by County Surveyor Bonner are followed.

The Missoulian made mention of the prospective action of the commissioners in this matter a few days ago. Recently the street railway company, through its officials, consented to again enter into an agreement with the county to pay its share of the paving of the street car track on the bridge, and have the whole pavement of the same material and the work done all at one time. The company's refusal to stand by a former agreement caused the paving to be delayed to this time.

Bids for the work are to be opened on Wednesday, July 22. Each bidder is to specify the date upon which he can begin operations and the time required to finish the job. The bridge is not to be completely closed during the laying of the new floor. One side will be closed at a time and in this way traffic can be permitted.

If you have ever lived in the sunny southland, you know "Old Black Joe" in person. If you have not, then you know him as portrayed in those matchless pages of fiction, "Marse Chan," and "Meh Lady." You know him, too, in "Uncle Tom's Cabin"—and a hundred other stories of the Old South—a period of romance—of chivalry—of the brave young days when life was lived only for love and one's country. Before the dark, lowering clouds of war had obscured the bright skies of a nation's existence—and filled the hearts of its people with gloom and sorrow.

In the days gone by—and in the days that came to pass thereafter—aye and now—"Old Black Joe" lived and lives in the song and story of this country—and in the hearts of his people—white and black! Foster wrote the song and made the music—both from one mold—that have made "Old Black Joe" immortal—so long as the starry flag shall float over our common country.

This is one of the songs—in Heart Songs—that is a pearl without price. Its real value cannot be reckoned in mere money.
